Audit Committee 14 November 2016

CORPORATE RISK REGISTER

1 Purpose

1.1 To brief the committee on the updated Corporate Risk Register.

2 Recommendations/for decision

2.1 To review the Corporate Risk Register Appendix 2 and identify any issues for further consideration

3 Corporate Risk Register - Supporting information

- 3.1 The Audit Committee has a role to monitor the effectiveness of risk management and internal control across the Council. As part of discharging this role the committee is asked to review the Corporate Risk Register.
- 3.2 The Corporate Risk Register provides evidence of a risk aware and risk managed organisation. It reflects the risks that are on the current radar for Transition Board. Some of them are not dissimilar to those faced across other local authorities.
- 3.3 The risk register is reviewed on a two monthly basis by Transition Board and reported to the Audit Committee.

4 Reasons for Recommendation

4.1 To allow members of the Audit Committee to review the Corporate Risk Register.

5 Resource implications

Corporate Risk Register Update

The Corporate Risk Register (CRR) shows the key risks to the Council and the actions that are being taken to respond to these risks. The CRR is reviewed on a regular basis by Transition Board following detailed review and updating by the risk owners.

Responsibility for updating the CRR and ensuring actions are taken to mitigate risks is a corporate responsibility but operational responsibility rests with the Directors and the Business Assurance Manager.

The CRR has not been reviewed by Transition Board as a whole since their meeting on 31 August 2016 as the scheduled meeting was postponed. Risks and actions have been reviewed with risk owners and updated accordingly. Since the previous Audit Committee meeting in September 2016 no new risks have been added and the following changes have been made:

Risk Ref	Change	Comment
3) Organisational culture fails to support strategy	Description	"Organisational resilience" wording updated to reflect the importance of cultural change to support the achievement of strategy and the work being done on the behavioural framework. Unmanaged loss of staff and impact on service continuity is covered in risk 17.
5) Depot and workshop redevelopment project	Reduction E→H	Depot redevelopment plans have been approved and when implemented will address H&S/Environmental risks.
7) Vale of Aylesbury Local Plan	Increase M→H	Increased to reflect risk of not achieving target timescales and lack of ability to influence the required external input.

Impact of Brexit

We have considered the risks arising following the Brexit decision. At this stage there is too much uncertainty about the specific implications on the strategic objectives and day to day operations of the Council to put anything meaningful on the CRR. Management will review as information becomes available and update the CRR accordingly.

There are 17 risks on the corporate risk register. The Residual risk rating is summarised as follows:

Capacity to Manage

Capacity to Manage	Alert	Description
Full		Full – all reasonable steps have been taken to mitigate the risk and are operating effectively. The cost / benefit considerations on implementing additional controls have been considered and no additional actions are proposed.
Substantial		Substantial – there are sound arrangements to manage the risk with some scope for improvement. Arrangements have had a demonstrable impact in reducing either the likelihood or consequence of the risk.
Moderate		Moderate – there are a number of areas for improvement in arrangements that would help to demonstrate effective and consistent management of the risk.
Limited		Limited – there are significant areas for improvement in arrangements that would help to demonstrate effective and consistent management of the risk.
None		None – there are a lack of clear arrangements in mitigation of the risk.
