County Hall,  
Aylesbury,  
Bucks. HP20 1UZ

Dear Sue,

**Re: Foundation Status and School Organisation Committee Meeting 24.09.03.**

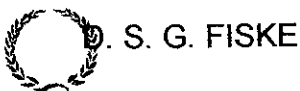

I have recently read the minutes of the meeting of 24th September when Barbara and myself attended to participate in the discussion concerning our application.

The minutes indicated (paragraph 5) that the LEA should pursue and address the concerns raised by Ashmead Combined School. I did not respond to Mrs. Loader's letter at the time but now feel that I must correct a few misapprehensions.

1. Bedgrove Junior School has never engaged in any building programmes which has increased accommodation. The several programmes which we have pursued have improved the facilities but not increased the number of pupils which we can admit.
2. It was agreed that Barbara would contact some schools on behalf of us both. Ashmead came into this category and she did inform Mrs. Loader of this fact. I have never in 20 years of headship been guilty of insensitivity and work tirelessly as Chairman of the Primary Headteachers' Association.
3. The number of pupils admitted to Bedgrove Infant School relates directly to the Junior School. The other issues raised by Ashmead can best be addressed by the LEA.

I trust that you will find these details helpful.

Yours sincerely,

ESTOR IN PEOPLE
