

Title	Joint Health and Wellbeing Strategy Refresh 2016 - 2021
Date	9 March 2017
Lead contacts:	Katie McDonald, Health and Wellbeing Lead Officer

Purpose of this report:

This is the final version of the Joint Health and Wellbeing Strategy 2016 – 2021 for ratification by the Health and Wellbeing Board.

Summary of main issues:

Local authorities and clinical commissioning groups have equal and joint duties to prepare and publish Joint Strategic Needs Assessments and Joint Health and Wellbeing Strategies, through the Health and Wellbeing Board. They are required to set out the shared vision for Health and Wellbeing across the whole county and present the high level priorities and outcomes to be used as a basis to shape commissioning and coordinate action to work towards better health and wellbeing for the whole population.

This strategy builds on the priorities set out in the Joint Health and Wellbeing Strategy 2013-16 so that the strategy is fit for purpose for the next five years and is aligned with future plans across health and wellbeing partnerships in the county.

The strategy proposes to make an impact on five key priority areas over the five years of the strategy.

- 1. Every child has the best start in life**
- 2. Keep people healthier for longer and reduce the impact of long term conditions**
- 3. Promote good mental health and wellbeing for everyone**
- 4. Protect residents from harm**
- 5. Support communities to enable people to achieve their potential and ensure Buckinghamshire remains a great place to live**

The Draft Joint Health and Wellbeing Strategy Refresh document was on line for consultation from 10 October to 2 December and has been presented at a number of public meetings including the Health and Wellbeing Board in September and December 2016, the CCG Governing Body and the Buckinghamshire Healthcare Trust Public Board public meeting

The document sets out the refreshed priorities only. The Health and Wellbeing Board are required to agree priority action plans and performance monitoring on a continual basis at themed meetings over the course of the year and are committed to sharing an annual progress report with partners.

Recommendation for the Health and Wellbeing Board:

- 1) The Health and Wellbeing Board is asked to confirm the Joint Health and Wellbeing Strategy as a final version
- 2) Health and Wellbeing Board members are asked to submit the strategy through their own governing boards.
