Stoke Park Limited
Safeguarding Children Policy
February 2009

The welfare of children is paramount and should any Stoke Park staff, parent or visitor have concerns for a child's welfare they should speak to the Duty Manager and follow the reporting procedures in conjunction with the Local Safeguarding Children Board to ensure the children are safeguarded from harm.

An effective child protection policy and procedure is vital, not only for the safety of all the children within the care of Stoke Park staff, but also for the safety and support of all Stoke Park staff. It is therefore essential that all staff familiarise themselves with this policy. We all have a responsibility to make sure that children are within a safe and secure environment.

Stoke Park staff have the responsibility to protect all children whatever their beliefs or abilities. Children have the right to grow up unharmed, to have the opportunity to develop fully and have their basic needs met. They should be respected in body and mind, their wellbeing ensured and their personal dignity guaranteed. It is the duty of all staff to take all the necessary steps to ensure child welfare.

Statutory Agencies (i.e. Education, Health, Social Services, Probation, Police, NSPCC and Housing) work together using Local Safeguarding Children Board Procedures. The Local Safeguarding Children Board has representatives from all the above agencies and promotes and monitors the procedures. Whilst we are not a statutory agency we aim to work in a way, which provides the same level of protection to children in our care.

Stoke Park staff will be trained in issues relating to child protection and should know how to recognise and respond to potential indicators of abuse or neglect. If a child is injured in any way whilst in the care of Stoke Park staff, then we will always report to the parents / guardians or carers on how the incident occurred. If the injury is serious we will notify parents / guardians or carers immediately and get the necessary medical treatment.

Stoke Park staff will be able to respond appropriately to:

- Significant changes in children's behaviour
- Deterioration in their general well-being
- Unexplained bruising, marks or signs of possible abuse
- Neglect
- The comments children make which give cause for concern

If a child arrives in the care of Stoke Park staff with any injury, it is expected that the parents / guardians or carers will tell us about it. Our policy is to ask all parents / guardians or carers in any event and make a note on the existing injuries form as most childhood injuries are a normal part of growing up. It is important that staff and parents / guardians or carers communicate openly about this.

It is possible that Stoke Park staff maybe the first to become aware of signs of physical, emotional or sexual abuse in children. Stoke Park staff should be aware of behavioural and physical indicators that may draw attention to the possibility of abuse.

The Duty Manager is the nominated member of the Stoke Park staff responsible for child protection and welfare issues. It is the duty of all Stoke Park staff to report any suspicions or evidence of abuse to the Duty Manager.

The Duty Manager will follow the processes outlined in '*What to do if you are worried a child is being abused*' published by the DOH (Safeguarding children).

The Human Resources Department will obtain and regularly update contact details and procedures provided by Local Safeguarding Child Board.

Guidelines on appropriate behaviour.

- Always work in an open environment, avoiding private or unobserved situations. Maintain a safe and appropriate distance when communication with children / young people.
- Ensure that you are polite and courteous at all times and use only appropriate behaviour and language.

- Treat all children / young people equally, and with respect and dignity. Always put the welfare and safety of each child / young person first.
- Ensure that if any form of manual / physical contact is required, it is provided openly and courteously with agreement and possible assistance from the parent or carer. If in doubt, contact the Duty Manager
- All staff must ensure, where possible, that they are not alone with a child / young person for any length of time. If you find yourself in this position, you must request the assistance of another staff member as soon as practically possible.
- If a child / young person is involved in an accident, follow accident reporting procedures and request the assistance of another member of staff as soon as possible.

Guidelines on appropriate touching.

- Attempt to keep all contact in public preferably in view of another member of staff.
- Touching should be initiated by the child and they have the right to decide how much physical contact they have.
- Where possible, attempt to keep physical contact as side by side.
- Avoid any physical activity/ contact that could be misleading as sexually stimulating to the adult or child.
- Stoke Park staff should feel able to point out to each other anything that may be misunderstood
- Any concerns should be reported to the most senior manager on duty and, or Human Resources Manager

Guidelines on procedures when dealing with Child Abuse

- A record sheet will need to be completed by the Manager or Duty Manager
- The Manager or Duty Manager will liaise with the most senior manager on duty and, or Human Resources Manager together deciding the appropriate course of action.

Observed behaviour or incidents involving the setting Manager.

- If any concerns are raised in relation to Child Protection matters and a member of the Management team, report these concerns immediately to the Duty Manager or most senior manager on duty.

Reporting Lost children / young persons.

- If any staff member sees or has reported to a lost child / young person, report to the Duty Manager immediately.
- Always deal with the child in an open area and in the presence of another staff member where possible and use their name
- Obtain as much information as possible from the child / young person. Is the child / young person a member or hotel guest, where they last saw their parent or parents / guardians or carers name and phone number if possible
- It is the responsibility of each staff member where possible to locate parents / guardians or carers.

The relevant Social Care Referral Team should be contacted without delay if there is suspicion of abuse of a child. It is for that department and the Police to interview and take any necessary statements from those who are involved, including the child.

It is not practical for you to name specific locations to monitor noise levels, because the noise may not be excessive there but a problem somewhere else. When you carry out your noise patrols, if you get to a certain distance from the premises before you reach residential properties and noise is inaudible/barely audible, then it is unlikely to be audible at the boundary. The same will apply in reverse.

The condition will simply require you to make assessments of the noise levels externally and walk towards residential properties until either it is inaudible or is adjusted to be inaudible by boundaries with residential properties. You can record the monitoring locations in a logbook if you wish.

I will be happy to discuss this matter further if you need further clarification.

Noise monitoring patrols of the Licensed Premises with residential properties (specific locations to be mutually agreed with SBDC and SPL) will take place *at least hourly after 10pm each evening of the noise generated from the Licensed Premises on every occasion when any Regulated Entertainment is being offered at the Licensed Premises. Immediate steps will be taken to reduce the level of noise and make the necessary adjustments to ensure noise is not heard beyond the perimeter of the Licensed Premises.*

For the attention of Mandy Davis, Licensing Team Leader

Dear Ms Davis

**Re: Application for Variation of a Premises Licence under the Licensing Act 2003 at:
Stoke Park Club, Park Road, Stoke Poges. SL2 4PG**

I am in receipt of your letter of 15 October 2009, and wish to make a formal objection to this application based upon the licensing objective of Prevention of Public Nuisance, in particular, noise pollution.

As you know, Stoke Park Club have applied for an extension to their permitted hours for regulated entertainment until 4am on 6 occasions a year, plus Christmas Eve and New Year's Eve, and until 2am on 7 nights of the week. My objection is on the grounds of causing a public nuisance due to noise from live music, recorded music, dancing and loudspeaker systems carrying to my property which is less than 700 metres across the golf course from their clubhouse, as the crow flies. On an occasion when I experienced persistent and excessive noise late at night from one of their events in the past, via a loudspeaker system, I complained to them at the time without success – the duty manager was 'unavailable'. I then complained to the local police who, while sympathetic, advised me to contact the Environmental Health Department at South Bucks District Council, however I received no response to my email. I am concerned that local residents will be expected to tolerate noise throughout the night until 4am in the morning on 8 occasions in the year, and until 2am every single day of the year, at the discretion of the club.

Additionally, my objection on the same grounds of causing a public nuisance of noise extends to their request to hold regulated entertainment (live music, recorded music and dancing) **outdoors**. I consider that the noise level from events held in marquees and at temporary bars on selected areas of the golf course would be sufficiently high to cause an unacceptable public nuisance under any circumstances – there is no physical barrier to the noise carrying across the grass to my property – it will be like having the event at the bottom of my garden! In conjunction with a request to extend licensing until 4am on 8 occasions and 2am on every day of the year, I consider local residents would suffer considerable stress and disturbance which is incompatible with our right to live in quiet enjoyment of a residential area.

I hope my objections will be taken into consideration with regard to this application – I live on a residential development at Park Lawn of approximately 35 dwellings, many occupied by elderly residents who may feel unable to make a formal representation themselves.

Yours sincerely

Val Brooking (Mrs)

Woodlee

Dear Sirs

I refer to your letter dated 15 October 2009 in respect of the Variation Application which was not sent to me in the first instance but which was passed to me by a neighbour.

STOKE PARK CLUB, PARK ROAD, STOKE POGES, SL2 4PG

In particular I wish to object to the Non-standard timing extensions for Regulated Entertainment to 2am and 4am.

A: There is no reason to predict that this application will lead to a reduction in crime and disorder. It is reasonable to predict a contrary tendency and on this I base my first objection.

B: There is no reason to predict that this application will lead to any improvement in the public safety and I therefore submit that this objective is not fulfilled by granting any extension.

C: On the issue of Public Nuisance I submit that this license extension will result in a significant increase in road traffic along North Drive between the hours of midnight and 5am when residents are attempting to sleep. Sadly, while the majority of vehicles that use Stoke Park are opulently silent, there exists a significant minority which is flamboyantly noisy. It only takes one of these to wreck a night's sleep. Similarly there will inevitably, from the indoor AND outdoor nature of this licensing request, be an increase in both light and noise pollution coming directly from the club itself to cause public nuisance throughout the early hours and not just at closing time. Six extensions in a year to 2 am would be barely tolerable. A nightly extension to 2 am PLUS 6 further extensions per annum to 4 am will plainly destroy the peace and quiet of this residential area.

D: There is no reason to predict that this application will lead to any increase in the level of protection of children and I therefore submit that this element of the objectives also lies unfulfilled.

I therefore object to the extension of licensing hours in that they betray **every single objective** of the licensing laws as established in the Licensing Act of 2003.

I would also request that any licensing or planning requests relating to Post Code SL2 4PG be circulated to ALL addresses sharing this postcode. It is totally unacceptable that we should be excluded from the notifiable addresses particularly as we are the ONLY property in the postcode with direct line of sight from our windows to Stoke Park Club! I attach an explanatory map.

Yours sincerely

Dear Sir,

I have received a letter from South Bucks Council concerning an application to vary the premises license of Stoke Park Club.

I have lived at Park Lawn, which borders Stoke Park Club, for 12 years and we have had varying problems with noise from the Club over that time. The noise from the Club was at it's worst about 5 years ago when we were regularly kept awake at night during the summer months by extremely loud music from the club. My flat is about 200- 300 yds from the clubhouse itself, and for music to keep me awake after midnight you can only imagine the noise level at the club itself. For the last three years, the noise problem has largely disappeared, I assume due to regulations put in place by the Council. We do hear occasional noise, but this always disappears after midnight. In the past we were subject to sleep destroying noise until 3 or 4 in the morning, mainly at weekends.

I would not wish to spoil the pleasure of others, but I consider it unacceptable that partygoers should be allowed to destroy my sleep.

I consider that the current restrictions are good for the neighbourhood and they should remain in place.

You are no doubt aware that we have a mountain of legislation from Europe which is designed to protect the "Human Rights" of us all. I consider it my human right to a good night's sleep. I would urge you to retain the current noise restrictions for Stoke Park Club.

Perhaps you would suggest to Stoke Park Club that they might like to open a night club on a remote Scottish Island. I'm sure there would be no shortage of people willing to destroy their hearing in an extremely noisy environment such as practised by Stoke Park Club in the past.

As for now, I think the world has changed, and extreme noise generated by clubs like Stoke Park at antisocial hours has become unacceptable.

Yours faithfully

J A Kendal
