**Ward Member**

**2. Reasons for Recommendations**

- 2.1. To enable the voluntary and community sector to deliver services in the community.
- 2.2. To provide certainty of funding for the key organisations in receipt of an SLA during the transitional period of the Unitary Council.

**3. Content of Report**

- 3.1. The voluntary and community sector provides support and services to meet a wide range of needs that would not otherwise be provided by statutory services.
- 3.2. The Council currently provides funding to the voluntary sector through; the Chairman's Fund, the award of Community Development grants, and the allocation of the Community Lottery Fund. The Council also awards funding to key organisations delivering services for vulnerable persons in South Bucks via a Service Level Agreement.

**Service Level Agreements**

- 3.3. The Culture Leisure and Wellbeing workstream of the Communities Project Board established to support the transition of services to Unitary Council has identified that organisations in receipt of SLA funding could be at risk unless funding agreements are in place for the transition period. The key organisations delivering services for SBDC are; Three Rivers CAB, Connections (formally Padstones), Wycombe Womens Aid (WWA), Rape Crisis.

Table 1

	£
Rape crisis	4,000
Three Rivers CAB	42,023
W. W. Aid	7,000
Connections (formally Padstones)	6,900

- 3.4. By awarding three year funding this reduces the risk to their cash flow. It allows for the budgetary provision to be transferred to the new organisation. Any decisions made by that organisation in respect of grant funding can then be managed in a timely fashion. It is proposed to award the funding amounts to the organisations detailed in Table 1 for the period 1<sup>st</sup> April 2019 to 31<sup>st</sup> March 2022

3.5. Organisations receiving funding are subject to outcome performance monitoring and awarded a three year service level agreement, reviewable annually, should the organisation no longer deliver in accordance with Council priorities

3.6. The performance monitoring data is detailed in Appendix 2

### **Voluntary sector Infrastructure Contract**

3.7. Community Impact Bucks deliver the voluntary sector infrastructure support across Buckinghamshire. The infographic report detailing some of the outcomes in South Bucks is detailed in Appendix 3.

3.8. The contract administered by Buckinghamshire County Council is due to end 31<sup>st</sup> March 2020, with each District contributing to the costs of the contract. SBDC currently contributes £8,000/annum. The County has determined to extend the contract with a view to recommissioning services following the establishment of the Unitary Council. It is recommended that SBDC continues to contribute to the infrastructure contract for 2019/20.

### **South Bucks Community Grants**

3.9. In 2017/18 and 2018/19 the council piloted an approach to enable the Heart of Bucks to administer the Councils community grants in return for match funding the pot. The scheme had a mixed reception from members as concern was raised that the award of funding did not consider the Councils immediate priorities.

3.10. Following the Unitary decision, members have expressed a desire to bring the community grants back in house, to be administered by officers with the award of funding agreed by the PAG/Cabinet. This would allow the £10,000 community grant fund to be matched with the SBDC lottery contribution of approximately £4,700 (at May 2019) and £16,000 from the Chairman's Fund, providing a fund of approx. £30,700 to be awarded to the community by the Council.

3.11. This would create the opportunity to provide a legacy from SBDC and provide some useful PR as well as supporting local community organisations.

3.12. The existing criteria of the Community Development Grants and the Chairman's Fund had been brought together into one set of criteria for consideration by the PAG. The PAG agreed that the proposed grant criteria should be amended (as at Appendix 1) to ensure the process was flexible, applications from organisations would be encouraged and none would be put off from a lengthy process for a relatively small award.

3.13. Applicants will apply for the funding via a link on the SBDC website, officers will manage the application process, ensure the correct organisations apply for

funding, check their eligibility and produce reports for the decision making panel. They will also manage the payments of the grants and monitoring.

3.14. It is recommended that the award of funding is made by the Healthy Communities Officer in consultation with the Portfolio Holder for Healthy Communities and Ward Member.

3.15. It is intended for the Community Grants to be launched in July with award of funding in October. Retrospective applications for activities delivered prior to the October 2019 determination will be considered at the applicants own risk.
