

Appendix A: Development-related Archaeological Fieldwork in Buckinghamshire January to June 2011

Site	Project type	Contractor	Dates	Summary	Report to HER?	Proposed publication
Akeley, Rose Cottage	Watching brief	TVAS	May	Watching brief during extension groundworks did not reveal archaeological deposits but early post-medieval pottery was found, adding to the information gathered in the Whittlewood Project	Yes	Note
Aston Clinton, Stablebridge Road	Evaluation	OA	February	Evaluation in advance of development of greenfield site. Late Iron Age and Roman ditches and pits were found, indicating a settlement site within or very close to the site.	No, awaiting amended report	Note
Aylesbury, Aylesbury High School, Walton	Evaluation	AA	April	Small evaluation within footprint of new teaching block. One ditch was revealed, dating from the late Iron Age, probably an outlying settlement feature or field boundary	Yes	Note
Aylesbury, Mill Street	Evaluation	OA	March	Evaluation in advance of residential development revealed site has been contaminated and truncated by former garage. No evidence of the Roman road Akeman Street was found	Yes	Note
Aylesbury, National Enterprise Academy site	Evaluation	TVAS	March	Evaluation adjacent to the Bear Brook and Grand Union Canal revealed alluvial deposits and peat deposits dating from the late 17 th to 19 th centuries. Building foundations of late 19 th or 20 th century date were also discovered.	Yes	Note
Biddlesden, Land at Henwood Farm	Evaluation	Network Archaeology	March	Evaluation in advance of construction of new industrial units. Negative results despite discovery of Roman remains close by and proximity of Luffield Abbey	Yes	Note
Burnham, 7 Church Walk	Evaluation	TVAS	March	Small evaluation. Negative results despite potential for evidence of medieval settlement.	Yes	Note
Coleshill, Littlelands, Barrack Hill	Watching brief	AS	January	Negative watching brief despite the potential for medieval and post-medieval occupation and evidence of former farm buildings adjacent to the	Yes	None

Site	Project type	Contractor	Dates	Summary	Report to HER?	Proposed publication
				17 th century timber-framed house		
Denham, Buckinghamshire Golf Club	Evaluation	OA	March	Evaluation in advance of new office building. Trial trenching revealed part of a post-medieval pond shown on historic maps and associated pathway. Alluvial sediments contained significant quantities of preserved organic material in peaty lenses. Two auger samples were taken.	No, awaiting final report	Note
Denham, William King Flour Mill	Excavation	WA	March - June	Excavation of two large building basement footprints. Palaeo-environmental evidence gathered from peats and alluvium.	No	Post-excavation assessment report awaited
Dinton, Moreton Barn, Ford	Watching brief	JMHS	March	Watching brief on stripping for a new ménage on edge of scheduled ancient monument (DMV). An undated ditch was observed but the level of impact was above the archaeological remains, which were preserved in situ.	Yes	Note
Ellesborough, The Chiltern Brewery, Nash Lee Road, Terrick	Evaluation	JMHS	April	Small evaluation in advance of brewery extension. Two trenches revealed a buried soil layer containing 11 th -13 th century pottery and prehistoric flintwork	Yes	Note
Haddenham, Land rear of 2 Fern Lane, Fort End	Evaluation	JMHS	May	Evaluation of former farmyard within Haddenham historic core. Medieval ditches, dating from the 12 th and 13 th centuries, at least one medieval quarry pit and undated post-holes for a possible building were investigated	Yes	Note
Haddenham, Rear of 25 High Street	Evaluation	TVAS	May	Small evaluation to rear of High Street revealed evidence of medieval property boundaries and rubbish pits	?	Note
Haddenham, Land at 5 Townsend	Excavation	TVAS	June-July	Excavation in advance of residential development. Excavation confirmed findings of evaluation and revealed extensive evidence of medieval settlement including property boundaries, pits and post-holes dating from 11 th -14 th century	No	Post-excavation assessment awaited

Site	Project type	Contractor	Dates	Summary	Report to HER?	Proposed publication
Haddenham, Townsend Garage	Evaluation	TVAS	February	Small evaluation. Negative results despite potential for medieval settlement remains.	Yes	Note
Ludgershall, Land at St Anthony's Barn, Tetchwick	Strip and record excavation	TVAS	May	Stripping of new building footprint within Tetchwick village core, close to medieval moated site, revealed evidence of former disturbance on this site	Yes	Note
Marlow, Marlow Sports Club	Watching brief	JMHS	May	Intermittent watching brief during ground reduction for new multi-use games area. Watching brief confirmed the geophysical survey results; that this site lies just beyond the area of a known prehistoric funerary site	Yes	Note
Marlow, 14-22 West Street/Riley Road	Evaluation	AA	March	Small evaluation in advance of supermarket extension. Three post-medieval pits were found.	Yes	Note
Mursley, Salden House	Watching brief	ASC	March	Watching brief during construction of tennis court. Significant quantities of dumped brick and tile and large, limestone architectural fragments were recovered that may be linked to former 16 th century house	Yes	Note
Nether Winchendon, Manor House Farm	Watching brief	JMHS	June	Watching brief during groundworks for a new conservatory at this Grade II* manor house revealed evidence of a probable Tudor kitchen and other medieval and post-medieval deposits and finds, including a large piece of Late Gothic moulded sculpture	Yes	Note
Princes Risborough, 1 High Street	Historic building recording	ASC	May	Historic building recording of a Grade II 18 th – 19 th century building in Princes Risborough historic core, prior to its conversion.	Yes	Note
Princes Risborough, St Mary's Church	Watching brief	JMHS	February - June	Intermittent watching brief during removal of Victorian floor and insertion of drainage and new floor. Evidence of an early, pre-Anglo-Norman, phase was identified, along with subsequent phases throughout the medieval, post-medieval and Victorian periods. Several inhumations were	No, awaiting report	Note

Site	Project type	Contractor	Dates	Summary	Report to HER?	Proposed publication
				also recovered.		
Stone, The Bugle Horn public house	Historic Building Recording	Cotswold Archaeology	April	Historic building recording of 19 th century wall, which was once part of the Hartwell House estate. The wall was interesting because of its use of geological specimens, such as ammonites, as decorative elements. The wall was recorded prior to demolition.	Yes	Note
Stoke Mandeville, Former BOCM site, Risborough Road	Evaluation	ASC	May	Evaluation in advance of re-development revealed Roman ditches, pits, a cremation and several undated features. The Roman features may form part of a more extensive agricultural landscape relating to the Roman villa c. 600m away	Yes	Note
Swanbourne, Land adjacent to 33 Mursley Road	Evaluation	AS	May - June	Evaluation in advance of residential development on possible windmill site. Trenching revealed large 12 th -14 th century ditch and two pits, each containing one pottery vessel dating from the Bronze Age or Early Iron age	Yes	Note
Waddesdon, Waddesdon Estate minibus route	Evaluation	ASC	June	Evaluation along proposed minibus route revealed intercutting Roman ditches and post-medieval ditches	Yes	Note
Stokenchurch, Wormsley Park	Watching brief	JMHS	January - February	Watching brief during construction of a new auditorium. Excavations uncovered the remains of a probable building constructed of timber and brick on a chalk platform, a possible Tudor conduit, medieval ridge and furrow, an earlier ha ha bank of early 19 th century date and several undated features	Yes	Note
Weedon, Chestnuts Farm	Watching brief	ASC	March	Watching brief during construction of new tennis court close to shrunken medieval village earthwork remains. No deposits were encountered although medieval pottery was recovered from the topsoil	Yes	Note
Winslow, Old	Excavation	ASC	March	Trenches reveal medieval ditched boundaries in	Yes	Note

Site	Project type	Contractor	Dates	Summary	Report to HER?	Proposed publication
Vicarage				northwest corner of historic town.		
Wotton Underwood, South Pavilion	Watching brief	JMHS	January - April	Watching brief during groundworks and construction of new swimming pool. Evidence of medieval settlement, including pits and ditches, was found along with remains of the post-medieval landscaped garden	No	Note
