

County Council 19 November 2015

Agenda Item	Page No
10 NOTICES OF MOTION Additional notices of motion attached	3 - 4

INVESTOR IN PEOPLE

NOTICE OF MOTIONS

In addition to the motion on CSE Training for elected Members (see Blue Book) two further motions have been submitted for Council consideration.

Motion 2: LAFs

Proposer: Mr Gomm

Secunder: Mr Huxley

Resolution

With present budget cuts including workforce constraints within the Council and the present economic climate, **this Council resolves that all Local Area Forum activity (including all meetings/officer support and grant provision) is suspended until after the 2017 County Council elections.**

Instead, we suggest that any future grant funding distributed by the LAFs is incorporated into the existing Community Leader's Fund scheme so that each local member is able to continue to support community initiatives. The funding transferred should be evenly distributed to all Councillors. This action will save the Council at least half a million pounds per year.

Motion 3: A41 FRIARAGE ROAD – AYLESBURY – CENTRAL RESERVATION

Proposer: Mr C Adams

Seconders: Mr B Adams & Mr A Huxley

The Central Reservation between the Bucks County Council Offices and Morrison Supermarket is overgrown with weeds. There is a constant problem with litter along this stretch. This area is not properly maintained in general, it has now become a grot spot. With investments being made within Aylesbury Town Centre, this area has become an eye score.

Resolution

This County Council resolves that the Cabinet Member for Transportation takes urgent action to enter into negotiations with Aylesbury Town Council so that they can take over the maintenance of this area under a devolved services agreement.
