County Council

Public Questions Received

Children's Select Committee – 27th November 2018

Received from Sarah Hodges (Parent)

Question 1:

Why were there no drop-in sessions held during the day for home to school transport? This will affect a large number of individuals particularly those who require childcare to attend in the evening or after school.

Question 2:

Subsequent dates have been arranged for SEN children and those with disabilities. Why were these not included initially? The Bucks CC website does not have these dates available on the consultation link.
