Dear Mrs Jones,

I have recently read the report by Nick Jeffery which was presented at the last meeting of the local Access Forum, regarding improving access in the countryside.

I fully support this initiative by the C.C. and am delighted that the D.D.A. 95 is at last being featured in improvement plans.

The Thames Valley P.H.A.B club has many members whose mobility is severely curtailed and I am sure that this move forward will hopefully and eventually enable them to enjoy the countryside in a less restricted manner.

Yours sincerely

S. Hawes

PHAB exists to further the integration of the Physically Handicapped into the community. By promoting opportunities for the physically handicapped and able bodied to come together on equal terms, the barriers of fear, ignorance and prejudice can be destroyed.
