Kerryann

Good afternoon.

If it will lead to the withdrawal of the residential representations we are willing to amend our application to show the terminal hour for licensable activities for non-residents of 23.00, which all – except the one in support of us – seem to want.

I do not have the file in front of me.

I am not sure that we have their email addresses. Do you wish to communicate this to them or if we can have those addresses, I will do so?

The form of the licence application follows our standard, for developments such as this and is the national 'norm' for Whitbread. However, I am now told that the above formed part of the planning submission/application and so we are prepared to follow that.

Please let me know how you wish to proceed. Thanks.

I am due to review this with clients later today.

Can you confirm no more reps and that EHO is compromised please? Thanks.

John
