Subject: Interim Review Notice of Polling District & Polling Station [OFFICIAL]

Good Morning

As you may be aware a full review of polling district and polling stations was carried out only last year, however one of the polling stations in Beaconsfield North is not available for the 23rd June EU referendum, therefore a temporary alternative has been recommended for Beaconsfield North.

In addition I have taken this opportunity to review the polling stations in two further wards – Iver Village & Richings Park Ward (in main The Orchards Parish Ward) and Beaconsfield South Ward – the recommendations can be found on the link below. Please feel free to pass this email onto any persons that may be interested in this subject.

Please may I have any comments no later than 8 April. A report, finalising the recommendations will be submitted to the next Council meeting in May .

Excellent news for the residents of The Orchard, many of whom are elderly or infirm. We welcome this update.

Many thanks,

Paul Griffin

Dear Kully,

For Beaconsfield South, the Guide HQ at Malthouse square or the Fitzwilliam Centre in Windsor End both seem good choices.

Regards
John
