Section / Policy	Text Changes	Reason
Sustainable Places		
Foreword	<p>Over the 20-year Plan period to 2036, we need to provide for some 15,260 new homes and propose to accommodate over 11,000 homes within the Plan area, with the Vale of Aylesbury Local Plan making provision for 5,750 homes to help meet the balance of our assessed needs.</p> <p>The Local Plan seeks to maximise meeting development needs within the context of our environmental, policy and other constraints such as the Chilterns Area of Outstanding Natural Beauty, Green Belt, <u>Burnham Beeches Special Area of Conservation, Colne Valley Regional Park</u>, areas subject to flood risk, and heritage and wildlife assets.</p>	Factual update
The Chiltern and South Bucks Annual Business Plan 2018/19	Replace with the relevant extract from the Business Plan 2019 – 2020.	Factual update
Designing Places		
Supporting text to Policy DM DP07 - Designing and Efficient use of Land	Planning policies and decisions should promote an efficient effective use of land in meeting the need for homes and other uses, while safeguarding and improving the environment and ensuring safe and healthy living conditions.	For clarity
Policy DM DP8 - Design – Backland Development	Planning permission will be granted for minor backland development provided that it responds to the character of the area and respects the privacy and amenity of existing and new residents.	Clarification
Policy DM DP15 - Design – Blue and Green Infrastructure	<u>b) provision of at least 10% gross useable public open space within residential sites and the residential parts of sites in mixed use developments, with a minimum size of 0.05 hectares for each useable open space;</u>	To strengthen policy
Policy DM DP17- Design – Internal Space Standards	Policy DM DP17- Design – Minimum Internal Space Standards	Change of policy title
Policy DM DP18 - Design – Outdoor Amenity Space	Planning permission will be granted for homes provided that they have direct and convenient access to an area of private	Clarification

Standards	open space (in addition to bin, parking and or cycle storage space), to meet the following specifications: c) houses must be provided with a private garden, at least equivalent in size to the footprint of the house or 10m in depth ;		
Appendix DP5 – Cycle Parking Standards	Replaced and relocated to Connected Places section		For clarity
Living Places			
Supporting text on neighbourhood plans	This requirement is part of and not in addition to not in excess of the established Local Housing Needs.		Drafting improvement
Supporting text on Duty to Co-operate	An allowance for this number These have has been included within the VALP.		Drafting improvement
Supporting text on Affordable Homes – Major and Minor Developments	The affordable housing supply from the non-strategic housing (Table LPb rows D, E, H and I) is 4,636 homes.		For clarity
Policy DM LP1 - Homes – Providing Choice in Home Sizes	Residential development within Use Class C3 of 20 or more homes (gross) or on sites of 0.5 hectare or more will be expected to provide a mix of homes in the following ranges: 1 bedroom homes: 0–10% 2 bedroom homes: 10–20% 3 bedroom homes: 35–50% 4+ bedroom homes: 25–40% with no more than 16% 5+		To avoid oversupply of larger homes
Policy DM LP2 – Homes – Affordable Homes from Major Developments	Sites Allocated in this Plan	40%	To reflect update of Housing Supply Table
	Non-allocated sites with a capacity of 10 or more homes or an area of 0.25% hectares or more (outside the AONB)	40% 30%	
	Non-allocated sites with a capacity of 5 or more homes or an area of 0.12 hectares or more (inside the AONB)	40% 30%	
Policy DM LP3 - Homes – Affordable	Planning permission will be granted for residential development on sites with a		

Homes from Minor Developments	capacity for 5 to 9 homes provided that a minimum of 30 40 % affordable homes are delivered on site or, exceptionally, if agreed by the Council, a financial contribution is provided towards delivering affordable housing off site.	
Policy DM LP5 - Homes – Rural Workers	d) the functional need could not be fulfilled by the conversion or subdivision of an existing building within the unit, another existing home within the unit or any other existing accommodation within a radius of 6 10 km which is suitable and available for occupation by the workers concerned;	More stringent radius inserted
Enterprising Places		
Supporting text to Policy SP EP2 - Enterprising – Retail Need	The 2019 study concludes that there is retail capacity for both new convenience and, to a much lesser extent, comparison goods floorspace, and identified capacity Up to the year 2026 there is capacity for 6,517 square metres (gross) for convenience goods and 1,793 square metres (gross) for comparison goods. For food and beverage, a capacity is identified for 2,551 square metres (gross) by 2026.	For clarity
Policy SP EP2 - Enterprising – Retail Need	To ensure the centres maintain their role and market share, provision will be made for up to 10,861 square metres (gross) of additional Class A floorspace over the period up to 2026, including the reoccupation of vacant floorspace, consisting of:	For clarity
Policy DM EP3 - Enterprising – Retail Allocations	Planning permission will be granted for retail development falling within Use Classes A1–A5, subject to an up-to-date assessment of retail impact assessment where required capacity and supply , at the following locations:	To remedy use of incorrect terminology
Policy DM EP1	<u>Within primary shopping areas, the Council will permit developments that maintain or enhance retail activity on ground floor levels and will encourage the development of mixed uses at upper floor levels. Proposals for non-retail uses at ground floor level will only be permitted where they would comprise services and facilities that would support</u>	To remove duplicating paragraphs

	<u>the main retail uses.</u>	
Policy DM EP1- Enterprising – Main Town Centre Uses	When determining a) to c) above, the applicant will be required to justify the Where a proposal will result in the proposed loss of A1 shop(s) <u>the applicant will be required to demonstrate that they</u> by demonstrating that they have carried out an assessment of the unit’s existing or potential contribution to the vitality and viability of the centre, and that the alternative use would make an equally positive contribution or provide sustainability benefits to the centre.	For clarity
Policy DM EP2 - Enterprising – Markets	f) the provision of temporary ancillary small-scale amenities and supporting infrastructure.	For greater precision
Supporting text to Policy SP EP4 - Enterprising – Economic Site Allocations	To support economic growth the Council has: <ul style="list-style-type: none"> Put in place policies to support the redevelopment of existing economic sites to provide a greater intensity of use or different types of development and for spaceless growth (economic growth without a commensurate increase in floorspace); Made revisions to Green Belt boundaries to enable the development of economic floorspace; and... <p>The Plan’s strategy for meeting employment needs combines these actions is a mix of the above factors. Site allocations have the potential to provide some 56,000 square metres of new floorspace, of which the bulk would be office floorspace. This is shown in the table below.</p>	For clarity
Policy DM EP3 - Enterprising – Economic Land	a) is for economic uses; and b) provides an equal or higher-density development than the current provision (with more economic floorspace or jobs per hectare) and seeks to make the best and most efficient use of land; and c) does not cause unacceptable environmental impacts.	For clarity

	Within Strategic Economic Sites the Council will permit development proposals for to secure new B Use Class premises, and extensions and alterations to make them more efficient and desirable locations for economic uses.	
Policy DM EP6 - Enterprising – Partial Change of Use of a Home to a Commercial Use	b) the proposed change of use is of a small scale and the home remains mostly predominantly in use as a home;	For clarity
Policy DM EP9 - Enterprising – Cultural and Social Activities	Outside town, district and local centres, planning permission will be granted for cultural, entertainment, leisure and tourism uses provided that the following criteria are met: a) that a sequential test if required can be met; b) they are realistically and easily accessible by walking, cycling or public transport for the majority of people expected to travel to and from the site; and c) they will not cause unacceptable environmental or traffic impacts, or adversely affect residential amenity.	For clarity and to conform with national policy
Policy DM EP10 - Enterprising – Public Houses, Social Clubs and Community Facilities	a) all reasonable efforts have been made to market the premises for its existing use in accordance with as set out in Appendix EP1 and no other potential occupier can be found;	For clarity
Living Places		
Supporting text on neighbourhood plans	This requirement is part of and not in addition to not in excess of the established Local Housing Needs.	Drafting improvement
Supporting text on Duty to Co-operate	An allowance for this number These have has been included within the VALP.	Drafting improvement
Supporting on Affordable Homes – Major and Minor Developments	The affordable housing supply from the non-strategic housing (Table LPb rows D, E, H and I) is 4,636 homes.	For clarity
Natural Places		
Policy DM NP1	Whether a development constitutes a 'major development' will be assessed on a site-by-site basis taking account of the nature and	Clarification

	scale of the proposal and its relation to the local context and whether it could have a significant adverse impact on the purposes of the AONB designation.	
Policy DM NP2	Planning permission will only be granted for development in the Colne Valley Regional Park provided that it would make a positive contribution towards:	To ensure that the policy is positively drafted
Supporting text on Natural – Burnham Beeches Special Area of Conservation	It is understood that any additional development within 5.6 5 km of the site is likely to result in a level of additional recreational visits which, without mitigation, would adversely affect the SAC and that recreational pressures from residential development within 500m of the SAC are likely to result in adverse effects which cannot be mitigated. cannot be adequately mitigated through current management arrangements. Therefore development resulting in any net additional homes within this zone of influence would be likely to result in a significant adverse impact of the integrity of the SAC. The policy below seeks to avoid these impacts by restricting development within 500 metres of Burnham Beeches.	Clarification
Supporting text to Policy DM NP3- Natural – Burnham Beeches Special Area of Conservation	Site allocations within this wider zone of influence are likely to generate significant numbers of additional recreational visits to the SCA and therefore will need to demonstrate that they would not result in an adverse impact on the integrity of Burnham Beeches, through pre-application discussion with Natural England. This may include the provision for suitable alternative natural greenspace as part of the proposed development in order to encourage fewer visits to Burnham Beeches.	To remove repetition
Policy DM NP3 - Natural – Burnham Beeches Special Area of Conservation	Major residential developments that would result in a net increase in homes located between 500 metres and 5.6 5 kilometres from the Burnham Beeches SAC will be required to: [Corresponding changes also made to the supporting text.]	To ensure consistency with the latest evidence (Impacts of urban development at

		<i>Burnham Beeches SAC and options for mitigation: update of evidence and potential housing growth, 2019)</i>
Policy DM NP3 - Hydrology	Development proposals within the hydrological catchment areas will be required to demonstrate that they would not adversely impact on the SAC, during both construction and operational phases, by meeting the objectives and requirements in the guidance note 'Hydrology in Burnham Beeches' (South Bucks District Council, February 2014), or any subsequent replacement study. Development will not be permitted within 10 metres of the streams in Image NP1.	For clarity
Policy DM NP4 – Natural – Biodiversity and Geodiversity	Planning permission will only be granted for development proposals affecting designated sites and non-designated sites that include important habitats or species provided that the development:	To strengthen policy
Policy DM NP4 – Natural – Biodiversity and Geodiversity	Planning permission may will be refused where development would result in significant harm to biodiversity and geodiversity which cannot be avoided, adequately mitigated or, as a last resort, compensated for.	To strengthen policy
Policy DM NP4 – Natural – Biodiversity and Geodiversity	Many species are legally protected and the applicant must demonstrate that appropriate investigation has been undertaken. Where a proposal would result in harm to sites of importance for biodiversity or geodiversity the Council will require applicants to demonstrate that no suitable alternative site exists, and that a sufficient level of mitigation and, as a last resort , compensation can be provided such that the proposal will achieve an overall net gain in habitat for the interest feature and a	To strengthen policy

	net gain in biodiversity for the site.	
Policy DM NP9 – Pollution	b) <u>is accompanied by</u> where sustainable mitigation measures are provided to control or manage the impact of pollution to an appropriate environmental standard.	For clarity
Policy DM NP9 – Noise and Light Pollution	The Council will restrict or control development which would result in noise or light impacts <u>where these would significantly adversely affect</u> which would affect:	For clarity
Protected Places		
Policy DM PP3	b) in the case of redevelopment, the ratio of built area to open space does should not be materially increased and the opportunity is should be taken to reconfigure the site so as to reduce or not make worse impacts on the openness of the Green Belt, through careful siting of buildings, their layout, heights and landscaping.	For clarity
Policies Map		
Proposed Changes to the Adopted Policies Map	Areas for sport and recreation to be shown on the Policies Map.	To reflect latest evidence
