

THE OVERVIEW & SCRUTINY COMMITTEE FOR CHILDREN'S SERVICES

Report by Nigel Cook: Senior Adviser, School Improvement Service

March 2005

Monitoring the implementation of the 2004/2005 EDP: March 2005 update.

1. Introduction

This report is further to previous reports submitted to the Overview and Scrutiny Committee for Lifelong Learning on our progress in implementing and monitoring the Education Development Plan.

Where appropriate, officers and advisers have updated the report to reflect the present position on implementing the EDP. A reminder that the criteria for the judgement on whether a plan is red, amber or green is:

Red	Not started-new start date shown
Amber	Started but not fully implemented or on going
Green	Action Plan achieved or completed

Committee members will see that where appropriate, comments on either the impact or implementation of individual plans have been included in the Traffic Light Report.

2. 2005/2006 EDP

Work is currently being undertaken on consulting with our partners on drawing up the updated version of the plan. We welcome the committee to input into the process.

Agenda Item 5
