

**BUCKINGHAMSHIRE COUNTY COUNCIL
CHILDREN'S SERVICES
IMPROVEMENT PLAN (PHASE 2)
NOVEMBER 2018**

PART ONE: INTRODUCTION

The Ofsted re-inspection of Children's Services for children in need of help and protection, children looked after and care leavers took place on 6th November to 30th November 2017. The [re-inspection report](#) was published on 29th January 2018 and judged the overall service to be inadequate, with the Care Leaving Service requiring improvement to be good and the Adoption Services judged to be good.

Progress since the previous Ofsted inspection in 2014 was found to be inconsistent, too slow and failed to achieve the wholesale service improvements required for vulnerable children. The re-inspection found widespread and serious weaknesses in some services to safeguard children as well as some critical weaknesses in services to children looked after.

We accept these findings and are committed to improving services for our children and young people. There is much to do and we anticipate that this is likely to be at least a three year improvement journey. Phase 2 of our improvement plan builds on Phase 1 which was put in place immediately following the Ofsted re-inspection. The Phase 1 improvement plan has been progressed and closed down with outstanding actions rolled over into the Phase 2 improvement plan.

The Phase 2 improvement plan continues to embed performance compliance and further develops practice and quality standards. The improvement plan outlines the actions that we will take to address the identified weaknesses and areas for development identified in the Ofsted inspection report. It incorporates the inspection report recommendations and the feedback from the first [Ofsted monitoring visit](#). It is also informed by the [Commissioner's report](#) and attends to the details contained in the Secretary of State's [statutory direction](#), including the Improvement Adviser role provided by Hampshire County Council.

The action that is taken and the progress that is made to improve outcomes for children, young people and their families will be monitored and reviewed by the Children's Improvement Board which is chaired by the Children's Improvement Adviser.

The anticipated timescales for completion of actions will be reviewed regularly given the outcome of the Development Centre for first line managers. The successful implementation of this plan relies on effective and competent first line managers as this tier is critical to achieving and maintaining good standards of social work practice. It is too early to demonstrate the impact of initial progress against actions on improving outcomes. In addition, the plan will be under regular review to ensure that actions are further expanded where it is necessary.

PART THREE: APPENDICES

Appendix A - Ofsted Re-Inspection Report (29th January 2018) Recommendations

The improvement plan incorporates the findings from the Ofsted inspection and includes the ten recommendations outlined below:

1. Take immediate action to improve the quality of management oversight and decision-making at all levels to make sure that children's plans are properly progressed. Ensure that management interventions, including escalations and alerts by child protection chairs and independent reviewing officers, are clearly recorded on children's files and that these actions are followed through.
2. Ensure that appropriate support is in place to meet the needs of children when child protection plans end and also when children return home from care.
3. Improve the quality of assessment and planning to ensure that risk is identified and responded to promptly, especially when risks escalate. Ensure that assessments and plans identify the unique needs and experience of each individual child, particularly when they are part of a large family of brothers and sisters.
4. Ensure that care plans for children reflect their diverse needs and individual identities, and are realistic about achieving change.
5. Ensure that all written records are clear and up to date, and accurately identify the circumstances of children and their families.
6. Take immediate action to ensure that monitoring and visiting arrangements to all children looked after in placements with parents are sufficiently robust to ensure their safety and progress until these arrangements are formally resolved.
7. Review the procedures for accommodating and supporting unaccompanied asylum-seeking children, including those who arrive outside office opening hours, to ensure that their immediate needs and vulnerabilities are appropriately assessed.
8. Ensure that all care leavers have full information about their health histories and what they can expect during their time in care and on leaving care, including information about advocacy and complaints.
9. Apply an appropriate audit tool to ensure that qualitative analysis, alongside quantitative compliance auditing, measures effectively the improvements, impact and outcomes for children.
10. Ensure that all staff receive appropriate training, including mandatory training, in order to improve their key skills and to keep them up to date in their knowledge and practice.

APPENDIX B – SECRETARY OF STATE FOR EDUCATION STATUTORY DIRECTION 12TH JULY 2018

Improvement Advisers Terms of Reference – July 2018

1. Buckinghamshire County Council (“the Council”) has failed systemically and persistently in its delivery of children’s social care services. The 2018 Ofsted report found the service to be ‘inadequate’ overall and for all key judgements.
2. Hampshire County Council is expected to support the Council’s improvement programme on those areas of practice that Ofsted has judged to be inadequate. It shall in particular:
 - a. Chair Buckinghamshire’s Children’s Services Improvement Board (‘the Improvement Board’);
 - b. Ensure that the Council:
 - Continues the implementation of a robust improvement plan which spans children’s social care services, and includes clear and specific actions that reflect the journey of the child and which address all recommendations made in the Ofsted report so as to improve the quality of services for children;
 - Implements a revised early help offer that links more closely with social care activity and an improved multi-agency safeguarding hub;
 - Invests specifically in leadership and management development for the senior leadership team and team managers;
 - Continues to embed a new organisational culture that supports social work practice;
 - Creates an effective performance and audit framework;
 - Reviews the role and impact of child protection conference chairs and Independent Reviewing Officers; and
 - Develops a fully-realised transformation plan that sets out a vision for how the service will deliver high-quality social work and related services.
 - c. Provide leadership, support and practice advice in line with priorities agreed with the Council and set out in the Commissioner’s report and areas of weakness identified by the Ofsted report;
 - d. Provide where appropriate direction, monitoring, and coaching to the children’s services senior team to secure the necessary improvements and to build on their capabilities; and
 - e. Provide regular reports to the Department for Education that assess improvements in Buckinghamshire by reference to the Ofsted report. These reports may cover but are not exclusive to practice; performance; culture; leadership, management and governance; management oversight; early help; and local multi-agency arrangements.
3. Agree to review support arrangements with DfE 12 months after the date of the Direction.
