	NSL	40				
	NSL	40	30	Cholesbury-cum-St-Leonards Parish Council	Parrott's Lane - from junction at Bottom Road at Buckland Common to Cholesbury Lane in Cholesbury. Currently only a 'buffer zone' 30m length of Parrotts Lane at the Cholesbury end has been designated for a 40mph. It eventually doubles back to join Bottom Road which has now been designated a 40mph road. This does not reflect the use of this quiet road by riders, cyclists and walkers.	Appendix A Page 12
That length of Horseblock Lane which extends 3 metres eastwards from its junction with Cholesbury Lane for a distance of 179 metres.	NSL	40	EXTEND	Cholesbury-cum-St-Leonards Parish Council	The proposal is inadequate and counter-productive in trying to address road safety objectives by designating the end of the 40mph only 179m from the junction. This limit should be extended to at least the full width of the Common at this point.	Appendix A Page 13
