							59			37%			66			42%			20			13%			13			8%								

The main points made by those who wrote comments on the response forms covered:

- ❑ implications for the those living near to the school i.e.: traffic levels, access to the site, impact on property values, need for further consultation with residents
- ❑ issues around the organisation, ethos of the proposed school
- ❑ supportive comments about the proposals.
