Funding Applications

Name of Project	**Improving Access to Recreation Ground and Playground**
Organisation	Oving Parish Council
Total Project Cost	£1,750.00
Amount Requested	£1000.00
Match Funding Provided	£750.00
Project Description	Installing an accessible footpath and restoring gates so that local facilities can be accessed by all.
Project Aims	To improve the access to the local recreation ground and playground so that these assets can be better accessed by a wider number of people
Recommendation	**It is recommended that this application in approved by the Community Board**

Pending Applications

Name of Project	Whaddon Allotment Gardens Accessibility Project	Horwode Pece Playground Safety Surface
Organisation	Whaddon Parish Council	Great Horwood Parish Council
Total Project Cost	£3,962.50	£20,700.00
Amount Requested	£1,962.50	£10,350.00
Match Funding Provided	£2000.00	£10,350.00
Project Description	Provision of a new gate and central pathway for Whaddon Allotment Gardens. The gate currently only has a clearance of 88cm/35".	Removal of wood chip surface at Horwode Pece Playground and replace it with rubber chippings
Project Aims	• To improve access for visitors/users, particularly for those with limited mobility and pushchairs. • To provide better security to protect from any attempted vandalism and theft; including damage to crops, theft of tools and equipment and damage to shelters and sheds. • Maintaining traditional design in keeping with position on the boundary of a conservation area.	• Remove the higher maintenance surface that exits currently in order to improve safety and reduce long term upkeep. • The reinstatement of rubber surfacing will result in a longer lasting, safer surface for the play area and promote use of the playground.

Virtual Funding Allocation Proposal

- The next Community Board meeting will take place on **Thursday 24th June**. This is a larger gap due to elections
- It is proposed that **funding applications should be considered electronically** between today and 24th June. Funding requests will be sent to all and there will be a week to consider and respond.
- **No funding allocation decisions can be made between 22nd March and 6th May** due to purdah.

Other Updates

- Transport applications have all been passed to TfB for Project Initiation Documents to be drawn up.
- The Buckinghamshire **HS2 Road Safety Fund** will open on **22 February 2021**. £3.95m has been allocated to Buckinghamshire by the Department for Transport. The first, £1m, will be made available in 2021. Applicants need to **apply by 15 May 2021**. Schemes to be funded will be carefully selected to maximise the long-term benefits across the county.
