

Local Safety and Area Strategy Schemes Programme 2001/02 - Update

Chiltern Local Committee

18 July 2001

contact officer: Ian Duncan

(01296) 382478

1 Purpose of report

- a To update the Local Committee on the progress of schemes contained within the current year of the above Programme.

2 Proposed Action

- b The Local Committee is invited to:
 - i. NOTE the progress to date of the schemes contained within the current year of the Local Safety and Area Strategy Schemes Programme;
 - ii. REQUEST that Local Councils inform their representative groups of the progress of the schemes in their area.

3 Supporting Information

- c The Local Committee will recall that this is now a regular report to update Local Councils on the progress being made with schemes in this Programme.
- d The current position with each scheme is as shown in the Appendix to this report and is accurate as of the date of writing this report (mid June 2001). The comments are indicative only and are intended to show briefly the overall position of each scheme.
- e The Local Committee will note that the Appendix differs slightly from previous reports and now mirrors the style of the full Local Safety and Area Strategy Schemes Programme considered earlier in the year. Any comments on the new style will be welcomed.
- f The Local Committee is invited to note the current position with the schemes in the Chiltern area and each Local Council is requested to inform their representative groups of the progress of schemes in their area.
