| **Cabinet Member sign-off:** | **John Chilver** |

**Purpose of Agenda Item**

Summary update on the Council's IT Improvement Programme, unitary IT and NHS joint working projects

**Background**

6 month update following previous FPR report in January 2019.

**Summary**

The Report provides an update on how the IT Service is upgrading an end of life IT infrastructure and building a platform to support both the move to unitary status and integration with the NHS.

**Key issues**

Maintaining service levels whilst upgrading and renewing the IT environment
Resourcing business as usual, unitary and NHS joint working
Ongoing dependency on key suppliers

**Resource implications**

The current work programme is being managed via additional project specific temporary resources, shared resources with partners, reallocation of existing budgets and the Council's Capital Programme.
