## 78 BUDGET & COUNCIL TAX 2018/19

Full Council had before them the following two reports:

- The Budget and Council Tax Report 2018/19 as considered at the Cabinet meeting held on 6 February 2018, and
- The supplementary report: Council Tax 2018/19 which contained final information from the precepting authorities leading to the total Council Tax for the district which Full Council was required to approve at this meeting.

Councillor I Darby, Leader of the Council, presented the budget to the Council.

Last year had seen the Council continue its progress of improving the efficiency of services and meeting the needs of residents which were at the heart of everything the Council did.

The joining up of all services with South Bucks District Council had now been completed following the creation of a combined planning service based in Amersham. Going forward there would be further improvement in the way planning applications and enforcement issues were handled as the Council aspired to deliver an exemplar Planning service. Joint working with South Bucks would continue into the transformation phase focusing on improving customer service by greater utilisation of technology and self-service.

The development of the Joint Local Plan would continue and the budget reflected the continuing commitment to resource this important work by £240,000.

The budget reflected the commitment to invest in major projects to benefit the area which included the expansion of the Amersham Multi-Storey Car Park, progressing the Chiltern Pools project, and putting aside funds for the Capital Programme to support essential work to maintain assets.

The Budget recognised the continuing financial challenge the Council faced from reduced Government funding. Since 2015/16 the loss of Government Grant now totalled £1.125M, and in 2019/20 the Council would be required to pay the Government £848,000, making the total loss of resources nearly £2m.

The Council had responded positively to the financial challenges through innovative saving projects. Joint working with South Bucks had saved the Councils £1.9M per annum and work would continue to reduce costs and optimise income. It was therefore considered prudent to increase Council Tax by 3% which equated to 10p per week for a Band D property.

Councillor Darby then paid tribute to the Deputy Leader for leading the Budget work and expressed thanks for the contributions made by Members of the PAGs, both Overview Committees and the Head of Financial Services in particular.

The Deputy Leader spoke on the Budget for 2018/19, and in doing so reflected on the changes made since the 2014/15 revenue budget to put the Council in the best possible position going forward. Tribute was paid to the hard work of officers in helping to achieve this.

Councillor P Jones gave thanks to the Leader and commended the Cabinet for their efforts over the past year. Concern was raised that payment of the New Homes Grant to the Council was conditional upon an extra 198 homes being provided in the district per annum. Reference was made to the development of the previous Local Plan, over 20 years ago, which had stood the test of time and had been developed with significant involvement from Members. A comparison was made with the development of the Joint Local Plan, the process by which it was being developed, and a desire for greater involvement from Members prior to its agreement by the Council. As such, Members were strongly encouraged to consider the impact of the proposals contained in the Joint Local Plan on their ward in particular. There was also concern that the Council had not clearly established its approach towards Green Belt particularly in light of the need to deliver additional housing, and it was suggested that this needed to be clarified.

Councillor P Martin responded by confirming that the Council was committed to developing a Joint Local Plan and agreed that it was important that all Members carefully considered the proposals being developed as part of that work. To help achieve this all Members had regularly been invited to attend meetings of the Joint Planning Policy Member Reference Group.

Councillor D Phillips reiterated the concerns raised regarding the need for substantial Member involvement in the development of the Joint Local Plan. There was a strong concern regarding the process by which the document was being developed and the ability for Members to influence its content prior to final agreement being sought by Full Council. The document was very important because it would form the basis upon which planning decisions would be made in the future. It was felt that the document was being created quickly and in a way that was not acceptable. It was felt that Members must have an informed and substantial input into the document.

Councillor P Martin noted the concerns raised and reassured Members that those issues raised would be addressed.

Councillor J Wertheim referred to the Council's contribution of £300,000 to the Pension Fund and asked for assurance that the Pension Fund would have sufficient value following the revaluation.

Councillor M Stannard responded by confirming that the Council, like all organisations, were facing challenges with their Pension Funds, and that most were worse off this year than the previous year. There was no sign that the situation would change and it was almost certain that following the revaluation every 3 years that the situation would get worse. The Council was however committed to fulfilling its obligations and had put in place extra funds, and would continue to do so in future, to help achieve this.

The Council's Procedure Rules required the names of members voting for or against or abstaining from voting to be recorded in the Minutes. Furthermore all members had been granted dispensation under section 33 of Localism Act 2011 to speak and vote on the Council Tax setting.

It was moved by Councillor Darby, seconded by Councillor Stannard and on being put to the recorded vote the recommendations were agreed, with the votes being cast as follows:

For (28): Councillors: A Bacon, D Bray, J Burton, J Cook, I Darby, M Flys, C Ford, A Garth, M Harker, G Harris, M Harrold, P Jones, R Jones, J MacBean, P Martin, V Martin, D Phillips, N Rose, C Rouse, N Shepherd, L Smith, M Smith, M Stannard, M Titterington, J Waters, H Wallace, E Walsh and J Wertheim.

Due to staff shortages and some initial IT issues there had been some delays to the validation of some planning applications. Following a proactive recruitment process a number of vacancies had now been filled. The IT issues had largely now been resolved. The Council was now focusing on catching up with a backlog of work, and thanks were expressed to the staff for their hard work in delivering the service.

## **Councillor M Smith – Waste Collection**

At the previous Council meeting held on 9 January 2018 a number of questions had been asked regarding the collection of waste following suspension of waste collections due to weather, and the impact to the Council and its contractors following an announcement that China would stop receiving recycle from some countries. Councillor M Smith provided the following response to both questions:

*Request made at the last Council meeting for clarification on the procedure for returning waste collections following a missed collection due to inclement weather. Do crews return automatically when weather has improved, or do residents need to report this to receive a recollection?*

In the event that collections are cancelled due to unsafe collection conditions, updates for residents will be provided on the Councils' websites. We would encourage residents to continue to check online, or if unable to access our websites, phone our customer service team who would advise further.

We expect crews to collect from roads when safe to do so, and to continue to monitor and report roads that they are unable to access. If crews cannot access roads, this will be published on our websites and fed back to our customer services team. We would advise residents to leave containers out in anticipation of collection; however, if residents have not received a collection and neighbouring roads have, we would encourage them to report a missed collection.

It was noted that there had been no cancelled waste collections that week following the recent inclement weather.

*An update was requested on the impact on the Council / collection contractors from countries producing goods that were turning away plastic recycle.*

On occasions where no UK market is available, recycle from the Councils may be sent overseas. This has on occasions been sent to China. However, since China's announcement in July 2017 that they would be tightening waste import controls, our reprocessors have sought alternative markets for

materials that cannot be recycled in the UK. The most recent data available shows that no recycling from the Councils was sent to China throughout October, November and December; instead, markets were found in European countries, as well as Vietnam, Taiwan, Malaysia and the Philippines.

For this reason, we do not anticipate that China's tightened waste import controls will have a great impact upon the recycling we collect. The impact we have witnessed so far has been minimal, and whilst we have had to stockpile recycling on occasions, this was largely due to increased volumes produced over the festive period, which have since been cleared. The controls are however in their infancy and we will continue to monitor how the Council's materials are processed as the situation develops.

### **Amersham Multi Storey Car Park**

Councillor M Smith carried out an inspection on the work to expand the car park the previous week and reported that the work being carried out was of good quality. The piling of foundations had now been completed and good quality controls were in place.

### **Councillor I Darby (on behalf of Councillor F Wilson) – Customer Experience Strategy**

It was noted that the Customer Experience Strategy Member Working Group meeting that week had been cancelled due to the inclement weather. A section was contained in Members Bulletin providing an update on the project along with an interesting account regarding what a typical week in customer services was like. There was also an FAQ section relating to questions from staff.

## **87 MEMBERS ALLOWANCES SCHEME 2018/19**

The Deputy Leader thanked the Panel for the time they had put into reviewing Members Allowances, and the officers that provided support to them. The majority of the Panel's recommendations could be agreed; however there were some areas that could not be supported. As such, the Conservative Group put forward some amendments to the Panel's recommendations detailed in the supplementary appendix that was tabled at the meeting.

The proposed reduction in allowance for the Chairman and Vice-Chairman of the Council was considered unjustified, and was amended to reflect the time and effort that the current and previous Chairman and Vice-Chairman put into the role representing the Council.

Similarly, the proposed reduction to the SRA for the Chairman and Vice-Chairman of the Planning Committee could not be agreed. The Panel had referred to the reduction in the number of Planning Committee meetings, but it was felt that this did not necessarily result in a reduction in the amount of work undertaken. It was noted that the Panel had not on this occasion proposed to reduce the SRA for ordinary Planning Committee members.

The recommendation that the Overview Chairman SRA be increased to 75% of BA was felt to be unjustified, and it was proposed that this be reduced to 70% of BA as a smaller increase was merited.

The proposal to align the SRA for Chairman of Audit & Standards Committee and the Licensing Committee was correct, but given the reduction in workload of the Licensing Committee since the SRA level was previously agreed it was felt that they be aligned at a lower level of 35% of BA, rather than 50%.

It was also felt that whoever was Chairman of a Licensing Sub Committee should receive a per meeting SRA for this, as currently the Chairman and Vice-Chairman of the Licensing Committee did not receive a per meeting SRA for being Chairman of a Licensing Sub Committee.

It was noted that the Scheme of Allowances was last reviewed in 2014 and the structure of Committees and their workloads had changed since that time. It was proposed that a small member working group be established to make representations to the Independent Panel when it next reviewed Members Allowances.

It was moved by Councillor M Stannard, seconded by Councillor I Darby and

**RESOLVED:**

1. That the report of the Independent Review of Members Allowances Panel (Appendix 1) be noted and the Panel be thanked formally for the work they had done in producing the report.

3. That all the Panel's recommendations be agreed in relation to the Basic Allowance (BA), Dependant Carers Allowance, Travelling and Subsistence Allowance and their uprating for future years.

That the Panel's recommendations in relation to Special Responsibility Allowances (SRA) be agreed, except for the following items which are agreed as detailed in the supplementary appendix received from the Conservative Group, and as set out below:

- viii) The SRA for Chairman of the Licensing Sub Committee be paid to any Member i.e. there be no restriction preventing the Chairman & Vice-Chairman of the Licensing Committee from receiving the per meeting SRA when they are Chairman of a Licensing Sub Committee.

4. That the wording of the Members Allowances Scheme for 2018/19 be agreed, as attached at Appendix 3, subject to the inclusion of the allowance figures agreed by the Council under recommendation 3.
5. That the budget for 2018/19 for Members Allowances be amended, as required, to put into effect recommendation 3.
