### **Purpose of this report:**

Report for information

### **Summary of main issues**

In October 2015 Buckinghamshire published its Transformation Plan for Children and Young People's Mental Health and Emotional Wellbeing. The publication coincided with the launch of the new Child and Adolescent Mental Health Service in Bucks, Buckinghamshire CAMHS.

The service has continued to develop in line with the proposals set out in the original specification, the 2015/16 Transformation plan and the update produced in 2016/17.

This document highlights the developments of the last year and proposals for the coming year and should be read in conjunction with the previous documents available on the Bucks CCGs<sup>1</sup> and Buckinghamshire County Council<sup>2</sup> websites for a fuller picture of the services provided to support the mental health of children and young people in Buckinghamshire.

The Buckinghamshire CAMHS service produced an annual review for 15/16 which is available to view on the service website.<sup>3</sup>

This local transformation plan aligns to the overall mental health delivery plan for Buckinghamshire CCGs, which will continue to align to the developing mental health delivery plan for the BOB STP<sup>4</sup> and Buckinghamshire Accountable Care System (ACS).
