

9 : NOTICES OF MOTION

Mrs P M Crawford

“Flood Defence Officers were routinely appointed by Thames Water in each area. Since privatization this no longer happens, therefore this Council resolves to give urgent consideration to the appointment of a Flood Defence Officer whose responsibility will be to keep the water flowing in all those areas which are not under the jurisdiction of The Environment Agency; this would include amongst other areas of the County, most of Chesham and in particular those areas which suffered the most in Chesham and still have ongoing problems such as The Vale and Pednormead, where the voluntary water bailiff has recently retired.”
