

## **CABINET**

### **Meeting - 17 December 2015**

Present: Mr Bagge, Mr Naylor, Mr Anthony and Mrs Sullivan

Apologies for absence: Mr Egleton

#### **37. MINUTES**

The minutes of the meeting of the Cabinet held on 13 October 2015 were confirmed and signed by the Leader.

#### **38. BUDGET 2016/17**

It is the responsibility of the Cabinet to prepare a revenue budget for approval by the Council, which will form the basis of setting council tax. Accordingly, the Cabinet considered a report that started to build up an expenditure budget based on:

1. The financial outturn for 2014/15 and information from the current year's budget monitoring, as set out in paragraph 4 and Appendix A
2. The draft base budget, built up using a number of assumptions described in paragraph 5 and which have been subject to discussion in PAGs.

The report set out:

- potential savings options which had been the subject of review, and divided into three categories by the Overview and Scrutiny Committee - as set out in detail in private Appendix B
- a proposal to top up the LDD reserve in the light of the assessment of producing the Local Plan, even allowing for the cost benefits of undertaking this piece of work jointly with Chiltern District Council. The additional money would come from transferring funds from the Government Grant Funding Changes as this financial risk would now be managed through the budget process and the General Fund reserve.

The information provided in paragraph 6 summarising the main points of the Autumn Statement and Spending Review 2015 (further details of which were given in Appendix C) was updated as follows by the Director of Resources in the light of the announcement made today - 17 December 2015 - by the Secretary of State for Communities and Local Government regarding the provisional local government settlement for 2016/17 and future years:

- New Homes Grant - no changes for 2016/17 but a consultation document issued with a view to making changes to the way the Grant is determined and the period over which it is paid;
- Business Rates Retention Scheme - consultation to take place in 2016. Unlikely that changes will be made until 2018/19 at the earliest and 2019/20 is a more realistic implementation date;
- Public Health Expenditure and Administration of Housing Benefits – government grants likely to cease at the same time as 100% Business Rates retention is introduced;
- Council Tax Limits – whilst the core referendum threshold of 2% was being maintained, the threshold for the lowest quartile district councils (of which SBDC was one) will be £5 - equivalent to an increase of 3.5% for SBDC; and

## Cabinet - 17 December 2015

- Revenue Support Grant - accelerated reduction in central government grant over the next 4 years from £440k in 2016/17 to zero in 2018/19.

The Director of Resources explained that a paper setting out in more detail the implications of the settlement for SBDC would be circulated as soon as possible, and that all the information would be incorporated in the Budget report due to be submitted to the Cabinet on 9 February 2016.

Councillor Bagge, in thanking the Director of Resources for his immediate response to the settlement, said that the announcement had contained no real surprises mindful that several of the changes had been anticipated and assumed in the report, which demonstrated the quality of the Council's budget monitoring process for which he congratulated the finance team. As a result, the Council would be able to produce a balanced budget and continue to deliver quality and cost-effective services to residents of the District.

In connection with the savings options, the Cabinet supported a proposal from the Leader that the options for 2016/17 totalling £181,000 as set out in the table in paragraph 5.4 (which exclude those related to service reviews or mobile working) should be implemented and that the Overview and Scrutiny Committee be invited to continue to have an ownership role by reviewing progress on those options for the medium term.

### **RESOLVED** that:

1. the draft revenue budget for 2016/17 and the Government plans for local authorities to 2020 be noted.
2. approval be given to close the Government Grant Funding Changes reserve and transfer the earmarked funding of £400,000 to the earmarked Local Plan Reserve.
3. the Overview and Scrutiny Committee be invited to continue to perform the review role referred to above.

### **39. CHILTERN AND SOUTH BUCKS LOCAL PLAN 2014-2036 - REGULATION 18 AND ISSUES AND OPTIONS CONSULTATION**
