## 2 FUNCTIONS OF BOARDS AND PARTNERSHIPS

---

### **Buckinghamshire Safeguarding Children Board (BSCB)**

---

#### **Purpose and Functions**

The BSCB is a statutory body created under the Children Act 2004. Section 14 of the Children Act 2004 sets out the objectives of LSCBs, which are:

- To coordinate what is done by each person or body represented on the Board for the purposes of safeguarding and promoting the welfare of children in the area; and
- To ensure the effectiveness of what is done by each such person or body for those purposes.

Regulation 5 of the Local Safeguarding Children Boards Regulations 2006 sets out that the functions of the LSCB, are as follows:

1. Develop policies and procedures for safeguarding and promoting the welfare of children in Buckinghamshire, including policies and procedures in relation to:
  - The action to be taken where there are concerns about a child's safety or welfare, including thresholds for intervention
  - Training of people who work with children or in services affecting the safety and welfare of children
  - Recruitment and supervision of people who work with children
  - Investigations of allegations concerning people who work with children
  - Safety and welfare of children who are privately fostered
  - Cooperation with neighbouring children's services authorities and their Board partners
2. Communicate to people and organisations in Buckinghamshire the need to safeguard and promote the welfare of children, raising their awareness of how this can best be done and encouraging them to do so.
3. Monitor and evaluate the effectiveness of what is done by the authority and their Board partners individually and collectively to safeguard and promote the welfare of children and advising them on ways to improve
4. Participate in the planning of services for children in Buckinghamshire
5. Undertake reviews of serious cases and child deaths and advise the authority and their Board partners on lessons to be learned.
6. Publish an annual report on the effectiveness of child safeguarding and promoting the welfare of children in Buckinghamshire.
7. Provide challenge to ensure that there is a comprehensive, effective and adequately resourced early intervention strategy for the provision of services to children and young people in Buckinghamshire.

### **Terms of Reference and Membership**

The Terms of Reference, including membership for the BSCB can be found at: [http://www.bucks-lscb.org.uk/wp-content/uploads/About/BSCB\\_Terms\\_of\\_Reference.pdf](http://www.bucks-lscb.org.uk/wp-content/uploads/About/BSCB_Terms_of_Reference.pdf)

### **Governance and Accountability**

Working Together 2015 states that in order to provide effective scrutiny, the LSCB should be independent. It should not be subordinate to, nor subsumed within, other local structures.

The BSCB has a role in co-ordinating and ensuring the effectiveness of the work of local partners to safeguard and promote the welfare of children. The Board will hold organisations, individually and in partnership, to account for their performance in this respect. However, the Board is not accountable for their operational work and each Board partner retains their organisational lines of accountability for safeguarding.

The BSCB discharges many of its responsibilities on behalf of its statutory partners and as such is held to account by each of these organisations for its performance. The agreement of statutory partners is required for any work that has implications for policy, planning or the allocation of resources.

The Director of Children's Services should ensure that all appropriate local authority services engage effectively with the BSCB. The DCS is accountable to the Chief Executive of Buckinghamshire County Council, and where appropriate the Lead Member for Children's Services for the effective working of the BSCB.

The Chair of the BSCB must be independent of local agencies so that the BSCB can exercise its local challenge function effectively. The Independent Chair is appointed by and is accountable to, the Chief Executive of Buckinghamshire County Council. Where appropriate the Lead Member for Children's Services will also hold the Independent Chair to account for the effective working of the BSCB.

## **Buckinghamshire Safeguarding Adults Board (BSAB)**

---

### **Purpose and Function**

The Care Act 2015 puts Safeguarding Adults Boards (SAB) on a statutory footing. Section 14 of the Care Act 2015 sets out the objectives of the SAB, which are:

- To co-ordinate and ensure effective and proportionate multi-agency responses to concerns around adult safeguarding or the protection of adults at risk of harm.
- To ensure the effectiveness of what is done by each such person or body for those purposes.
- To hold partners to account for their activity in relation to the safeguarding of vulnerable adults.
- To use data, information and intelligence to effectively identify risk and act on it.
- To undertake Safeguarding Adult Reviews as required using an appropriate methodology determined by the circumstances of each review.
- The SAB should produce an annual report and an annual work plan which it consults on with Healthwatch.

The above includes a requirement to work effectively with partners across borders.

### **Terms of Reference and Membership**

The Terms of Reference, including membership for the BSAB can be found at: [www.buckinghamshirepartnership.gov.uk/safeguarding-adults-board/about-the-board/](http://www.buckinghamshirepartnership.gov.uk/safeguarding-adults-board/about-the-board/)

### **Governance and Accountability**

The Director of Adults Services (DAS) has the responsibility to ensure that a SAB exists. The DAS is accountable to the Chief Executive of Buckinghamshire County Council, and where appropriate the Lead Member for Adults Services for the effective working of the SAB.

The Chair of the SAB should be independent of local agencies so that the BSAB can exercise its local challenge function effectively. The Independent Chair should be appointed by and be accountable to, the Chief Executive of Buckinghamshire County Council.

Although the BSAB produces a multi-agency adult safeguarding policy and procedure, it is the responsibility of each partner to develop their own organisational policy in relation to adult safeguarding which complies with the multi-agency policy.

There will be sovereignty around decision making processes. Partners will be accountable through their own organisation's decision making processes for the decisions they take. It is expected that Members of the SAB will have delegated authority from their organisations to take decision within the terms of reference.

## **Health and Well-Being Board (HWB)**

---

### **Purpose and Function**

Its focus will be on securing the best possible health outcomes for all local people.

The HWB aims to:

- Drive whole system leadership and set and hold the vision for health and social care across Buckinghamshire

- To sign off the Better Care Fund BCF (formerly known as the Integrated Transformation Fund):
- Produce a pharmaceutical needs assessment: This was formerly a responsibility of the primary care trust but the Health and Social Care Act 2012 transferred responsibility for the developing and updating of PNAs to health and wellbeing boards.
- To use its power of influence to encourage closer working between commissioners of health-related services and the board itself.
- To use its powers of influence to encourage closer working between commissioners of health-related services (such as housing and many other local government services) and commissioners of health and social care services.
- Any other functions that may be delegated by the council under section 196(2) of the Health and Social Care Act 2012.

The HWB is responsible for the improvement of outcomes across all aspects of health and wellbeing in Buckinghamshire. Children and young people's safeguarding and the safeguarding of adults at risk of harm are key elements of this. The HWB will ensure relevant consideration is given to safeguarding for both children and vulnerable adults through:

- Addressing safeguarding holistically in local needs assessment; including by considering and addressing information provided by the LSCB and BSAB on safeguarding priorities.

- Integrating safeguarding into the development of the Joint Strategic Needs Assessment and the Health and Well-Being Strategy
- Having oversight and receiving assurance from Children and Adult JETS, Healthy Communities Partnership (Public Health), LSCB and BSAB that safeguarding is being integrated into commissioning arrangements at both strategic and operational levels.

### **Terms of Reference and Membership**

The Terms of Reference, including membership for the HWB can be found at: <https://democracy.buckscc.gov.uk/mgCommitteeDetails.aspx?ID=710>

### **Governance and Accountability**

The HWB will be accountable for its actions to its individual member organisations.

There will be sovereignty around decision making processes. Representatives will be accountable through their own organisation's decision making processes for the decisions they take. It is expected that Members of the HWB will have delegated authority from their organisations to take decisions within the terms of reference.

## **3 HOW THE BOARDS AND PARTNERSHIPS WORK TOGETHER**

---

The boards and partnerships have distinct, yet complementary functions. Safeguarding is not the core purpose for all of the boards and partnerships, but it is a key theme that unites them all.

The information provided in the section above, outlines the roles and responsibilities that each board / partnership has in relation to safeguarding. This section sets out how they will work together to safeguard and promote the welfare of children and vulnerable adults in Buckinghamshire.

### **Key principles:**

- **We will offer mutual challenge and support:**

The BSCB and BSAB have a specific remit to ensure the effectiveness of safeguarding arrangements across partners. As such they will work with, and where necessary offer challenge to, the HWB, CPP, BSCB, SSBPB and the JET to ensure that they safeguard and promote the welfare of children and vulnerable adults in the work that they do.

Independent of the scrutiny roles of the BSCB and BSAB, the boards and partnerships will offer each other mutual challenge and support in order to optimise safeguarding arrangements and ensure we are achieving the best possible outcomes for our children, young people and vulnerable adults.

- **We will share good practice and resources**

To help each of the boards and partnerships to develop and improve, relevant good practice and resources will be shared. This could include policies and practices, including those identified in other authorities, or opening out training and development opportunities across the wider partnerships.

- **We will work together on themes of common interest:**

Some themes have relevance across a number of the boards and partnerships. In such cases there will be joint working to reduce duplication of effort. Arrangements for this are set out in more detail in the next section.

- **We will be open and honest:**

The key partnerships will work together in a way that is open and honest, recognising that we are all seeking to achieve the best possible outcomes for Buckinghamshire residents.

- **We will think partnerships**

All of the partnerships and boards will seek to adopt a mind-set where they stop and consider the wider partnerships context in relation to the work that they are doing. Where there is benefit in informing, or working together with other partnership they will seek to do this.

### **Reporting arrangements between partners**

The following reporting arrangements for regular / annual reports will support closer working between the partnerships. It is expected that reports will clearly state the response and / or action that is required from the receiving Board and that reports will be tabled with sufficient time for appropriate discussion and challenge, for issues relevant to that partnership to be identified and necessary action agreed.

In the case of issues or reports which fall outside of the above fixed reporting protocol:

- Any of the Chairs can make a written request to another partnership for information or consideration of any area of concern
- Any of the Chairs can make a request for an item to be placed on another partnership meeting agenda
- Any of the Chairs can request a meeting with one or more of the other partnership Chairs to consider and agree a way forward regarding specific issues

Where an area of concern cannot be resolved within the above framework, a resolution meeting will be held between the Board Chairs and officers at Director / Head of Service level.

### **Annual meeting**

The partnership Chairs will meet on an annual basis. This will enable greater understanding of each other's structures, reporting mechanisms and shared priorities.

### **Common membership**

Where there is common membership between the partnerships, these common members have a role in ensuring that relevant information is communicated across the partnerships, and they should raise relevant issues to the appropriate board or partnership Chair.

In particular, the following people will have a key role in ensuring continued strong relationships between the partnerships.

#### **Director of Children's Services (DCS)**

The DCS has the lead responsibility for improving outcomes for children and young people in Buckinghamshire. The DCS will be a member of the HWB and BSCB.

#### **Director of Adult Services (DAS)**

The DAS has the lead responsibility for improving outcomes for adults in Buckinghamshire. The DAS will be a member of the HWB the BSAB and the BSCB.

#### **Director of Public Health (DPH)**

The DPH is a statutory chief officer of the Council and the principal adviser on all health matters to elected members and officers, with a leadership role spanning all three domains of public health: health improvement, health protection and healthcare public health. The DPH sits on the HWB and is committed to playing a full part in the Council's action to meet the needs of vulnerable children, adults and young people and is a member of the BSCB.

#### **Lead Member for Children, Young People & Education**

The Lead Member for Children, Young People & Education will be a member of HWB and a 'participant observer' of the LSCB as well as sitting on the Corporate Parenting Panel. The Lead Member can:

- Seek the views of the LSCB on a particular topic
- Bring to the attention of the LSCB an exception report raising safeguarding concerns
- Present an annual report

#### **Lead Member for Health & Wellbeing**

The Lead Member for Health & Wellbeing will sit on the HWB and is a 'participant observer' of the BSAB. The Cabinet Member can:

- Seek the views of the BSAB on a particular topic

- Bring to the attention of the BSAB an exception report raising safeguarding concerns
- Present an annual report

**Comment:** Are there other members to be added?

### **The role of the County Council Chief Executive and Leader and Health partners.**

The Chief Executive of the County Council is responsible for seeking reassurance that the Director of Children's Services and Director of Adult Social Services are fulfilling their statutory responsibilities for safeguarding and promoting the welfare of children and adults. This includes ensuring that the relationship between the BSCB, BSAB, HWB, SSBP, JET and CPP is working effectively.

The Safeguarding Boards discharge a considerable proportion of the responsibilities on behalf of the other statutory organisations in the health and social care landscape and are therefore also held to account for their performance by each statutory organisation.

The Chief Executive and Leader of the Council in partnership with health colleagues should make an annual assessment of the effectiveness of local governance and partnership arrangements for improving outcomes for children and adults and supporting the best possible standards for safeguarding.

## **4 WORKING TOGETHER ON THEMES OF COMMON INTEREST**

---

There are a number of pieces of work or themes which are relevant to more than one partnership. In such cases the default position should be that partnerships seek to work together to achieve the best outcomes and reduce duplication of work.

When a piece of work or theme is identified that is likely to have relevance across more than one partnership:

- The other partnerships should be contacted to discuss the relevance of the theme / piece of work
- There should be agreement across those partnerships for whom the theme / piece of work is relevant on the following:
  - The approach to be taken
  - Which partnership will lead and how all partners will contribute
  - Responsibility and accountability for that particular piece of work / theme
  - Communication / reporting arrangements

It is recognised that this is likely to require formal discussion and decision making at partnership meetings. However, in most cases this should not delay work from starting.

A table is set out below on those themes where there has already been discussion and agreement on how the partnerships will work together and proposals for themes which the Boards may wish to take forward. At each revision of this document, any new areas should be added and decisions made on how this will be taken forward.

**Themes of common interest:**

This will allow relevant information from the SSBPB to be cascaded to the Sub Group, and where necessary escalated to the BSCB. Both the CSE Sub Group and the BSCB should offer relevant challenge to the SSBPB on the work that is being done around human trafficking and modern day slavery, and the outcomes this is achieving for children and young people.
