Summary

Please note that this will be the last quarterly performance report for Buckinghamshire County Council, ahead of the launch of the new Buckinghamshire Council on 1st April.

This report is the Council's quarterly performance report comprising:

- A Scorecard
- Report of Cabinet Measures

The Scorecard provides information on four key elements of performance for the Council covering Finance, Business Improvement, Customer Service and HR indicators. These are arranged in four quadrants.

The Report of Cabinet Measures provides a list of measures that informs Cabinet of the progress in achieving the Council's priorities as detailed in the Strategic Plan. In addition to the outturns for these indicators, the report also details benchmarking information where available, commentary to explain each outturn and key improvement actions.

This report contains performance outturns for Quarter 3 in the 2019/20 year. At the end of Quarter 3, 35 performance indicators are rated as Green which equates to 59% of

performance indicators with a Red, Amber or Green status. Compared to the 2019/20 Quarter 2 performance report, the number of Green indicators has decreased by 1.

Within these Green indicators are areas of strong and improved performance for the Council including:

- The proportion of successful drug treatment completions of those in treatment – the Council's performance is above target and above national, regional and comparator outturns
- The proportion of births that receive a face-to-face New Birth Visit within 14 days by a health visitor – the Council's performance is above target and above national, regional and comparator outturns
- The number of downloads per annum in libraries – the Council's performance is above target
- The proportion of people using social care who receive direct payments – the Council's performance is above target and above national and comparator outturns
- The proportion of younger adults with a learning disability who live in their own home or with family – the Council's performance is above target and equal to comparator outturns
- The proportion of Children's Social Care assessments completed in 45 working days – the Council's performance is above target and above national and regional outturns
- The proportion of children with Initial Child Protection Conferences completed within 15 working days – the Council's performance is above target and above national, regional and comparator outturns
- The proportion of children subject to a Child Protection Plan who had their review within timescale – the Council's performance is above target and above national, regional and comparator outturns
- The proportion of children waiting less than 14 months between entering care and moving in with their adoptive family – the Council's performance is above target and above national, regional and comparator outturns
- The proportion of pupils with a statement of SEN or EHCP reaching the expected standard in reading, writing and mathematics – the Council's performance is above target and above the national and regional comparator outturns
- The proportion of Early Years settings (Ofsted registered childcare on non-domestic premises) rated good/outstanding – the Council's performance is above target and above national and regional figures
- The proportion of Council website pages which meet accessibility standards has continued to improve since the end of Q4 2018/19 and is exceeding the target for this year. This performance continues to be above the national average.

15 indicators are rated as Amber at the end of Q3 2019/20, equating to 25%; and a further 9 indicators are rated as Red, equating to 15%. Work is underway to address these areas of lower performance and actions to drive improvement are documented in the report.

Recommendation

Cabinet is asked to:

- 1. Come to a view on how the organisation is performing**
- 2. Take action to improve performance where necessary**

A. Narrative setting out the reasons for the decision

A full analysis of the non-financial performance for the Council for Quarter 3 2019/20 is contained in the attached documents.

B. Other options available, and their pros and cons

None arising directly from this report.

C. Resource implications

Actions resulting from consideration of this report may influence changes in resource planning in areas of concern/interest.

D. Value for Money (VfM) Self Assessment

All decisions involving finances are scrutinised to ensure that the best value for money is achieved.

E. Legal implications

None arising from this report.

F. Property implications

None arising from this report.

G. Other implications/issues

None arising from this report.

H. Feedback from consultation, Local Area Forums and Local Member views

This report addresses delivery against the Strategic Plan 2017-2020.

I. Communication issues

Quarterly monitoring reports on the Council's performance position are published on the Council's website.

J. Progress Monitoring

Performance monitoring reports and dashboards are updated on a monthly basis.

K. Review

Not applicable.

Background Papers

This report would benefit by being read in the context of finance and budget monitoring reports.

Your questions and views
