Chairman – Transport, Environment and  
Communities Select  
Buckinghamshire Select Committee  
Bucks County Council  
HP20 1UA

NB/AS  
4 April 2018

Dear David,

**Re: Prevent Duty - Select Committee Recommendations following agenda item at the  
13<sup>th</sup> March Committee Meeting**

Many thanks for the opportunity for myself and my officers to attend the Transport,  
Environment and Communities Select Committee, to provide Members with detailed  
information on Buckinghamshire's approach to the Prevent Duty.

As regards my response to the recommendations from the Committee, these are given  
below:

**Recommendations:**

- 1. That the TEC Select Committee should receive an annual update on how the  
Council is fulfilling its Prevent duties and the progress towards the Prevent action  
plan.**

Agreed. Officers will be asked to schedule this for March each year.

- 2. That an annual progress update on Prevent should go to Cabinet to ensure wider  
Member and strategic oversight across the Council as a whole.**

Agreed. Officers will be asked to schedule this for December each year.

Yours sincerely

**Councillor Noel Brown**  
**Cabinet Member, Community Engagement and Public Health**  
**County Councillor for the Chess Valley Division**
