

## **APPENDIX C**

### **WASTE STRATEGY FOR BUCKINGHAMSHIRE - DRAFT OFFICER WORKING GROUP (OWG) RECOMMENDATIONS TO THE BUCKS WASTE FORUM (BWF) MEETING TO BE HELD ON 26 JUNE 2001.**

**NB. To be read in conjunction with Appendix B which identifies what the proposed options referred to in some recommendations are.**

#### **Municipal and Household Waste Recommendations to 2010.**

##### **REC 01**

**Agree a formal “Memorandum of Understanding” between the partner authorities to deepen and strengthen this process of joint working to facilitate an effective implementation of the strategy.**

##### **REC 02**

**Further enhancement of waste minimisation initiatives in Buckinghamshire.**

##### **REC 03**

**The options (02-04 and 06-08) shown in table 4a relating to the County Council's HRWCs should be implemented in order to maximise the sites' contribution to overall recycling and composting within Buckinghamshire.**

##### **REC 04**

**Enhancement of existing District Council recycling schemes and the provision of more bring sites as an early priority.**

##### **REC05**

**Maximise the potential recycling of glass, paper, cans and plastics by introducing kerbside collection for these materials.**

##### **REC06**

**Continue to landfill to permitted levels whilst this remains cost-effective.**

##### **REC 07**

**Not to introduce options 10, 11, 18 and 21 for the kerbside collection of Green Waste in Aylesbury Vale, Chiltern and South**

**Bucks districts as a means of meeting the 2003/04 and 2005/06 SPSs.**

**REC 08**

**To seek to secure, from the date of its opening (after 2005/06), capacity at the Colnbrook EfW facility to cater for a significant proportion of the household waste arising in South Bucks and Chiltern districts.**

**REC 09**

**If the scheme is implemented, to seek to secure, from the date of its opening (earliest mid-2004), capacity at the Newton Longville EcoDeco facility to cater for a significant proportion of the household waste arising in Aylesbury Vale district.**

**REC 10**

**Introduce options 24 and 25 for a wheeled bin kerbside Green Waste collection in Wycombe district.**

**REC 11**

**Introduce a central composting facility (option 05) at High Heavens to accommodate the composting of WDC's Green Waste collections.**

**Municipal and Household Waste Recommendations to 2021**

**REC 12**

**Agree a formal “Memorandum of Understanding” between the partner authorities to deepen and strengthen this process of joint working to facilitate an effective implementation of the strategy.**

**REC 13**

**Further enhancement of waste minimisation initiatives in Buckinghamshire.**

**REC 14**

**Further enhancement of existing County and District Council recycling schemes and the provision of more bring sites.**

#### **REC 15**

**Continue to maximise the potential recycling of glass, paper, cans and plastics materials by developing and improving kerbside collection schemes.**

#### **REC 16**

**Continue to landfill to permitted levels whilst this remains cost-effective.**

#### **REC 17**

**Continue to secure capacity at the Colnbrook EfW facility to cater for all the household waste arising in South Bucks and Chiltern districts that is not recycled or composted.**

#### **REC 18**

**If the scheme is implemented, to seek to secure, from the date of its opening (earliest mid-2004), capacity at the Newton Longville EcoDeco facility to cater for a significant proportion of the household waste arising in Aylesbury Vale district.**

#### **REC 19**

**Establish a facility in the Wycombe area to transfer and bulk up household waste prior to its transportation to either Colnbrook, West Bletchley or to landfill at Gerrards Cross depending upon circumstances.**

#### **REC 20**

**Should the schemes at Colnbrook and West Bletchley not be implemented, to reconsider the implementation of options 10, 11, 18 and 21, as shown in table 4a above, for the kerbside collection of Green Waste in Aylesbury Vale, Chiltern and South Bucks districts as a means of meeting the Landfill Directive targets at 2013/14 and 2020/21.**

### **Industrial and commercial waste recommendations to 2010**

#### **REC 21**

**To promote the county becoming more self-sufficient in the disposal of industrial and commercial waste by the means of minimisation, recycling and incineration with energy recovery.**

**REC 22**

**To support the reduction of Buckinghamshire's industrial and commercial waste sent to landfill to 85% of the 1998 total by 2005.**

**REC 23**

**To encourage a reduction in the amount of industrial and commercial waste being exported from Buckinghamshire to other regions.**
