Subject: RE: School Amalgamation

The school will have 14 classrooms-2x for each of YR to Y6 plus accommodation for younger pupils. The arrangements for the younger pupils and whether they are full time or part time will be determined by the governing Body in liaison with the Early Years and Childcare Development partnership.

Further to our recent telephone conversation concerning the content of the Statutory Notices, please confirm what will be provided particularly in relation to the Foundation Stage provision. Currently at the infant school, full time facilities are provided for children who are 4 years old (known as Foundation 1 & 2). This was established following the advice of HMI who identified that there may be an inequality of education for those children who were only in the 'Early Years' Department for one term.

In the Statutory Notices, it states that there will be provided additional accommodation for 39 FTE places on a part time basis for younger 4 year olds. In order to clarify my own confusion, please confirm that the full time 4 year olds currently provided for in our Foundation Stage in the infant school are included within the 420 figure and that the additional accommodation will be an addition to this, possibly for a part time intake of under 4 year olds.

Again for my own clarification, please could you give me a breakdown of the year classes contained within the 420 figure and confirm that this will also include our full time 4 year olds.

Thank you for clarifying the position in relation to the Language Department.

May I take this opportunity to wish you and your colleagues a Happy Christmas and a successful New Year.

Regards

Ian Snudden
