Buckinghamshire County Council

Purpose of the Protocol

- To ensure that disabled young people with complicated needs receive appropriate co-ordinated support to help them to move from adolescent to adulthood
- To set up planning and review processes
- To clarify which young people we should offer support to through the planning process

Purpose Cont

- To provide guidance on both practice and process for professionals involved in the planning process
 - To provide general information for young people and carers
- 

Purpose of the Protocol

- To ensure that disabled young people with complicated needs receive appropriate co-ordinated support to help them to move from adolescent to adulthood
 - To set up planning and review processes
 - To clarify which young people we should offer support to through the planning process
- 

Aims

- To enhance the transition process for disabled young people and their parents / carers
 - To gain commitment of all key partners
 - To ensure the feedback from disabled young people and their parents / carers is at the centre of service improvement
- 

Update

- The Protocol has been signed off by the Multi - agency Strengthening Transitions Arrangements Board
 - Transitions will cover 14-25
 - Joint Commissioner now in post to lead the implementation of the protocol
 - Partners need to now come on board to implement this protocol and embed it within their service area
- 

Work to be undertaken

Protocol needs to be embedded in working practice .

Possible ways of doing this;

- Through ensuring high level strategic buy in
 - Through ensuring that it is tied into other strategies / action plans
 - Through Contracts and performance management
 - Through SLA 's
 - Through Workforce Development
 - Through involving young people in transition and their parents / carers in the development of the pathway
- 

Data and future Commissioning

- Identified main data sources
 - Identified possible levels of need
 - Looking into how evidence what these support needs are
 - Looking into how measure overall impact of the work on costs
