This the second of the evidence gathering meetings for the joint County and District crime and disorder review. The aims of the review are both to explore how the Safer and Stronger Bucks Partnership Board is fulfilling its crime and disorder functions and to improve how we work with partners to communicate messages to residents that help reduce the fear of crime.

This topic has been chosen as reducing the fear of crime is a key priority in the recently agreed Safer Bucks Plan, and there continues to be disparity between falling crime rates overall in Buckinghamshire and residents' perception about the prevalence of criminal activity in their local area.

Purpose

Contributors have been invited to talk to members of the task and finish group about their community safety role. They will inform members about current work they are undertaking with partners which is aimed at reducing the fear of crime, and will explain how their organisation communicates messages about

crime rates etc to residents. In addition they will identify where they think improvements could be made and barriers to progress.

Members will have an opportunity at the end of both presentations to ask questions.
