AGENDA ITEM 5

Questions from Members of the Public

1. Question from Mr R B Colomb to the Cabinet Member for Environment

Earlier this year, travellers gained access to the old Sports Centre site at Handy Cross and managed in two weeks to deposit a great deal of rubbish on it.

Would the Cabinet Member please advise the tonnage of rubbish deposited, whether any asbestos was present and the cost to the Council of removing it and cleaning up the site?

Verbal reply to be given by Councillor Mrs J Adey (Cabinet Member for Environment).
