Portable Antiquities Database

A large amount of finds have been recorded and the total entered on the database is 518 [223 since last report] many await adding to the database and the backlog is an ongoing problem.

Rallies & Club Digs

I have attended & recorded finds at 8 Weekend Wanderers events, at Hastoe, Hardwick [5 days], St Leonards and Bourne End

Liaison with the SMR Officers

I continue to have regular meetings with Julia Wise and Brian Giggins to keep them informed on what is being found. In the absence of an agreement with ALGO & PAS about access to data I have been supplying them with paper copies of relevant finds. Both Officers have been most helpful
