Corporate Risk Register Update

The Corporate Risk Register (CRR) shows the key risks to the Council and the actions that are being taken to respond to these risks. The CRR is reviewed on a regular basis by Commercial Board following detailed review and updating by the risk owners.

The CRR was reviewed by Cabinet on 28 June 2017 and was updated by Commercial Board on 11 September 2017. Since the previous Audit Committee meeting in June 2017 the following risks have changed:

Risk Ref	Change	Comment
5) Depot & workshop development project fails to address H&S and Environmental concerns and achieve commercial objectives.	High risk - Removed	The depot redevelopment plan is now in place and the Corporate H&S Manager is working alongside the depot. The risk has been incorporated into 6) Major Projects and 8) Health and Safety
18) Modernising Local Government agenda: i) fails to achieve an outcome that addresses community needs ii) disruption to service delivery due to resource detracting from day-job and ongoing uncertainty	Extreme → High	↓ There has been no further indication on likely timing of decision.
7) Fail to Deliver the new Vale of Aylesbury Local Plan	High → Moderate	↓ Plan is drafted and due for Scrutiny in September.
9) Fail to plan for a major or large scale incident. Risk to safety of public & staff. Business interruption affecting the Council's resources and its ability to deliver critical services.	Moderate → High	↑ Business Continuity plans need to be revised following restructure. Emergency plan is now part of Community Safety, work is ongoing to reengage with local partners and ensure robust plans are in place and fully resourced. Risk will reduce when internal procedures have been embedded.
11) Safeguarding arrangements, internal policies and processes are not adequate to address concerns about /protect vulnerable adults & children.	Low → Moderate	↑ Risk increased to reflect findings from May2017 internal audit report. Work is ongoing to fully address actions, the risk will then reduce.
20) Failure to identify and respond to current and potential changes in legislative/regulatory environment.	High → Moderate	↓ Assistant Directors are now in post for each sector and vacant manager positions being filled. As new structures embed, this becomes part of business as usual.

Note on impact of Brexit – Management continue to considered the risks arising following the Brexit decision. At this stage there is too much uncertainty about the specific implications on the strategic objectives and day to day operations of the Council to put anything meaningful on the CRR.
