Recommendation

The School Organisation Committee is asked to consider the proposal and to agree whether or not to determine the Statutory Notice.

Supporting Information

To bring to the Committee, statutory proposals in relation to the change of category of Curzon School to Aided status. These proposals have been consulted upon and the statutory objection period is now finished. Proposals relating to the change of category from Voluntary Controlled to Voluntary Aided status for the School were published on 9 July 2002 by the Governing Body through the publication of statutory notices along with relevant supporting information and are proposed to take effect from 1 January 2003. A pack of documents relating to these proposals containing a copy of the statutory notice, the prescribed information and the consultation document were sent to all members of the School Organisation Committee.

(MEMBERS ARE ASKED TO BRING THESE PAPERS WITH THEM TO THE MEETING IN ORDER THAT APPROPRIATE CONSIDERATION LEADING TO A DECISION ON THE INDIVIDUAL NOTICES CAN TAKE PLACE).

The formal objection period closed on 9 September 2002

At the meeting of the Committee in January it was agreed that it would be helpful to have some background information on schools changing category (eg from controlled to aided or from community to foundation) and, in particular to consider advantages for children arising from such a change. (this has previously been circulated to members of the SOC).

The published proposals conform with the requirements of Section 28 School Standards and Framework Act 1998 (as modified by the Education (Change of Category of Maintained Schools) (England) Regulations 2000) and the supporting documents include the information prescribed in the said 2000 Regulations.

The relevant guidance from the DfEE 'Guidance on Statutory Proposals' can be found on pages 103 – 105 of that document.
