Dear Mr. Popat,

12.9.03

I am writing in support of the proposal that Bedgrave Infant School should be considered for Foundation Status.

My son, Thomas, has been a pupil at the school for almost a year and, I feel, would benefit greatly from continuing at the school until he is 11. Being a sensitive child he does not always react well to change and has settled in very well to Bedgrave School. He has grown in confidence during the last year & I feel that this would be disrupted if we did not get him a place at the Junior school, as we are "out of catchment".

I also feel that the greater
independent would enable the school
to further improve on their already
excellent standards, by reducing the
need for bureaucracy and freeing
teacher & secretarial time.

Thank you for your attention
to this matter,

Yours sincerely,

Tracey Stowe
(MRS T. STOWE.)
