### **Question on Police Station, Tatling End – Question asked by Cllr Harding**

Dear Councillor Harding,

Further to the question you asked under item 9 (Questions) at Full Council held on 16 April 2019 please find below the written response to that question:

#### **Question:**

Can the Portfolio Holder confirm that the Council will comply with the time limits imposed as a condition of sale, for claiming back from TVP towards decontamination of the site?

#### **Response:**

The time limit imposed as condition of sale for claiming back the £200k indemnity for decontamination works is 31 March 2020. The decontamination works are programmed to be completed before the 31 March 2020, as part of the delivery agreement for the redevelopment of the site, to allow all the decontamination cost to be reclaimed. More than 60% of the decontamination works has already been completed and so we are confident that we will be able to comply within the time limit.

Yours sincerely,

Councillor Barbara Gibbs  
Portfolio Holder for Resources
