

Title	Better Care Fund progress report
Date	1 October 2015
Report of:	Trevor Boyd, Managing Director, Communities, Health & Adult Social Care
Lead contacts:	Lesley Perkin, Programme Director, Integrated Care

Purpose of this report:

This report will provide the Board with an update on the Better Care Fund with particular reference to the high level metrics used to describe the whole system position as agreed at the last board meeting.

Summary of main issues:

The Better Care Fund s75 pooled budget has been live since April 2015. A national return has been completed at the end of Quarter 1 reporting on the national and local metrics agreed in the original submission.

Work continues across partners to make some changes to services now funded from the BCF pooled budget, in particular the alignment of health and social care rehabilitation and reablement services (BRAVO). These service changes have operational metrics which are reviewed by the service, respective provider organisations and the Integrated Care Programme Board.

Recommendation for the Health and Wellbeing Board:

The Health & Wellbeing Board is asked to note and comment on the whole system metrics at the meeting.

Background documents:

The documents attached are:

- Narrative and analysis of the metrics
- The metrics
- Technical notes
