Dear Chris,

Planned audit fee for 2013/14

The Audit Commission has set its proposed work programme and scales of fees for 2013/14. In this letter we set out details of your audit fee along with the scope and timing of our work and details of our team.

Scale fee

The Audit Commission defines the scale audit fee as “the fee required by auditors to carry out the work necessary to meet their statutory responsibilities in accordance with the Code of Audit Practice. It represents the best estimate of the fee required to complete an audit where the audited body has no significant audit risks and it has in place a sound control environment that ensures the auditor is provided with complete and materially accurate financial statements with supporting working papers within agreed timeframes.”

Your scale fee for 2013/14 has been set by the Audit Commission at £117,450, which is unchanged from the scale fee of £117,450 for 2012/13.

Further details of the work programme and individual scale fees for all audited bodies are set out on the Audit Commission’s website at www.audit-commission.gov.uk/audit-regime/audit-fees/201314-fees-work-programme.

The audit planning process for 2013/14, including the risk assessment, will continue as the year progresses and fees will be reviewed and updated as necessary as our work progresses.

Scope of the audit fee

The scale fee covers:

- our audit of your financial statements
- our work to reach a conclusion on the economy, efficiency and effectiveness in your use of resources (the value for money conclusion)
- our work on your whole of government accounts return.

Value for Money conclusion

Under the Audit Commission Act, we must be satisfied that you have adequate arrangements in place to secure economy, efficiency and effectiveness in its use of resources, focusing on

your arrangements for:

- securing financial resilience; and
- prioritising resources within tighter budgets.

We undertake a risk assessment to identify any significant risks which we will need to address before reaching our value for money conclusion. We will assess your financial resilience as part of our work on the VfM conclusion and a separate report of our findings will be provided.

Certification of grant claims and returns

Your composite indicative grant certification fee has been set by the Audit Commission at £2,900.

Pension Fund audit

The Audit Commission has established a scale of fees for pension fund audits based on a fixed element with uplift based on the percentage of net assets. The scale fee for the audit of the pension fund is £25,033. Our work on the pension fund will be undertaken in July by our specialist pension fund audit team, led by Ade Oyerinde.
