Service Plan Workbook 2018/19

Business Support

Why develop a service plan?

Service plans form a key part of the Council's corporate planning and performance system. They provide the detail about how services will deliver the Council's objectives and priorities.

The plans help us to measure progress against what we have said we would do and enable individual officers to see how the work they do on a day to day basis contributes to the Council's objectives.

This workbook will help you work through all the elements that need to be covered when planning your service for the next year.

When do service plans run from and to?

Service plans are run in parallel with the financial year.

You need to use this workbook to plan for the next financial year from April 2018 until end of March 2019, also thinking about longer term objectives and actions to include and work towards.

Service Plan Workbook and Summary

The service plan workbook is a working document for you to work through in the form of tables, checklists and text boxes.

The summary from each of the sections in the workbook will then be taken to create a 3-4 page Service Plan Summary for each service, which will be the outward facing service plan for staff, Members and for publication, so please ensure each summary is concise with a sufficient amount of detail.

The workbook is each manager's working document, so they can choose to keep it concise and high level or add in more detail to make it a useful working manual for the team.

Timetable for developing Service Plans

Service plan workbooks should be submitted to the Policy & Performance team by early November 2017, who will provide feedback on the content and pull together the service plan summaries. The summaries will then be submitted through to Management Team in early December for approval before going to the next available Cabinet at each Council.

Involving Staff and Members

The Head of Service/principal officer has the responsibility for writing the service plan. However it is important that all staff in service areas are included in developing the plan, to help them understand their work programme for the next 12 months and how it links in with the Council's objectives.

Relevant Councillors such as the Cabinet/portfolio lead for each area should also be consulted, when

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

carrying out your service planning, to ensure that they are aware of and aligned with the direction the service is going in.

I have discussed this service plan with:	Y/N
Portfolio holder(s)	Y
Unit managers	Y
Officers	Not yet

Cross-cutting issues

When you are working through your service plan you should keep in mind the following cross cutting issues: diversity, mainstreaming community safety, use of ICT and website, localism and the big society, external funding, sustainability and equalities and how your service can take each of these into account.

Prefilling

The Performance team will pre-fill some sections from either existing information or the previous years' service plan.

All of this information will need to be reviewed, checked and amended where necessary.

Section 1 – Key Service Aims/Objectives

Please list each of the services in your area (with a brief overview of functions they provide) and the Cabinet portfolio that it reports to. Please mark whether or not each function is statutory.

Key Service Functions	Portfolio reporting to	Statutory/ Mandatory
Deliver and maintain excellent value, customer focussed, environmentally sustainable ICT\Information Management operations and services	Support Services (CDC) Customer and Business Support (SBDC)	Deliver and maintain excellent value, customer focussed, environmentally sustainable ICT\Information Management operations and services
Understand the needs of the business and provide appropriate, innovative and agile business solutions	Support Services (CDC) Customer and Business Support (SBDC)	Understand the needs of the business and provide appropriate, innovative and agile business solutions
Enable and lead business change/ transformation programme management	Support Services (CDC) Customer and Business Support (SBDC)	Enable and lead business change/ transformation programme management
Be continuously improving, learning, transparent and accountable	Support Services (CDC) Customer and Business Support (SBDC)	Be continuously improving, learning, transparent and accountable

Stronger in partnership

Please put in your key service aims/objectives below, these should provide a short description of the purpose of each of the services in your area. In the final column please select key aims for each area (3-5 aims) that will be included in the Service Plan summary for publication. These will also be used to update the Council's Corporate Plan.

BUSINESS SUPPORT

Key Service Aims/Objectives	Include in Service Plan Summary
<p>To enable delivery of the following ICT & Information Management Services to support business processes for both South Bucks and Chiltern District Council:</p> <ul style="list-style-type: none"> • Network operations • Telecommunication technology – voice, data • Secure integration with partner networks • Web services – technical aspects • Network security • Service desk support • IT Training • System support • System integration • ICT procurement • ICT supplier management • Information security • Content/data handling • Systems/business process development • Process Freedom of Information & Subject Access requests • Ensure systems observe the principles of the Data Protection Act and other relevant legislation 	
To enable the service units within Chiltern & South Bucks to provide efficient services to all people in the community through the correct application of people, processes and technology.	<input checked="" type="checkbox"/>
That the service itself operates with agility to customer need whilst as efficiently and cost effectively as possible.	<input checked="" type="checkbox"/>
To optimise the collection, secure storage, retrieval and distribution of Chiltern & South Bucks data.	<input checked="" type="checkbox"/>
To improve the provision of information to all members.	<input checked="" type="checkbox"/>
To achieve better customer service through facilitating the controlled sharing of information corporately and with partners.	<input checked="" type="checkbox"/>
Contribute to the successful implementation of Planning Services and Land Charge shared services.	<input checked="" type="checkbox"/>
Continue to contribute to initiatives such as Mobile Working and Customer Experience Strategy.	<input checked="" type="checkbox"/>
Ensure compliance with relevant legislation and standards e.g. Data Protection and Public Services Network (PSN).	<input checked="" type="checkbox"/>
Transparent governance structure for all projects.	<input checked="" type="checkbox"/>

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Key Service Aims/Objectives	Include in Service Plan Summary
Management of unstructured data under the Transparency Act.	<input checked="" type="checkbox"/>
Lead in preparing the Councils for GDPR.	<input checked="" type="checkbox"/>

Children's Act 2004 and Protection of Vulnerable Adults: We are required to put in place arrangements to protect children and vulnerable adults and promote their welfare. How does your service takes account of the need to safeguard and promote the welfare of children and vulnerable adults, and how will you improve this in the coming year?

A lot of this act revolves around the timely and appropriate sharing of information across multiple agencies. Workshops have been performed with front line staff to ensure that they are up to date on how to handle and safely share data not only with partner organisations but also in a shared service context.

A training programme has been devised and provided for all staff in information governance roles. This content also includes how to handle and safely share data with partner organisations, in a shared service context and the wider public.

Stronger in partnership

Section 2 – Key achievements/outcomes for previous year

Please list key achievements and outcomes that the service has achieved since March 2017. This is because the service plan summaries containing this information go to Cabinet during February 2018, so you will be looking back over the current year for your achievements.

The top 5 from each service area will feed into the Service Plan Summary for publication.

Business Support

Key achievements and outcomes in the previous year
Completed the project to refresh and converge the networks of both Councils onto shared infrastructure.
Produced a project plan to prepare the Councils for compliance with GDPR and started implementation.
Supported the implementation of Planning Services and Land Charge shared services.
Completed the single network project.
Moved to new WAN telecoms infrastructure and Skype for Business platform.
Completed mobile working pilots in Environmental Health and within other services.
Supported the Accommodation Project.
Established a new IT training room.
Maintained PSN Compliance.
Completed consolidation of Planning systems.
Made significant upgrades to the IDOX systems.
Refreshed the WIFI at key Council sites.
Moved Members onto secure total mobile working.
Successful completion of the ditch the paper initiative to eliminate paper in order to encourage transition to electronic ways of working and removed the necessity for offsite storage for paper documents.
Moved to new IT system for administrating Freedom of Information requests

Section 4 - Know your customer -

This section allows you to think about who your customers are and the make-up of the customers that your team needs to provide a service to. This information will help you to influence your service delivery and the way it is tailored to different sets of customers. It can also help you to provide a basis for prioritisation over which aspects of the service to continue, improve, grow or cut back. There is a wide range of information available about the make-up of customers in the district e.g. Acorn data, Census data and information from other statistical sources and data.

Current priority groups identified through the SBDC Cohesion and Inequalities Strategy 2010 that we wish to ensure can access services, support and are able to get involved are: Carers; People with a disability – physical (such as sight and hearing impairment), mental health and learning difficulties; Low income families/households; Elderly; Young; Gypsy, Roma Traveller community (due to low literacy levels).

Information about your customers	
Who are your key customers? (If your customers are internal departments this should be stated).	<p>Business Support is primarily an internal support service. Main customers are:</p> <ul style="list-style-type: none"> • Members • Officers • Through FoI and SARs, members of the public • Due to the provision of web services, members of the public can be direct customers <p>Through the joint provision of information, other public bodies and third sector organisations can become customers.</p>
Are there key features/distinctive characteristics that need to be taken into account?	Business Support is an enabler. Internally, it helps Council services to be efficient and cost effective. Externally, it helps disseminate council information to the public and other organisations by ensuring all websites can be securely accessed and information securely shared.
Do you carry out a customer satisfaction survey for your area? Please list all satisfaction surveys that you currently undertake.	<p>Yes.</p> <p>All customers are asked for feedback by the service desk when support calls are resolved.</p> <p>Participation in SOCITM benchmarking on a regular frequency</p> <p>Service reviews continue to provide good feedback on how Business Support is performing.</p> <p>The feedback from Business Support's own service review and consultation for the Shared ICT Strategy also provided very useful data which is still being used to guide service design</p>
As well as satisfaction surveys do you have any other regular consultation and engagement in place (e.g. focus groups)?	Internal user groups at both sites
Please tick any of the following that you will be carrying out next year.	<p>Customer Focus Groups <input checked="" type="checkbox"/></p> <p>Consultations <input checked="" type="checkbox"/></p> <p>Roadshows <input type="checkbox"/></p> <p>Newsletters <input type="checkbox"/></p> <p>Seminars/workshops <input type="checkbox"/></p>

Stronger in partnership

	Review of website\intranet pages X
Are there any key changes you will need to make to service delivery in the next year to tailor it to customer need?	<ul style="list-style-type: none"> • A new iteration of the IT Strategy will need to be produced as the current one expires in 2018. • Support will need to be amended in regards to the roll out and use of virtual desktops. • The programme for Flexible & Mobile working has begun. This will require changes to how Members and officers receive ICT support. • Service processes and procedures are being reviewed to evaluate how performance management can be introduced into Business Support to facilitate mobile working within the service
What will the Customer Experience Strategy entail for your service?	<ul style="list-style-type: none"> • Chiltern District Council and South Bucks District Council are likely to be delivering a significant programme of transformation to change the way that we deliver our services to our customers. Implementation of this programme will commence in 2018/19. Throughout this year all services will be involved in analysing data to identify customer needs and in tailoring service delivery to better meet those needs. Once the programme is implemented there will be an increased focus on the use of customer insight and data to develop our services in the future.
In your view what would an excellent service look like to the community? How would you rate your service against this view?	<p>Business Support should provide IT systems and information management techniques that enable safe, easy, seamless access to the Councils' services and information from any location.</p> <p>Business Support is making inroads towards this view but a lot of work remains to be done before it is achieved</p>

Please summarise the main points covered in this section below (including identifying your main customers, key characteristics, key changes you are looking to make to service delivery in the next year and what consultation and engagement you are looking to carry out). This section will feed into the Service Plan Summary for publication.

Summary – Know your customer (Chiltern)

Main customers are:

- Members
- Officers
- Residents
- General public
- Other public organisations

The service continues to be alert to feedback indicating a need to calibrate delivery.

Section 5 – Action plan (short term/medium term)

The next 3 sections which cover performance indicators, actions and risks, we monitor using the Covalent Performance Management system.

Think about where you want to be in line with the Council's aims and priorities and what you need to do to get there. What actions will we be carrying out over the short term (1 year), medium term (2-3 years) and longer term (4-10 years)? What will the outcome of these actions be for residents? Any expected savings should be detailed in the action plan table. Please keep actions concise. Think about any key policy changes in the next few years, e.g. welfare reform, localism act, national planning policy framework and if they require a change to the way you currently deliver your service make sure appropriate actions are included in your plan. Consider the value for money of your service (refer to Joint Performance Management Framework for more information), and identify actions to include which will improve it.

You should include all key actions that you will be undertaking and select **5 - 10** actions that you will update progress on Covalent on a quarterly basis. The ones selected for Covalent *will be included in your Service Plan Summary* for publication. Please include relevant shared services actions.

Short term – actions for 2018/:

List of Key Actions/ Projects	Key Milestones/ Underlying Actions	What will be the key outcomes and benefits seen by residents	Put on Covalent (Yes/No)	Link to Council Aims/ Objectives/ Corporate value	Target Completi on date (e.g. end March 2018)	Lead Office r	Expected savings
Create a plan to ensure both Councils comply with requirements of General Data Protection Regulation (GDPR) which comes into force May 2018	<ul style="list-style-type: none"> Establish requirements Perform gap analysis Amend & harmonise policies & procedures Roll out training Review data sharing register 	<p>Avoidance of increased penalties through data breaches</p> <p>Improved data sharing with partners</p> <p>Clear understanding of the processes required to maintain good information management within the services</p>	Y	Aim 1	30.04.18	ZB	Good information management will provide efficiencies and savings within the services

Stronger in partnership

Section 6 – Performance indicators

Please review your performance indicators listed below, your indicators should assist you with achieving your service objectives, be customer focused and reflect the aims and priorities of the Council.

Identify a **maximum of 5** key performance indicators per unit to be tracked via Covalent. You must include priority and corporate indicators within these 5.

Corporate indicators include those which management team and cabinets have selected as priority indicators (P) to be included in the monthly budget pack.

Activity indicators are data only and for South Bucks only are also reported monthly in the budget pack (A).

Corporate indicators are also reported on within the quarterly performance report (C).

Any changes to these must first be approved by MT/Cabinet and this will be swept up in the annual PI review process which will occur once the service plan summaries have been signed off.

MT would like to align PIs across both councils, where possible. They would also like quarterly performance reporting to concentrate on one or two key measures that define how your service is doing rather than indicators you use to assist your day to day management of the unit.

Additional indicators you wish to track to help manage the day to day business should be logged as departmental indicators (D) – used by your service only and not reported on outside your service by finance or policy and performance.

Corporate Performance Indicators:

PI Code	Short Name	2016/17 Value	2016/17 Target	Last update	Current value	Annual Target 2017/18	Future Targets		
							2018/19	2019/20	2020/21
CdBS3 (C)	Percentage of responses to FOI requests sent within 20 working days (by month)	87%	90%	June 2017	100%	90%	90%	90%	90%
JtBS1 (C)	Availability of ICT systems to staff from 8am to 6pm (by period quarterly)	99.6%	99.5%	June 2017	99.95%	99.5%	99.5%	99.5%	99.5%
JtBS2 (C)	Percentage of calls to ICT helpdesk resolved within agreed timescales (by period quarterly)	83.7%	95%	June 2017	92.6%	95%	95%	95%	95%

Section 7 - Risks

Please consult the Risk Register guidance when reviewing your risks. You need to consider any key risks that will affect the delivery of key service outcomes, *other than* the identified strategic, budgetary and business continuity risks.

Likelihood:

Likelihood Score	Description	Frequency (How often it might / does happen.)
1	Rare	This will probably never happen and is only possible in exceptional circumstances.
2	Unlikely	This is possible, but not an expected occurrence.
3	Possible	This might happen occasionally, but likely to occur less than annually.
4	Likely	This is likely to occur within the next year but is not a persistent issue.
5	Almost Certain	This is likely to happen and could be persistent or occur frequently.

NB. Where scores fall across more than one level, always use the highest score.

Impact:

Impact Score	Description	Impact definitions
1	Negligible	<ul style="list-style-type: none"> Negligible loss, delay or interruption to service(s), project(s), systems or environment. Can be easily and quickly remedied. No or extremely unlikely financial loss. No or extremely unlikely reputational loss. No breach of Governance Rules, or of legal or contractual obligations.
2	Minor	<ul style="list-style-type: none"> Minor loss, delay or interruption to service(s), project(s), systems or environment. Short term impact on operational efficiency and performance. Financial loss of £10,000 or less (Based on Financial Rules write-off limits). Failure to meet internal standards where there is no external interest and overall objectives are not compromised. Unlikely to generate complaints or cause reputational damage. Small breach of legal or contractual obligations which can be quickly put right without penalty.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Impact Score	Description	Impact definitions
3	Moderate	<ul style="list-style-type: none"> Moderate loss, delay or interruption to service(s), project(s), systems or environment. Medium term impact on operational efficiency and performance. Financial loss of £10,000 or more but below £100,000. Failure to meet internal standards, where there is an external interest and overall objectives could be compromised. Likely to generate low levels of complaints and / or short term reputational damage. May attract the short term attention of regulatory or legislative bodies.
4	Major	<ul style="list-style-type: none"> Major loss, delay or interruption to service(s), project(s), systems or environment. One-off event which could destabilise the Council. Widespread medium or long term impact on operational efficiency and performance. Financial loss of £100,000 or more, but below £1m. Likely to generate complaints and adverse media attention resulting in medium term reputational damage. Breach of legal or contractual obligation attracting the medium-term attention of legislative or regulatory bodies.
5	Catastrophic	<ul style="list-style-type: none"> Total sustained loss or interruption to critical service(s), project(s), systems or environmental health. Long term impact on operational efficiency and performance. Financial loss of £1m or more. Likely to generate many complaints and extensive adverse media attention resulting in long term reputational damage. Serious breach of legal or contractual obligation attracting the rapid intervention of legislative or regulatory bodies. Loss of credibility.
<p>NB. Only one of the bullet points need apply within any category. Where scores fall across more than one level, always use the highest score.</p>		

Please note that you should have no more than 5 critical risks in addition to the strategic risks applying to your service.

Risk Code & Title	Likelihood	Impact	Rating – Likelihood x Impact	Internal Control – What are you going to do to mitigate the risk

Ongoing through your risks are there any improvements you need to put in place to mitigate key service risks and weaknesses in any areas? (please include improvement identified through internal and external audits and business continuity plans)

The key risk for Business Support is disruption to the delivery of the network service.

During 2017/18 a failover facility was put in place which would mean that network would be re-established within hours in a separate location with office space for officers to work from.

Section 8 – Costs and cost comparison information - prefilled

Comparative data is useful to help review the financial cost/efficiency of the service.

Cost graphs

Joint service

Year	Direct Budget £	Recharge Budget £	Capital Charges £	Total Cost £
2011/12	1,705,180	243,620	200,380	2,149,180
2012/13	1,664,922	147,210	210,030	2,022,162
2013/14	1,662,960	153,380	240,740	2,057,080
2014/15	1,594,220	148,232	170,080	1,912,532
2015/16	1,708,560	139,318	170,080	2,017,958
2016/17	1,534,920	136,079	182,800	1,853,799
2017/18	1,371,910	123,811	308,910	1,804,631

Cost information

How does the cost compare to our nearest neighbour comparators?	Not available.
Is there a reason our costs are higher/lower than our nearest neighbour comparator groups	Not available.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

How have our actual costs changed over the last 3 years?	Costs have reduced, this has been helped through the shared service and shared network.
--	---

Please summarise your cost information below. How are the costs changing over time, do we compare favourably with our nearest neighbour (please highlight if there is any reasons you know of why costs may be different). This section will feed into the Service Plan Summary for publication.

Summary – Cost information

- Significant cost savings have resulted from the consolidation of call systems and network infrastructure, however new investment for initiatives such as the customer experience strategy will mean the cost of IT will increase.

Service Plan Workbook 2018/19

Communications, Performance and Policy

Why develop a service plan?

Service plans form a key part of the Council's corporate planning and performance system. They provide the detail about how services will deliver the Council's objectives and priorities.

The plans help us to measure progress against what we have said we would do and enable individual officers to see how the work they do on a day to day basis contributes to the Council's objectives.

This workbook will help you work through all the elements that need to be covered when planning your service for the next year.

When do service plans run from and to?

Service plans are run in parallel with the financial year.

You need to use this workbook to plan for the next financial year from April 2018 until end of March 2019, also thinking about longer term objectives and actions to include and work towards.

Service Plan Workbook and Summary

The service plan workbook is a working document for you to work through in the form of tables, checklists and text boxes.

The summary from each of the sections in the workbook will then be taken to create a 3-4 page Service Plan Summary for each service, which will be the outward facing service plan for staff, Members and for publication, so please ensure each summary is concise with a sufficient amount of detail.

The workbook is each manager's working document, so they can choose to keep it concise and high level or add in more detail to make it a useful working manual for the team.

Timetable for developing Service Plans

Service plan workbooks should be submitted to the Policy & Performance team by early November 2017, who will provide feedback on the content and pull together the service plan summaries. The summaries will then be submitted through to Management Team in early December for approval before going to the next available Cabinet at each Council.

Involving Staff and Members

The Head of Service/principal officer has the responsibility for writing the service plan. However **it is important that all staff in service areas are included in developing the plan, to help them understand their work programme for the next 12 months and how it links in with the Council's**

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

objectives. Relevant Councillors such as the Cabinet/portfolio lead for each area should also be consulted, when carrying out your service planning, to ensure that they are aware of and aligned with the direction the service is going in.

I have discussed this service plan with:	Y/N
Portfolio holder(s)	
Unit managers	
Officers	

Cross-cutting issues

When you are working through your service plan you should keep in mind the following cross cutting issues: diversity, mainstreaming community safety, use of ICT and website, localism and the big society, external funding, sustainability and equalities and how your service can take each of these into account.

Prefilling

The Performance team will pre-fill some sections from either existing information or the previous years' service plan.

All of this information will need to be reviewed, checked and amended where necessary.

Stronger in partnership

Service Plan details

Head of Service/Principal Officer	Rachel Prance

Section 2 – Key achievements/outcomes for previous year

Please list key achievements and outcomes that the service has achieved since March 2017. This is because the service plan summaries containing this information go to Cabinet during February 2018, so you will be looking back over the current year for your achievements.

You should aim to have 5-10 key outcomes. The top 5 from each service area will feed into the Service Plan Summary for publication.

Joint Communications Projects

Key achievements and outcomes in the previous year
Upgraded our websites to make them mobile friendly.
Supported the implementation of the economic development strategy.
Supported the submission to the Secretary of State for Modernising Local Government in Bucks , and continue to lead on follow-up communications.
Undertook mini peer review of Communications team with LGA.
Facilitated the corporate peer challenge for both councils.
Supported the Planning Policy team with the Local Plan consultation
Continued to provide an excellent in-house design service
Led on internal communications for various projects, including the accommodation project, flexible and mobile working project, meet the Chief Executive and Leaders, values and behaviours and Stronger in Partnership.
Continued to develop the community engagement programme with HS2 Limited and its contractors
Supported the launch of the Chiltern and South Bucks Lottery

Communications Projects CDC

Key achievements and outcomes in the previous year
Supported Chiltern Pools redevelopment Consultations.
Completed the branding for the new Bierton Crematorium.
Led on the Amersham Multi-Storey car park redevelopment communications.
Continued promotion and support of the Community Awards

Communications Project SBDC

Key achievements and outcomes in the previous year
Led on Gerrards Cross Police Station redevelopment communications plan.
Led on Bath Road redevelopment communications plan.
Continued promotion and support of the Chairman's Awards.
Supported the South Bucks Country Park consultation

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Performance & Policy

Key achievements and outcomes in the previous year

Supported and facilitated the Annual Business Meeting.

Reviewed Joint Strategic Partnership working to improve focus on deliverables.

Continued to ensure all strategies and plans are based on robust information and accurate data.

Delivered effective performance management.

Ensured Data Quality was of a high standard at both councils.

Continued chairing South Bucks Parish Clerks meetings.

Stronger in partnership

Section 3 – Shared Services programme

Please identify, for each unit you are responsible for, current plans in relation to the shared services reviews:

Unit Name	Review and implementation completed (say when)	Review and/or implementation continuing in 2016/17	Review scheduled for/continuing in 2017/18	Review not yet scheduled.
Communications, Performance and Policy	1 st August 2015.			

Stronger in partnership

Section 4 - Know your customer - to be prefilled – will require checking/tweaking

This section allows you to think about who your customers are and the make-up of the customers that your team needs to provide a service to. This information will help you to influence your service delivery and the way it is tailored to different sets of customers. It can also help you to provide a basis for prioritisation over which aspects of the service to continue, improve, grow or cut back. There is a wide range of information available about the make-up of customers in the district e.g. Acorn data, Census data and information from other statistical sources and data.

Current priority groups identified through the SBDC Cohesion and Inequalities Strategy 2010 that we wish to ensure can access services, support and are able to get involved are: Carers; People with a disability – physical (such as sight and hearing impairment), mental health and learning difficulties; Low income families/households; Elderly; Young; Gypsy, Roma Traveller community (due to low literacy levels).

Information about your customers	
<p>Who are your key customers? (If your customers are internal departments this should be stated).</p>	<p>Main customer groups:</p> <p>1a. Residents: Policy & Performance - engagement on behalf of Joint Strategic Partnership, corporate information e.g. Annual Report. This provides opportunities to consult on key decision and policy development, along with reviews of how services are delivered to ensure that they are shaped around resident's needs. This work supports other services to develop more responsive services.</p> <p>1b. Residents: Communications – provision of information about council services via various methods including publicity material, media, and website. Supporting local residents in local issues such as the HS2 campaign</p> <p>2a. Partners: Policy & Performance – Bucks Network, Joint Strategic Partnership, Armed Forces Group, Parish and Town Clerks</p> <p>2b. Partners: Communications – other local authorities, TVP, NHS, HS2 action groups, GOSS (website), SOCITM, Vuelio (media and FOI monitoring)</p> <p>3a. Senior Managers: Policy & Performance – service planning and development, KnowledgeSource, PI support, information and advice.</p> <p>3b. Service Managers: Communications – support for communicating service changes, events, promotions.</p> <p>4a. Members: Policy & Performance - corporate and performance management information and analysis and reports to MT, Cabinet, O&S, full Council</p> <p>4b. Members: Communications – provision of information about services, advice on handling media enquiries.</p> <p>5a. Internal customers: Policy and Performance - Main customer group is internal, both staff and members. Each service unit has different needs and different levels of help and support are required for service planning and development. It is important to ensure ease of access to information and advice for services. The service unit needs to develop a partnership approach with services to offer maximum support and feedback for service issues and assist managers with keeping up to date with legislative changes and promoting innovation and best practice</p>

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

	<p>across the Councils. Research information and statistics are also provided to departments as required. Reports on customer statistics and website information are also collated and provided to departments.</p> <p>We continue to work closely with colleagues across Bucks through the Joint Strategic Partnership, Bucks Network, and Bucks Policy Officers Groups to join up work, look for opportunities to share best practice and workload, avoiding duplication across the County.</p> <p>5b. Internal customers: Communications – the main customer groups are staff and Members.</p> <p>To maintain the reputation of the council it is essential that we have good, timely and honest internal communications particularly whilst managing change. The service will provide an in-house design and marketing service to all departments within the councils and promote the benefits and cost effectiveness to other departments; produce internal promotional material covering issues such as accommodation reviews, organisational development, flexible and mobile working</p> <p>6. Media: Communications - it is essential we maintain a good relationship with the media through prompt responses to enquiries, publishing news releases, ensuring the website is current and joint working on events, projects and consultations</p>
<p>Are there key features/distinctive characteristics that need to be taken into account?</p>	
<p>Do you carry out a customer satisfaction survey for your area? Please list all satisfaction surveys that you currently undertake.</p>	
<p>As well as satisfaction surveys do you have any other regular consultation and engagement in place (e.g. focus groups)?</p>	<p>Currently undertaking consultations on the Chiltern Pools, Gerrards Cross car park, Amersham multi-storey car park, modernising local government</p>
<p>Please tick any of the following that you will be carrying out next year.</p>	<p>Consultations – yes Newsletters - yes Seminars/workshops - yes Review of website pages – yes Residents Surveys - yes Comms team will be co-ordinating all these on behalf of service areas.</p>
<p>Are there any key changes you will need to make to service delivery in the next year to tailor it to customer need?</p>	<p>More focus on service delivery/customer needs</p>
<p>What will the Customer Experience Strategy entail for your service?</p>	<ul style="list-style-type: none"> Chiltern District Council and South Bucks District Council are likely to be delivering a significant programme of transformation to change the way that we deliver our services to our customers. Implementation of this programme will commence in 2018/19. Throughout this year all services will be involved in analysing data to identify customer needs

Stronger in partnership

	and in tailoring service delivery to better meet those needs. Once the programme is implemented there will be an increased focus on the use of customer insight and data to develop our services in the future.
In your view what would an excellent service look like to the community? How would you rate your service against this view?	Positive council branding with residents engaging with development of council services and having a good understanding of the service provided by both councils.

Please summarise the main points covered in this section below (including identifying your main customers, key characteristics, key changes you are looking to make to service delivery in the next year and what consultation and engagement you are looking to carry out). This section will feed into the Service Plan Summary for publication.

Summary – Know your customer (Chiltern)

The team has a wide customer base including members, managers and officers, partners and members of the public. Policy and performance provide performance and management information to help aid management decisions and coordinate the service planning and corporate planning work which helps to determine the strategic direction of the Council.

The team also provide research information to all service areas about the make-up of both districts to help ensure services understand the make-up of their customers and are delivering services in the most appropriate way.

The communications section of the team is responsible for ensuring service standards are maintained across the council when sending out information to customers.

Summary – Know your customer (South Bucks)

The team has a wide customer base including members, managers and officers, partners and members of the public. Policy and performance provide performance and management information to help aid management decisions and coordinate the service planning and corporate planning work which helps to determine the strategic direction of the Council.

The team also provide research information to all service areas about the make-up of both districts to help ensure services understand the make-up of their customers and are delivering services in the most appropriate way.

The communications section of the team is responsible for ensuring service standards are maintained across the council when sending out information to customers.

Stronger in partnership

Section 5 – Action plan (short term/medium term)

The next 3 sections which cover performance indicators, actions and risks, we monitor using the Covalent Performance Management system.

Think about where you want to be in line with the Council's aims and priorities and what you need to do to get there. What actions will we be carrying out over the short term (1 year), medium term (2-3 years) and longer term (4-10 years)? What will the outcome of these actions be for residents? Any expected savings should be detailed in the action plan table. Please keep actions concise. Think about any key policy changes in the next few years, e.g. welfare reform, localism act, national planning policy framework and if they require a change to the way you currently deliver your service make sure appropriate actions are included in your plan. Consider the value for money of your service (refer to Joint Performance Management Framework for more information), and identify actions to include which will improve it.

You should include all key actions that you will be undertaking and select **5 - 10** actions that you will update progress on Covalent on a quarterly basis. The ones selected for Covalent *will be included in your Service Plan Summary* for publication. Please include relevant shared services actions.

Section 6 – Performance indicators to be prefilled – will require checking/tweaking

Please review your performance indicators listed below, your indicators should assist you with achieving your service objectives, be customer focused and reflect the aims and priorities of the Council. Please highlight any changes to these indicators in pink. Only Corporate Performance Indicators will show in your Service Plan Summary for publication.

Identify a maximum of 5 key performance indicators per unit to be tracked via Covalent. You must include priority and corporate indicators within these 5.

Corporate indicators include those which management team and cabinets have selected as priority indicators (P) to be included in the monthly budget pack.

Activity indicators are data only and for South Bucks only are also reported monthly in the budget pack. (A)

Corporate indicators are also reported on within the quarterly performance report (C)

Any changes to these must first be approved by MT/Cabinet and this will be swept up in the annual PI review process which will occur once the service plan summaries have been signed off.

MT would like to align PIs across both councils, where possible. They would also like quarterly performance reporting to concentrate on one or two key measures that define how your service is doing rather than indicators you use to assist your day to day management of the unit.

Additional indicators you wish to track to help manage the day to day business should be logged as departmental indicators (D) – used by your service only and not reported on outside your service by finance or policy and performance.

Please ensure you only include measures that are absolutely essential.

Corporate Performance Indicators

PI Code	Short Name	2016/17 Value	2016/17 Target	Last update	Current value	Annual Target 2017/18	Future Targets		
							2018/19	2019/20	2020/21

Please consult the Risk Register guidance when reviewing your risks. You need to consider any key risks that will affect the delivery of key service outcomes, *other than* the identified strategic, budgetary and business continuity risks.

- Likelihood:

Likelihood Score	Description	Frequency (How often it might / does happen.)
1	Rare	This will probably never happen and is only possible in exceptional circumstances.
2	Unlikely	This is possible, but not an expected occurrence.
3	Possible	This might happen occasionally, but likely to occur less than annually.
4	Likely	This is likely to occur within the next year but is not a persistent issue.
5	Almost Certain	This is likely to happen and could be persistent or occur frequently.

NB. Where scores fall across more than one level, always use the highest score.

- Impact:

Impact Score	Description	Impact definitions
1	Negligible	<ul style="list-style-type: none"> • Negligible loss, delay or interruption to service(s), project(s), systems or environment. • Can be easily and quickly remedied. • No or extremely unlikely financial loss. • No or extremely unlikely reputational loss. • No breach of Governance Rules, or of legal or contractual obligations.
2	Minor	<ul style="list-style-type: none"> • Minor loss, delay or interruption to service(s), project(s), systems or environment. • Short term impact on operational efficiency and performance. • Financial loss of £10,000 or less (Based on Financial Rules write-off limits). • Failure to meet internal standards where there is no external interest and overall objectives are not compromised. • Unlikely to generate complaints or cause reputational damage. • Small breach of legal or contractual obligations which can be quickly put right without penalty.

CHILTERN

Service Plan Workbook 2018/19

Customer Services

Why develop a service plan?

Service plans form a key part of the Council's corporate planning and performance system. They provide the detail about how services will deliver the Council's objectives and priorities.

The plans help us to measure progress against what we have said we would do and enable individual officers to see how the work they do on a day to day basis contributes to the Council's objectives.

This workbook will help you work through all the elements that need to be covered when planning your service for the next year.

When do service plans run from and to?

Service plans are run in parallel with the financial year.

You need to use this workbook to plan for the next financial year from April 2018 until end of March 2019, also thinking about longer term objectives and actions to include and work towards.

Service Plan Workbook and Summary

The service plan workbook is a working document for you to work through in the form of tables, checklists and text boxes.

The summary from each of the sections in the workbook will then be taken to create a 3-4 page Service Plan Summary for each service, which will be the outward facing service plan for staff, Members and for publication, so please ensure each summary is concise with a sufficient amount of detail.

The workbook is each manager's working document, so they can choose to keep it concise and high level or add in more detail to make it a useful working manual for the team.

Timetable for developing Service Plans

Service plan workbooks should be submitted to the Policy & Performance team by early November 2017, who will provide feedback on the content and pull together the service plan summaries. The summaries will then be submitted through to Management Team in early December for approval before going to the next available Cabinet at each Council.

Involving Staff and Members

The Head of Service/principal officer has the responsibility for writing the service plan. However **it is important that all staff in service areas are included in developing the plan, to help them**

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

understand their work programme for the next 12 months and how it links in with the Council's objectives. Relevant Councillors such as the Cabinet/portfolio lead for each area should also be consulted, when carrying out your service planning, to ensure that they are aware of and aligned with the direction the service is going in.

I have discussed this service plan with:	Y/N
Portfolio holder(s)	
Unit managers	
Officers	

Cross-cutting issues

When you are working through your service plan you should keep in mind the following cross cutting issues: diversity, mainstreaming community safety, use of ICT and website, localism and the big society, external funding, sustainability and equalities and how your service can take each of these into account.

Prefilling

The Performance team will pre-fill some sections from either existing information or the previous years' service plan.

All of this information will need to be reviewed, checked and amended where necessary.

Customer Services (Both)		
Front line customer service (operating a switchboard and reception service to help provide customers with information, help and advice).	Customer Services (CDC) Customer Services and Business Support - SBDC	<input checked="" type="checkbox"/>
Front line service delivery on behalf of the Service Departments as agreed with each individual service area	Customer Services (CDC) Customer Services and Business Support - SBDC	<input checked="" type="checkbox"/>
Provision of 'Universal Support – Delivered Locally' (providing assistance with online applications to Universal Credit Customers and providing personal budgeting support)	Customer Services (CDC) Customer Services and Business Support - SBDC	<input checked="" type="checkbox"/> Contracted by DWP

Please put in your key service aims/objectives below, these should provide a short description of the purpose of each of the services in your area. In the final column please select key aims for each area (3-5 aims) that will be included in the Service Plan summary for publication. These will also be used to update the Council's Corporate Plan.

Customer Services

Key Service Aims/Objectives	Include in Service Plan Summary
Both	
To deliver an efficient, professional and accessible service responsive to the needs of its customers, service departments and partners.	<input checked="" type="checkbox"/>
Working with services to aim to deliver resolution at first point of contact as far as appropriate.	<input checked="" type="checkbox"/>
To work in partnership with other authorities and agencies to provide front line services to customers contacting the Council Offices face to face and by telephone.	<input checked="" type="checkbox"/>
To work with services to improve the service provided to customers and to ensure that it meets customers' needs, reducing avoidable contact and initiating proactive contact where appropriate.	<input checked="" type="checkbox"/>

Revenues & Benefits

Key Service Aims/Objectives	Include in Service Plan Summary

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Key Service Aims/Objectives	Include in Service Plan Summary
To provide an efficient, customer focussed Revenues and Benefits Service.	<input checked="" type="checkbox"/>
To achieve high Council Tax collection levels and make it easy for residents to pay their council tax, so that the Council can collect the money required for providing local government services promptly, whilst also giving consideration to the effects on the local community of the current economic position.	<input checked="" type="checkbox"/>
To maximise collection of business rates within the district and provide an accessible service to support the local business community in all matters relating to business rates.	<input checked="" type="checkbox"/>
To promote the Housing Benefit and Local Council Tax Support schemes and to provide benefits advice to ensure that all benefits for which claimants are eligible are claimed, in particular ensuring that help and support is provided for our most vulnerable residents to ensure they have equal access to the Benefits system.	<input checked="" type="checkbox"/>
To assess claims for Housing Benefit quickly, accurately and efficiently ensuring right first time assessment of benefit claims and making required payment in a timely manner. Providing an accessible service which is responsive to the constantly changing environment of benefits administration.	<input type="checkbox"/>
To provide professional and effective fraud prevention and investigation service ensuring appropriate action is taken against offenders in all cases and that we convey the public message that fraud will not be tolerated.	<input checked="" type="checkbox"/>
To ensure legislative and government policy changes are implemented promptly and accurately.	<input type="checkbox"/>

Children's Act 2004 and Protection of Vulnerable Adults: We are required to put in place arrangements to protect children and vulnerable adults and promote their welfare. How does your service take account of the need to safeguard and promote the welfare of children and vulnerable adults, and how will you improve this in the coming year?

We have a Welfare Officer who is a key member of the Team. This resource is used extensively by Chiltern and is available to South Bucks when required. His / her role is to be pro-active in promoting benefit take-up, to liaise with all other welfare agencies (e.g. Social Services, Age Concern, CAB etc.) and provide direct assistance to those residents needing help to access the benefits system, or seeking provision of welfare advice. This 'client support' role may include a request for benefit to be back-dated, a claim for a Discretionary Housing Payment, a special arrangement for the payment of Council Tax, or any other issue relevant to the situation, such as a claim for other welfare benefits.

At CDC an indicator is shown against the computer record of anyone deemed to be vulnerable for future reference and when the claim falls due for review, or a visit is required, these cases are passed direct to the Welfare Officer. In addition, any cases which clearly need special treatment will be identified by the Teams and passed to the Welfare Officer as they arise.

The Welfare Officer also engages with various community groups, the voluntary sector and welfare agencies to jointly promote take up of benefits and encourage prompt reporting of changes to minimise overpayment debts occurring.

Both Councils' local Council Tax Support scheme features a maximum level of entitlement for working age

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

customers. However both schemes offer some protection for vulnerable customers:

- Chiltern – 90% maximum entitlement for vulnerable groups as opposed to 80% for other working age. Vulnerable groups defined as customers in receipt of disability benefits, with a disabled child, in receipt of Carer’s Allowance or lone parents with a child under 5.
- South Bucks – Customers in receipt of disability benefits receive 100% protection and so are not subject to any level of maximum entitlement.

Both Councils have a discretionary scheme enabling additional awards of Council tax Support where a customer is experiencing exceptional hardship.

Officers are aware of their responsibilities in respect of safeguarding and complete relevant on line training.

Section 2 – Key achievements/outcomes for previous year

Please list key achievements and outcomes that the service has achieved since March 2017. This is because the service plan summaries containing this information go to Cabinet during February 2018, so you will be looking back over the current year for your achievements. You should aim to have 5-10 key outcomes. The top 5 from each service area will feed into the Service Plan Summary for publication.

Customer Services

Key achievements and outcomes in the previous year
Shortlisted as finalists in IRRV Revenues Team of the Year and IRRV Excellence Partnership Awards
Winner of highly commended Revenues Team of the Year award and highly commended in Excellence in Partnership Award
Developed Joint Customer Experience Strategy, full business case and started associated corporate work programme
Taken on joint electoral registration calls
Taken on South Bucks Revenues and Waste calls
Introduced Change Champions project to analyse customer insights and make recommendations to services
Created training and induction programme, including training matrix
Embedded performance management for individuals, leading to improvements being seen
Successfully completed office move in accordance with Accommodation Strategy, resulting in paperless working in accordance with the clear desk policy
Worked with other services to ensure correspondence is customer-focussed

Revenues and Benefits

Key achievements and outcomes in the previous year
Shortlisted as finalists in IRRV Revenues Team of the Year in the IRRV Excellence in Partnership Awards
Winner of both highly commended Revenues Team of the Year award and highly commended Excellence in Partnership

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Continued work on the South Bucks Recovery Project and generated income above the set target
Carried out single persons discount review generating revenue of £231k (CDC) and £148k (SBDC)
Completed Christmas accuracy campaign leading to an improved accuracy percentage
Completed Christmas accuracy campaign
Increased number of Business Rates and Council Tax courts taken to improve collection rates
Setup of Ebilling of Council Tax and Non Domestic Rates , with over 1000 users
Dealt with revaluation of Business Rates
Introduced new small business rate relief scheme
Developed policy for discretionary business rates scheme
Introduced pub business rates relief scheme
Supported small businesses through SSBR scheme
Began work on bringing Northgate services in-house
Introduced E-Review form
Introduced wider use of WURTI access
Implemented full roll-out of Universal Credit in South Bucks
(Implemented flexible and mobile working)
Implemented Welfare Reforms – Removal of Family Premium & restriction to child allowances in Housing Benefit

Section 3 – Shared Services programme

Please identify, for each unit you are responsible for, current plans in relation to the shared services reviews:

Unit Name	Review and implementation completed (say when)	Review and/or implementation continuing in 2016/17	Review scheduled for/continuing in 2017/18	Review not yet scheduled.
Customer services	December 2015			
Revenues and Benefits.	May 2016			

Stronger in partnership

Section 4 - Know your customer - to be prefilled – will require checking/tweaking

This section allows you to think about who your customers are and the make-up of the customers that your team needs to provide a service to. This information will help you to influence your service delivery and the way it is tailored to different sets of customers. It can also help you to provide a basis for prioritisation over which aspects of the service to continue, improve, grow or cut back. There is a wide range of information available about the make-up of customers in the district e.g. Acorn data, Census data and information from other statistical sources and data.

Current priority groups identified through the SBDC Cohesion and Inequalities Strategy 2010 that we wish to ensure can access services, support and are able to get involved are: Carers; People with a disability – physical (such as sight and hearing impairment), mental health and learning difficulties; Low income families/households; Elderly; Young; Gypsy, Roma Traveller community (due to low literacy levels).

Information about your customers	
<p>Who are your key customers? (If your customers are internal departments this should be stated).</p>	<p>Revenues & Benefits</p> <p>External customers include:</p> <ul style="list-style-type: none"> • All council taxpayers within the districts • All business ratepayers within the districts • All Housing Benefit and Council Tax Support claimants • Customers in receipt of a discretionary award • Universal Credit customers requiring personal budgeting support • Valuation Officer/Listing Officer • Customers requiring information under FOI • Paradigm Housing Association • Private Sector Landlords • Letting Agents • Other Housing Associations • Pensions Service • Jobcentre Plus • Bucks County Welfare Service and ASC Team • Age UK • CAB • DWP • Other Local Authorities • Rent Officer • Civica Open Revenues (Chiltern) • Newlyn and Bristow and Sutor (Bailiffs) (Chiltern) • Northgate (South Bucks) <p>Internal customers include:</p> <ul style="list-style-type: none"> • Customer Service Team • Post Room Team • Environmental Services • Health and Housing Team • IT section • Finance • Planning

Stronger in partnership

	<p>Customer Services</p> <p>External customers Customers calling the council on the telephone – these will be customers of a variety of services. The level of involvement with the customer will depend on the Council and the service area that the enquiry relates to. For Chiltern DC these customers can be residents of Wycombe who will contact us with regard to the joint waste contract.</p> <p>Customers will also come to the council offices for information and advice and the customer services team will be the first point of contact.</p> <p><u>The Census information below gives a brief overview of each district</u></p> <p>Chiltern is made up of 38,773 households and has a population of 92,652. People aged 65 and over make up 19.4% of the overall population in Chiltern. South Bucks is made up of 26,514 households and has a population of 66,867. People aged 65 and over make up 19.4% of the overall population in South Bucks. The ageing population means that the customer services team may need to adapt services to be more accommodating to the needs of the elderly. 5,054 (5.5% of the population) stated that their activities were limited a lot due to their health in Chiltern, for South Bucks this was 3,965 people (5.9% of the population).</p> <p>There has been an increase in the number of Black & Minority Ethnic Groups (BMEs) in Chiltern from 4.55% in 2001 to 8.51% in 2011. There are 638 households within Chiltern that do not have English as a main language they make up 1.74% of the overall number of households. For South Bucks there are 15.7% from a BME group, an increase from 6.6% in 2001. There are 578 households within South Bucks that do not have English as a main language (Census 2011). This might mean that there may be a need to provide information in a different language if required; however there have been limited requests for this in the past.</p> <p>Chiltern – Internal Customers are the main groups of ‘customers’ for Chiltern customer service are the Council service departments for whom we provide front line customer facing services. We liaise with service managers to determine the most effective and efficient way to provide services to the public on their behalf at the first point of contact in a friendly and informative manner. We work with the service managers to ensure that staff are kept informed about the services and are trained in legislation and how to provide the service.</p>
<p>Are there key features/distinctive characteristics that need to be taken into account?</p>	<p>All customers have different needs and expectations and one size does not fit all. Service delivery has to be individually tailored to ensure customer satisfaction and to cope with the unexpected. Benefit claimants are often the more vulnerable members of society and their needs may</p>

District Council

SOUTH BUCKS
District Council

Stronger in partnership

	<p>vary accordingly. Both Chiltern and South Bucks also have an ageing population with 19.4% of the population being aged 65 and over. In Chiltern there are 2,495 people aged 85 and over and in South Bucks there are 1,921 people aged 85 and over and these residents may require different requirements from customer service. South Bucks also has a relatively high level of gypsies and travellers, 0.4% of the population.</p>
<p>Do you carry out a customer satisfaction survey for your area? Please list all satisfaction surveys that you currently undertake.</p>	<p>We do carry out complaints/compliments monitoring but this is informal. This will be developing further and a joint approach developed across both Councils to ensure we are effectively monitoring and learning from the feedback.</p> <p><u>Customer Services</u></p> <p>Surveys have been carried out in the past but we are looking at developing appropriate way of customer engagement and monitoring satisfaction through work on the CS strategy.</p> <p>Revenues and Benefits at CDC have introduced a survey as part of the on line claim process to identify how customers found the process.</p>
<p>As well as satisfaction surveys do you have any other regular consultation and engagement in place (e.g. focus groups)?</p>	<p>Chiltern and South Bucks have regular liaison meetings with a range of partners including the Citizens Advice Bureau, Registered Housing Providers sustainment teams and Job Centre Plus.</p> <p>Revenues and Customer Services are also represented at Disability Focus Group meetings.</p> <p>Northgate have been carrying out an exercise to look at reasons for customer contact and analysing why customers contact the Council so that we can use this to inform service delivery. This has resulted in changes to website as an example.</p> <p>Customer services have regular liaison meeting with all services.</p>
<p>Please tick any of the following that you will be carrying out next year.</p>	<p>Customer Focus Groups</p> <p>Consultations <input checked="" type="checkbox"/></p> <p>Roadshows</p> <p>Newsletters</p> <p>Seminars/workshops</p> <p>Review of website pages <input checked="" type="checkbox"/></p> <p>We will be looking in detail at how we engage with customers going forward as part of the work on developing the Customer Service strategy</p> <p>Consultation may be appropriate if either of the Councils wish to make changes to the Council Tax Support scheme.</p>
<p>Are there any key changes you will need to make to service delivery in</p>	<p>Service delivery is always tailored to customer need and continues to adapt to changes as they occur. Further changes in the welfare system</p>

Stronger in partnership

<p>the next year to tailor it to customer need?</p>	<p>and the ongoing introduction of Universal Credit are likely to increase the level of advice and support that some customers may require. There will be a need to ensure that all customer facing staff are well versed in both the effects of the changes and the agencies to whom customers can be signposted.</p> <p>The development of the Customer Experience Strategy and the associated work programme will result in changes in the way we work. We will be looking for opportunities to channel shift and to enable our services to be more accessible.</p>
<p>What will the Customer Experience Strategy entail for your service?</p>	<ul style="list-style-type: none"> Chiltern District Council and South Bucks District Council are likely to be delivering a significant programme of transformation to change the way that we deliver our services to our customers. Implementation of this programme will commence in 2018/19. Throughout this year all services will be involved in analysing data to identify customer needs and in tailoring service delivery to better meet those needs. Once the programme is implemented there will be an increased focus on the use of customer insight and data to develop our services in the future.

CHILTERN
District Council

SOUTH BUCKS
District Council

<p>In your view what would an excellent service look like to the community? How would you rate your service against this view?</p>	<p>An excellent Revenues and Benefits service would meet its customer's needs by being easily accessible, providing timely turnaround of benefits, have a high collection rate of council tax and business rates, provide a high quality counter fraud service and deliver value for money for the residents of the districts. It would be adaptable to customer's needs and progressive in identifying better ways of delivering the service and looking for opportunities for efficiency. It would be staffed by motivated and knowledgeable employees.</p> <p>Excellent Customer Services would be an efficient and effective service where customers found it easy to access and to get the information they require. It would provide the initial frontline contact for back office services so therefore filtering the customer contact to services and dealing with as much as possible at the first point of contact.</p> <p>I would rate all of my services quite highly against these measures but I think there is more that we can do to get to excellent. Our performance in Revenues and Benefits is good in both Councils but we need to identify if customers find it easy to access and if the service delivers what customers want and need. We need to make sure that we are delivering the service in the most efficient and cost effective way and so delivering value for money for the residents of both districts. We need to look at the future and pursue opportunities to do things differently and our business case for a shared service and the changes we are currently implementing embraces these opportunities for both councils and ensures we have the capacity to deliver the changes required.</p> <p>Customer Services has historically been delivered differently in both Councils but both deliver a high quality service. We need to look at what is the best approach to delivering customer services for each individual service and develop opportunities to enhance our approach and to deliver more at that first point of contact. We are exploring this through work on the Customer Services Strategy. This will involve liaison with partners and potentially enhancing their role. We need to focus on channel shift to minimise face to face contact and ensure services are accessible in a number of more cost effective ways and therefore delivering value for money for the community.</p> <p>Overall we need to ensure that we are managing the performance of our staff and ensuring that this is maximised where possible and that staff are given opportunities to develop and the training they require.</p>
--	---

Please summarise the main points covered in this section below (including identifying your main customers, key characteristics, key changes you are looking to make to service delivery in the next year and what consultation and engagement you are looking to carry out). This section will feed into the Service Plan Summary for publication.

Summary – Know your customer (Chiltern)

There are a wide range of customers that use the Customer Services and Revenues & Benefits services both internal and external customers. Some of the main customer groups for Revenues & Benefits include all council

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

taxpayers and business ratepayers within the district and all Housing Benefit and Council Tax Support claimants. Customer Services and reception staff also deal with internal services and residents within the district as well as residents of Wycombe DC in respect of the joint waste contract.

On-going changes to the welfare system and the introduction of Universal Credit will require prompt provision of information to affected residents to ensure impacts can be mitigated as far as possible.

Our joint service will work with service areas to develop our approach to engaging with customers and ensuring we meet their needs. This will include the development of the joint customer services strategy and looking at opportunities for channel shift and for dealing with as many enquiries as appropriate at the first point of contact.

Summary – Know your customer (South Bucks)

There are a wide range of customers that use the Customer Services and Revenues & Benefits services, both internal and external customers. Some of the main customer groups for Revenues & Benefits include all council taxpayers and business ratepayers within the district and all Housing Benefit and Council Tax Support claimants. Customer Service and reception staff also deal with internal services and residents within the district.

On-going changes to the welfare system and the introduction of Universal Credit will require prompt provision of information to affected residents to ensure impacts can be mitigated as far as possible.

Our joint service will work with service areas to develop our approach to engaging with customers and ensuring we meet their needs. This will include the development of the joint customer services strategy and looking at opportunities for channel shift and for dealing with as many enquiries as appropriate at the first point of contact.

Section 5 – Action plan (short term/medium term)

The next 3 sections which cover performance indicators, actions and risks, we monitor using the Covalent Performance Management system.

Think about where you want to be in line with the Council's aims and priorities and what you need to do to get there. What actions will we be carrying out over the short term (1 year), medium term (2-3 years) and longer term (4-10 years)? What will the outcome of these actions be for residents? Any expected savings should be detailed in the action plan table. Please keep actions concise. Think about any key policy changes in the next few years, e.g. welfare reform, localism act, national planning policy framework and if they require a change to the way you currently deliver your service make sure appropriate actions are included in your plan. Consider the value for money of your service (refer to Joint Performance Management Framework for more information), and identify actions to include which will improve it.

You should include all key actions that you will be undertaking and select **5 - 10** actions that you will update progress on Covalent on a quarterly basis. The ones selected for Covalent *will be included in your Service Plan Summary* for publication. Please include relevant shared

Section 6 – Performance indicators to be prefilled – will require checking/tweaking

Please review your performance indicators listed below, your indicators should assist you with achieving your service objectives, be customer focused and reflect the aims and priorities of the Council. Please highlight any changes to these indicators in yellow. Only Corporate Performance Indicators will show in your Service Plan Summary for publication. Identify a maximum of 5 key performance indicators per unit to be tracked via Covalent. You must include priority and corporate indicators within these 5.

Corporate indicators include those which management team and cabinets have selected as priority indicators (P) to be included in the monthly budget pack.

Activity indicators are data only and for South Bucks only are also reported monthly in the budget pack. (A)

Corporate indicators are also reported on within the quarterly performance report (C)

Any changes to these must first be approved by MT/Cabinet and this will be swept up in the annual PI review process which will occur once the service plan summaries have been signed off.

MT would like to align PIs across both councils, where possible. They would also like quarterly performance reporting to concentrate on one or two key measures that define how your service is doing rather than indicators you use to assist your day to day management of the unit.

Additional indicators you wish to track to help manage the day to day business should be logged as departmental indicators (D) – used by your service only and not reported on outside your service by finance or policy and performance.

Please ensure you only include measures that are absolutely essential.

Section 7 - Risks to be prefilled – will require checking/tweaking

Please consult the Risk Register guidance when reviewing your risks. You need to consider any key risks that will affect the delivery of key service outcomes, *other than* the identified strategic, budgetary and business continuity risks.

- Likelihood:

Likelihood Score	Description	Frequency (How often it might / does happen.)
1	Rare	This will probably never happen and is only possible in exceptional circumstances.
2	Unlikely	This is possible, but not an expected occurrence.
3	Possible	This might happen occasionally, but likely to occur less than annually.
4	Likely	This is likely to occur within the next year but is not a persistent issue.
5	Almost Certain	This is likely to happen and could be persistent or occur frequently.

NB. Where scores fall across more than one level, always use the highest score.

- Impact:

Impact Score	Description	Impact definitions
1	Negligible	<ul style="list-style-type: none"> • Negligible loss, delay or interruption to service(s), project(s), systems or environment. • Can be easily and quickly remedied. • No or extremely unlikely financial loss. • No or extremely unlikely reputational loss. • No breach of Governance Rules, or of legal or contractual obligations.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Impact Score	Description	Impact definitions
2	Minor	<ul style="list-style-type: none"> • Minor loss, delay or interruption to service(s), project(s), systems or environment. • Short term impact on operational efficiency and performance. • Financial loss of £10,000 or less (Based on Financial Rules write-off limits). • Failure to meet internal standards where there is no external interest and overall objectives are not compromised. • Unlikely to generate complaints or cause reputational damage. • Small breach of legal or contractual obligations which can be quickly put right without penalty.
3	Moderate	<ul style="list-style-type: none"> • Moderate loss, delay or interruption to service(s), project(s), systems or environment. • Medium term impact on operational efficiency and performance. • Financial loss of £10,000 or more but below £100,000. • Failure to meet internal standards, where there is an external interest and overall objectives could be compromised. • Likely to generate low levels of complaints and / or short term reputational damage. • May attract the short term attention of regulatory or legislative bodies.
4	Major	<ul style="list-style-type: none"> • Major loss, delay or interruption to service(s), project(s), systems or environment. • One-off event which could destabilise the Council. • Widespread medium or long term impact on operational efficiency and performance. • Financial loss of £100,000 or more, but below £1m. • Likely to generate complaints and adverse media attention resulting in medium term reputational damage. • Breach of legal or contractual obligation attracting the medium-term attention of legislative or regulatory bodies.
5	Catastrophic	<ul style="list-style-type: none"> • Total sustained loss or interruption to critical service(s), project(s), systems or environmental health. • Long term impact on operational efficiency and performance. • Financial loss of £1m or more. • Likely to generate many complaints and extensive adverse media attention resulting in long term reputational damage. • Serious breach of legal or contractual obligation attracting the rapid intervention of legislative or regulatory bodies. • Loss of credibility.
<p>NB. Only one of the bullet points need apply within any category. Where scores fall across more than one level, always use the highest score.</p>

In the final column **please select key risks for your area that will be included in the Service Plan** summary for publication.

Please note that you should have **no more than 5 critical risks** in addition to the strategic risks applying to your service.

Risk Code & Title	Likelihood	Impact	Rating – Likelihood x Impact	Internal Control – What are you going to do to mitigate the risk
CSB CS01 Failure to maintain an efficient and timely telephone service which impacts on customer satisfaction levels.	3	2	6	Regular monitoring of waiting time and abandonment rate at CDC and volumes at SBDC. Plan to implement joint telephone system and considering joint call centre and customer services team which will increase capacity.
CSB CS02 Failure to maintain an efficient and timely front of house/reception service which impacts on customer satisfaction levels.	2	2	4	Regular monitoring of numbers of visitors. Plan to implement joint Customer Services team which will increase capacity. Developing Customer Services strategy and increased channel shift to reduce personal callers.
CSB CS03 Failure to cope with increased demand due to changes in services and output from service reviews.	3	3	9	Regular monitoring of demand. Involvement in service reviews. Regular liaison meetings with services. Will be reviewing and developing service level agreements. Contingency plans in place for specific projects e.g. waste
CSB CS04 NEW RISK Failure to maintain current level of service delivery at a significant period of change	4	4	16	Ensure project plan and management is in place. Ensure contingency is sound. Ensure dedicated resources are available, and that expertise are combined. Ensure testing is adequate. Introduce contract penalties.
CSB RB01 Failure to collect Council Tax and Non Domestic Rates to the level expected	3	3	9	KPI in contract at SBDC. Regular monitoring of contract and liaison meetings at SBDC. Monthly performance monitoring at CDC. Maximise opportunities for payment and currently have high direct debit take up at both authorities. Maximise methods of recovery.
CSB RB02 Failure to comply with regulations resulting in a loss of Housing Benefit Subsidy	3	3	9	Regular quality monitoring at both Councils (both client and contractor side at SBDC). Effective training programme for staff at CDC. Close liaison with external auditors, regular meetings and pre-planned audit. Introducing improved performance management for individuals.
CSB RB03 Failure to deliver an appropriate Council Tax Reduction/Support scheme	2	4	8	Low risk as current schemes in place. Still small risk of schemes being challenged. EQIA completed to consider equalities duty.

CHILTERN
District Council

Council Tax support schemes include incentives to work.

Ongoing through your risks are there any improvements you need to put in place to mitigate key service risks and weaknesses in any areas? (please include improvement identified through internal and external audits and business continuity plans)

Significant change occurring and so risk to service delivery. Need to continually monitor this and identify mitigating action.

Significant change can lead to staff losses and so workforce planning is key. A number of officers are close to retirement age. So need to ensure that succession planning is considered in this period.

Section 8 – Costs and cost comparison information

Comparative data is useful to help review the financial cost/efficiency of the service.

Cost information	
How does the cost compare to our nearest neighbour comparators?	Customer services comparisons are not available; however CDC was 13 th and SBDC 6 th per head of population in their nearest neighbour group of 18 for revenues and benefits.
Is there a reason our costs are higher/lower than our nearest neighbour comparator groups	Not available.

Stronger in partnership

<p>How have our actual costs changed over the last 3 years?</p>	<p>The costs of Customer Services have increased over the last four years. £865,048 in 2014/15 versus £915,022 in 2017/18. Revenues and Benefits costs have reduced for both CDC (7%) and SBDC (18%).</p>
---	---

Please summarise your cost information below. How are the costs changing over time, do we compare favourably with our nearest neighbour (please highlight if there is any reasons you know of why costs may be different). This section will feed into the Service Plan Summary for publication.

Summary – Cost information

Revenues and Benefits – CDC has the 13th lowest cost per head of population in the comparator group. South Bucks is showing as having the 6th lowest charge per head in the comparator group.

Service Plan Workbook 2018/19

Environment

Why develop a service plan?

Service plans form a key part of the Council's corporate planning and performance system, providing details regarding how services will deliver the Council's objectives and priorities.

The plans help to measure progress and enable individual officers to see how the work they do on a day to day basis contributes to the Council's objectives.

This workbook will help you work through all the elements that need to be covered when planning your service for the next year.

When do service plans run from and to?

Service plans are run in parallel with the financial year.

You need to use this workbook to plan for the next financial year from April 2018 until end of March 2019, also thinking about longer term objectives and actions to include and work towards.

Service Plan Workbook and Summary

The service plan workbook is a working document for you to work through in the form of tables, checklists and text boxes, and serves as each manager's working document. As such, this document can be concise and high level, or more detailed, which can make it a useful working manual for the team.

The summary from each of the sections in the workbook will be used to create a Service Plan Summary for each service, which will be the outward facing service plan for staff, Members and publication. Therefore, please ensure each summary is concise with a sufficient amount of detail.

Timetable for developing Service Plans

Service plan workbooks should be submitted to the Policy & Performance team by early November 2017, who will provide feedback on the content and pull together the service plan summaries. The summaries will then be submitted through to Management Team in early December for approval before going to the next available Cabinet at each Council.

Involving Staff and Members

The Head of Service/principal officer has the responsibility for writing the service plan. However **it is important that all staff in service areas are included in developing the plan, to help them**

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

understand their work programme for the next 12 months and how it links in with the Council's objectives. Relevant Councillors such as the Cabinet/portfolio lead for each area should also be consulted, when carrying out your service planning, to ensure that they are aware of and aligned with the direction the service is going in.

I have discussed this service plan with:	Y/N
Portfolio holder(s)	
Unit managers	
Officers	

Cross-cutting issues

When you are working through your service plan you should keep in mind the following cross cutting issues: diversity, mainstreaming community safety, use of ICT and website, localism and the big society, external funding, sustainability and equalities and how your service can take each of these into account.

Prefilling

The Performance team will pre-fill some sections from either existing information or the previous years' service plan.

All of this information will need to be reviewed, checked and amended where necessary.

Children's Act 2004 and Protection of Vulnerable Adults: We are required to put in place arrangements to protect children and vulnerable adults and promote their welfare. How does your service take account of the need to safeguard and promote the welfare of children and vulnerable adults, and how will you improve this in the coming year?

Any officer working with children (e.g. waste education activities) is advanced CRB checked. Contracts Manager has been on Child Safety course.

It is recognised that some of our customers, such as those receiving clinical waste or assisted collections are among the most vulnerable in our community. Contact with these customers is always carried out with care and understanding.

Any Environmental Improvement work on play areas is always carried out with the safety and wellbeing of children in mind.

In terms of Parking Enforcement, all appeals are reviewed on their own merit to determine if vulnerability could be classed as mitigation.

E-learning courses are available for refresher training – Safeguarding and Child Protection and Safeguarding vulnerable adults.

Section 2 – Key achievements/outcomes for previous year

Please list key achievements and outcomes that the service has achieved since March 2017 .

This is because the service plan summaries containing this information go to Cabinet during February 2018, so you will be looking back over the current year for your achievements.

You should aim to have 5-10 key outcomes. The top 5 from each service area will feed into the Service Plan Summary for publication.

Waste

Key achievements and outcomes in the previous year

Working with the Waste Partnership for Bucks to commence delivery of DCLG funded projects to increase participation in food waste collections and to reduce residual waste, including the delivery of food waste bag pack and wheelie bin stickers to all households.

Joint waste service (CDC/WDC) - Recycling rates continue to be over 50%, continuing to exceed the national recycling rate which is approximately 10% lower.

Migrated the entire SBDC waste service to Contender software.

All calls are now filtered via Customer Services, with the waste contact team acting as 2nd tier of contact.

Joint Waste team shortlisted for LARAC award for Best Team of the Year.

Work commenced to review and harmonise waste policies.

Reviewed and rationalised bring sites across all 3 districts

Three-way waste team successfully commenced in October 2016, covering three districts (Chiltern, South Bucks and Wycombe) and managing two waste contracts.

Introduced rolling subscriptions for the SBDC chargeable garden waste service.

Contender mobile working app introduced to facilitate improved mobile working for Contract Monitoring Officers.

Estates

Key achievements and outcomes in the previous year

Led on new joint crematorium at Aylesbury and planning consent now granted.

Management of property portfolio to budget and progressing capital projects.

Provided numerous open days at Stoke Poges Memorial Gardens which were warmly received by South Bucks residents and other visitors.

Facilities

Key achievements and outcomes in the previous year

Cleared Capswood 1 and refurbished for letting purposes.

Carried out accommodation project to maximise effectiveness of the councils' office space at both KGVH and Capswood.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Building maintenance contract being managed by Derwent FM.

Tendered for the Grounds Maintenance Contract for Stoke Poges Memorial Gardens, Car Parks, Cemeteries, Open Spaces and Winter Working.

Continued to manage the "Ditch the Paper" campaign

Parking

Key achievements and outcomes in the previous year

Increased off-street car parking spaces. Approval received to submit a planning application for an extension to the existing multi-storey car park in Amersham and build a multi-storey car park in Gerrards Cross on the existing Station Road surface car park. This equates to an additional 366 spaces in Amersham and an additional 328 spaces in Gerrards Cross

Consulted on and followed governance process for South Bucks Car Park Strategy, to be formally adopted in 2018. **Working on the basis consultation will be complete by the time the service plans are finalised**

Consulted on and followed governance process for Chiltern Car Park Strategy, to be formally adopted in 2018. **Working on the basis consultation will be complete by the time the service plans are finalised**

Adopted Traffic Management Act 2004 powers to enable South Bucks car parks to be enforced under Civil Parking Enforcement.

Commenced works on Amersham Multi-Storey Car Park.

Harmonised permits within Chiltern and South Bucks.

Created an Annual Parking Report to ensure transparency with the public.

Section 4 - Know your customer - to be prefilled – will require checking/tweaking

This section allows you to think about who your customers are and the make-up of the customers that your team needs to provide a service to. This information will help you to influence your service delivery and the way it is tailored to different sets of customers. It can also help you to provide a basis for prioritisation over which aspects of the service to continue, improve, grow or cut back. There is a wide range of information available about the make-up of customers in the district e.g. Acorn data, Census data and information from other statistical sources and data.

Current priority groups identified through the SBDC Cohesion and Inequalities Strategy 2010 that we wish to ensure can access services, support and are able to get involved are: Carers; People with a disability – physical (such as sight and hearing impairment), mental health and learning difficulties; Low income families/households; Elderly; Young; Gypsy, Roma Traveller community (due to low literacy levels).

Information about your customers	
<p>Who are your key customers? (If your customers are internal departments this should be stated).</p>	<p><u>Contract Services</u></p> <p>Chiltern has a population of 94,545 and 39,419 households. South Bucks has a population of 69,120 and 28,694 households. Wycombe District has a population of 174,878 and 71,771 properties, for which waste service are delivered in partnership with Chiltern to a total of 111,190 properties. In total, the Joint Waste team provides a service to 139,884 properties across the three districts.</p> <p>More than 40% of homes are detached in Chiltern and South Bucks. South Bucks has 0.4% of households from the Gypsy and Traveller communities, the 7th highest concentration nationally. We operate a waste collection service to all the households within the Districts. As well as providing a waste and recycling collection service we also provide an assisted collection service (collect and return) and clinical waste collection service. We also go into schools within the district as part of our waste education initiatives.</p> <p><u>Property Services</u></p> <p>Property services also provide services to all residents within the district. Some services are utilised by customers as and when required such as street naming, use of the cemeteries, sports field etc. Some services delivered by property services such as pay and display car parking will have an extended customer base of local businesses and people travelling into the district for work or leisure. Property services also have internal customers as they are responsible for facilities management at both Amersham and Capswood offices. They also work closely with Parish and Town Councils, Thames Valley Police and Bucks County Council.</p> <p>In terms of the work carried out on environmental improvement residents of all ages, ethnicity, and able/disabled abilities of the district and surrounding areas use the open spaces and facilities in South Bucks and Chiltern.</p>
<p>Are there key features/distinctive</p>	<p>Generally South Bucks and Chiltern have relatively low levels of</p>

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

<p>characteristics that need to be taken into account?</p>	<p>deprivation. However there are pockets of deprivation in both districts that need to be considered.</p> <p>Based on the Indices of Multiple Deprivation 2010 for South Bucks there are areas within Denham South, Wexham & Iver West, Burnham Lent Rise and Burnham Church wards which fall in the most deprived 41-50% for England.</p> <p>For Chiltern there are areas within Asheridge Vale and Lowndes, Chalfont Common, Newtown, Ridgeway, St Mary's and Waterside and Vale wards which fall in the most deprived 50% for England.</p> <p>It is recognised that if deprived areas are cleaner of litter and graffiti this helps to contribute to a reduction in the fear of crime and is likely to encourage residents to be prouder of their local area and more likely to look after it.</p> <p>South Bucks and Chiltern has an increasingly ageing population. For Chiltern 19.4% of the population is aged 65 years and over with 5.5% of the population aged 80 and over. For South Bucks 19.3% of the population is aged 65 years and over with 5.8% of the population aged 80 and over (Census 2011). This may have an effect on the waste collection and the need for a higher level of assisted collection services for residents who are unable to have boundary collections.</p> <p>For Chiltern there were 1,560 residents claiming ESA and incapacity benefits as of February 2014 and 1,160 for South Bucks (DWP, February 2014). These groups will need to be taken into account when considering the assisted collection and clinical waste collection service.</p>
<p>Do you carry out a customer satisfaction survey for your area? Please list all satisfaction surveys that you currently undertake.</p>	<p>At South Bucks a waste satisfaction survey is carried out periodically and at Chiltern this is carried out for some services such as the crematorium.</p> <p>For the Chiltern and Wycombe waste service satisfaction surveys are done by an independent company every six months as part of the waste contract.</p>
<p>As well as satisfaction surveys do you have any other regular consultation and engagement in place (e.g. focus groups)?</p>	<p>Yes for certain services and prior to service changes.</p>
<p>Please tick any of the following that you will be carrying out next year.</p>	<p>Customer Focus Groups <input type="checkbox"/></p> <p>Consultations <input checked="" type="checkbox"/></p> <p>Roadshows <input checked="" type="checkbox"/></p> <p>Newsletters <input type="checkbox"/></p> <p>Seminars/workshops <input type="checkbox"/></p> <p>Review of website pages <input checked="" type="checkbox"/></p>
<p>Are there any key changes you will need to make to service delivery in the next year to tailor it to customer need?</p>	<p>Within waste, the Customer Experience Strategy will shape the way in which the service is delivered, with quality of service being of utmost importance. This will further inform the review of the way the Garden Waste service is renewed, alongside improvement of booking online and customer transactions.</p> <p>SBDC clinical waste data will be integrated within the Contender database.</p>

CHILTERN

	<p>Assisted collections and Clinical waste collection database to be reviewed for integration into the shared Contender operating system.</p> <p>5 variations (additions) will be made to the Derwent FM contract in order to ensure all parts of maintenance are covered.</p>
<p>What will the Customer Experience Strategy entail for your service?</p>	<ul style="list-style-type: none"> Chiltern District Council and South Bucks District Council are likely to be delivering a significant programme of transformation to change the way that we deliver our services to our customers. Implementation of this programme will commence in 2018/19. Throughout this year all services will be involved in analysing data to identify customer needs and in tailoring service delivery to better meet those needs. Once the programme is implemented there will be an increased focus on the use of customer insight and data to develop our services in the future.
<p>In your view what would an excellent service look like to the community? How would you rate your service against this view?</p>	<p>Reliable waste and recycling collection service with a high recycling rate and decreasing levels of residual waste. A clean district with no visible litter/graffiti or fly tipping. A pleasant environment with clean and accessible open space, cemeteries and car park facilities within the district all of a high standard.</p>

Please summarise the main points covered in this section below (including identifying your main customers, key characteristics, key changes you are looking to make to service delivery in the next year and what consultation and engagement you are looking to carry out). This section will feed into the Service Plan Summary for publication.

Summary – Know your customer (Chiltern)

Chiltern has a population of 94,545 and 39,419 households. Wycombe District has a population of 174,878 and 71,771 households for which waste services are delivered in partnership with Chiltern. A waste and recycling collection service is provided to all the households within the District, together with a Collect and Return and clinical waste collection service. Schools and interest groups within the district are visited as part of the waste communication initiatives. Street cleansing, litter collection and fly tip removal are also carried out across both districts, providing residents with a clean local environment to live and work in.

An annual review takes place of all customers on 'collect & return' lists and clinical collection lists to ensure that we are still meeting their needs.

Property services also provide services to all residents within the district. Some services are utilised by customers as and when required such as street naming, use of the cemeteries, sports field etc. Some services, such as the Chilterns Crematorium and the 18 pay and display car parks providing spaces, will have an extended customer base. The parking team also have internal customers, and need to be mindful of the customer base within each area when setting tariffs.

Property services also have internal customers as they are responsible for facilities management at Amersham offices and various tenanted property / land.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Summary – Know your customer (South Bucks)

South Bucks has a population of 69,120 and 28,694 households. A waste and recycling collection service is provided to all the households within the District, together with an assisted collection service and clinical waste collection service. With 0.4% of households from the Gypsy and Traveller communities, the 7th highest concentration nationally, it is important their particular needs are met regarding waste and recycling services.

A public consultation exercise was undertaken between April and June 2013 prior to the introduction of the new waste and recycling collection service.

This primarily focussed on the new proposed service and gave residents the opportunity to express preferences for bin colours and how we collect batteries and textiles. As well as taking views into account we also asked for feedback. 14% either praised the new service or welcomed the changes and a focus group's suggestion to describe the bin type in braille on the lid was implemented.

Property services also provide services to all residents within the district. Some services are utilised by customers as and when required such as street naming, use of the cemeteries, sports field etc. Some services, such as pay and display car parking, will have an extended customer base of local businesses and people travelling into the district for work or leisure. The parking team also have internal customers, and need to be mindful of the customer base within each area when setting tariffs.

Property services also have internal customers as they are responsible for facilities management at Capswood offices.

Section 5 – Action plan (short term/medium term)

The next 3 sections which cover performance indicators, actions and risks, we monitor using the Covalent Performance Management system.

Think about where you want to be in line with the Council's aims and priorities and what you need to do to get there. What actions will we be carrying out over the short term (1 year), medium term (2-3 years) and longer term (4-10 years)? What will the outcome of these actions be for residents? Any expected savings should be detailed in the action plan table. Please keep actions concise. Think about any key policy changes in the next few years, e.g. welfare reform, localism act, national planning policy framework and if they require a change to the way you currently deliver your service make sure appropriate actions are included in your plan. Consider the value for money of your service (refer to Joint Performance Management Framework for more information), and identify actions to include which will improve it.

You should include all key actions that you will be undertaking and select **5 - 10** actions that you will update progress on Covalent on a quarterly basis. The ones selected for Covalent *will be included in your Service Plan Summary* for publication. Please include relevant shared services actions.

Section 6 – Performance indicators to be prefilled – will require checking/tweaking

Please review your performance indicators listed below, your indicators should assist you with achieving your service objectives, be customer focused and reflect the aims and priorities of the Council. Please highlight any changes to these indicators in yellow. Only Corporate Performance Indicators will show in your Service Plan Summary for publication. Identify a maximum of 5 key performance indicators per unit to be tracked via Covalent. You must include priority and corporate indicators within these 5.

Corporate indicators include those which management team and cabinets have selected as priority indicators (P) to be included in the monthly budget pack.

Activity indicators are data only and for South Bucks only are also reported monthly in the budget pack. (A)

Corporate indicators are also reported on within the quarterly performance report (C)

Any changes to these must first be approved by MT/Cabinet and this will be swept up in the annual PI review process which will occur once the service plan summaries have been signed off.

MT would like to align PIs across both councils, where possible. They would also like quarterly performance reporting to concentrate on one or two key measures that define how your service is doing rather than indicators you use to assist your day to day management of the unit.

Additional indicators you wish to track to help manage the day to day business should be logged as departmental indicators (D) – used by your service only and not reported on outside your service by finance or policy and performance.

Please ensure you only include measures that are absolutely essential.

Section 7 - Risks to be prefilled – will require checking/tweaking

Please consult the Risk Register guidance when reviewing your risks. You need to consider any key risks that will affect the delivery of key service outcomes, *other than* the identified strategic, budgetary and business continuity risks.

- Likelihood:

Likelihood Score	Description	Frequency (How often it might / does happen.)
1	Rare	This will probably never happen and is only possible in exceptional circumstances.
2	Unlikely	This is possible, but not an expected occurrence.
3	Possible	This might happen occasionally, but likely to occur less than annually.
4	Likely	This is likely to occur within the next year but is not a persistent issue.
5	Almost Certain	This is likely to happen and could be persistent or occur frequently.

NB. Where scores fall across more than one level, always use the highest score.

- Impact:

Impact Score	Description	Impact definitions
1	Negligible	<ul style="list-style-type: none"> • Negligible loss, delay or interruption to service(s), project(s), systems or environment. • Can be easily and quickly remedied. • No or extremely unlikely financial loss. • No or extremely unlikely reputational loss. • No breach of Governance Rules, or of legal or contractual obligations.
2	Minor	<ul style="list-style-type: none"> • Minor loss, delay or interruption to service(s), project(s), systems or environment. • Short term impact on operational efficiency and performance. • Financial loss of £10,000 or less (Based on Financial Rules write-off limits). • Failure to meet internal standards where there is no external interest and overall objectives are not compromised. • Unlikely to generate complaints or cause reputational damage. • Small breach of legal or contractual obligations which can be quickly put right without penalty.

CHILTERN

Cost information

How does the cost compare to our nearest neighbour comparators?

CDC:
Waste Collection and Street Cleansing - 4th lowest per head of population out of 18
Public Offices – not available
Cemeteries – 5th out of 18 per head of population
Parking – 9th out of 18 per head of population
Parks and open spaces – 5th out of 18 per head of population

SBDC
Waste Collection and Street Cleansing - 16th out of 18 per head of population

CHILTERN
District Council

SOUTH BUCKS
District Council

	<p>Public Offices – not available Cemeteries – 18th out of 18 per head of population Parking – 12th out of 18 per head of population Parks and open spaces – 1st out of 18 per head of population</p>
<p>Is there a reason our costs are higher/lower than our nearest neighbour comparator groups</p>	<p>CDC: Waste & Recycling lower further to the joint waste service with Wycombe District Council Street cleansing: costs are below average due to benefits gained from the joint contract. Cemeteries: there is only one cemetery in the district. Car Parking: better than average because of the lower proportion of free car parking. Parks and open spaces: much better than average for the groups</p> <p>SBDC: Waste & Recycling: We are likely to remain one of the most expensive for waste collection costs per head of population within this comparator group because we have the lowest property numbers across a largely rural district (and hence lack capacity for economies of scale), the enviable security of our own depot, and a recycling rate of over 50%. Street cleansing: the result is driven by low head count in the district and its rural nature. Cemeteries: we have the highest cost within the comparator group, mainly due to the award winning Stoke Poges Memorial Garden. Car Parking: better than average because of the lower proportion of free car parking. Parks and open spaces: better due to income from Stoke Place.</p>
<p>How have our actual costs changed over the last 4 years?</p>	<p>Waste Collection and Street Cleansing – cost is 13% lower than in 2014/15 Public Offices – cost is 13% lower than in 2014/15 Cemeteries – cost is 50% lower than in 2014/15 Parking – 33% more income than in 2014/15 Parks and open spaces – costs are 17% higher than in 2014/15</p> <p>SBDC Waste Collection and Street Cleansing - cost is 13% more than in 2014/15 Public Offices – cost is 25% less than in 2014/15 Cemeteries – cost is 12% less than in 2014/15 Parking – 20% more income than in 2014/15 Parks and open spaces – 160% more income than in 2014/15</p>

Please summarise your cost information below. How are the costs changing over time, do we compare favourably with our nearest neighbour (please highlight if there is any reasons you know of why costs may be different). This section will feed into the Service Plan Summary for publication.

Summary – Cost information - CDC

Waste Collection and Street Cleansing - 4th lowest per head of population out of 18, and cost is 13% lower than in 2014/15. Costs have reduced due to shared service between Chiltern and Wycombe.

Public Offices – cost is 13% lower than in 2014/15.

Cemeteries – 5th out of 18 per head of population and cost is 50% lower than in 2014/15. There is only one cemetery in the district.

Parking – 9th out of 18 per head of population and 33% more income than in 2014/15.

Parks and open spaces – 5th out of 18 per head of population and costs are 17% higher than in 2014/15.

Summary – Cost information - SBDC

Waste Collection and Street Cleansing - 13th lowest per head of population out of 18, and cost is 13% lower than in 2014/15. We are likely to remain one of the most expensive for waste collection costs per head of population within this comparator group because we have the lowest property numbers across a largely rural district (and hence lack capacity for economies of scale), the enviable security of our own depot, and a recycling rate of over 50%.

Public Offices – cost is 25% less than in 2014/15

Cemeteries – Cost per head of population is highest in the group of 18, and cost is 12% less than in 2014/15.

Parking – 12th out of 18 per head of population and 20% more income than in 2014/15.

Parks and open spaces – 1st out of 18 per head of population and 160% more income than in 2014/15. This is better due to income from Stoke Place.

Service Plan Workbook 2018/19

Finance

Why develop a service plan?

Service plans form a key part of the Council's corporate planning and performance system. They provide the detail about how services will deliver the Council's objectives and priorities.

The plans help us to measure progress against what we have said we would do and enable individual officers to see how the work they do on a day to day basis contributes to the Council's objectives.

This workbook will help you work through all the elements that need to be covered when planning your service for the next year.

When do service plans run from and to?

Service plans are run in parallel with the financial year.

You need to use this workbook to plan for the next financial year from April 2018 until end of March 2019, also thinking about longer term objectives and actions to include and work towards.

Service Plan Workbook and Summary

The service plan workbook is a working document for you to work through in the form of tables, checklists and text boxes.

The summary from each of the sections in the workbook will then be taken to create a 3-4 page Service Plan Summary for each service, which will be the outward facing service plan for staff, Members and for publication, so please ensure each summary is concise with a sufficient amount of detail.

The workbook is each manager's working document, so they can choose to keep it concise and high level or add in more detail to make it a useful working manual for the team.

Timetable for developing Service Plans

Service plan workbooks should be submitted to the Policy & Performance team by early November 2017, who will provide feedback on the content and pull together the service plan summaries. The summaries will then be submitted through to Management Team in early December for approval before going to the next available Cabinet at each Council.

Involving Staff and Members

The Head of Service/principal officer has the responsibility for writing the service plan. However **it is important that all staff in service areas are included in developing the plan, to help them**

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

understand their work programme for the next 12 months and how it links in with the Council's objectives. Relevant Councillors such as the Cabinet/portfolio lead for each area should also be consulted, when carrying out your service planning, to ensure that they are aware of and aligned with the direction the service is going in.

I have discussed this service plan with:	Y/N
Portfolio holder(s)	Y
Unit managers	Y
Officers	N

Cross-cutting issues

When you are working through your service plan you should keep in mind the following cross cutting issues: diversity, mainstreaming community safety, use of ICT and website, localism and the big society, external funding, sustainability and equalities and how your service can take each of these into account.

Prefilling

The Performance team will pre-fill some sections from either existing information or the previous years' service plan.

All of this information will need to be reviewed, checked and amended where necessary.

Service Plan details

Head of Service	Rodney Fincham
Draft version completed	Nov 17
Final version completed	
Service units covered by plan	Finance Internal Audit

Section 1 – Key Service Aims/Objectives

Please list each of the services in your area (with a brief overview of functions they provide) and the Cabinet portfolio that it reports to. Please mark whether or not each function is statutory.

Key Service Functions	Portfolio reporting to	Statutory/ Mandatory
Finance <ul style="list-style-type: none"> Production and monitoring of the Medium Term Financial Strategy. Provision of core financial services - creditor payments, payroll, insurance, sundry debtor invoicing, banking services. Provision of core accounting services - budget setting, budget monitoring, final accounts, completion of statutory returns, financial advice. Management of the Council's cash flow and investments. Provision, directly or indirectly, of any additional financial advice or services required by Consilio Property Ltd. 	Support Services (CDC) Resources (SBDC)	Some mandatory elements (e.g. final accounts) and some technically discretionary although the organisations could not function without these services being provided.
Procurement <ul style="list-style-type: none"> Production and monitoring of procurement strategy and assistance with its implementation. 	Support Services (CDC) Resources (SBDC)	Some statutory procurement requirements (e.g. EU rules).
Internal Audit <ul style="list-style-type: none"> Provision of an assurance function that provides an independent and objective opinion to the organisation on the control environment, by evaluating its effectiveness in achieving the organisation's objectives. 	Support Services (CDC) Resources (SBDC)	Statutory
External Audit <ul style="list-style-type: none"> Liaison with external audit. 	Support Services (CDC) Resources (SBDC)	Statutory

Key Service Aims / Objectives	Include in Service Plan Summary
A) Help maintain effective governance arrangements throughout the organisation.	<input checked="" type="checkbox"/>
B) Assist the Authority to improve the VFM that it provides (including issues relating to procurement).	<input checked="" type="checkbox"/>
C) Provide value for money financial services that are driven by customer needs.	<input checked="" type="checkbox"/>
D) Ensure the Authority has sufficient financial knowledge and experience to meet its needs.	<input checked="" type="checkbox"/>

Children's Act 2004 and Protection of Vulnerable Adults: We are required to put in place arrangements to protect children and vulnerable adults and promote their welfare. How does your service takes account of the need to safeguard and promote the welfare of children and vulnerable adults, and how will you improve this in the coming year?

A lot of this act revolves around the timely and appropriate sharing of information across multiple agencies. A training programme has been devised and provided for all staff in information governance roles. This content also includes how to handle and safely share data with partner organisations, in a shared service context and the wider public.

Section 2 – Key achievements/outcomes for previous year

Please list key achievements and outcomes that the service has achieved since March 2017. This is because the service plan summaries containing this information go to Cabinet during February 2018, so you will be looking back over the current year for your achievements.

You should aim to have 5-10 key outcomes. The top 5 from each service area will feed into the Service Plan Summary for publication.

Finance

Key achievements and outcomes in the previous year

We produced the 16/17 statutory Accounts by the end of May 17, as a trial run as the statutory deadline for the production of these is to be reduced to the end of May for 17/18.

We again received unqualified audit opinions on the Councils' formal statutory Accounts, and the Charitable Trust's Accounts.

We provided support to the Councils with their capital investment plans:

- helping ensure all major developments have robust business plans,
- arranging the PWLB borrowing as required, and
- registering for the Construction Industry Scheme.

We have appointed new external auditors, via the national PSAA auditor appointment process (Confirmation of appointment due by End Dec).

We agreed a 1 year extension to the current joint bank contract.

The joint Cash Receipting system has been upgraded to maintain compliance with the payment card data security standards (Due to be done by End Nov).

The joint Finance system has been upgraded (Due to be done by End Feb).

We helped set up the 100% SBDC owned property development company (Consilio Property Limited).

We continued to support changes to the financial management arrangements, as a result of the creation of more joint teams.

Section 3 – Shared Services programme

Please identify, for each unit you are responsible for, current plans in relation to the shared services reviews:

Unit Name	Review and implementation completed (say when)	Review and/or implementation continuing in 2016/17	Review scheduled for/continuing in 2017/18	Review not yet scheduled.
Finance	Review completed and implemented on 1 st August 2014			

Stronger in partnership

Section 4 - Know your customer

This section allows you to think about who your customers are and the make-up of the customers that your team needs to provide a service to. This information will help you to influence your service delivery and the way it is tailored to different sets of customers. It can also help you to provide a basis for prioritisation over which aspects of the service to continue, improve, grow or cut back. There is a wide range of information available about the make-up of customers in the district e.g. Acorn data, Census data and information from other statistical sources and data.

Current priority groups identified through the SBDC Cohesion and Inequalities Strategy 2010 that we wish to ensure can access services, support and are able to get involved are: Carers; People with a disability – physical (such as sight and hearing impairment), mental health and learning difficulties; Low income families/households; Elderly; Young; Gypsy, Roma Traveller community (due to low literacy levels).

Information about your customers	
Who are your key customers? (If your customers are internal departments this should be stated).	The main customers of Finance are internal. However we do interact with suppliers and debtors. In the coming year Consilio Property Ltd will be a key customer.
Are there key features/distinctive characteristics that need to be taken into account?	No, with the exception of Consilio Property Ltd where its commercial nature needs to be recognised.
Do you carry out a customer satisfaction survey for your area? Please list all satisfaction surveys that you currently undertake.	There is currently no Finance satisfaction survey.
As well as satisfaction surveys do you have any other regular consultation and engagement in place (e.g. focus groups)?	As part of the Finance Shared Service review Customer Voice workshops were held. Annual consultation on the budgets.
Please tick any of the following that you will be carrying out next year.	Customer Focus Groups <input type="checkbox"/> Consultations <input checked="" type="checkbox"/> Budget Consultation Roadshows <input type="checkbox"/> Newsletters <input type="checkbox"/> Seminars/workshops <input checked="" type="checkbox"/> Via Budget Mgr training Review of website pages <input checked="" type="checkbox"/> On going
Are there any key changes you will need to make to service delivery in the next year to tailor it to customer need?	Joint working means it is important for Finance to be able to provide consistent financial information across the two authorities. Especially where new joint team are formed.
What will the Customer Experience Strategy entail for your service?	<ul style="list-style-type: none"> Chiltern District Council and South Bucks District Council are likely to be delivering a significant programme of transformation to change the way that we deliver our services to our customers. Implementation of this programme will commence in 2018/19. Throughout this year all services will be involved in analysing data to identify customer needs and in tailoring service delivery to better meet those needs. Once the

Stronger in partnership

Information about your customers	
	programme is implemented there will be an increased focus on the use of customer insight and data to develop our services in the future.
In your view what would an excellent service look like to the community? How would you rate your service against this view?	From a community perspective, Finance needs to provide value for money financial services which help direct the Authorities' limited resources to priority areas. The Finance Team assists all Council departments to manage their own budgets effectively.

Please summarise the main points covered in this section below (including identifying your main customers, key characteristics, key changes you are looking to make to service delivery in the next year and what consultation and engagement you are looking to carry out). This section will feed into the Service Plan Summary for publication.

Summary – Know your customer (Chiltern) and (South Bucks)
<p>The main customers of Finance are internal. However we do interact with suppliers and debtors. As part of the Shared Finance Service review Customer Voice workshops were held. We are currently in the process of obtaining formal customer feedback. In the coming year Consilio Property Ltd will be a key customer. Joint working will make it increasingly important for Finance to be able to provide consistent financial information across the 2 authorities. There will also be an increasing need to correctly account for joint working initiatives.</p>

Stronger in partnership

Section 5 – Action plan (short term/medium term)

The next 3 sections which cover performance indicators, actions and risks, we monitor using the Covalent Performance Management system.

Think about where you want to be in line with the Council's aims and priorities and what you need to do to get there. What actions will we be carrying out over the short term (1 year), medium term (2-3 years) and longer term (4-10 years)? What will the outcome of these actions be for residents? Any expected savings should be detailed in the action plan table. Please keep actions concise. Think about any key policy changes in the next few years, e.g. welfare reform, localism act, national planning policy framework and if they require a change to the way you currently deliver your service make sure appropriate actions are included in your plan. Consider the value for money of your service (refer to Joint Performance Management Framework for more information), and identify actions to include which will improve it.

You should include all key actions that you will be undertaking and select **5 - 10** actions that you will update progress on Covalent on a quarterly basis. The ones selected for Covalent *will be included in your Service Plan Summary* for publication. Please include relevant shared services actions.

Short term – actions for 2018/19

List of Key Actions/ Projects	Key Milestones/ Underlying Actions	What will be the key outcomes and benefits seen by residents	Put on Covalent (Yes/No)	Link to Council Aims/ Objectives/ Corporate value	Target Completion date (e.g. end March 2018)	Lead Officer	Expected savings
Help keep up to date the longer term financial strategy to address the funding gap and longer term funding pressures.	This needs to take into account the proposed changes to local authority funding, specifically the proposal for 100% retention of NDR monies and the phasing out of RSG.	Value for money	N	Aim 1 – cost-effectiveness	2018/19	RF	-

Section 6 – Performance indicators

Please review your performance indicators listed below, your indicators should assist you with achieving your service objectives, be customer focused and reflect the aims and priorities of the Council. Please highlight any changes to these indicators in **pink**. Only Corporate Performance Indicators will show in your Service Plan Summary for publication.

Identify a **maximum of 5** key performance indicators per unit to be tracked via Covalent. You must include priority and corporate indicators within these 5.

Corporate indicators include those which management team and cabinets have selected as priority indicators (P) to be included in the monthly budget pack.

Activity indicators are data only and for South Bucks only are also reported monthly in the budget pack (A).

Corporate indicators are also reported on within the quarterly performance report (C).

Any changes to these must first be approved by MT/Cabinet and this will be swept up in the annual PI review process which will occur once the service plan summaries have been signed off.

MT would like to align PIs across both councils, where possible. They would also like quarterly performance reporting to concentrate on one or two key measures that define how your service is doing rather than indicators you use to assist your day to day management of the unit.

Additional indicators you wish to track to help manage the day to day business should be logged as departmental indicators (D) – used by your service only and not reported on outside your service by finance or policy and performance.

Please ensure you only include measures that are absolutely essential.

Section 7 - Risks

Please consult the Risk Register guidance when reviewing your risks. You need to consider any key risks that will affect the delivery of key service outcomes, *other than* the identified strategic, budgetary and business continuity risks.

Likelihood:

Likelihood Score	Description	Frequency (How often it might / does happen.)
1	Rare	This will probably never happen and is only possible in exceptional circumstances.
2	Unlikely	This is possible, but not an expected occurrence.
3	Possible	This might happen occasionally, but likely to occur less than annually.
4	Likely	This is likely to occur within the next year but is not a persistent issue.
5	Almost Certain	This is likely to happen and could be persistent or occur frequently.

NB. Where scores fall across more than one level, always use the highest score.

Impact:

Impact Score	Description	Impact definitions
1	Negligible	<ul style="list-style-type: none"> Negligible loss, delay or interruption to service(s), project(s), systems or environment. Can be easily and quickly remedied. No or extremely unlikely financial loss. No or extremely unlikely reputational loss. No breach of Governance Rules, or of legal or contractual obligations.
2	Minor	<ul style="list-style-type: none"> Minor loss, delay or interruption to service(s), project(s), systems or environment. Short term impact on operational efficiency and performance. Financial loss of £10,000 or less (Based on Financial Rules write-off limits). Failure to meet internal standards where there is no external interest and overall objectives are not compromised. Unlikely to generate complaints or cause reputational damage. Small breach of legal or contractual obligations which can be quickly put right without penalty.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Impact Score	Description	Impact definitions
3	Moderate	<ul style="list-style-type: none"> Moderate loss, delay or interruption to service(s), project(s), systems or environment. Medium term impact on operational efficiency and performance. Financial loss of £10,000 or more but below £100,000. Failure to meet internal standards, where there is an external interest and overall objectives could be compromised. Likely to generate low levels of complaints and / or short term reputational damage. May attract the short term attention of regulatory or legislative bodies.
4	Major	<ul style="list-style-type: none"> Major loss, delay or interruption to service(s), project(s), systems or environment. One-off event which could destabilise the Council. Widespread medium or long term impact on operational efficiency and performance. Financial loss of £100,000 or more, but below £1m. Likely to generate complaints and adverse media attention resulting in medium term reputational damage. Breach of legal or contractual obligation attracting the medium-term attention of legislative or regulatory bodies.
5	Catastrophic	<ul style="list-style-type: none"> Total sustained loss or interruption to critical service(s), project(s), systems or environmental health. Long term impact on operational efficiency and performance. Financial loss of £1m or more. Likely to generate many complaints and extensive adverse media attention resulting in long term reputational damage. Serious breach of legal or contractual obligation attracting the rapid intervention of legislative or regulatory bodies. Loss of credibility.
<p>NB. Only one of the bullet points need apply within any category. Where scores fall across more than one level, always use the highest score.</p>		

In the final column **please select key risks for your area that will be included in the Service Plan** summary for publication.

Please note that you should have **no more than 5 critical risks** in addition to the strategic risks applying to your service.

Risk Code & Title	Likelihood	Impact	Rating – Likelihood x Impact	Internal Control – What are you going to do to mitigate the risk
CSB BR01 The Authority is unable to set a robust Medium Term Financial Strategy	3	4	12	1. Possible changes to the national funding formula are monitored and the LGA lobbies to protect members interests. However this risk cannot be fully

Cost information	
How does the cost compare to our nearest neighbour comparators?	Unallocated contingencies and other services costs represent an amalgamation of items of expenditure that do not relate to specifically defined service areas. It includes costs that do not relate to the provision of on-going services. A number of the costs therefore have no direct bearing on the VFM of the current services and the comparison is of limited meaningfulness.
Is there a reason our costs are higher/lower than our nearest neighbour comparator groups	N/A
How have our actual costs changed over the last 3 years?	Unallocated contingencies have remained stable over the past few years.

Please summarise your cost information below. How are the costs changing over time, do we compare favourably with our nearest neighbour (please highlight if there is any reasons you know of why costs may be different). This section will feed into the Service Plan Summary for publication.

Summary – Cost information
<p>After a number of years of continued cost reduction, in 17/18 the cost of the Finance team has increased slightly due to inflationary pressures. However the overall cost of the finance service has still seen a real reduction over the past 5 years.</p> <p>Direct Costs CDC + SBDC 2013/14 £910,900 Direct Costs CDC + SBDC 2017/18 £880,090 3% reduction.</p> <p>The cost of Internal Audit has reduced over the past 5 years Direct Costs CDC + SBDC 2013/14 £129,720 Direct Costs CDC + SBDC 2017/18 £ 92,840 28% reduction.</p>

Service Plan Workbook 2018/19

Healthy Communities

Why develop a service plan?

Service plans form a key part of the Council's corporate planning and performance system. They provide the detail about how services will deliver the Council's objectives and priorities.

The plans help us to measure progress against what we have said we would do and enable individual officers to see how the work they do on a day to day basis contributes to the Council's objectives.

This workbook will help you work through all the elements that need to be covered when planning your service for the next year.

When do service plans run from and to?

Service plans are run in parallel with the financial year.

You need to use this workbook to plan for the next financial year from April 2018 until end of March 2019, also thinking about longer term objectives and actions to include and work towards.

Service Plan Workbook and Summary

The service plan workbook is a working document for you to work through in the form of tables, checklists and text boxes.

The summary from each of the sections in the workbook will then be taken to create a 3-4 page Service Plan Summary for each service, which will be the outward facing service plan for staff, Members and for publication, so please ensure each summary is concise with a sufficient amount of detail.

The workbook is each manager's working document, so they can choose to keep it concise and high level or add in more detail to make it a useful working manual for the team.

Timetable for developing Service Plans

Service plan workbooks should be submitted to the Policy & Performance team by early November 2017, who will provide feedback on the content and pull together the service plan summaries. The summaries will then be submitted through to Management Team in early December for approval before going to the next available Cabinet at each Council.

Involving Staff and Members

The Head of Service/principal officer has the responsibility for writing the service plan. However **it is important that all staff in service areas are included in developing the plan, to help them understand their work programme for the next 12 months and how it links in with the Council's**

Stronger in partnership

objectives. Relevant Councillors such as the Cabinet/portfolio lead for each area should also be consulted, when carrying out your service planning, to ensure that they are aware of and aligned with the direction the service is going in.

I have discussed this service plan with:	Y/N
Portfolio holder(s)	
Unit managers	
Officers	

Cross-cutting issues

When you are working through your service plan you should keep in mind the following cross cutting issues: diversity, mainstreaming community safety, use of ICT and website, localism and the big society, external funding, sustainability and equalities and how your service can take each of these into account.

Prefilling

The Performance team will pre-fill some sections from either existing information or the previous years' service plan.

All of this information will need to be reviewed, checked and amended where necessary.

Service Plan details

Head of Service/Principal Officer	Martin Holt
Draft version completed

Section 1 – Key Service Aims/Objectives

Please list each of the services in your area (with a brief overview of functions they provide) and the Cabinet portfolio that it reports to. Please mark whether or not each function is statutory.

Key Service Functions	Portfolio reporting to	Statutory/Mandatory
Housing - Housing Strategy and delivery of affordable housing options, Homelessness, Housing Advice and Allocations, Housing Conditions (Grants including repairs and adaptations, Advice and Enforcement against poor housing conditions) and Energy Efficiency.	Communities, Health and Housing (CDC) Healthy Communities (SBDC)	<input checked="" type="checkbox"/>
Environmental Health - Health and Safety, Food Safety and Pest and Dog Control, Health Protection and Public Health Emergency Planning Business Continuity, Air Quality, and remediating contaminated land, Water/flood management (CDC only)	Communities, Health and Housing (CDC) Healthy Communities (SBDC)	<input checked="" type="checkbox"/>
Climate Change, Sustainability, , Environmental Project Management e.g. HS2, Aviation, Flooding (CDC)	Environment (CDC)	<input checked="" type="checkbox"/>
Carbon management and energy efficiency (SBDC)	Environment (SBDC)	<input checked="" type="checkbox"/>
Community Safety – Reducing Crime and Disorder, Preventing Violent Extremism and reducing Antisocial behaviour	Communities, Health and Housing (CDC) Healthy Communities (SBDC)	<input checked="" type="checkbox"/>
Licensing – Taxi, Private Hire, Premises, Alcohol, Street Trading and Collections, and Animal Licensing, Mobile Homes and Skin Piercing	Communities, Health and Housing (CDC) Healthy Communities (SBDC)	<input checked="" type="checkbox"/>
Community & Leisure - Community Engagement and Cohesion, Safeguarding, Grants, Leisure Client, Sports Development, Community and Partnerships, Health Inequalities and Community Transport.	Communities, Health and Housing (CDC) Healthy Communities (SBDC)	<input checked="" type="checkbox"/>

Stronger in partnership

Please put in your key service aims/objectives below, these should provide a short description of the purpose of each of the services in your area. In the final column please select key aims for each area (3-5 aims) that will be included in the Service Plan summary for publication. These will also be used to update the Council's Corporate Plan.

Community & Leisure

Key Service Aims/Objectives	Include in Service Plan Summary
Enable the Council to safeguard vulnerable adults and children and young people	<input checked="" type="checkbox"/>
Oversee the delivery of customer focussed leisure services at the Council's leisure centres to ensure they meet the needs of the community.	<input checked="" type="checkbox"/>
Review existing leisure facility infrastructure and plan effectively to provide appropriate and sufficient provision up to 2045, including Chiltern Pools and Farnham Park.	<input checked="" type="checkbox"/>
Work with community transport providers (both voluntary and via Dial – A – Ride) to make sure the services are available for those who most need them and that the potential users are aware of what's available.	<input checked="" type="checkbox"/>
To provide a range of affordable sporting and cultural activities that will help assist young people, adults, the hard to reach and those with disabilities participate as part of a cohesive and integrated community.	<input checked="" type="checkbox"/>
Work closely with partners to develop services that help reduce antisocial behaviour, social isolation and improve community engagement and participation	<input checked="" type="checkbox"/>
To work in partnership to support and develop the community and voluntary sector infrastructure to deliver services and support to meet identified needs	<input checked="" type="checkbox"/>
Support the health and wellbeing of vulnerable and older people through Prevention Matters, particularly working with Public Health and CCG, to deliver – Senior Health Fairs and delivering actions arising from the countywide Health and Wellbeing, Healthy Eating and Physical Activity strategies	<input checked="" type="checkbox"/>
To facilitate the Councils' grant funding programmes to support community groups to be able to continue to deliver much needed services, improvements and initiatives to the community. These grants are both capital and revenue.	<input checked="" type="checkbox"/>
To implement the Community & Wellbeing Plans to support Community infrastructure and build capacity within both Chiltern and South Bucks.	<input checked="" type="checkbox"/>
To support the implementation of the Economic Development Strategy Action Plan, particularly in reference to supporting local visitor strategies.	

Community Safety

Key Service Aims/Objectives	Include in Service Plan Summary
Reduce house burglary and theft from vehicles	<input checked="" type="checkbox"/>

Stronger in partnership

Key Service Aims/Objectives	Include in Service Plan Summary
Tackling violence in our communities and domestic abuse	<input checked="" type="checkbox"/>
Reduce anti-social behaviour in our communities	<input checked="" type="checkbox"/>
Protect vulnerable individuals and safeguarding (including extremism)	<input checked="" type="checkbox"/>
Reduce the fear of crime through effective communications	<input checked="" type="checkbox"/>
Improve community resilience	<input checked="" type="checkbox"/>

Environmental Health

Key Service Aims/Objectives	Include in Service Plan Summary
Improve service quality to enable communities, residents and businesses to resolve their service requests at the first point of contact or close to the first time of asking	<input checked="" type="checkbox"/>
Provide effective and efficient regulatory services that meets customer needs	<input checked="" type="checkbox"/>
Provide effective partnership working to protect and improve public health and environmental quality and mitigate the impact of major projects e.g. HS2, Crossrail, Heathrow	<input checked="" type="checkbox"/>
Develop a service that supports mitigating the impact of Climate Change and support the community to reduce carbon emissions	<input checked="" type="checkbox"/>
Improve the resilience of both Local Authorities to meet increasing demands and respond effectively to emergencies	<input checked="" type="checkbox"/>
Continue to develop shared policies and procedures to deliver more efficient services	<input checked="" type="checkbox"/>

Housing

Key Service Aims/Objectives	Include in Service Plan Summary
To provide Housing advice and assistance to prevent or reduce homelessness whilst minimising the associated costs to the Councils	<input checked="" type="checkbox"/>
To facilitate the provision of new affordable housing, as well as other affordable housing options, and make the best use of the housing stock to meet housing need	<input checked="" type="checkbox"/>
To significantly reduce the use of temporary accommodation and improve budget provisioning.	
Provide housing assistance and choice based lettings through the operation of the Bucks Home Choice policy and web based system	<input checked="" type="checkbox"/>
To address the needs of an increasingly elderly population and the needs of vulnerable people (including the delivery of advice, assistance and financial support to deliver repairs, improvements and adaptations to the home)	<input checked="" type="checkbox"/>

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Key Service Aims/Objectives	Include in Service Plan Summary
Promote healthy living, well-being and address health inequalities (by tackling poor and/or unsuitable housing conditions)	<input checked="" type="checkbox"/>
To support the delivery of home energy efficiency assisting the council to meet its Home Energy Conservation Act responsibilities and targets	<input checked="" type="checkbox"/>

Licensing

Key Service Aims/Objectives	Include in Service Plan Summary
Protect the public through the operation of effective Licensing strategies, processes and enforcement	<input checked="" type="checkbox"/>
Deliver a consistent, transparent licensing and enforcement system across both Chiltern and South Bucks District Councils	<input checked="" type="checkbox"/>
Further develop effective pre application and advice services for applicants and residents	<input checked="" type="checkbox"/>
To use the licensing and regulatory systems for the prevention of crime and disorder; the prevention of public nuisance; the protection of children from harm and to ensure public safety	<input type="checkbox"/>
To maximise opportunities to harmonise fees and charges, raise income and reduce the service delivery costs thereby reducing the charge to both councils	<input type="checkbox"/>

Children's Act 2004 and Protection of Vulnerable Adults: We are required to put in place arrangements to protect children and vulnerable adults and promote their welfare. How does your service takes account of the need to safeguard and promote the welfare of children and vulnerable adults, and how will you improve this in the coming year?

This service leads the Councils' strategic response to safeguarding and is currently reviewing the Children and Young Persons Safeguarding policy, procedures and training required to deliver effective controls. The service will lead on the implementation of new duties, policies and training in relation Adult Safeguarding and the prevention of violent extremism.

Community Safety supports the partnership actions to prevent, deter and investigate the exploitation of children and young people as well as adults and older people. The service delivers partnership actions such as supporting the delivery of Chelsea's Choice a child sexual exploitation (CSE) theatre production in to local schools. Licensing is working countywide to address the findings of several reports in to CSE which in other areas has involved licensed premises and vehicles. A CSE and vulnerable persons awareness requirement is being added to the fit and proper test for licenced drivers.

Licensing premises and the Licensing trade are at risk in terms of vulnerable adults and children – this is managed through an effective Licensing department and working closely with other organisations and departments.

Housing will work to minimise the use of B&B accommodation for families with young children, and seek to promote more self-contained options. Additionally, the team operates within safeguarding provisions and allocates resources accordingly, whilst also working with statutory partners e.g. BCC to ensure those who are vulnerable are accessing the support required.

The Housing has worked with partners to agree new joint working protocols with the Bucks CC First Response Team to ensure that vulnerable young people (16-17yrs) who are facing homeless are properly assessed and can

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

access the help and support that they need.

Regulatory controls through the enforcement of Housing Standards, Food and Health and Safety, the provision of Public Health and Pollution Controls and the Licensing of events all protect individuals from harm.

The division also enables the Councils' response to Business Continuity and Emergency Planning supporting the community to be more resilient in times of crisis.

Stronger in partnership

Section 2 – Key achievements/outcomes for previous year

Please list key achievements and outcomes that the service has achieved since March 2016. This is because the service plan summaries containing this information go to Cabinet during February 2017, so you will be looking back over the current year for your achievements. You should aim to have 5-10 key outcomes. The top 5 from each service area will feed into the Service Plan Summary for publication.

Community and Leisure

Key achievements and outcomes in the previous year
Continued to review the Safeguarding policies to mainstream actions to protect Children and vulnerable persons
Utilised the feasibility and options appraisal studies to progress the project of replacing the Chiltern Pools to pre-planning stage.
Supported community groups to participate in building resilient communities (Volunteer training, funding workshops and mentoring) as well as celebrating and recognising local volunteers through the Community Awards event
Worked with BCC to enable the continued use of the Evreham Centre until 2021
Delivered workforce health programme in partnership with local Clinical Commissioning Group including staff health checks, lunchtime leisure activities, discounted access to leisure centres lunchtime health fairs
Over 950k customer visits across Chiltern and South Bucks leisure centres and over 6k throughput in the leisure contract outreach programme targeting isolated older residents, young people and disadvantaged communities
Following Farnham Park Playing Fields strategic review, implemented the key findings of the report to improve facilities such as the changing rooms, sports fields and general infrastructure.
Supported a range of actions to support the delivery of the Economic Development Strategy, particularly in regards to local visitor strategies across both districts.
Established the new Chiltern and South Bucks Community Lottery.
Delivered the 2017 Youth Awards to celebrate and reward local young people
Improved the changing room facilities at Chiltern Pools and upgraded the Gym facilities at Chalfont leisure centres through the contract surplus fund
Supported a range of diversionary summer activities across both districts including Amersham, Burnham and Chesham

Community Safety

Key achievements and outcomes in the previous year
Delivered the Community Cards Scheme involving 32 schools
Delivering Section 17 awareness as part of staff induction process
Increased the number of NHW co-ordinators following a proactive campaign to encourage take-up
Relaunched Safe Place Scheme
Established Hotel Watch
Established Ask for Angela

Stronger in partnership

Supported members of faith groups to access safeguarding training
--

Environmental Health

Key achievements and outcomes in the previous year
--

Delivered a robust response to serious breaches of regulatory controls resulting in prosecution and the service of enforcement notices aimed to improve outcomes

Work on mitigation of the impact of major projects such as HS2 and informing the policies and strategies in relation to the major transport project e.g. M4 Smart Motorway, HS2, Heathrow, WRATH, Crossrail, East West Rail
--

Supported the Council to address its Health and Safety, Business Continuity and Emergency planning risks

Implemented a Mobile Working Pilot for Environmental Health to allow for a more efficient and streamlined operations.
--

Positioned the team to attract and deliver external work and projects, linking the economic development strategy with the team's aims and objectives.

Reviewed the pest and dog control services to align and improve procedures for the customers of both Councils.
--

Housing

Key achievements and outcomes in the previous year
--

Presented the Joint Housing Strategy to Members following consultation and governance process.

Reviewed the Private Housing Strategy and Financial Assistance Plan for both Councils in light of new civil penalties and enforcement powers.
--

Delivered 47 additional affordable dwellings across CDC and SBDC in 2016/17 through new build, acquisitions and equity loans
--

Delivered 96 DFGs in CDC and SBDC during 2016/17 (and have delivered 68 DFGs during the first 6 months of 2017/18)
--

Supported the South Bucks Members Task and Finish group for Homelessness to review delivery of Housing.
--

Revised and updated county-wide affordable warmth strategy.

Part of a county-wide review of processes for delivering disabled grants.

Launched a county-wide resilience service to provide early intervention to prevent homelessness further to a successful bid in the DCLG Homelessness Trailblazer funding, with the service delivered by Connections Support.

Purchased Gerrards Cross Police Station to ensure the continuation of Temporary Accommodation within the site.

CDC Affordable Housing Group continued to support the delivery of affordable housing.

Processing and procedural arrangements have been put in place to support the implementation of the Homelessness Reduction Act 2017.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Licensing

Key achievements and outcomes in the previous year
Reviewed the Taxi and Private Hire policy (CDC)
Maintained balance of income and costs.
Extended the range of licensing applications available online so that the majority of applications that Licensing deals with are now available electronically.
New structured website forms being implemented for key issues that we are contacted about. E.g. Taxi accident reporting and licensee change of address.
Processing of applications has been achieved within good timeframes. Most recent figures showed that in the most recent quarter 99% of licences were dealt with within the required timescales
Reviewed Licensing Act 2003 (LA03) Policy (CDC)
Reviewed Mobile Homes fees and policies for both districts.
Introduced requirements of Section 165 of the Equality Act to ensure information is available to customers regarding wheelchair-accessible vehicles.
Introduced new processes under the Immigration Act 2016, of the right to work of Licence holders.

Stronger in partnership

Section 3 Shared Services programme

Please identify, for each unit you are responsible for, current plans in relation to the shared services reviews:

Unit Name	Review and implementation completed (say when)
Community Review	Review completed and implemented 1 st December 2014
Licensing Review	Review completed and implemented March 2014
Community Safety Review	Review completed and implemented March 2014
Housing Review	Review completed and implemented in September 2014
Environmental Health	Review completed and implemented on 1 st October 2015

CHILTERN
District Council

SOUTH BUCKS
District Council

Section 4 - Know your customer - to be prefilled – will require checking/tweaking

This section allows you to think about who your customers are and the make-up of the customers that your team needs to provide a service to. This information will help you to influence your service delivery and the way it is tailored to different sets of customers. It can also help you to provide a basis for prioritisation over which aspects of the service to continue, improve, grow or cut back. There is a wide range of information available about the make-up of customers in the district e.g. Acorn data, Census data and information from other statistical sources and data.

Current priority groups identified through the SBDC Cohesion and Inequalities Strategy 2010 that we wish to ensure can access services, support and are able to get involved are: Carers; People with a disability – physical (such as sight and hearing impairment), mental health and learning difficulties; Low income families/households; Elderly; Young; Gypsy, Roma Traveller community (due to low literacy levels).

Information about your customers	
<p>Who are your key customers? (If your customers are internal departments this should be stated).</p>	<p>The following groups have been identified as key customers for the service</p> <ul style="list-style-type: none"> • Residents, employees and visitors to the district. • Owners of Commercial premises. • Licensed drivers, proprietors and operators who require Private Hire and Hackney Carriage licences. • Voluntary and Partner Organisations, e.g. TVP, CIB. • Government and Local Authority colleagues <p>Lone parents -There were 1,609 lone parent families in Chiltern in 2011, this accounts for 4.4% of all households compared to 3.6% in 2001. In South Bucks there were 1,195 lone parent households in South Bucks in 2011, this accounts for 4.5% of all households compared to 3.3% in 2001.</p> <p>BME– In Chiltern 8.5% fell within a non-white ethnic group in 2011, an increase from 4.6% in 2001. In South Bucks 15.7% of the population fell within a non-white ethnic group in 2011, an increase from 6.6% in 2001, 2.2% say no member of the household has English as their first language.</p> <p>Children in care - There is a high level of children in care in foster care, and in children homes. This has increased in recent years.</p> <p>Carers- In Chiltern there were 9,664 people who provided some form of unpaid care (10.4% of the population), of these carers there were 1,481 who provided 50 or more hours unpaid care a week. In South Bucks there were 6,893 people who provided some form of unpaid care (10.4% of the population); of these carers there were 1,174 who provided 50 or more hours unpaid care a week.</p> <p>People with a disability – physical (such as sight and hearing impairment) - In Chiltern there were 12,448 people who stated that their day to day activities were limited which accounted for 13.4% of the population. Of this number there were 5,054 (5.5% of the population) who said their activities were limited a lot. In South Bucks there were 9,300 people which accounted for 13.9% of the population. Of this number 3,965 (5.9% of the population) said their activities were limited a lot.</p> <p>Children and adults with mental health and learning difficulties - These figures have increased over recent years and the NHS is leading on</p>

Stronger in partnership

	<p>a number of initiatives to reduce this including the '5 ways to wellbeing' initiative.</p> <p>Homelessness – the introduction of the Homelessness Reduction Act will increase the opportunity to assist those most in need and support them in to suitable accommodation. However the supply of homeless accommodation and move on accommodation will be a significant challenge. We will work with those threatened with homelessness to put in place an action plan which includes accommodation, access to support services and managing finances.</p> <p>Elderly - There were 17,968 people within Chiltern aged 65 and over, which accounted for 19.4% of the population. 2,495 of these were aged 85 or over which accounted for 2.7% of the population. In South Bucks there were 12,951 people aged 65 and over which accounted for 19.4% of the population. 1,921 of these were aged 85 or over which accounted for 2.2% of the population.</p> <p>Young - There were 18,956 people aged 0-15 in Chiltern which accounted for 20.5% of the population of the district. In South Bucks there were 12,666 people aged 0-15 which accounted for 18.9% of the population of the district.</p> <p>Socially isolated - This group can include those with physical and mental health problems, the elderly and lone parents. There are many reasons behind this including issues around transport, finances, mobility.</p> <p>Vulnerable children and adults - This group continually changes. It can include the elderly and most young people. An adult can become vulnerable just by a sudden change in circumstances.</p>
<p>Are there key features/distinctive characteristics that need to be taken into account?</p>	<p>Our customers may be vulnerable in terms of; poor health, low income, threatened with homelessness, or vulnerable through race, disability, sex or gender, religion or belief, age, sexual orientation, gender reassignment, pregnancy and maternity or affected by the environment in which they live.</p> <p>There are pockets of deprivation and crime, which need to be monitored and appropriate action taken.</p> <p>Accessibility and awareness of services and service providers is a key problem in many of these groups. It's not just running the services for them that is important, it's making sure they know about them and can access them.</p> <p>Sometimes that means actually helping and supporting them to get to these activities / services.</p>
<p>Do you carry out a customer satisfaction survey for your area? Please list all satisfaction surveys that you currently undertake.</p>	<ul style="list-style-type: none"> • An email Customer Satisfaction Survey is conducted through all email contacts with the service in the areas of Licensing, Environmental Health, Community and Housing services. • A survey is sent to the recipient of each Disabled Facilities Grant from the Housing Team. • We are always seeking to better understand the customer needs and deliver services that support their requirements through a process of continuous improvement.
<p>As well as satisfaction surveys do you</p>	<ul style="list-style-type: none"> • Community Safety holds virtual community forums to raise

Stronger in partnership

<p>have any other regular consultation and engagement in place (e.g. focus groups)?</p>	<p>awareness of crime prevention, particularly in crime hotspots. It is hoped that a community forum can be set up for each District to enable the top priorities to be established.</p> <ul style="list-style-type: none"> • Working with communities to address emergency planning concerns around flooding • Licensing now hold seminars/workshops to assist regulatory compliance. • Community undertake Community Audit Walkabouts; receive feedback at Leisure Centres via comment book in reception, talk back box and via the Better website. • Licensing Public Access enables residents and businesses to be aware of applications in their area.
<p>Please tick any of the following that you will be carrying out next year.</p>	<p>Customer Focus Groups <input checked="" type="checkbox"/> (Chiltern Pools Review) Consultations <input checked="" type="checkbox"/> (Policy changes) Roadshows <input checked="" type="checkbox"/> (Health Fairs) Newsletters <input checked="" type="checkbox"/> Seminars/workshops <input checked="" type="checkbox"/> (Housing, EH, Licensing) Review of website pages <input checked="" type="checkbox"/> (continuous improvement)</p>
<p>Are there any key changes you will need to make to service delivery in the next year to tailor it to customer need?</p>	<p>Business Advice – seeking to raise offers knowledge of the needs of businesses and enable support as appropriate</p> <p>Community Safety – will work with partners to promote greater awareness of the risk of cyber-crime to protect vulnerable persons from crime and disorder.</p> <p>Community is very customer focussed and is continually changing to meet changing needs and demographics. The only major change relates to capacity. The section is very small.</p> <p>Environmental Health – Further enhancements to web information and use of social media. Online forms will also need improvements to improve usability.</p> <p>Housing – continue to promote the use of the Bucks Home Choice system to assess housing need.</p> <p>Housing- major change is expected due to the Homelessness Reduction Act 2017, as the introduction of new legal responsibilities will need to be reflected in service delivery.</p> <p>Housing – Review and amend HMO (Houses in Multiple Occupations) licensing and enforcement service as required in response to proposed changes in Government regulations</p> <p>Leisure – use the findings of Chiltern Pools consultation to progress the Chiltern Pools design and offer. Consult on a community-led visitor</p>

Stronger in partnership

	<p>strategy as part of the Economic Development Strategy action plan, and review the findings of the Farnham Park Playing Fields needs assessment.</p> <p>Licensing – promote the online systems and payments, advice and training courses, more enforcement. Continuous web improvement to encourage channel-shift away from telephone contact with department.</p>
<p>What will the Customer Experience Strategy entail for your service?</p>	<ul style="list-style-type: none"> Chiltern District Council and South Bucks District Council are likely to be delivering a significant programme of transformation to change the way that we deliver our services to our customers. Implementation of this programme will commence in 2018/19. Throughout this year all services will be involved in analysing data to identify customer needs and in tailoring service delivery to better meet those needs. Once the programme is implemented there will be an increased focus on the use of customer insight and data to develop our services in the future.
<p>In your view what would an excellent service look like to the community? How would you rate your service against this view?</p>	<ul style="list-style-type: none"> Customers receive service(s) right first time, at the time of asking, reducing the need for repeat working. This would be monitored through the division not receiving complaints against the service or being referred to the Ombudsman, and customers frequently commenting on the excellent service provided by the team. Housing – a community where people can access housing that is affordable, safe and secure. Health-aware businesses and a reduced carbon footprint. Services are targeted to the needy leading to reduced inequalities and improved community cohesion. The service currently strives to achieve these aims and will use additional information generated by the Census 2011 and TVP’s Strategic Assessment to improve intelligence and aid better targeting of services within the available funding levels. Community - A low crime area with a reduced waiting list for housing, low levels of homelessness. An excellent service would be accessible in terms of location and for all abilities. The service needs to be customer focused, safe and without barriers, the service needs to meet customer needs/requirements. Customers should have confidence in the service provided and gain a sense of reward from the service. Information must be accurate, useful and up to date.

Please summarise the main points covered in this section below (including identifying your main customers, key characteristics, key changes you are looking to make to service delivery in the next year and what consultation and engagement you are looking to carry out). This section will feed into the Service Plan Summary for publication.

Summary – Know your customer (Chiltern)

Our customers may be vulnerable in terms of: poor health, low income, threatened with homelessness; or vulnerable through race, disability, sex or gender, religion or belief, age, sexual orientation, gender reassignment, pregnancy and maternity or affected by the environment in which they live.

Our aim is to ensure customers receive service(s) right first time, at the time of asking reducing the need for

Stronger in partnership

repeat working. In delivering this service we will be ensuring information and advice is available through the website and via the telephone and face to face services will operate.

We will seek to maintain accurate case records so that applications or service requests are delivered in a timely manner benefiting the customer or those affected by the customer's actions

This will be monitored through: complaints against the service or Ombudsman enquiries, customer satisfaction comments and resolution times.

Summary – Know your customer (South Bucks)

Our customers may be vulnerable in terms of: poor health, low income, threatened with homelessness; or vulnerable through race, disability, sex or gender, religion or belief, age, sexual orientation, gender reassignment, pregnancy and maternity or affected by the environment in which they live.

Our aim is to ensure customers receive service(s) right first time, at the time of asking reducing the need for repeat working. In delivering this service we will be ensuring information and advice is available through the website and via the telephone and face to face services will operate.

We will seek to maintain accurate case records so that applications or service requests are delivered in a timely manner benefiting the customer or those affected by the customer's actions.

This will be monitored through; complaints against the service or Ombudsman enquiries, customer satisfaction comments and resolution times.

Section 5 – Action plan (short term/medium term)

The next 3 sections which cover performance indicators, actions and risks, we monitor using the Covalent Performance Management system.

Think about where you want to be in line with the Council's aims and priorities and what you need to do to get there. What actions will we be carrying out over the short term (1 year), medium term (2-3 years) and longer term (4-10 years)? What will the outcome of these actions be for residents? Any expected savings should be detailed in the action plan table. Please keep actions concise. Think about any key policy changes in the next few years, e.g. welfare reform, localism act, national planning policy framework and if they require a change to the way you currently deliver your service make sure appropriate actions are included in your plan. Consider the value for money of your service (refer to Joint Performance Management Framework for more information), and identify actions to include which will improve it.

You should include all key actions that you will be undertaking and select **5 - 10** actions that you will update progress on Covalent on a quarterly basis. The ones selected for Covalent *will be included in your Service Plan Summary* for publication. Please include relevant shared

Community and Leisure

Short term – actions for 2018/19

List of Key Actions/ Projects	Key Milestones/ Underlying Actions	What will be the key outcomes and benefits seen by residents	Put on Covalent (Yes/No)	Link to Council Aims/ Objectives/ Corporate value	Target Completion date (e.g. end March 2018)	Lead Officer	Expected savings

Section 6 – Performance indicators to be prefilled – will require checking/tweaking

Please review your performance indicators listed below, your indicators should assist you with achieving your service objectives, be customer focused and reflect the aims and priorities of the Council. Please highlight any changes to these indicators in **yellow**. *Only Corporate Performance Indicators will show in your Service Plan Summary for publication.* Identify a **maximum of 5** key performance indicators per unit to be tracked via Covalent. You must include priority and corporate indicators within these 5.

Corporate indicators include those which management team and cabinets have selected as priority indicators (P) to be included in the monthly budget pack.

Activity indicators are data only and for South Bucks only are also reported monthly in the budget pack. (A)

Corporate indicators are also reported on within the quarterly performance report (C)

Any changes to these must first be approved by MT/Cabinet and this will be swept up in the annual PI review process which will occur once the service plan summaries have been signed off.

MT would like to align PIs across both councils, where possible. They would also like quarterly performance reporting to concentrate on one or two key measures that define how your service is doing rather than indicators you use to assist your day to day management of the unit.

Additional indicators you wish to track to help manage the day to day business should be logged as departmental indicators (D) – used by your service only and not reported on outside your service by finance or policy and performance.

Please ensure you only include measures that are absolutely essential.

Section 7 - Risks to be prefilled – will require checking/tweaking

Please consult the Risk Register guidance when reviewing your risks. You need to consider any key risks that will affect the delivery of key service outcomes, *other than* the identified strategic, budgetary and business continuity risks.

- Likelihood:

Likelihood Score	Description	Frequency (How often it might / does happen.)
1	Rare	This will probably never happen and is only possible in exceptional circumstances.
2	Unlikely	This is possible, but not an expected occurrence.
3	Possible	This might happen occasionally, but likely to occur less than annually.
4	Likely	This is likely to occur within the next year but is not a persistent issue.
5	Almost Certain	This is likely to happen and could be persistent or occur frequently.

NB. Where scores fall across more than one level, always use the highest score.

- Impact:

Impact Score	Description	Impact definitions
1	Negligible	<ul style="list-style-type: none"> • Negligible loss, delay or interruption to service(s), project(s), systems or environment. • Can be easily and quickly remedied. • No or extremely unlikely financial loss. • No or extremely unlikely reputational loss. • No breach of Governance Rules, or of legal or contractual obligations.
2	Minor	<ul style="list-style-type: none"> • Minor loss, delay or interruption to service(s), project(s), systems or environment. • Short term impact on operational efficiency and performance. • Financial loss of £10,000 or less (Based on Financial Rules write-off limits). • Failure to meet internal standards where there is no external interest and overall objectives are not compromised. • Unlikely to generate complaints or cause reputational damage. • Small breach of legal or contractual obligations which can be quickly put right without penalty.

Impact Score	Description	Impact definitions
3	Moderate	<ul style="list-style-type: none"> Moderate loss, delay or interruption to service(s), project(s), systems or environment. Medium term impact on operational efficiency and performance. Financial loss of £10,000 or more but below £100,000. Failure to meet internal standards, where there is an external interest and overall objectives could be compromised. Likely to generate low levels of complaints and / or short term reputational damage. May attract the short term attention of regulatory or legislative bodies.
4	Major	<ul style="list-style-type: none"> Major loss, delay or interruption to service(s), project(s), systems or environment. One-off event which could destabilise the Council. Widespread medium or long term impact on operational efficiency and performance. Financial loss of £100,000 or more, but below £1m. Likely to generate complaints and adverse media attention resulting in medium term reputational damage. Breach of legal or contractual obligation attracting the medium-term attention of legislative or regulatory bodies.
5	Catastrophic	<ul style="list-style-type: none"> Total sustained loss or interruption to critical service(s), project(s), systems or environmental health. Long term impact on operational efficiency and performance. Financial loss of £1m or more. Likely to generate many complaints and extensive adverse media attention resulting in long term reputational damage. Serious breach of legal or contractual obligation attracting the rapid intervention of legislative or regulatory bodies. Loss of credibility.
<p>NB. Only one of the bullet points need apply within any category. Where scores fall across more than one level, always use the highest score.</p>		

In the final column **please select key risks for your area that will be included in the Service Plan** summary for publication.

Please note that you should have **no more than 5 critical risks** in addition to the strategic risks applying to your service.

Risk Code & Title	Likelihood	Impact	Rating – Likelihood x Impact	Internal Control – What are you going to do to mitigate the risk
CSB Comm01 Failure to safeguard children and vulnerable adults	1	3	3	1. Revised joint policy and procedures being developed

Risk Code & Title	Likelihood	Impact	Rating – Likelihood x Impact	Internal Control – What are you going to do to mitigate the risk
				<ul style="list-style-type: none"> 2. Training to staff to be reviewed and implemented as result of turnover across both councils 3. Safe recruitment practices being undertaken and reviewed

Ref	Strategic Risk	Corporate Relevance / Mitigation	Relevance /Service actions to mitigate
		<p>communicated.</p> <ul style="list-style-type: none"> . Build on success, in order to establish confidence to change. . Prioritise programme of change, and ensure it is adequately resourced. . Develop change management approach, and organisational development plan. 	<p>continuous improvement and learning within staff teams</p>
3	Financial Stability	<p>Review of MTFs. Clear service priorities. Analysis of Government spending plans, bought in where necessary. Savings programmes agreed and monitored. Annual review of cost base Strategies for use of reserves.</p>	<ul style="list-style-type: none"> • Service reviews identify deliverable savings • New more cost effective ways of working are continually sought.
4	Workforce Issues	<p>Organisational development and workforce planning. Monitoring of key personnel statistics. Good staff communications processes. Training and development strategies in place, resourced and monitored.</p>	<ul style="list-style-type: none"> • Workforce planning • Team building • Mentoring and coaching • Review of salaries in line with the revised JDs
5	Waste & Environmental Services	<p>Governance in place for joint contract. Have adequate in-house knowledge of cost share model. Co-ordinated approach by both Councils on JWC and with BCC Effective contract monitoring and good relationships with contractors Good communications with residents</p>	<ul style="list-style-type: none"> • N/A
6	Joint/Partnership working	<p>Co-ordinate and streamline representation on partnership groups. Monitor impact of changes arising from partner cut backs. Identify key partnerships to support.</p>	<ul style="list-style-type: none"> • Partnership working to address impact of legislative change •
7	Business Continuity	<p>Clear senior management arrangements for responsibility on business continuity. Business continuity plans in place. ICT DR plans in place. Maximise reciprocal support arrangements across two Councils.</p>	<ul style="list-style-type: none"> • Business continuity training and plans being reviewed • Services can be delivered from an alternative location.
8	Information Management & Security	<p>Policies and procedures in place, overseen by joint IG group, and made common where practical. Communication and training for staff on policies and procedures. Officer mechanisms to enable corporate approach to be taken to information management. Information management incorporated in any</p>	<ul style="list-style-type: none"> • Data transferred to joint uniform system and housing databases and document imaging systems to deliver robust data handling and recording systems • all files scanned and copied to cases

Ref	Strategic Risk	Corporate Relevance / Mitigation	Relevance /Service actions to mitigate
		service review process.	
9	New Legislative Changes	Corporate capacity to identify and analyse forthcoming legislative changes affecting the Councils. Analyse and produce action plans for Welfare Reform changes. Analyse and respond to changes to Planning system. Use of professional or local authority network groups to gain and share knowledge.	<ul style="list-style-type: none"> Service planning to address changing needs
10	Affordable Housing	Housing strategies in place and regularly reviewed. Good corporate relationships between housing and other council departments. Resources identified to support housing schemes	<ul style="list-style-type: none"> Updated Housing Strategy in place, alongside action plan. Monitoring date e.g. BHC to identify trends and respond as appropriate.
11	Major Infrastructure Projects Impacts.	Impact assessments made formally or informally on major projects. Clear Council position on a particular proposal. Lobbying mechanisms identified. Member communications strategy in place. Communication strategies with residents on any major proposals. Resources identified to fund actions or responses.	<ul style="list-style-type: none"> Feed into HS2, Aviation consultation
12	Demographic Changes	Corporate analysis of Census and related data. Incorporate Census data into service planning. Communicate key messages to members.	<ul style="list-style-type: none"> Service planning to address changing needs
13	Property/ Asset Management	Asset Management Plans in place and reviewed. Professional advice used where appropriate. Resources in place to support AMPs.	<ul style="list-style-type: none"> N/A
14	Economic Viability	Good liaison arrangements with local businesses. Monitor key indicators of the local economy. Take advance of opportunities offered by LEP.	<ul style="list-style-type: none"> N/A

Ongoing through your risks are there any improvements you need to put in place to mitigate key service risks and weaknesses in any areas? (please include improvement identified through internal and external audits and business continuity plans)

Moving more clients into private accommodation will mitigate most risks within Housing.
Ensure staff training is maintained due to importance of up-to-date knowledge.

Service Plan Workbook 2018/19

Human Resources

Why develop a service plan?

Service plans form a key part of the Council's corporate planning and performance system. They provide the detail about how services will deliver the Council's objectives and priorities.

The plans help us to measure progress against what we have said we would do and enable individual officers to see how the work they do on a day to day basis contributes to the Council's objectives.

This workbook will help you work through all the elements that need to be covered when planning your service for the next year.

When do service plans run from and to?

Service plans are run in parallel with the financial year.

You need to use this workbook to plan for the next financial year from April 2018 until end of March 2019, also thinking about longer term objectives and actions to include and work towards.

Service Plan Workbook and Summary

The service plan workbook is a working document for you to work through in the form of tables, checklists and text boxes.

The summary from each of the sections in the workbook will then be taken to create a 3-4 page Service Plan Summary for each service, which will be the outward facing service plan for staff, Members and for publication, so please ensure each summary is concise with a sufficient amount of detail.

The workbook is each manager's working document, so they can choose to keep it concise and high level or add in more detail to make it a useful working manual for the team.

Timetable for developing Service Plans

Service plan workbooks should be submitted to the Policy & Performance team by early November 2017, who will provide feedback on the content and pull together the service plan summaries. The summaries will then be submitted through to Management Team in early December for approval before going to the next available Cabinet at each Council.

Involving Staff and Members

The Head of Service/principal officer has the responsibility for writing the service plan. However **it is important that all staff in service areas are included in developing the plan, to help them**

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

understand their work programme for the next 12 months and how it links in with the Council's objectives. Relevant Councillors such as the Cabinet/portfolio lead for each area should also be consulted, when carrying out your service planning, to ensure that they are aware of and aligned with the direction the service is going in.

I have discussed this service plan with:	Y/N
Portfolio holder(s)	
Unit managers	
Officers	

Cross-cutting issues

When you are working through your service plan you should keep in mind the following cross cutting issues: diversity, mainstreaming community safety, use of ICT and website, localism and the big society, external funding, sustainability and equalities and how your service can take each of these into account.

Prefilling

The Performance team will pre-fill some sections from either existing information or the previous years' service plan.

All of this information will need to be reviewed, checked and amended where necessary.

Stronger in partnership

Service Plan details

Head of Service/Principal Officer	Louise Cole
Draft version completed	
Final version completed	
Service units covered by plan	Human Resources

Section 1 – Key Service Aims/Objectives

Please list each of the services in your area (with a brief overview of functions they provide) and the Cabinet portfolio that it reports to. Please mark whether or not each function is statutory.

Key Service Functions	Portfolio reporting to	Statutory/Mandatory
Recruitment and retention – getting and keeping good people as an employer of choice	Leader for CDC/ SBDC	<input type="checkbox"/>
Training and Development - developing skills and productivity to encourage improvement in all areas	Leader for CDC/SBDC	<input type="checkbox"/>
Developing the organisation and its leadership in the transformation process– to ensure the organisation is dynamic, fit for purpose and cohesive (Performance Management)	Leader for CDC/SBDC	<input type="checkbox"/>
Equality of Opportunity - compliance with the Equality Act 2010	Leader for CDC/SBDC	<input checked="" type="checkbox"/>
Fair and transparent Pay Policy – harmonisation of total reward package for both authorities and compliance with Localism Act	Leader for CDC/SBDC	<input checked="" type="checkbox"/>
Health and Well-being	Leader for CDC/SBDC	<input type="checkbox"/>
Ensure effective employee relations	Leader for CDC/SBDC	<input type="checkbox"/>

Please put in your key service aims/objectives below, these should provide a short description of the purpose of each of the services in your area. In the final column please select key aims for each area (3-5 aims) that will be included in the Service Plan summary for publication. These will also be used to update the Council's Corporate Plan.

Enabling the Councils to become employers of choice	<input checked="" type="checkbox"/>

Children's Act 2004 and Protection of Vulnerable Adults: We are required to put in place arrangements to protect children and vulnerable adults and promote their welfare. How does your service takes account of the need to safeguard and promote the welfare of children and vulnerable adults, and how will you improve this in the coming year?

All job descriptions include a statement of the safeguarding responsibilities of staff. There is also e-learning on the Learning Pool on safeguarding. The intranet pages provide details of the correct escalation processes on safeguarding matters. The HR team participate in the Safeguarding Working Group and the HR Manager is the point of contact on Managing Allegations in relation to staff who working with children or vulnerable adults.

Section 2 – Key achievements/outcomes for previous year

Please list key achievements and outcomes that the service has achieved since March 2017. This is because the service plan summaries containing this information go to Cabinet during February 2018, so you will be looking back over the current year for your achievements.

You should aim to have 5-10 key outcomes. The top 5 from each service area will feed into the Service Plan Summary for publication.

Human Resources

Key achievements and outcomes in the previous year
<ul style="list-style-type: none"> The final shared service was completed successfully.
<ul style="list-style-type: none"> All staff have been moved to harmonised T&Cs, with all statutory policies and key procedures also having been harmonised.
<ul style="list-style-type: none"> Significant progress has been made to the harmonisation of processes.
<ul style="list-style-type: none"> Total reward statement has been produced with harmonised benefits, and launched on the newly-updated intranet pages.
<ul style="list-style-type: none"> A Health and Wellbeing Strategy has been drafted. As part of this, personal resilience training, mindfulness, mental health awareness and first aid training has been offered.
<ul style="list-style-type: none"> Started to design an apprenticeship programme.
<ul style="list-style-type: none"> In terms of Organisational Development Strategy: <ul style="list-style-type: none"> Values and Behaviours have been built upon, with a Unwritten Ground Rules network established Leadership and Management Charter was agreed and launched Harmonised Appraisal Scheme developed and introduced
<ul style="list-style-type: none"> Electronic absence module implemented.
<ul style="list-style-type: none"> 4 HR Audits successfully completed with no significant recommendations.
<ul style="list-style-type: none"> Drafted workplace development plan.
<ul style="list-style-type: none"> Middle management development programme designed and delivered.

Section 3 – Shared Services programme

Please identify, for each unit you are responsible for, current plans in relation to the shared services reviews:

Unit Name	Review and implementation completed (say when)	Review and/or implementation continuing in 2016/17	Review scheduled for/continuing in 2017/18	Review not yet scheduled.
HR	1 st September 2015			

Stronger in partnership

Section 4 - Know your customer - to be prefilled – will require checking/tweaking

This section allows you to think about who your customers are and the make-up of the customers that your team needs to provide a service to. This information will help you to influence your service delivery and the way it is tailored to different sets of customers. It can also help you to provide a basis for prioritisation over which aspects of the service to continue, improve, grow or cut back. There is a wide range of information available about the make-up of customers in the district e.g. Acorn data, Census data and information from other statistical sources and data.

Current priority groups identified through the SBDC Cohesion and Inequalities Strategy 2010 that we wish to ensure can access services, support and are able to get involved are: Carers; People with a disability – physical (such as sight and hearing impairment), mental health and learning difficulties; Low income families/households; Elderly; Young; Gypsy, Roma Traveller community (due to low literacy levels).

Information about your customers	
Who are your key customers? (If your customers are internal departments this should be stated).	All internal Staff at SBDC and CDC whether permanent or temporary, Members and residents and wider public applying for posts at either authority. Wider stakeholders include other partners in Bucks, Workforce Development Group, Learning Pool, Occupational Health provider, Employee Assistance Programme provider, Healthcare Providers, Computershare Voucher Services, obsgopublic.com and AVDC as payroll provider.
Are there key features/distinctive characteristics that need to be taken into account?	Equality Duty - employee profile for CDC and SBDC analyses the workforce by a number of characteristics including age, sex, race, and disability by grade, average salary and full/part-time.
Do you carry out a customer satisfaction survey for your area? Please list all satisfaction surveys that you currently undertake.	Yes, a joint staff survey was developed in 2014/15, ran again in 2015/16 and will be repeated during 2016/17 so the results are directly comparable.
As well as satisfaction surveys do you have any other regular consultation and engagement in place (e.g. focus groups)?	Yes, union consultative negotiation groups. A group was established to review the outcomes of the staff survey and liP assessment. Joint Staffing Committee and it's sub-committees. All staff presentations/briefings and regular newsletters, Local Government Association, South East District Network group.
Please tick any of the following that you will be carrying out next year.	Customer Focus Groups <input checked="" type="checkbox"/> Consultations <input checked="" type="checkbox"/> Roadshows <input type="checkbox"/> Newsletters <input checked="" type="checkbox"/> Seminars/workshops <input checked="" type="checkbox"/> Review of website pages <input checked="" type="checkbox"/> update Pay Policy, Equality Duty information, recruitment pages, benefits pages and equalities pages.
Are there any key changes you will need to make to service delivery in	Yes, the implementation of the Customer Experience Strategy will require significant HR resources, subject to the approval of Joint Committee in

Stronger in partnership

<p>the next year to tailor it to customer need?</p>	<p>February 2018.</p> <p>The ongoing standardisations of HR practices across the two authorities will require many fundamental changes to the way the service is provided both to internal staff and to external customers applying for jobs at the Councils.</p> <p>Continue to review and update intranet pages to facilitate employee channel shift.</p>
<p>What will the Customer Experience Strategy entail for your service?</p>	<ul style="list-style-type: none"> Chiltern District Council and South Bucks District Council are likely to be delivering a significant programme of transformation to change the way that we deliver our services to our customers. Implementation of this programme will commence in 2018/19. Throughout this year all services will be involved in analysing data to identify customer needs and in tailoring service delivery to better meet those needs. Once the programme is implemented there will be an increased focus on the use of customer insight and data to develop our services in the future.
<p>In your view what would an excellent service look like to the community? How would you rate your service against this view?</p>	<p>An excellent service would be a cost effective, proactive, shared Human Resources service responsive to the needs of its customers that will enable and drive the delivery of both Councils' current and future business strategy through its staff.</p> <p>This would be achieved through full integration of the two authorities, streamlining processes and eliminating duplication. Complete implementation of harmonised terms and conditions and effective implementation. Equality of opportunity for all with internal development, training and promotion and a joint recruitment site.</p> <p>Delivery of Joint Workforce Plan based on new joint vision and aims with joint HR policies and procedures underneath based on best practice and equality impact assessed.</p> <p>Good employee relationship with and between staff and UNISON.</p>

Please summarise the main points covered in this section below (including identifying your main customers, key characteristics, key changes you are looking to make to service delivery in the next year and what consultation and engagement you are looking to carry out). This section will feed into the Service Plan Summary for publication.

Summary – Know your customer (Chiltern)

All internal Staff at SBDC and CDC whether permanent or temporary, members and residents together with the wider public applying for posts at either authority. Joining up of services across both districts will have fundamental changes to the way the service is provided both to internal staff and to external customers applying for jobs at the Councils, with the potential for joint recruitment, benefits and equalities sections on the websites.

Wider stakeholders include other partners in Bucks, Workforce Development Group, Learning Pool, Occupational Health providers, Employee Assistance Programme providers, HealthCare Providers, Computershare Voucher Services, Jobsgopublic.com, AVDC, Local Government Association, and South East District Network.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Summary – Know your customer (South Bucks)

All internal Staff at SBDC and CDC whether permanent or temporary, members and residents together with the wider public applying for posts at either authority. Joining up of services across both districts will have fundamental changes to the way the service is provided both to internal staff and to external customers applying for jobs at the Councils, with the potential for joint recruitment, benefits and equalities sections on the websites.

Wider stakeholders include other partners in Bucks, Workforce Development Group, Learning Pool, Occupational Health providers, Employee Assistance Programme providers, HealthCare Providers, Computershare Voucher Services, Jobsgopublic.com and AVDC.

Significant increase in BAME community from 6.6% in 2001 Census to 15.7% in 2011 census. 2.2% of population say that no-one in their household has English as their first language. This has wider implications for the delivery of all services at SBDC and therefore a joined up approach to engaging with these communities to establish if they have any additional / specialist needs will be required. Across the Council we have a very low number, if any, requests for language translation.

Stronger in partnership

Section 5 – Action plan (short term/medium term)

The next 3 sections which cover performance indicators, actions and risks, we monitor using the Covalent Performance Management system.

Think about where you want to be in line with the Council's aims and priorities and what you need to do to get there. What actions will we be carrying out over the short term (1 year), medium term (2-3 years) and longer term (4-10 years)? What will the outcome of these actions be for residents? Any expected savings should be detailed in the action plan table. Please keep actions concise. Think about any key policy changes in the next few years, e.g. welfare reform, localism act, national planning policy framework and if they require a change to the way you currently deliver your service make sure appropriate actions are included in your plan. Consider the value for money of your service (refer to Joint Performance Management Framework for more information), and identify actions to include which will improve it.

You should include all key actions that you will be undertaking and select **5 - 10** actions that you will update progress on Covalent on a quarterly basis. The ones selected for Covalent *will be included in your Service Plan Summary* for publication. Please include relevant shared services actions.

Short term – actions for 2018/19 (TAKEN FROM YOUR 2016/17 ACTIONS, PLEASE AMEND AS NECESSARY):

Section 6 – Performance indicators (to be prefilled – will require checking/tweaking)

Please review your performance indicators listed below, your indicators should assist you with achieving your service objectives, be customer focused and reflect the aims and priorities of the Council. Please highlight any changes to these indicators in pink. Only Corporate Performance Indicators will show in your Service Plan Summary for publication.

Identify a maximum of 5 key performance indicators per unit to be tracked via Covalent. You must include priority and corporate indicators within these 5.

Corporate indicators include those which management team and cabinets have selected as priority indicators (P) to be included in the monthly budget pack.

Activity indicators are data only and for South Bucks only are also reported monthly in the budget pack (A).

Corporate indicators are also reported on within the quarterly performance report (C).

Any changes to these must first be approved by MT/Cabinet and this will be swept up in the annual PI review process which will occur once the service plan summaries have been signed off.

MT would like to align PIs across both councils, where possible. They would also like quarterly performance reporting to concentrate on one or two key measures that define how your service is doing rather than indicators you use to assist your day to day management of the unit.

Additional indicators you wish to track to help manage the day to day business should be logged as departmental indicators (D) – used by your service only and not reported on outside your service by finance or policy and performance.

Please ensure you only include measures that are absolutely essential.

Section 7 - Risks to be prefilled – will require checking/tweaking

Please consult the Risk Register guidance when reviewing your risks. You need to consider any key risks that will affect the delivery of key service outcomes, *other than* the identified strategic, budgetary and business continuity risks.

Likelihood:

Likelihood Score	Description	Frequency (How often it might / does happen.)
1	Rare	This will probably never happen and is only possible in exceptional circumstances.
2	Unlikely	This is possible, but not an expected occurrence.
3	Possible	This might happen occasionally, but likely to occur less than annually.
4	Likely	This is likely to occur within the next year but is not a persistent issue.
5	Almost Certain	This is likely to happen and could be persistent or occur frequently.

NB. Where scores fall across more than one level, always use the highest score.

Impact:

Impact Score	Description	Impact definitions
1	Negligible	<ul style="list-style-type: none"> Negligible loss, delay or interruption to service(s), project(s), systems or environment. Can be easily and quickly remedied. No or extremely unlikely financial loss. No or extremely unlikely reputational loss. No breach of Governance Rules, or of legal or contractual obligations.
2	Minor	<ul style="list-style-type: none"> Minor loss, delay or interruption to service(s), project(s), systems or environment. Short term impact on operational efficiency and performance. Financial loss of £10,000 or less (Based on Financial Rules write-off limits). Failure to meet internal standards where there is no external interest and overall objectives are not compromised. Unlikely to generate complaints or cause reputational damage. Small breach of legal or contractual obligations which can be quickly put right without penalty.

CHILTERN
District Council

SOUTH BUCKS
District Council

Impact Score	Description	Impact definitions
3	Moderate	<ul style="list-style-type: none"> Moderate loss, delay or interruption to service(s), project(s), systems or environment. Medium term impact on operational efficiency and performance. Financial loss of £10,000 or more but below £100,000. Failure to meet internal standards, where there is an external interest and overall objectives could be compromised. Likely to generate low levels of complaints and / or short term reputational damage. May attract the short term attention of regulatory or legislative bodies.
4	Major	<ul style="list-style-type: none"> Major loss, delay or interruption to service(s), project(s), systems or environment. One-off event which could destabilise the Council. Widespread medium or long term impact on operational efficiency and performance. Financial loss of £100,000 or more, but below £1m. Likely to generate complaints and adverse media attention resulting in medium term reputational damage. Breach of legal or contractual obligation attracting the medium-term attention of legislative or regulatory bodies.
5	Catastrophic	<ul style="list-style-type: none"> Total sustained loss or interruption to critical service(s), project(s), systems or environmental health. Long term impact on operational efficiency and performance. Financial loss of £1m or more. Likely to generate many complaints and extensive adverse media attention resulting in long term reputational damage. Serious breach of legal or contractual obligation attracting the rapid intervention of legislative or regulatory bodies. Loss of credibility.
<p>NB. Only one of the bullet points need apply within any category. Where scores fall across more than one level, always use the highest score.</p>		

In the final column **please select key risks for your area that will be included in the Service Plan** summary for publication.

Please note that you should have **no more than 5 critical risks** in addition to the strategic risks applying to your service.

Service Plan Workbook 2018/19

Legal and Democratic Services

Why develop a service plan?

Service plans form a key part of the Council's corporate planning and performance system. They provide the detail about how services will deliver the Council's objectives and priorities.

The plans help us to measure progress against what we have said we would do and enable individual officers to see how the work they do on a day to day basis contributes to the Council's objectives.

This workbook will help you work through all the elements that need to be covered when planning your service for the next year.

When do service plans run from and to?

Service plans are run in parallel with the financial year.

Service Plan Workbook and Summary

The service plan workbook is a working document for you to work through in the form of tables, checklists and text boxes.

The summary from each of the sections in the workbook will then be taken to create a 3-4 page Service Plan Summary for each service, which will be the outward facing service plan for staff, Members and for publication, so please ensure each summary is concise with a sufficient amount of detail.

The workbook is each manager's working document, so they can choose to keep it concise and high level or add in more detail to make it a useful working manual for the team.

Timetable for developing Service Plans

Service plan workbooks should be submitted to the Policy & Performance team by early November 2017, who will provide feedback on the content and pull together the service plan summaries. The summaries will then be submitted through to Management Team in early December for approval before going to the next available Cabinet at each Council.

Involving Staff and Members

The Head of Service/principal officer has the responsibility for writing the service plan. However it is important that all staff in service areas are included in developing the plan, to help them understand their work programme for the next 12 months and how it links in with the Council's objectives. Relevant Councillors such as the Cabinet/portfolio lead for each area should also be

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

consulted, when carrying out your service planning, to ensure that they are aware of and aligned with the direction the service is going in.

I have discussed this service plan with:	Y/N
Portfolio holder(s)	
Unit managers	
Officers	

Cross-cutting issues

When you are working through your service plan you should keep in mind the following cross cutting issues: diversity, mainstreaming community safety, use of ICT and website, localism and the big society, external funding, sustainability and equalities and how your service can take each of these into account.

Prefilling

The Performance team will pre-fill some sections from either existing information or the previous years' service plan.

Stronger in partnership

Service Plan details

Key Service Aims/Objectives	Include in Service Plan Summary
effective implementation of decisions and completion of contracts/agreements.	
Deliver the cost-savings and new working practises identified in the Shared Service Business Plan.	<input checked="" type="checkbox"/>
To support the Cabinet and Management Team in respect of the preparation of the Joint Local Plan and other major infrastructure proposals affecting the Districts.	<input checked="" type="checkbox"/>
Support the introduction/implementation of a development company at SBDC and associated development projects.	<input checked="" type="checkbox"/>
To support the Cabinets and Management Team in respect of measures and procedures arising from the enactment of new legislation , statutory guidance and corporate projects	<input checked="" type="checkbox"/>

Children's Act 2004 and Protection of Vulnerable Adults: We are required to put in place arrangements to protect children and vulnerable adults and promote their welfare. How does your service takes account of the need to safeguard and promote the welfare of children and vulnerable adults, and how will you improve this in the coming year?

A lot of this act revolves around the timely and appropriate sharing of information across multiple agencies. Workshops have been performed with front line staff to ensure that they are up to date on how to handle and safely share data not only with partner organisations but also in a shared service context. A training programme has been devised and provided for all staff in information governance roles. This content also includes how to handle and safely share data with partner organisations, in a shared service context and the wider public.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Section 2 – Key achievements/outcomes for previous year

Please list key achievements and outcomes that the service has achieved since March 2017 . This is because the service plan summaries containing this information go to Cabinet during February 2018, so you will be looking back over the current year for your achievements.

You should aim to have 5-10 key outcomes. The top 5 from each service area will feed into the Service Plan Summary for publication.

Democratic and Electoral Services

Key achievements and outcomes in the previous year

Managed the County Council Elections in May and the General Election in June
Successfully completed the digitised annual canvass of electors at both Councils
Managed by-elections at Burnham Lent Rise and Taplow, Beaconsfield North and, Penn and Coleshill
Reviewed Polling Station arrangements
Increased voter registration engagement
Reviewed and updated SBDC's constitution including the Scheme of Delegations to Officers

Legal and Local Land Charges

Key achievements and outcomes in the previous year

Introduced VAT on Con29 Enquiries as required by HMRC
Completed a service review and implemented a joint Local Land Charges Services team
Progressed implementation of electronic TLC system for South Bucks in line with Chiltern
Supported the incorporation of a development company at South Bucks
Supported the Planning teams at both Councils with a number of high profile and complex planning enforcement matters
Dealt with emergency prohibition notices on 2 food premises and a successful prosecution for food hygiene offences

Stronger in partnership

Section 3 – Shared Services programme

Please identify, for each unit you are responsible for, current plans in relation to the shared services reviews:

Unit Name	Review and implementation completed (say when)	Review and/or implementation continuing in 2017/18	Review scheduled for/continuing in 2018/19	Review not yet scheduled.
Legal Services	2 February 2015			
Democratic Services	1 January 2017			
Local Land Charges		1 January 2018		

Stronger in partnership

Section 4 - Know your customer

This section allows you to think about who your customers are and the make-up of the customers that your team needs to provide a service to. This information will help you to influence your service delivery and the way it is tailored to different sets of customers. It can also help you to provide a basis for prioritisation over which aspects of the service to continue, improve, grow or cut back. There is a wide range of information available about the make-up of customers in the district e.g. Acorn data, Census data and information from other statistical sources and data.

Current priority groups identified through the SBDC Cohesion and Inequalities Strategy 2010 that we wish to ensure can access services, support and are able to get involved are: Carers; People with a disability – physical (such as sight and hearing impairment), mental health and learning difficulties; Low income families/households; Elderly; Young; Gypsy, Roma Traveller community (due to low literacy levels).

Information about your customers	
<p>Who are your key customers? (If your customers are internal departments this should be stated).</p>	<p>Legal department serves the following internal departments:</p> <ul style="list-style-type: none"> - Planning and Building Control - Environmental Health (including external Health & Safety, Food Safety, Licensing, Statutory Nuisance); - Environment (including estates and parking) - Housing (including Homelessness and Unfit Premises); - Revenues and Benefits; - Waste Management and Recycling <p>Land Charges main customers are normally solicitors or agents acting on behalf of prospective buyers and sellers of property.</p> <p>Democratic & Electoral Services clients are split into 2 categories:</p> <ul style="list-style-type: none"> • Decision making/representational role – mainly the elected members of the Council, but also the Management Team and internal staff across the Council are also served. Indirectly the public/residents are also customers, via public access to agenda and minutes of meetings. • Electoral Registration and Elections – the 72,685 electors in Chiltern and the 52,542 electors in South Bucks (ONS – UK Electoral Statistics 2011).
<p>Are there key features/distinctive characteristics that need to be taken into account?</p>	<p>Chiltern has a population of 94,545 and 39,419 households. South Bucks has a population of 69,120 and 28,694 households.</p> <p>South Bucks and Chiltern have an increasingly ageing population. For Chiltern 19.4% of the population is aged 65 years and over with 5.5% of the population aged 80 and over. For South Bucks 19.3% of the population is aged 65 years and over with 5.8% of the population aged 80 and over (Census 2011).</p> <p>Some older members of the electorate may face some barriers to voting for example travelling to the polling station, filling out information online – however there are other options available such as postal voting and information is available over the phone.</p> <p>DEFRA has classed both South Bucks and Chiltern as being rural. South Bucks a rural-50 district (at least 50% of its population in rural settlements and larger market town) and Chiltern is 'significant rural' (more than 26% but less</p>

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

	<p>than 50% of their population live in rural settlements and larger market towns).</p> <p>South Bucks has a number of gypsy and traveller sites within the district and is ranked 7 out of 348 authorities for the percentage of gypsy or Irish travellers who make up the population.</p>
Do you carry out a customer satisfaction survey for your area? Please list all satisfaction surveys that you currently undertake.	<p>Legal Services - client feedback is encouraged through on going surveys issued at the end of each matter. Democratic Services – survey of members' satisfaction with induction programme undertaken</p>
As well as satisfaction surveys do you have any other regular consultation and engagement in place (e.g. focus groups)?	<p>Legal Services have regular meetings with clients. Clients are also contacted through email, phone or face-to-face.</p> <p>Electoral services have feedback forms for candidates, agents and election staff</p>
Please tick any of the following that you will be carrying out next year.	<p>Customer Focus Groups <input type="checkbox"/></p> <p>Consultations <input checked="" type="checkbox"/></p> <p>Roadshows <input type="checkbox"/></p> <p>Newsletters <input type="checkbox"/></p> <p>Seminars/workshops <input checked="" type="checkbox"/></p> <p>Review of website pages <input checked="" type="checkbox"/></p>
Are there any key changes you will need to make to service delivery in the next year to tailor it to customer need?	<p>Land Charges – CDC and South Bucks moving to a joint service and shared TLC (Total Land Charges) system.</p> <p>Legal – Use of Iken Case Management system will enable more flexible working practices</p> <p>Democratic Services – Introduction of the report management module of Modern.gov for report and agenda preparation</p>
What will the Customer Experience Strategy entail for your service?	<ul style="list-style-type: none"> Chiltern District Council and South Bucks District Council are likely to be delivering a significant programme of transformation to change the way that we deliver our services to our customers. Implementation of this programme will commence in 2018/19. Throughout this year all services will be involved in analysing data to identify customer needs and in tailoring service delivery to better meet those needs. Once the programme is implemented there will be an increased focus on the use of customer insight and data to develop our services in the future.
In your view what would an excellent service look like to the community? How would you rate your service against this view?	<p>Efficient, timely, accurate and professional services which are cost effective and value for money</p>

CHILTERN

SOUTH BUCKS
District Council

Stronger in partnership

Please summarise the main points covered in this section below (including identifying your main customers, key characteristics, key changes you are looking to make to service delivery in the next year and what consultation and engagement you are looking to carry out). This section will feed into the Service Plan Summary for publication.

Summary – Know your customer (Chiltern)

The customers for Legal are internal departments and council members. Land Charges customers are solicitors or agents acting for home buyers whilst Democratic and Electoral Services provide services to councillors, internal departments and particularly those writing reports and all members of the public who are eligible to vote. The Joint Legal services team will be developing its electronic case management and time-recording system to increase efficiencies and enable more flexible working, as well as maximising income from external charging. Local Land Charges will digitise remaining paper records. Democratic and Electoral Services will be introducing report management through Modern.gov for preparing reports and agendas.

Summary – Know your customer (South Bucks)

The customers for Legal are internal departments and council members. Land Charges customers are solicitors or agents acting for home buyers whilst Democratic and Electoral Services provide services to councillors, internal departments and particularly those writing reports and all members of the public who are eligible to vote. The Joint Legal services has introduced an electronic case management and time-recording system to increase efficiencies and enable more flexible working, as well as maximising income from external charging. Local Land Charges will be continuing to digitise paper records and cleanse existing electronic records in preparation for the introduction of an electronic LLC register at both Councils and work towards a shared TLC system. Democratic and Electoral Services will be introducing report management through Modern.gov for preparing reports and agendas.

Stronger in partnership

Section 5 – Action plan (short term/medium term)

The next 3 sections which cover performance indicators, actions and risks, we monitor using the Covalent Performance Management system.

Think about where you want to be in line with the Council's aims and priorities and what you need to do to get there. What actions will we be carrying out over the short term (1 year), medium term (2-3 years) and longer term (4-10 years)? What will the outcome of these actions be for residents? Any expected savings should be detailed in the action plan table. Please keep actions concise. Think about any key policy changes in the next few years, e.g. welfare reform, localism act, national planning policy framework and if they require a change to the way you currently deliver your service make sure appropriate actions are included in your plan. Consider the value for money of your service (refer to Joint Performance Management Framework for more information), and identify actions to include which will improve it.

You should include all key actions that you will be undertaking and select **5 - 10** actions that you will update progress on Covalent on a quarterly basis. The ones selected for Covalent *will be included in your Service Plan Summary* for publication. Please include relevant shared services actions.

Short term – actions for 2018/19

List of Key Actions/ Projects	Key Milestones/ Underlying Actions	What will be the key outcomes and benefits seen by residents	Put on Covalent (Yes/No)	Link to Council Aims/ Objectives/ Corporate value	Target Completion date (e.g. end March 2018)	Lead Officer	Expected savings
Support further improvements to governance	Improve understanding of overview and scrutiny role.		No		Ongoing	JS	
Implement report management in Modern.gov	PID sets out programme for testing and phasing	Clearer reports	No			EC/LA	
Implement TLC at both Councils	PID sets out programme for testing and phasing	Quicker turn round times for SBDC searches	No	Customer focussed cost effective services	July 2018	JS

Section 6 – Performance indicators (to be prefilled – will require checking/tweaking)

Please review your performance indicators listed below, your indicators should assist you with achieving your service objectives, be customer focused and reflect the aims and priorities of the Council. Please highlight any changes to these indicators in **pink**. *Only Corporate Performance Indicators will show in your Service Plan Summary for publication.*

Identify a **maximum of 5** key performance indicators per unit to be tracked via Covalent. You must include priority and corporate indicators within these 5.

Corporate indicators include those which management team and cabinets have selected as priority indicators (P) to be included in the monthly budget pack.

Activity indicators are data only and for South Bucks only are also reported monthly in the budget pack (A).

Corporate indicators are also reported on within the quarterly performance report (C).

Any changes to these must first be approved by MT/Cabinet and this will be swept up in the annual PI review process which will occur once the service plan summaries have been signed off.

MT would like to align PIs across both councils, where possible. They would also like quarterly performance reporting to concentrate on one or two key measures that define how your service is doing rather than indicators you use to assist your day to day management of the unit.

Additional indicators you wish to track to help manage the day to day business should be logged as departmental indicators (D) – used by your service only and not reported on outside your service by finance or policy and performance.

Please ensure you only include measures that are absolutely essential.

Section 7 - Risks to be prefilled

Please consult the Risk Register guidance when reviewing your risks. You need to consider any key risks that will affect the delivery of key service outcomes, *other than* the identified strategic, budgetary and business continuity risks.

Likelihood:

Likelihood Score	Description	Frequency (How often it might / does happen.)
1	Rare	This will probably never happen and is only possible in exceptional circumstances.
2	Unlikely	This is possible, but not an expected occurrence.
3	Possible	This might happen occasionally, but likely to occur less than annually.
4	Likely	This is likely to occur within the next year but is not a persistent issue.
5	Almost Certain	This is likely to happen and could be persistent or occur frequently.

NB. Where scores fall across more than one level, always use the highest score.

Impact:

Impact Score	Description	Impact definitions
1	Negligible	<ul style="list-style-type: none"> Negligible loss, delay or interruption to service(s), project(s), systems or environment. Can be easily and quickly remedied. No or extremely unlikely financial loss. No or extremely unlikely reputational loss. No breach of Governance Rules, or of legal or contractual obligations.
2	Minor	<ul style="list-style-type: none"> Minor loss, delay or interruption to service(s), project(s), systems or environment. Short term impact on operational efficiency and performance. Financial loss of £10,000 or less (Based on Financial Rules write-off limits). Failure to meet internal standards where there is no external interest and overall objectives are not compromised. Unlikely to generate complaints or cause reputational damage. Small breach of legal or contractual obligations which can be quickly put right without penalty.

Impact Score	Description	Impact definitions
3	Moderate	<ul style="list-style-type: none"> Moderate loss, delay or interruption to service(s), project(s), systems or environment. Medium term impact on operational efficiency and performance. Financial loss of £10,000 or more but below £100,000. Failure to meet internal standards, where there is an external interest and overall objectives could be compromised. Likely to generate low levels of complaints and / or short term reputational damage. May attract the short term attention of regulatory or legislative bodies.
4	Major	<ul style="list-style-type: none"> Major loss, delay or interruption to service(s), project(s), systems or environment. One-off event which could destabilise the Council. Widespread medium or long term impact on operational efficiency and performance. Financial loss of £100,000 or more, but below £1m. Likely to generate complaints and adverse media attention resulting in medium term reputational damage. Breach of legal or contractual obligation attracting the medium-term attention of legislative or regulatory bodies.
5	Catastrophic	<ul style="list-style-type: none"> Total sustained loss or interruption to critical service(s), project(s), systems or environmental health. Long term impact on operational efficiency and performance. Financial loss of £1m or more. Likely to generate many complaints and extensive adverse media attention resulting in long term reputational damage. Serious breach of legal or contractual obligation attracting the rapid intervention of legislative or regulatory bodies. Loss of credibility.
<p>NB. Only one of the bullet points need apply within any category. Where scores fall across more than one level, always use the highest score.</p>		

In the final column **please select key risks for your area that will be included in the Service Plan** summary for publication.

Please note that you should have **no more than 5 critical risks** in addition to the strategic risks applying to your service.

Cost information

How does the cost compare to our nearest neighbour comparators?

CDC:

There is no comparison available for legal services costs, however for other central services; the cost per head of population was 11th lowest for the comparator group of 18 and 2nd lowest for corporate and democratic core costs.

SBDC:

There is no comparison available for legal services costs, however for other central services, the cost per head of population was 12th lowest for the comparator group of 18, below the average for the group and 8th lowest in the group for corporate and democratic core costs, reflecting the high level of fixed costs for this provision against the lowest population count for the group.

Service Plan Workbook 2018/19

Planning & Economic Development

Why develop a service plan?

Service plans form a key part of the Council's corporate planning and performance system. They provide the detail about how services will deliver the Council's objectives and priorities.

The plans help us to measure progress against what we have said we would do and enable individual officers to see how the work they do on a day to day basis contributes to the Council's objectives.

This workbook will help you work through all the elements that need to be covered when planning your service for the next year.

When do service plans run from and to?

Service plans are run in parallel with the financial year.

You need to use this workbook to plan for the next financial year from April 2018 until end of March 2019, also thinking about longer term objectives and actions to include and work towards.

Service Plan Workbook and Summary

The service plan workbook is a working document for you to work through in the form of tables, checklists and text boxes.

The summary from each of the sections in the workbook will then be taken to create a 3-4 page Service Plan Summary for each service, which will be the outward facing service plan for staff, Members and for publication, so please ensure each summary is concise with a sufficient amount of detail.

The workbook is each manager's working document, so they can choose to keep it concise and high level or add in more detail to make it a useful working manual for the team.

Timetable for developing Service Plans

Service plan workbooks should be submitted to the Policy & Performance team by early November 2017, who will provide feedback on the content and pull together the service plan summaries. The summaries will then be submitted through to Management Team in early December for approval before going to the next available Cabinet at each Council.

Involving Staff and Members

The Head of Service/principal officer has the responsibility for writing the service plan. However **it is important that all staff in service areas are included in developing the plan, to help them understand their work programme for the next 12 months and how it links in with the Council's objectives.** Relevant Councillors such as the Cabinet/portfolio lead for each area should also be

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

consulted, when carrying out your service planning, to ensure that they are aware of and aligned with the direction the service is going in.

I have discussed this service plan with:	Y/N
Portfolio holder(s)	
Unit managers	
Officers	

Cross-cutting issues

When you are working through your service plan you should keep in mind the following cross cutting issues: diversity, mainstreaming community safety, use of ICT and website, localism and the big society, external funding, sustainability and equalities and how your service can take each of these into account.

Prefilling

The Performance team will pre-fill some sections from either existing information or the previous years' service plan.

All of this information will need to be reviewed, checked and amended where necessary.

Designation of Conservation Areas, the preparation of Conservation Area Character Appraisals. Promoting the listing of new buildings of significant historic and architectural importance.	Planning and Economic Development	<input type="checkbox"/>
Enforcement of the Building Regulations 2010, including the processing and determination of applications submitted under the Building Regulations, the carrying out of site inspections and the provision of Building Control advice to customers.	Planning and Economic Development	<input checked="" type="checkbox"/>
Enforcement of the Building Act 1984, including dealing with and undertaking site inspections relating to dangerous structures and demolitions.	Planning and Economic Development	<input checked="" type="checkbox"/>
Provide awareness and advice for access for the disabled	Planning and Economic Development	<input checked="" type="checkbox"/>
Provision of responses to enable searches to be completed	Planning and Economic Development	<input checked="" type="checkbox"/>

Please put in your key service aims/objectives below, these should provide a short description of the purpose of each of the services in your area. In the final column please select key aims for each area (3-5 aims) that will be included in the Service Plan summary for publication. These will also be used to update the Council's Corporate Plan.

Building Control

Key Service Aims/Objectives	Include in Service Plan Summary
To ensure that building projects are designed and built in accordance with Building Regulations, health and safety standards and other relevant legislation thus safeguarding the public health and safety of people in and around buildings.	<input checked="" type="checkbox"/>
To provide a cost effective building control service this provides good value for money for both Authorities and the customer.	<input checked="" type="checkbox"/>
To maintain or enhance customer satisfaction whilst delivering a quality service which is resilient.	<input checked="" type="checkbox"/>
To enhance the service through the use of the most efficient and effective processes, including particularly remote working.	<input checked="" type="checkbox"/>
To aim for paperless office through improving processes.	<input checked="" type="checkbox"/>
To re-introduce a customer panel or something similar to help the service become customer focussed.	<input checked="" type="checkbox"/>

Development Management

Key Service Aims/Objectives	Include in Service Plan Summary
To take planning decisions to deliver the Councils' strategic objectives in accordance with the Local Plan unless to do so would be outweighed by the benefits of other material considerations or the	<input checked="" type="checkbox"/>

NPPF.	
To successfully defend the Council's decisions at appeal.	<input checked="" type="checkbox"/>
To maintain or enhance customer satisfaction whilst delivering a quality service which is resilient.	<input checked="" type="checkbox"/>
To maintain a high performing service, including dealing with applications and requests for pre-application advice expeditiously. A	<input checked="" type="checkbox"/>
To resolve alleged breaches of planning control in accordance with the Council's Enforcement policy as efficiently as possible, taking formal action in those cases where it is expedient to do so and where it has not been possible to regularise the position by other means.	<input checked="" type="checkbox"/>
To provide a customer focused service, which positively seeks to facilitate high quality development consistent with the Council's planning policies.	<input checked="" type="checkbox"/>
To enhance the service through the use of the most efficient and effective processes and to cut out any waste.	<input checked="" type="checkbox"/>
To ensure high quality of service delivery throughout the shared service implementation.	<input checked="" type="checkbox"/>

Planning Policy

Key Service Aims/Objectives	Include in Service Plan Summary
Deliver a cost-effective service with enhanced resilience and improved quality.	<input checked="" type="checkbox"/>
Prepare a new joint Local Plan in line with the National Planning Policy Framework, setting out clear strategic priorities for the area and the policies that address these, concentrating on the critical issues facing the area – including its development needs – and the strategy and opportunities for addressing them (including deliverability, viability and infrastructure planning).	<input checked="" type="checkbox"/>
Support the Neighbourhood Planning and Neighbourhood Development Order processes by providing advice or assistance to the entity which is producing the neighbourhood plan and by taking decisions at key stages in the neighbourhood planning process.	<input checked="" type="checkbox"/>
Work proactively and collaboratively with other organisations in order to deliver appropriate infrastructure improvements (e.g. A355 improvements, Beaconsfield relief road, Iver relief road) and influence their strategic proposals which have an impact on the District (e.g. HS2, Heathrow Express Depot, Heathrow, WRATH).	<input checked="" type="checkbox"/>
Establish, monitor and maintain effective evidence base for plan-making and implementation.	<input checked="" type="checkbox"/>
Deliver actions which will contribute to the implementation of the Economic Development Strategy	<input checked="" type="checkbox"/>

Enforcement

Key Service Aims/Objectives	Include in Service Plan Summary
Amalgamation of processes into a single system.	<input checked="" type="checkbox"/>
Adoption of Local Enforcement Plan.	<input checked="" type="checkbox"/>
Set and monitor specific performance objectives in relation to Local Enforcement Plan.	<input checked="" type="checkbox"/>
Setting-up of a pro-active monitoring system re: conditions and legal agreements.	<input checked="" type="checkbox"/>

Key Service Aims/Objectives	Include in Service Plan Summary
Deliver actions which will contribute to the implementation of the Economic Development Strategy	<input checked="" type="checkbox"/>

Children’s Act 2004 and Protection of Vulnerable Adults: We are required to put in place arrangements to protect children and vulnerable adults and promote their welfare. How does your service takes account of the need to safeguard and promote the welfare of children and vulnerable adults, and how will you improve this in the coming year?

The service generally has limited direct contact with children or vulnerable adults. Officers who undertake site inspections (e.g. Development Management, Enforcement, and Building Control) may occasionally visit premises where there are children and should keep an eye out for any situations or behaviour which does not seem right. The welfare of children can be a material planning consideration such as in relation to Gypsy and Traveller planning decisions.

When serving notices, Enforcement assess whether children are involved and demonstrate consideration of this if they will be affected by actions taken.

There are two e-learning modules on Learning Curve to raise awareness of these aspects: Safeguarding and Child Protection and Safeguarding Vulnerable Adults. Applicable staff are required to undertake both courses as appropriate. Where necessary, the need for this will be identified in their annual performance appraisal.

Planning Policy will take into account development needs in planning policy documents and where relevant access needs/implications as part of their evidence base, sustainability appraisals and equalities audits.

Section 2 – Key achievements/outcomes for previous year

Please list key achievements and outcomes that the service has achieved since March 2016. This is because the service plan summaries containing this information go to Cabinet during February 2017, so you will be looking back over the current year for your achievements. You should aim to have **5-10 key outcomes**. The top 5 from each service area will feed into the Service Plan Summary for publication.

Building control

Key achievements and outcomes in the previous year

Continued to maintain high levels of performance in checking building control applications, notwithstanding the reduced staffing levels in terms of building control surveyors.

Continued to maintain high level of customer satisfaction

Builders Partnership Scheme now in place

Mobile and agile working now in place

Significant move to paperless office – no new hard copy applications. All existing files back -scanned.

Increased the number of partners

The service is fully staffed with recruitment and Retention package in place.

The surveyors can complete site inspections on site which will sync with the back office of Uniform. They can also see the drawings and communications on site via their I Pads.

Planning Policy

Key achievements and outcomes in the previous year

Joint Local Plan for Chiltern and South Bucks – preparation of evidence base; duty to co-operate discussions; and publication of preferred options consultation undertaken in October – December 2016

Worked collaboratively with other organisations delivering infrastructure whilst minimising the adverse impacts of such proposals (E.g. Western rail access to Heathrow, Wilton Park diversion)

Supported neighbourhood planning through the making (adoption) of Chalfont St Peter Neighbourhood Plan and the designation of a number of other neighbourhood areas (Denham, Gerrards Cross, Hedgerley, Iver, Farnham Royal, Taplow, Seer Green)

Revised the Local Development Scheme in light of the Joint Local Plan

Awarded 2 Housing fund bids for marginal viability in terms of Beaconsfield and Iver relief roads

Enforcement

Key achievements and outcomes in the previous year

Implemented a joint Enforcement Team as part of the joint Planning review

Created a programme of works regarding the joint Planning service

Used the programme created to start on tasks relating to 2018/19

Development management

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Key achievements and outcomes in the previous year

Implemented a shared planning service for Chiltern and South Bucks, in order to bring about a range of benefits and improvements

Maintained top-quality performance as one of the best authorities in the country in terms of dealing with major, minor and other applications within the statutory period/timescales agreed with the applicant

Maintained high levels of customer satisfaction

Achieved a high success rate in successfully defending the Council's decisions on appeal

A significant improvement in the approach to, and performance of Enforcement at South Bucks following the appointment of a new Manager in October 2016

Stronger in partnership

Section 3 – Shared Services programme

Please identify, for each unit you are responsible for, current plans in relation to the shared services reviews:

Unit Name	Review and implementation completed (say when)	Review and/or implementation continuing in 2016/17	Review scheduled for/continuing in 2017/18	Review not yet scheduled.
Building Control	Implementation completed April 2014.	Piloting mobile/agile working as part of corporate initiative.	Introducing mobile/agile working	
Planning Policy	A light touch review of the Planning Policy teams was implemented in January 2015.	Reflecting the decision in late 2015 to prepare a single joint local plan for Chiltern and South Bucks, the 2 teams came together to form a joint Planning Policy team based at Amersham in early 2016		
Planning (Development Management, Enforcement and Planning Admin).		Implementation started in September 2017		

Stronger in partnership

Section 4 - Know your customer - to be prefilled – will require checking/tweaking

This section allows you to think about who your customers are and the make-up of the customers that your team needs to provide a service to. This information will help you to influence your service delivery and the way it is tailored to different sets of customers. It can also help you to provide a basis for prioritisation over which aspects of the service to continue, improve, grow or cut back. There is a wide range of information available about the make-up of customers in the district e.g. Acorn data, Census data and information from other statistical sources and data.

Current priority groups identified through the SBDC Cohesion and Inequalities Strategy 2010 that we wish to ensure can access services, support and are able to get involved are: Carers; People with a disability – physical (such as sight and hearing impairment), mental health and learning difficulties; Low income families/households; Elderly; Young; Gypsy, Roma Traveller community (due to low literacy levels).

Information about your customers	
<p>Who are your key customers? (If your customers are internal departments this should be stated).</p>	<p>There is a wide range of customers, both direct customers who use the service itself, and indirect customers who are affected by its outcomes.</p> <p>Building Control – Direct customers include applicants, agents, property owners, builders, Members, Thames Water, Land Charges team, solicitors, Planning, Housing team, Disabled groups. Indirect customers include owners and occupiers of neighbouring properties, the general public, and other statutory agencies such as the Fire Authority.</p> <p>Planning Policy – Direct customers include Members, Development Management & Enforcement officers, duty to co-operate organisations, parish councils/community groups undertaking neighbourhood plans and Government. Indirect customers include all of those who use the Districts in some way (e.g. residents, businesses, employees, those who use it for leisure purposes or in their daily commute). The services both have an adopted Statement of Community Involvement.</p> <p>Development Management – Direct customers include applicants, agents, Planning Committee, other Members, Town & Parish Councils, a wide range of other consultees, occupants/owners of nearby and neighbouring properties, objectors and those who support proposals. Indirect customers would include those who are affected in some way by the Council's decisions.</p> <p>Enforcement – Direct customers include complainants, contraveners, Planning Committee, and other Members. Indirect customers would include those who are affected in some way by the Council's decisions and neighbours to sites. Other agencies including BCC and TVP.</p>
<p>Are there key features/distinctive characteristics that need to be taken into account?</p>	<p>Key features of both Districts include high expectations of customers in terms of service quality, a propensity to go to appeal in the case of refusals of planning permission, and a substantive need for affordable housing to meet local needs.</p> <p>The travellers' needs assessment was updated in 2016. Census 2011 reports that South Bucks ranked 7th highest in England for people with Gypsy or Traveller ethnicity at 0.4%, 256 people, whilst Chiltern has 121 people in this</p>

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

	category.
<p>Do you carry out a customer satisfaction survey for your area? Please list all satisfaction surveys that you currently undertake.</p>	<p>Building Control – the joint service carries out surveys of customers in accordance with Government requirements.</p> <p>Planning Policy – the preparation of planning policy documents involves considerable engagement with key stakeholders. The Councils undertook extensive public consultation in relation to the joint local plan, with over 5400 parties responding to the issues and options consultation in early 2016, and a further excellent response to the preferred options consultation in October – December 2016. Local Authorities are subject to a “Duty to Co-operate” with neighbouring authorities and other bodies, and in the case of Local Plans any party who is aggrieved by the Council’s proposed policies has the opportunity to pursue their objections at an Examination. Accordingly, the authorities seek to resolve, as far as possible, such objections before Examination. However, there will always be some parties who are not satisfied (e.g. those who are fundamentally opposed to the Councils strong protection of the Green Belt)</p> <p>Development Management – South Bucks and Chiltern both carry out a continuous survey of applicants/agents.</p> <p>Enforcement – will draft and adopt a Local Enforcement Plan.</p> <p>A number of other extensive surveys of different types of customers (e.g. applicants, those submitting representations, consultees,) were carried out as an integral part of the shared service review for planning. Three workshops were also undertaken with planning agents in the context of the shared service review.</p>
<p>As well as satisfaction surveys do you have any other regular consultation and engagement in place (e.g. focus groups)?</p>	<p>Building Control runs informative seminars for its customers from time to time. During the implementation of the planning shared service review there will be the need to engage more regularly with key customer groups (e.g. agents).</p>
<p>Please tick any of the following that you will be carrying out next year.</p>	<p>Customer Focus Groups <input checked="" type="checkbox"/></p> <p>Consultations <input checked="" type="checkbox"/></p> <p>Roadshows <input type="checkbox"/></p> <p>Newsletters <input type="checkbox"/></p> <p>Seminars/workshops <input checked="" type="checkbox"/></p> <p>Review of website pages <input checked="" type="checkbox"/></p>
<p>Are there any key changes you will need to make to service delivery in the next year to tailor it to customer need?</p>	<p>Building Control is now agile and able to work from anywhere.</p> <p>The aim is to provide a flexible and mobile building control service that is self-financing by enabling surveyors to delivery services from any location in a reliable, agile and efficient manner. Implementing connectivity enabling on site / home back office access with real time upload / download capability via 3/4G networks utilising appropriate mobile devices that meet the needs of the service, in a relative “paperless” environment</p> <p>Planning Policy – the Planning Policy team’s focus over the next year will be on</p>

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

	<p>progressing the preparation of the joint Chiltern and South Bucks Local Plan.</p> <p>Development Management, Enforcement & Planning Support – the planning shared service, which has now been implemented, and includes a number of key changes, including , inter-alia, a revision to the number of area teams; a strategic sites and specialist team; an enforcement function which deals with retrospective applications; a temporary planning improvement team (to implement the change and drive efficiency); increased delivery to the customer by Customer Services; a “can do” approach, taking ownership and responsibility for dealing with issues and actively working to find effective solutions; changes to processes to make them more efficient and effective; move to more paperless working; ensuring that the information on the website is up-to-date and accurate to enable the customer to self-serve; a risk-based approach to supervision, checking and sign off; an outwardly focused service thinking about the customer experience; a service which is open to change, trying new approaches; a commercial mind-set; timely provision of pre-application advice; review of the fee charging structure and fees for pre-application advice; encouraging greater use of the planning portal for application submissions and discouraging the use of paper and email submissions; actively encouraging customers to submit comments/representations via public access so that it automatically populates back office system; active promotion of the use of Planning Performance Agreement (PPAs); or constraints to be run within the uniform system; representations and consultation responses to be made available on public access; use of Enterprise module to help performance management and balance workloads between staff and teams and smooth workflow; explore the potential for increased feedback to applicants on progress of their application; ensure that enforcement investigations undertaken with vigour and in a timely manner and that complainants are kept up-to-date at key stages in the process.</p> <p>Enforcement will require constitutional changes to seek a move to more enforcement officer and legal officer delegation to enable autonomous delivery of enforcement service.</p>
<p>What will the Customer Experience Strategy entail for your service?</p>	<ul style="list-style-type: none"> Chiltern District Council and South Bucks District Council are likely to be delivering a significant programme of transformation to change the way that we deliver our services to our customers. Implementation of this programme will commence in 2018/19. Throughout this year all services will be involved in analysing data to identify customer needs and in tailoring service delivery to better meet those needs. Once the programme is implemented there will be an increased focus on the use of customer insight and data to develop our services in the future.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

In your view what would an excellent service look like to the community? How would you rate your service against this view?

Building Control – a service which ensures that building projects are designed and built in accordance with Building Regulations, health and safety standards and other relevant legislation thus safeguarding the public health and safety of people in and around buildings. High levels of customer satisfaction. High level of market share. Increased income. Speedy plan checking performance. All forms available online. The Service deals with dangerous structures by working with the general public and the emergency services.

Planning Policy – a joint Local Plan which is based on sound evidence; proactively addresses issues faced by the Districts, including the need to provide for objectively assessed needs; which is fully supported by Members of both Councils; where the Councils can demonstrate that they have complied with the duty to co-operate. Plan preparation in accordance with the Local Development Scheme, and the avoidance of intervention by Government. Annual monitoring procedures in place and informing planning decisions and plan implementation. A five year housing land supply demonstrated. A service which proactively influences development proposals through liaison with Development Management, and which positively influences strategic infrastructure proposals in the districts and the sub region.

Development Management/Enforcement - which takes decisive and swift action in relation to unauthorised development which is unsustainable; which maintains high performance in dealing with applications, appeals and requests for pre-application advice; and which provides its services in the most cost-effective manner. The service which meets the following service review goals: –

- has a culture, service design and communications which are customer focused;
- information application advice that is timely, readily available to enable and encourage customers to submit only those applications which are likely to receive a favourable decision;
- a high performing service, adequately resourced to meet government and local targets and regulatory and statutory requirements;
- processes that are robust, effective, efficient, make the best use of technology, are common across the 2 authorities, easy to understand and consistently applied;
- a strong and stable team with a clear sense of direction where staff are valued, respected, motivated and challenged in providing a high quality service;
- A service where costs are reduced as much as possible whilst providing a high quality and resilience service.

Please summarise the main points covered in this section below (including identifying your main customers, key characteristics, key changes you are looking to make to service delivery in the next year and what consultation and engagement you are looking to carry out). This section will feed into the Service Plan Summary for publication.

Summary – Know your customer (Chiltern)

There is a wide range of customers, both direct customers who use the service itself, and indirect customers who are affected by its outcomes.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Planning/Enforcement/Planning Policy – direct customers – applicants, agents, Planning Committee, other Members, Town & Parish Councils, a wide range of other consultees, occupants/owners of nearby and neighbouring properties, objectors, those who support proposals, those who make allegations about unauthorised development, contraveners, the Planning Inspectorate, adjacent local planning authorities, duty to co-operate organisations.

Planning/Enforcement/Planning Policy – indirect customers – residents, businesses, those who use the Districts in some other way (e.g. leisure purposes, or in their daily commute). Another more specific example of an indirect user would be someone in need of affordable housing. Formal consultation has been and will be undertaken on the joint Local Plan.

Building Control – direct customers – applicants, agents, property owners, builders, Members, Thames Water, Land Charges team, solicitors, Planning, Housing team, those with disabilities.

Building Control – indirect customers – owners and occupiers of neighbouring properties, the general public, Government and other statutory agencies such as Fire Authority. We will continue to survey our customers as well as issuing newsletters and holding seminars on relevant subjects according to demand.

Summary – Know your customer (South Bucks)

There is a wide range of customers, both direct customers who use the service itself, and indirect customers who are affected by its outcomes.

Planning/Enforcement/Planning Policy – direct customers – applicants, agents, Planning Committee, other Members, Town & Parish councils, a wide range of other consultees, occupants/owners of nearby and neighbouring properties, objectors, those who support proposals, those who make allegations about unauthorised development, contraveners, the Planning Inspectorate, adjacent local planning authorities, duty to co-operate organisations.

Planning/Enforcement/Planning Policy – indirect customers – residents, businesses, those who use the Districts in some other way (e.g. leisure purposes, or in their daily commute). Section 5 – Action plan (short term/medium term)

The next 3 sections which cover performance indicators, actions and risks, we monitor using the Covalent Performance Management system.

Think about where you want to be in line with the Council's aims and priorities and what you need to do to get there. What actions will we be carrying out over the short term (1 year), medium term (2-3 years) and longer term (4-10 years)? What will the outcome of these actions be for residents? Any expected savings should be detailed in the action plan table. Please keep actions concise. Think about any key policy changes in the next few years, e.g. welfare reform, localism act, national planning policy framework and if they require a change to the way you currently deliver your service make sure appropriate actions are included in your plan. Consider the value for money of your service (refer to Joint Performance Management Framework for more information), and identify actions to include which will improve it.

You should include all key actions that you will be undertaking and select **5 - 10** actions that you will update progress on Covalent on a quarterly basis. The ones selected for Covalent *will be included in your Service Plan Summary* for publication. Please include relevant shared services actions.

Building Control

Short term – actions for 2017/18

List of Key Actions/ Projects	Key Milestones/ Underlying Actions	What will be the key outcomes and benefits seen by residents	Put on Covalent (Yes/No)	Link to Council Aims/ Objectives/ Corporate value	Target Completion date (e.g. end March 2018)	Lead Officer	Expected savings
Increased number of partners	On going	Wider range of partners	No	Conserve the environment and promote sustainability	Ongoing	Building Control Manager	No savings but increased income
Improve and develop mobile and agile working	Updating processes and investigating improved use of software	Reduced cost	Yes	Conserve the environment and promote sustainability	March 2019	Building Control Manager	Yes in both time and money
Providing a marketing strategy	Increased partners and improved customer satisfaction	Improved service delivery	Yes	Conserve the environment and promote sustainability	March 2019	Building Control Manager	No savings but increased income

Section 6 – Performance indicators to be prefilled – will require checking/tweaking

Please review your performance indicators listed below, your indicators should assist you with achieving your service objectives, be customer focused and reflect the aims and priorities of the Council. Please highlight any changes to these indicators in yellow. Only Corporate Performance Indicators will show in your Service Plan Summary for publication. Identify a maximum of 5 key performance indicators per unit to be tracked via Covalent. You must include priority and corporate indicators within these 5.

Corporate indicators include those which management team and cabinets have selected as priority indicators (P) to be included in the monthly budget pack.

Activity indicators are data only and for South Bucks only are also reported monthly in the budget pack. (A)

Corporate indicators are also reported on within the quarterly performance report (C)

Any changes to these must first be approved by MT/Cabinet and this will be swept up in the annual PI review process which will occur once the service plan summaries have been signed off.

MT would like to align PIs across both councils, where possible. They would also like quarterly performance reporting to concentrate on one or two key measures that define how your service is doing rather than indicators you use to assist your day to day management of the unit.

Additional indicators you wish to track to help manage the day to day business should be logged as departmental indicators (D) – used by your service only and not reported on outside your service by finance or policy and performance.

Please ensure you only include measures that are absolutely essential.

Section 7 - Risks

Please consult the Risk Register guidance when reviewing your risks. You need to consider any key risks that will affect the delivery of key service outcomes, *other than* the identified strategic, budgetary and business continuity risks.

- Likelihood:

Likelihood Score	Description	Frequency (How often it might / does happen.)
1	Rare	This will probably never happen and is only possible in exceptional circumstances.
2	Unlikely	This is possible, but not an expected occurrence.
3	Possible	This might happen occasionally, but likely to occur less than annually.
4	Likely	This is likely to occur within the next year but is not a persistent issue.
5	Almost Certain	This is likely to happen and could be persistent or occur frequently.

NB. Where scores fall across more than one level, always use the highest score.

- Impact:

Impact Score	Description	Impact definitions
1	Negligible	<ul style="list-style-type: none"> • Negligible loss, delay or interruption to service(s), project(s), systems or environment. • Can be easily and quickly remedied. • No or extremely unlikely financial loss. • No or extremely unlikely reputational loss. • No breach of Governance Rules, or of legal or contractual obligations.
2	Minor	<ul style="list-style-type: none"> • Minor loss, delay or interruption to service(s), project(s), systems or environment. • Short term impact on operational efficiency and performance. • Financial loss of £10,000 or less (Based on Financial Rules write-off limits). • Failure to meet internal standards where there is no external interest and overall objectives are not compromised. • Unlikely to generate complaints or cause reputational damage. • Small breach of legal or contractual obligations which can be quickly put right without penalty.

Impact Score	Description	Impact definitions
3	Moderate	<ul style="list-style-type: none"> • Moderate loss, delay or interruption to service(s), project(s), systems or environment. • Medium term impact on operational efficiency and performance. • Financial loss of £10,000 or more but below £100,000. • Failure to meet internal standards, where there is an external interest and overall objectives could be compromised. • Likely to generate low levels of complaints and / or short term reputational damage. • May attract the short term attention of regulatory or legislative bodies.
4	Major	<ul style="list-style-type: none"> • Major loss, delay or interruption to service(s), project(s), systems or environment. • One-off event which could destabilise the Council. • Widespread medium or long term impact on operational efficiency and performance. • Financial loss of £100,000 or more, but below £1m. • Likely to generate complaints and adverse media attention resulting in medium term reputational damage. • Breach of legal or contractual obligation attracting the medium-term attention of legislative or regulatory bodies.
5	Catastrophic	<ul style="list-style-type: none"> • Total sustained loss or interruption to critical service(s), project(s), systems or environmental health. • Long term impact on operational efficiency and performance. • Financial loss of £1m or more. • Likely to generate many complaints and extensive adverse media attention resulting in long term reputational damage. • Serious breach of legal or contractual obligation attracting the rapid intervention of legislative or regulatory bodies. • Loss of credibility.
<p>NB. Only one of the bullet points need apply within any category. Where scores fall across more than one level, always use the highest score.</p>

In the final column **please select key risks for your area that will be included in the Service Plan** summary for publication.

Please note that you should have **no more than 5 critical risks** in addition to the strategic risks applying to your service.

Risk Code & Title	Likelihood	Impact	Rating – Likelihood x Impact	Internal Control – What are you going to do to mitigate the risk
CSB BC01 Loss of staff	3	3	9	Reduce loss of staff by providing staff with an interesting and stimulating team environment; provide the necessary support to enable staff to be able to undertake their jobs. If vacancies arise seek to secure permanent replacements through early advertisement, but use agency staff in the interim period if needed.
CSB BC02 Increased income/reduced costs are not delivered	3	3	9	Likelihood and rating increased due to high income budget target set for 2017/18. Income and expenditure monitored monthly. Applications not registered without the necessary fee. Fee checked by Admin staff, liaising with Management if needed. Invoices to be sent out promptly and non-payment chased. Charges to be reviewed periodically.
CSB BC03 Development does not meet the Building Regulations	2	4	8	Staff training; new Regulations/guidance provided to all Surveyors; recommendations authorised by a more senior Surveyor; enhanced resilience of a single team with greater knowledge/experience; use of codes and reference documents; if unsure, Surveyors to check with a more senior surveyor; structural calculations to be checked by Structural Engineer; Indemnity insurance in place.
CSB BC04 Poor/untimely advice in dealing with dangerous structures	2	4	8	Surveyors all trained to deal with dangerous structures; JDs for all Surveyors require them to deal with dangerous structures; Principals' required to be able to undertake inspections within an hour during unsocial hours; Surveyor to contact a more senior Surveyor or seek additional help and support if needed.
CSB BC05 Increased competition/loss of reputation	3	3	9	QA accreditation retained, with annual external audit. Marketing Plan. Officer with responsibility for the 'customer experience'. Customer surveys monitored, and action taken to implement improvements. Staff not allowed to undertake any private work which could have the potential to bring the Councils

District Council

Stronger in partnership

Risk Code & Title	Likelihood	Impact	Rating – Likelihood x Impact	Internal Control – What are you going to do to mitigate the risk
				into disrepute or perceived to do so.
CSB DCE01a Loss of staff - CDC	3	4	12	Currently a high rating due to the stage which has been reached in the shared planning service review – being addressed as part of the review. Reduce loss of staff by providing staff with an interesting and stimulating team environment; provide the necessary support to enable staff to be able to undertake their jobs. If vacancies arise seek to secure permanent replacements through early advertisement, but use agency or other temporary external staff in the interim period if needed.
CSB DCE01b Loss of/insufficient staff - SBDC	3	4	12	Currently a high rating due to the stage which has been reached in the shared planning service review – being addressed as part of the review. Reduce loss of staff by providing staff with an interesting and stimulating team environment; provide the necessary support to enable staff to be able to undertake their jobs. If vacancies arise seek to secure permanent replacements through early advertisement, but use agency or other temporary external staff in the interim period if needed.
CSB DCE02a Poor decision making - CDC	2	3	6	Staff training; training of Planning Committee; template for officers' reports; procedures require checks in signing off decisions and recommendations. A more risk based approach (with reduced sign off and fewer checks overall) to be taken in the proposed planning shared service.
CSB DCE02b Poor decision making - SBDC	2	3	6	Staff training; training of Planning Committee; template for officers' reports; procedures require checks in signing off decisions and recommendations. A more risk based approach (with reduced sign off and fewer checks overall) to be taken in the proposed planning shared service.
CSB DCE03a Low levels of customer satisfaction - CDC	1	3	3	The level of customer satisfaction at Chiltern has increased as is shown by PI performance. Ensure that the service continuously explores how it could be more customer-focused; monitoring of customer survey and complaints feedback; in response to all complaints consider whether improvements are needed; processing of complaints regarding unauthorised development in accordance with the new Local Enforcement Plan.
CSB DCE03b Low levels of customer satisfaction - SBDC	1	2	2	Ensure that the service continually explores how it could be more customer focussed; monitoring of customer survey and complaints feedback; in response to all complaints consider whether

CHILTERN

District Council

Stronger in partnership

Risk Code & Title	Likelihood	Impact	Rating – Likelihood x Impact	Internal Control – What are you going to do to mitigate the risk
				improvements are needed; actively seek customer views ; speedier processing of allegations of unauthorised development in accordance with Enforcement policy
CSB DCE04a Reduced application and pre-application fee income - CDC	1	1	1	Realistic budget setting. Ensure that we maintain good performance in processing major applications, and in our appeal performance regarding major applications (over a two year period) thus ensuring that all major applications have to be submitted to CDC rather than applicants having the choice of submitting to CDC or PINS.
CSB DCE04b Reduced application and pre-application fee income - SBDC	4	3	12	Realistic budget setting. Ensure we maintain good performance in processing major applications and in our appeal performance regarding major applications (over a 2 year period) thus ensuring that all applications have to be submitted to SBDC rather than applicants having the choice of submitting to SBDC or PINS.
CSB DCE05a Judicial Review of decisions - CDC	2	3	6	Seek legal advice as appropriate; ensure all decisions are robust and justified; seriously consider appellants evidence/offers in relation to appeals/enforcement appeals.
CSB DCE05b Judicial Review of decisions - SBDC	2	3	6	Seek legal advice as appropriate; ensure all decisions are robust and justified; seriously consider appellants evidence/offers in relation to appeals/enforcement appeals.
CSB DCE06b Low customer satisfaction in relation to enforcement – SBDC	2	2	4	Team being led by a new Manager who is very proactive and is changing the team ethos significantly.
CSB ENF01 Failure to deliver a constitutional change to enable more efficient process of delivering enforcement actions, leading to no delivery of service within the available resources	3	5	15	Consultation taking place with relevant Heads of Service and Directors.
CSB PP01a Insufficient planning staff (number and experience) – CDC & SBDC	4	4	16	Reduce loss of staff by providing staff with an interesting and stimulating team environment; provide the necessary support to enable staff to be able to undertake their jobs. If vacancies arise seek to secure permanent replacements through early advertisement, but use agency or other temporary external staff in the interim period if needed. Take on unqualified graduates to grow own planners.
CSB PP02a Local Plan not being found sound – CDC & SBDC	2	4	8	Continual engagement with Duty to Co-operate bodies and key stakeholders (& recorded); ensure that policies are fully supported by the evidence base

CHILTERN
District Council

The Council periodically conducts a review of its strategic risks. Please outline below the role your service plays in mitigating these risks. If it does not apply to your service, state N/A.

Ref	Strategic Risk	Corporate Relevance / Mitigation	Relevance /Service actions to mitigate
1	Joint Working	Governance in place – Joint Committee, JAIC. Joint senior management team. Programme documentation and programme management resources. Plan for service reviews, business cases presented. Member involvement in joint working in line with member expectations. Communication plan for members, staff, external partners. External approaches to join the joint working carefully considered at a political level and impact on programme assessed.	<ul style="list-style-type: none"> • Programme Initiation Document • Member Working Group for the Review • Active involvement of all staff in the service review. • Use external specialist support. • Meeting between Head of Service and relevant Managers.
2	Transformation and Management of Change	<ul style="list-style-type: none"> . Senior members and managers show commitment to change. . Case for changes clearly made and communicated. . Build on success, in order to establish confidence to change. . Prioritise programme of change, and ensure it is adequately resourced. . Develop change management approach, and organisational development plan. 	<ul style="list-style-type: none"> • Programme Initiation Document • Member Working Group for the Review • Active involvement of all staff in the service review. • Use external specialist support • Meeting between Head of Service and relevant Managers.
3	Financial Stability	Review of MTFSS. Clear service priorities. Analysis of Government spending plans, bought in where necessary. Savings programmes agreed and monitored. Annual review of cost base. Strategies for use of reserves.	<ul style="list-style-type: none"> • Active monitoring of Building Control and Development Management income and appeals expenditure budgets. • Income generation considered as part of normal budget preparation process and as part of planning shared service review.
4	Workforce Issues	Organisational development and workforce planning. Monitoring of key personnel statistics. Good staff communications processes. Training and development strategies in place resourced and monitored.	<ul style="list-style-type: none"> • Workforce planning via service reviews • Training & development plans via staff appraisals. • Provide staff with an interesting and stimulating team environment; provide the necessary support to enable staff to be able to undertake their jobs successfully.
5	Waste & Environmental Services	Governance in place for joint contract. Have adequate in-house knowledge of cost	<ul style="list-style-type: none"> • N/A

District Council

Stronger in partnership

Ref	Strategic Risk	Corporate Relevance / Mitigation	Relevance /Service actions to mitigate
		<p>share model. Co-ordinated approach by both Councils on JWC and with BCC Effective contract monitoring and good relationships with contractors Good communications with residents</p>	
6	Joint/Partnership working	<p>Co-ordinate and streamline representation on partnership groups. Monitor impact of changes arising from partner cut backs. Identify key partnerships to support.</p>	<ul style="list-style-type: none"> The Bucks Local Planning Authorities have been working closely together under the 'Duty to Co-operate' in relation to the preparation of their local plans. Partnership working with a number of other bodies in relation to strategic infrastructure projects (e.g. Heathrow, HS2, Western rail access to Heathrow, relief roads at Beaconsfield and Iver etc.).
7	Business Continuity	<p>Clear senior management arrangements for responsibility on business continuity. Business continuity plans in place. ICT DR plans in place. Maximise reciprocal support arrangements across two Councils.</p>	<ul style="list-style-type: none"> Business Continuity Plans will need updating following service review outcomes.
8	Information Management & Security	<p>Policies and procedures in place, overseen by joint IG group, and made common where practical. Communication and training for staff on policies and procedures. Officer mechanisms to enable corporate approach to be taken to information management. Information management incorporated in any service review process.</p>	<ul style="list-style-type: none"> All staff required to comply with the Council's corporate policies.
9	New Legislative Changes	<p>Corporate capacity to identify and analyse forthcoming legislative changes affecting the Councils. Analyse and produce action plans for Welfare Reform changes. Analyse and respond to changes to Planning system. Use of professional or local authority network groups to gain and share knowledge.</p>	<ul style="list-style-type: none"> Maintain a watching brief through the technical planning press for new/revised legislation.
10	Affordable Housing	<p>Housing strategies in place and regularly reviewed. Good relationships between housing and planning services.</p>	<ul style="list-style-type: none"> Implementation of affordable housing policies via the Development Management process.

CHILTERN
District Council

SOUTH BUCKS
District Council

Stronger in partnership

Ref	Strategic Risk	Corporate Relevance / Mitigation	Relevance /Service actions to mitigate
		Resources identified to support housing schemes	<ul style="list-style-type: none"> Inclusion of relevant policies in the joint local plan, supported by a robust evidence base. Respond to Government on any Government consultations which would adversely affect the provision of affordable housing.
11	Major Infrastructure Projects Impacts.	Impact assessments made formally or informally on major projects. Clear Council position on a particular proposal. Lobbying mechanisms identified. Member communications strategy in place. Communication strategies with residents on any major proposals. Resources identified to fund actions or responses.	<ul style="list-style-type: none"> Dedicated HS2 team to deal with schedule 17 applications. Active engagement with promoters of other major infrastructure projects (e.g. WRATH, Heathrow) in order to influence their emerging proposals. One post with a focus on infrastructure.
12	Demographic Changes	Corporate analysis of Census and related data. Incorporate Census data into service planning. Communicate key messages to members.	<ul style="list-style-type: none"> Plan making process to take account of major changes to demography.
13	Property/ Asset Management	Asset Management Plans in place and reviewed. Professional advice used where appropriate. Resources in place to support AMPs.	<ul style="list-style-type: none"> A planning input into the review of the councils' assets; the provision of pre-application advice; dealing with the Councils' own applications.
14	Economic Viability	Good liaison arrangements with local businesses. Monitor key indicators of the local economy. Take advance of opportunities offered by LEP.	<ul style="list-style-type: none"> Local Plan include an assessment of objectively assessed needs for employment and will seek to provide for employment needs.

	cost of protecting the overall character of the District. Additionally, Planning Policy costs vary each year depending on what Local Plan documents are being prepared (some require a more extensive and specialist evidence base than others), and the stage they are at.
How have our actual costs changed over the last 4 years?	<p>CDC</p> <p>Building control costs have reduced by 98% when compared with 2014/15</p> <p>Development management costs have reduced by 20% when compared with 2014/15</p> <p>Planning policy costs have increased by around 23% when compared with 2014/15</p> <p>SBDC</p> <p>Building control costs have reduced by 97% when compared with 2014/15</p> <p>Development management costs have reduced by 24% when compared with 2014/15</p> <p>Planning policy costs have increased by around 141% when compared with 2014/15</p>

Please summarise your cost information below. How are the costs changing over time, do we compare favourably with our nearest neighbour (please highlight if there is any reasons you know of why costs may be different). This section will feed into the Service Plan Summary for publication.

Summary – Cost information

CDC

Building control costs are 4th lowest per head of population in the comparator group of 18. Building control costs have reduced by 98% when compared with 2014/15. Since the Council has a relatively small population, these costs tend to be on the higher side per head of population, reflecting the fixed cost element of providing service. There have been staff savings arising from the joint service.

Development management costs are 12th lowest per head of population in the comparator group of 18. Development management costs have reduced by 20% when compared with 2014/15

Planning policy costs are 12th lowest per head of population in the comparator group of 18. Planning policy costs have increased by around 23% when compared with 2014/15

Development Management & Planning Policy: since the Council has a relatively small population, these costs tend to be on the higher side per head of population, reflecting the high fixed cost element of providing the service, the high numbers of applications per head of population, the high priority that Members place on protecting the Green Belt and the cost of protecting the overall character of the District. Additionally, Planning Policy costs vary each year depending on what Local Plan documents are being prepared (some require a more extensive and specialist evidence base than others), and the stage they are at.

SBDC

Building control costs are the 3rd lowest per head of population in the comparator group of 18. Building control costs have reduced by 97% when compared with 2014/15.

Development management costs are 3rd highest per head of population in the comparator group of 18. Development management costs have reduced by 24% when compared with 2014/15

Planning policy costs are 2nd highest per head of population in the comparator group of 18. Planning policy costs have increased by around 141% when compared with 2014/15

Development Management & Planning Policy: since the Council has a relatively small population, these costs tend to be on the higher side per head of population, reflecting the high fixed cost element of providing the service, the high numbers of applications per head of population, the high priority that Members place on protecting the Green Belt and the cost of protecting the overall character of the District. Additionally, Planning Policy costs vary each year depending on what Local Plan documents are being prepared (some require a more extensive and specialist evidence base than others), and the stage they are at.
