

Sustainability and Transformation Plan, Better Care Fund and Health and Wellbeing Strategy – timelines

Better Care Fund (BCF)

2/3/16 – First BCF submission agreed by CCG's and BCC – submitted on time – this is the planning template only focussing on the numbers in terms of spend of the BCF

23/3/16 – Second submission to consist of:

- Revised BCF planning return
- High level narrative plan

25/4/16 – Final BCF plans submitted, having been signed off by Health and Wellbeing Boards

Sustainability and Transformation Plan (STP)

15/4/16 – 'checkpoint' submission to set out early thinking in relation to:

- a. what leadership, decision-making processes and supporting resources you have put in place to make progress?
- b. What are the major areas of focus and big decisions you will need to make *as a system* to drive transformation?

30/6/16 – submission of full STP.

Health and Wellbeing Strategy

No timeline as yet agreed. We need to determine whether we need to consult on a refresh of the Strategy. If yes, then it might be worth waiting to see what public involvement in STP there is and then consider whether we could do HWB Strategy consultation in parallel.
