4 Consultation

- 4.1 A Sports Playing Pitch Strategy forum was established to inform, support and verify the strategy including the relevant sport’s national governing bodies (football, hockey, cricket, rugby and golf), Sport England and Strategic Leisure.

- 4.2 Internally, the Council's Planning and Economic Development department has supported the strategy throughout its developments advising on key issues such as population growth, planning issues and settlement sizes.
- 4.3 There have been two rounds of public consultation with local Town and Parish Councils, schools, sport clubs and other community organisations. Collectively these have provided invaluable information in improving the accuracy of the strategy.
- 4.4 This has included updating and incorporating the correct site names of the sports facilities, capturing any recent improvements which had not been undertaken when the site audit was carried out, updating any inaccuracies in the strategy's findings for specific sites and ensuring the population data used to identify any shortfall and over supply was accurate.
- 4.5 Looking ahead given the ongoing changes to sports playing pitches, local schools, sport clubs and parish councils will be encouraged to provide information of any improvements so that the strategy can be regularly updated.

5 Corporate Implications

- 5.1 Financial – There are no direct financial implications to the Council arising from the report. There may be indirect costs arising from the use of Section 106 agreements or the implications of the Community Infrastructure Levy (CIL) to generate funding to cover costs of open space facility development
- 5.2 Legal – Recommendations arising from the strategy come from a supply and demand assessment of playing pitch facilities in accordance with Sport England's Playing Pitch Strategy Guidance: (An Approach to Developing and Delivering a PPS 2013)
- 5.3 Planning policies in the emerging Local plan should be based on robust and up-to-date assessments of the needs for sports and open spaces. Studies should identify specific needs shortfalls in supply and or quality of supply. The evidence should be used to inform the local plan – National Planning Policy Framework para 73

6 Links to Council Policy Objectives

- 6.2 Safe, Healthy and Active communities – The Council has a duty to consider the health and wellbeing of its community, enabling improving the quality and access to playing pitches would directly support this as well as strengthen partnership working with Town and Parish Councils and the voluntary sector.

7 Next Steps

- 7.1 The document will form an important part of the emerging Local Plan evidence base and will be used to support the councils emerging Local Plan’s policies.
- 7.2 Once adopted following consultation the strategy will be presented to key stakeholders including Town and Parish Councils, schools, sports clubs and local community groups so that they are aware of its key findings and recommendations.
- 7.3 Following this the strategy will be promoted on social media and made available on the Council’s website to support stakeholders in funding bids to improve provision in their local communities.
