

Buckinghamshire & Milton Keynes Fire Authority

MEETING	Overview and Audit Committee
DATE OF MEETING	9 March 2016
OFFICER	Julian Parsons, Head of Service Development
LEAD MEMBER	Councillor David Schofield, Health and Safety and Corporate Risk
SUBJECT OF THE REPORT	Corporate Risk Management
EXECUTIVE SUMMARY	<p>This report provides an update on the current status of identified corporate risks. Risk registers are maintained at project, departmental and directorate levels. Corporate risks are those that have been escalated from these levels for scrutiny by the Strategic Management Board (SMB), because of their magnitude, proximity or because the treatments and controls require significant development.</p> <p>The Corporate Risk Register was last reviewed by the Overview & Audit Committee on 2 December 2015 at which Members noted the FBU's statement that they intended to defer any future industrial action in relation to the pensions' dispute until the outcome of the legal challenges is known which means that there will be no pensions related strike action until June 2017 at the earliest.</p> <p>Since then the Risk Register has been regularly reviewed by the Performance Management (PMB) and Strategic Management Boards (SMB), most recently at the 4 February 2016 PMB and 16 February SMB. No new risks were identified or escalated from Directorate Risk Registers at these meetings. However, at the 12 January SMB, an increase in the risk scoring of the funding and savings risk from 3 x 4 to 4 x 4 was agreed in light of the 2016/17 Central Government financial settlement and potential risk to future USAR grant funding.</p> <p>The current distribution of corporate risks relative to probability and potential impact is shown at Annex A.</p> <p>Changes to the corporate risk ratings over the last year are shown at Annex B.</p> <p>Detailed assessments of identified corporate risks are shown in the Corporate Risk Register Report at Annex C.</p>
