P

Please identify any of the conditions, terms or restrictions currently imposed on the converted licence which you believe could be removed as a consequence of the proposed variation you are seeking

Removal of all embedded restrictions under the Licensing Act 1964, Cinematograph Safety Regs and Children and Young Persons Act

**Q** Please describe any additional steps that you intend to take in order to promote the four licensing objectives if the proposed variation is granted:

**a) General – all four licensing objectives (b,c,d,e) (please read guidance note 15)**

The types of regulated entertainment proposed re-instate the normal pub entertainment that was previously unregulated.  
No new steps have been identified in relation to the 4 licensing objectives except as below.

**b) The prevention of crime and disorder**

Providing a one hour "chill out" period where snacks and non-alcoholic beverages can be consumed will promote this objective in that the last drink will be consumed less quickly, with access to toilet facilities.  
Applicant will be a member of Pub Watch and is prepared to be a member of Nite Net or similar organisation.

**c) Public safety**

These premises are subject to a myriad of statutory safety regulations which it is unnecessary to duplicate on this licence.

Fire Certificate is in force at these premises.

**d) The prevention of public nuisance**

Signage will be on display requesting customers to leave quietly.  
Local arrangements with local taxi operators

**e) The protection of children from harm**

The restrictions set out in the Licensing Act 2003 will apply. No unusual risks of harm to children have been identified.

**Application to vary the hours of Hobgoblin, Kingsbury, Aylesbury.**

These papers refer to the Police objection to the application to vary the hours of the hours of the Hobgoblin Public House.

The premises are at present subject to a licence which enables them to operate Monday to Saturday 11am to 2am the following morning and 12 noon to 10.30 pm Sundays.

The public house is a large two storey town centre venue situated in Kingsbury. When both floors of these premises are in use the maximum capacity for the premises are 260 persons.

The premises open out into the Kingsbury Square which at the present time contains five other licensed premises with many other public houses situated in surrounding streets and squares.

There are no specific conditions attached to the licence save those in the PEL relating to exits and fire appliances.

The premises are seeking a variation in hours as follows.

Monday to Thursday 0700 to 0200.

Friday and Saturday 0700 to 0300.

Sunday 0700 to 0100.

All hours for sale of alcohol, and with live and recorded music and provision for making music and dancing.

In addition the applicant is requesting an extra hour extension to allow late night refreshment and drinking up time.

The designated Premises Supervisor named in the application is the area manager at the present time.

The existing town centre public houses have a significant capacity and there is a potential for approx 5,500 persons to be migrating about the town during the evenings and early hours of the morning. The sale of alcohol in the town generally ceases by 02.00 a.m. by which time most premises are closed. A few remain open for a further half hour for a wind down period.

At the present time only one town centre public house is operating at a later time closing its doors at 03.30 a.m. premises stays open later with its doors shutting at 0330 although the sale of alcohol ceases at 0200.

The town centre (as defined by the inner Ring road) contains a large residential population of well over 550 residents. Longer licensing hours will inevitably affect their quality of life.

Longer licensing hours also have an impact on all agencies resources. The Police currently have to commit additional resources to cover 10 p.m. to 03.00 a.m. on Friday and Saturday nights which costs an extra £102,000 per annum. When the Licensing Committee granted an extension of 03.30 a.m. to the Public Entertainment Licence to the Lounge night club in Market Square the Police had to commit additional resources costing an extra £13, 574 per annum. Any further extensions granted to town centre public houses will obviously have a greater impact on the ability of agencies such as the Police to respond to incidents.

Whilst all applications should be judged on their own merits it is also important to consider the cumulative impact that this application will have due to the expansion of the night time economy in the town centre.

Since 1999 the profile of the town centre has changed significantly with new licensed premises and a gradual extension of licensing hours. These changes have lead not only to an increase in drink related incidents but incidents taking place at a later hour.

The figures shown below demonstrate impact of alcohol within the inner ring road. These figures will only show the incidents that have been captured on the Police crime and Command and Control data bases. Many incidents of lower level anti-social behaviour which could be attributed to alcohol will not be recorded. In addition it will not show the knock on affect that alcohol consumption will have on the town outside of the inner ring road.

These figures show the increase in offences between the hours of 10pm and 3am.

1999 only two late night venues = 291 incidents  
2000 increase in premises with later hours = 439 incidents reported to police  
2001= incidents reported 473  
2002= incidents reported 487  
2003= incidents reported 492.  
2004= incidents reported 514.

Since 1999 the hours most licensed premises operating within the town centre have extended their ability to sell alcohol through the use of a Special Hours certificate. It can be seen that this change has resulted in a significant increase in incidents recorded by the Police. Significantly it should be noted that these incidents are also taking place at a later time in the morning which will not only affect quality of life for residents but put greater strain on an agencies ability to deal with them. In 1999 on Saturday morning between midnight and 0300 only 33 offences were report but in 2004, 67 offences were recorded. For the same time period on Sunday mornings 23 offences were recoded in 1999 and in 2004 78 offences.

It should be said that all of the above reflects on other emergency services such as Two Shires Ambulance and Stoke Mandeville Hospital Accident and Emergency Department.

It could be said that the hours that have been extended to the town centre venues over the past five years are the hours the government had in mind for such venues and no further hours should be granted.

The Police have recorded the following specific incidents at the Hobgoblin Public House over the last 12 month period.

**Alcohol Related Disorder in Aylesbury Town Centre 01/07/04 – 30/06/05**

Requested by: Trevor Hooper, Warrants & Licensing

Produced by: Emily Woodward-Cunningham, Area Crime Analyst Aylesbury Vale

Date: 22<sup>nd</sup> July 2005

**Introduction**

This report aims to provide an analysis of alcohol related disorder within Aylesbury town centre for the period 01/07/04 – 30/06/05 for recorded offences. Due to the large number of incidents reported to police the time period for those included here was 01/01/05 – 30/06/05 for the locations Kingsbury, Market Square, Exchange Street and Cambridge Street.

It identifies not only the offences of Common Assault, Assault Occasioning Actual Bodily Harm (ABH), Assault on a Constable Grievous Bodily Harm (GBH) and Public Order but also includes analysis of non recorded incidents such as noise and general disturbance resulting from alcohol intake.

Of particular focus are the areas of Kingsbury, Market Square, Cambridge Street and Exchange Street which represent those locations accommodating the highest proportion of town centre licensed premises.

Analysis focuses on offence types, locations, days and times.

All data was taken from CEDAR and Common & Control and is accurate at the time of writing.

**Results**

There were 290 recorded offences for the period 01/07/04 – 30/06/05 and 77 incidents for the period 01/01/05 – 30/06/05.

Table 1 shows that the most commonly occurring offence types were Public Order and ABH, however there were a high number of Assault on a Constable offences highlighted. The most common incident type was fighting.

Table 1: Offence and incident types and numbers

Offence	Number	Incident Type	Number
Common Assault	23	Fight	57
ABH	104	Disturbance	12
Assault on a Constable	18	Other	8
GBH	0		
Public Order	145		
<b>Total</b>	<b>290</b>	<b>Total</b>	<b>77</b>

*Offence Days/Times*

Figure 1a shows that Disorder offences have increased in 2005 from 2004. December has seen the highest number to date however this may be due to increased attendance at licensed premises over the Christmas period. Offences have seen a gradual decrease since May 2005 however there may be a rise during the months of July and August due to warmer weather which has historically had an adverse effect on the number of alcohol related offences.

Reported incidents have shown a similar gradual decline however again this can be expected to rise through the summer.

Figure 1a: Chart showing offences and incidents by month

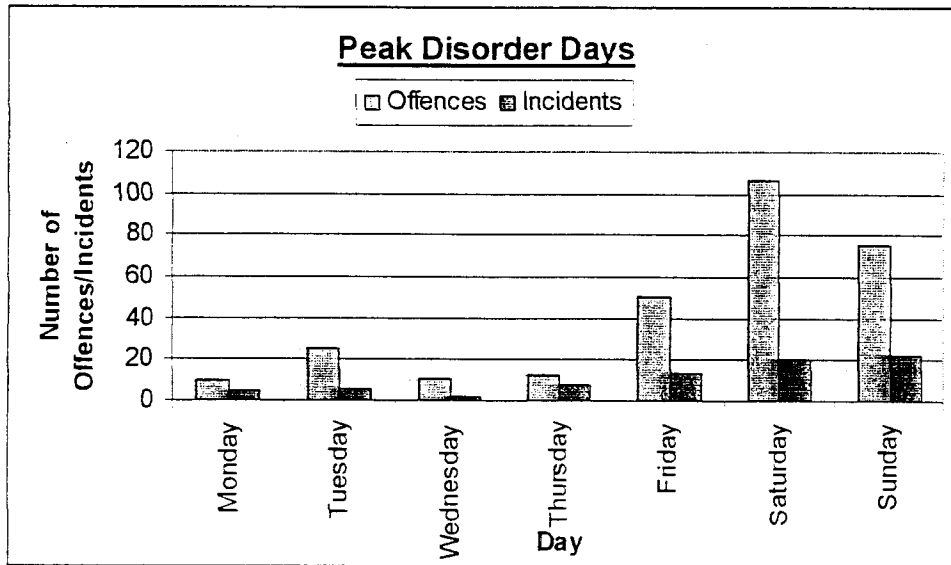

Figure 1b clearly illustrates Fridays, Saturdays and Sundays as the peak offence days, these represent the times at which licensed premises are busiest. Where Sundays have been indicated the majority of offences have occurred in the early hours of the morning thus can be attributed to late night openings on Saturday nights.

While there have been fewer incidents it is apparent that they have followed the same peak with regard to days.

Figure 1b: Chart showing offences and incidents by day

The peak time for all offences and incidents was between 02:00 and 03:00 which are the key times that late licensed premises close.

**Offence Locations**

Within Aylesbury town centre there are a number of key streets where the majority of disorder occurs. This is partly due to the concentration of licensed premises within these areas, fast food restaurants and also large open spaces allowing individuals to congregate in large groups.

Table 2a shows that Market Square, Kingsbury and Exchange Street had the highest levels of disorder both for offences and incidents. Market Square and Kingsbury both comprise open spaces and each accommodate a number of the town's busiest licensed premises and Market Square offers access through the town centre from premise to premise.

Table 2a: Alcohol related disorder by street
