Crime Data Integrity (CDI)

HMICFRS graded TVP as Inadequate, but found that the Force still provided a good service to victims, even when the crime was not recorded.

Four key issues are evidenced by the audit as reasons for failure to comply with NCRS/HOCR:

- Failure to record crime on basis of initial call
- Use of 'non-crime' occurrence types
- Processes for checking/correcting/auditing compliance with NCRS/HOCR Solution
- Lack of knowledge of specific crimes, specific provisions within NCRS/HOCR and the functionality of Niche
