#### **Buckinghamshire Primary Care PPI Forum**

Members have currently taken part in a national dental survey being organised by CPPIH. This is believed to be the largest of its kind ever undertaken.

Because of the imminent closure of CPPIH members have needed to identify priority work issues – these were agreed to be:

- Building relationships
- Produce an Annual Report – March 2008
- Annual Health Check
- Hospital discharge policy

#### **Milton Keynes Forums**

Members may be interested to know the Milton Keynes Forums are hosting a Health Event in Milton Keynes on Tuesday 9 October.

#### **Oxfordshire & Buckinghamshire Mental Health PPI Forum**

Again members have needed to identify the main issues that should take priority, these have been identified as:

- Older adult day care centres
- CAMHS remodelling in Oxon
- Community services
- Manor House redevelopment

#### **South Central Ambulance PPI Forum**

An announcement is expected soon on number and location of control rooms/HQ sites in the area. Decision should be made at next Board meeting this month. Then 250 call handlers will need to be recruited and trained by March 2008 to man Call Connect service.
