Revocation of the improvement line HW-RW-05	<p>This decision relates to an improvement line that has been held for improvements to the junction of the Pastures, Desborough Avenue and West Wycombe Road. This line has been in place since the 1960s for implementation of a roundabout instead of traffic lights. An area within the boundary of the improvement line had been blighted for development and the owners have requested we remove the line. In order to understand whether the improvement line is still required, we commissioned Jacobs to model the junction to determine whether there would be any significant variation in traffic flow should we change the junction from traffic lights to a roundabout. The report showed that although capacity for motorised vehicles at the junction was marginally increased, there was a negative effect on pedestrians and cyclists as they were less easily accommodated. In addition, this would potentially push congestion to other points on the network, specifically the town centre which we wish to protect as part of the High Wycombe Town Centre Masterplan. Since there is no realistic prospect of BCC bringing forward a scheme to increase capacity and the negative impacts described, we have are making the recommendation that the line is no longer required.</p>	Abbey; Booker, Cressex & Castlefield; Downley	Deputy Leader & Cabinet Member for Transportation / Jessica Everett	First notified 16/8/17

Sustainable Modes of Travel Strategy (SMoTS) for Education	The Sustainable Modes of Travel Strategy (SMoTS) for Education is a supporting document to the Local Transport Plan 4 (LTP4). The strategy is designed to promote sustainable modes of transport to schools, colleges and other education centres. It explains what school transport is in place at the moment and what we want it to be in the future. This includes the transport needs of 16+ and Special Educational Needs and Disabled pupils. It sets out how we will work (and support others) to meet the objectives set out in this document and encourage sustainable education transport. The document is particularly aimed at schools, to help them inform their school travel plans. However, this document should be useful to any groups or individuals with an interest in school travel.
