Inquiry Title	Sustainable School Travel in Bucks
Select Committee Owner	David Carroll, Chairman – Transport, Environment and Communities Select Committee
Date agreed by Select Committee	21 March 2017
Lead Cabinet Member	Mark Shaw, Cabinet Member for Transportation
Lead Senior Officer (Director)	Joan Hancox, Head of Transport Strategy

<p>1: That the Council clarifies its future approach to sustainable school travel work by:</p> <p>1a Undertaking a return on investment analysis of sustainable school travel work to assess the wider benefits of investing in this area;</p> <p>1b Following the analysis, the Council publishing its vision for sustainable school travel work</p> <p>1c Adequately resourcing the achievement of its vision, including longer term contracts for officers and an increase in budget</p>	<p>Work has commenced on defining the scope of the return on investment analysis. It is important that this scope includes the areas identified as important by the committee's report, as well a range of benefits and costs associated with sustainable school travel. The analysis will need to cover the health and educational benefits outlined by Public Health in their evidence which included links to the Health & Wellbeing Strategy and how the school commute can build activity into daily life. It is the intention to progress this work immediately.</p> <p>The vision for sustainable travel to school will form part of a revised Sustainable Modes of Travel to School (SMoTS) Strategy. Work on revising and updating the existing SMoTS will commence shortly. This will be informed by the outcomes of the</p>	<p>Councillor Mark Shaw</p> <p>Councillor Mark Shaw</p> <p>Councillor Mark Shaw</p>	<p>Joan Hancox</p> <p>Joan Hancox</p> <p>Joan Hancox</p>	<p>July 2017</p> <p>August 2017</p> <p>June 2017</p>	<p>1a & 1b Work is underway to clarify the future approach and priorities for sustainable school travel work, delays in successfully recruiting a school travel officer have impacted on the production of the ROI report and SMoTS. This has not, as yet, been used to determine the scale, type or location of transport investment but could be very useful in the future.</p> <p>The key findings were:</p> <ul style="list-style-type: none"> There is an extraordinarily high BCR if BCC invests in walking, especially in AVDC and WDC areas There is a very high BCR if BCC invests in cycling in the AVDC area, and a good BCR if BCC invests in WDC cycling schemes There is a poor BCR if BCC invests in cycling schemes in the CDC and SBDC areas. <p>1b. <u>Vision</u>: This is contained in BCC's Getting to School Strategy which refers to the need to “promote sustainable and active travel as the first and best choice to and from education”. The strategy has been formally adopted.</p>

Agreed: Yes – within existing resources	<p>Return on Investment analysis.</p> <p>Resourcing requirements will be informed by the outcomes of the return on investment analysis. The committee should note that since the inquiry took place, the Transport Strategy service has appointed an interim Senior Transport Strategy Officer to manage Sustainable Travel services including School Travel Planning, and arrangements are in place to advertise for a replacement permanent School Travel Planning Advisor.</p> <p>Alternative sources of funding may need to be explored if an increase in budget is identified or alternative low cost options within existing budgets.</p>			April 2018		<p>1c. Level of Resources: The graduate appointed in October 2017 left in July 2018, so BCC is trying to recruit again. In the meantime the two School Crossing Patrol and Sustainable Travel Supervisors have temporarily taken on some of the school travel planning initiatives.</p>
<p>2: That the Council develops and adopts a policy which clarifies its position on encouraging sustainable travel and the mitigation of transport impacts in relation to the expansion of current and development of new schools.</p>	<p>A specific set of policies in relation to the Council's consideration of development proposals are being drawn up (Development Management Policies). Generally these seek to ensure that developments encourage travel by sustainable modes and mitigate their own transport impact. The draft will be modified to make reference that these policies also apply to the Council's own development.</p>	Councillor Mark Shaw	Joan Hancox	Oct 2017	<p>The Council published a new Development Management Policy for Consultation in August 2017: https://democracy.buckscc.gov.uk/documents/s100439/BCC%20Development%20Management%20Policy%20-%20CONSULTATION%20DRAFT.pdf</p> <p>This document sets out our general approach to how we consider the impacts of new developments, including the expansion of schools,</p>	<ul style="list-style-type: none"> The Highways Development Management Guidance was adopted by the Council in July 2018, available at https://www.buckscc.gov.uk/services/transport-and-roads/transport-plans-and-policies/

<p>7: That a Member briefing session is held on the Member advocacy role in working with schools on School Travel Plans and promoting sustainable travel for the school journey. This should include:</p> <ul style="list-style-type: none"> • Information on the self help toolkits for schools and how they can be used; • How the Council can help support schools; • Providing the tools and information to deal with complaints and challenges; • How Members can help schools address issues and identify solutions in their community leader role. <p>Agreed : Yes</p>	<p>The Transport Strategy team will devise a member briefing with accompanying literature (info pack) on school travel, focusing in particular on how members can best act as advocates. This will include signposting to resources as outlined in 5; case studies on how the Council and Members themselves can support; national and local context of successful work in the field of sustainable travel. We will include our partners too.</p> <p>We will investigate using existing BCC procedures to respond to complaints and challenges, and if necessary, bring in additional protocols.</p> <p>In addition to the Member briefing session and pack, we investigate how best to provide succinct regular information to members for example which schools are participating in walk to school or delivering Bikeability.</p> <p>On the wider role of Members helping schools to address issues and identify solutions as part of their community leader role – this needs to be incorporated into the wider Member training.</p>	Councillor Mark Shaw	Joan Hancox	Sept 2017	<p>Work will commence on this work stream in December and was delayed due to the recruitment issues as described in 1.</p> <p>Members were able to discuss school travel plans with officers at the New Members Market Place in the summer.</p> <p>Committee RAG Status at 23rd January 2018</p>  <p>Committee have concerns the recommendation may not be fully delivered to its satisfaction</p>	<ul style="list-style-type: none"> • Member Briefings: The briefings would have merit but have not been held so far. <p>In the interim, Transport Strategy is keen to improve the information circulated to Members: Spreadsheets with STARS (<u>Sustainable Travel And Road Safety</u>) information, split by ward and enumeration district, have previously been sent out to Members. The School Travel Planner also collated additional information that Councillors can access.</p> <p>One aim is to send a note at the end of the school year to all County Councillors identifying which schools have:</p> <ul style="list-style-type: none"> • accredited travel plans (and of what standard) • School Crossing Patrollers • School Travel Co-ordinations • Junior Road Safety Officers • Footsteps training • Bikeability training • ‘Going for Gold’ initiatives • Walk Once a Week (WoW) initiatives • Bespoke ‘walking zone’ maps <p>Currently this work has been put back following the departure of the school travel planner.</p> <p>There remains the much wider issue as to how Members could</p>
