

Statement of Reasons

A40 London Road, High Wycombe

Buckinghamshire County Council has proposed a new carriageway layout for London Road, High Wycombe as part of its Strategic Economic Plan to provide significant highway layout improvements as well as an enhanced public transport network along the A40. The changes to the carriageway layout will aim to provide traffic a clearer, more efficient passage along London Road. It is proposed as part of the carriageway improvements that some of the bus lane locations are altered and further 'No Waiting at Any Time' restrictions are introduced to reflect and relieve the current congestion issues.

In accordance with Road Traffic Regulation Act 1984, traffic regulation orders are required for A40 London Road:

For avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of an such danger;

For facilitating the passage on the road or any other road of any class of traffic (including pedestrians);

For preserving or improving the amenities of the area through which the road runs;

For the provision of relevant bus scheme facilities.
