DISTRICT COUNCIL

Environment Service

DRAFT

**STATEMENT OF
LICENSING POLICY**

2013

The Purpose and Scope of the Licensing Policy

This policy is required by the Licensing Act 2003, which places responsibility for licensing with Local Authorities.

The legislation sets out four statutory objectives that are to be addressed when licensing functions are undertaken. These are:-

- The prevention of crime and disorder;
- Public safety;
- The prevention of public nuisance; and
- The protection of children from harm.

The Act was intended to promote a 'Café Culture' style into the way leisure activities are undertaken and it is against this objective that a number of key aims and purposes are pursued. These are advised by the Government's Guidance Notes as the principal aims for all involved in licensing work and include:-

- The introduction of better and more proportionate regulation to give business greater freedom and flexibility to meet their customers' expectations;
- Greater choice for consumers, including tourists, about where, when and how to spend their leisure time;
- The encouragement of more family friendly premises where younger children can be free to go with the family;
- The further development within communities of our rich culture of live music, dancing and theatre, both in rural areas and in our towns and cities;
- The regeneration of areas that need the increased investment and employment opportunities that a thriving and safe night-time economy can bring; and
- The necessary protection of local residents, whose lives can be blighted by disturbance and anti-social behaviour associated with the behaviour of some people visiting places of entertainment.

The District Council, through the Community Plan for Wycombe District, seeks to improve the economic, social and environmental wellbeing of the area by creating a caring community, a thriving economy, a healthy environment and value for money. The objective, over time, is that these improvements will work towards delivering our Vision to 2026, making Wycombe District a better place to live, work and visit.

This Policy seeks to build on and contribute towards the overall Community Plan objective by drawing upon the Government's statutory objectives and Guidance as set out above. In so doing this Policy will specifically work towards the Community Plan aims of community development, community safety, culture and leisure, the environment and economic development.

It is against the background of these key aims that this Policy sets out Wycombe District Council's response to the 2003 Act and against which applications made in respect of licensing will be determined. We will continue to monitor the impact of the 2003 Act on crime and disorder and the other licensing objectives and, in the light of these findings, shall review the Policy accordingly.

Cllr Alan Hill
Chairman of Licensing Committee

Cllr Jean Teesdale
Cabinet Member for Wellbeing and Neighbourhoods

1. Introduction

1.1 Wycombe District Council is the Licensing Authority (the Authority) for the district of High Wycombe. The Authority is responsible for the licensing of licensable activities under the Licensing Act 2003 (the Act). This document sets out the policies that the Authority will apply when making decisions on applications for:

- The sale by retail of alcohol;
- The supply of alcohol by or on behalf of a club to, or to the order of, a member of the club;
- The provision of regulated entertainment; and
- The provision of late night refreshment.

Regulated entertainment requires a licence when it is performed in front of an audience and includes any of the following:

- the performance of a play;
- the exhibition of a film;
- indoor sporting events;
- boxing or wrestling (indoors and outdoors)
- performance of live music (with some exceptions);
- playing of recorded music (apart from background music and with some exceptions);
- performance of dance; and
- the provision of facilities for dancing, making music and similar types of entertainment.

There are some proposed changes to the definition of regulated entertainment which may result in certain activities no longer requiring a licence, although these proposals have not yet come into force. This Policy will continue to be reviewed in this respect or in case of any other relevant changes in licensing law.

The provision of late night refreshment (supply of hot food and/or drink at any time between 23:00 and 05:00 for consumption on or off the premises) also requires a licence.

1.2 This policy shall apply to the following:

- Premises Licences
- Club Premises Certificates
- Personal Licences
- Temporary Event Notices

in respect of new consents, renewals, transfers and variations. This policy does not override the right of any individual to apply under the terms of the Act for a variety of permissions and to have any such application considered on its own merits. There is a statutory presumption that all applications will be granted unless a relevant and valid objection is made. The Authority can only impose conditions where a valid representation has been made and any conditions imposed must be proportionate, appropriate and reasonable. In carrying out its licensing functions, the Authority must have regard to the Act, the statutory Government Guidance, this policy and the licensing objectives. Any statement within the Policy will be relevant to all licensed premises unless otherwise stated

1.3 The Act makes provision for this policy to be the subject of consultation and a list of consultees is attached as Appendix 2. The Authority will review this policy at least every five years and consult on any proposed revisions.

Objectives and Principles

1.4 It is the duty of the Authority to carry out its licensing functions with a view to promoting the four licensing objectives, which are:

- **Prevention of Crime and Disorder;**
- **Public Safety;**
- **Prevention of Public Nuisance; and**
- **Protection of Children from Harm.**

Each of the objectives is considered to be of equal importance.

1.5 The Authority is seeking to achieve control of licensed premises, qualifying clubs and temporary events within the terms of the Act. Terms and conditions will focus on achieving the licensing objectives with reference to:-

- matters within the control of individual licensees;
- the specific premises and the places used;
- the direct impact of the activity taking place at the licensed premises on the public who live, work and carry out normal activity in the area concerned.

1.6 Licensing is not a mechanism for the general control of anti-social behaviour by individuals beyond the direct control the licensee of the premises concerned.

In this respect the Authority recognises that there are a number of other mechanisms available for addressing issues of unruly behaviour that can occur away from licensed premises including:-

- planning controls
- measures to create a safe and clean environment in partnership with local businesses and other departments of the Council
- powers of the Council to designate parts of the Council area as places where alcohol may not be consumed publicly and may be confiscated by the police, and specifically
- enforcement of the Wycombe District Designated Public Places Order 2002
- Police enforcement of the normal law concerning disorder and anti-social behaviour including issuing fixed penalty notices
- Trading Standards enforcement of under-age drinking offences
- use of proof of identity cards and schemes for checking age limits, such as Challenge 21
- the prosecution of any personal licence holder or member of staff at such premises who is selling alcohol to people who are drunk or underage
- Police powers to close down immediately for up to a maximum of 48 hours any licensed premises or temporary event on grounds of disorder, the likelihood of disorder or excessive noise emanating from the premises
- the power of the police, other responsible authority or a local resident or business to seek a review of the licence or certificate in question

1.7 The objective of the licensing process is to allow the carrying on of alcohol sales and the provision of regulated entertainment in a way which ensures compliance with the Act, safeguards public safety and which is neither to the detriment of residents, nor gives rise to loss of amenity. It is the Authority's wish to facilitate well run and managed premises with licence holders displaying sensitivity to the impact of the premises on local residents.

1.8 The Authority recognises that the licensed entertainment business sector and community licensed facilities in the District contribute to the local economy, employment and social infrastructure. On the other hand there are costs associated with policing and clean-up which are not borne directly by the entertainment venue. The Authority wishes to support, where appropriate, licensees to provide a wide range of entertainment activities throughout their opening hours and to promote live music, dance, theatre, regulated informal entertainment etc. for the wider cultural benefit.

They are a factor in maintaining thriving and sustainable towns and villages which is one of the Council's aims. Where there is any indication that regulated entertainment, especially live music and dancing, are being deterred by licensing requirements, the policy will be revisited with a view to investigating how the situation might be reversed.

- 1.9 Information on the impact of the Act on the local economy and tourism will be provided to the Licensing Committee. Anybody wishing to comment on this issue should send their comments to the Licensing Unit, either by post to the Council Offices, Queen Victoria Road, High Wycombe, Buckinghamshire, HP11 1BB or by e-mail to licensing@wycombe.gov.uk.
- 1.10 Other statutory requirements may apply to the provision of any regulated activities at a premises and the responsibility for compliance lies with the licence holder. For example if the activity involves the preparation and sale of food then it is the responsibility of the applicant to ensure necessary Food Safety requirements are met and it is not a requirement of any licensing decision to address these matters. It is not intended that the requirements of existing legislation and regulatory regimes that already place obligations on employers and operators will be duplicated. The Authority will not impose licence conditions which are covered by other regulatory regimes, except where this imposition can be exceptionally justified as necessary to promote the licensing objectives.
- 1.11 All applicants for Premises Licences and Club Premises Certificates and those intending to hold temporary events are reminded that planning permission will normally be required for such uses and such planning permissions may carry conditions with which they are expected to comply or action may be taken under the relevant planning legislation. In general, planning permissions authorise a broad type of use of a premises, whereas licences are granted for a particular type of activity. A planning permission for an entertainment use, for example, may cover a number of activities that can have a wide range of different impacts in the locality. The precise nature of the impact of the specified activities proposed by a prospective licence holder will be considered when an application is made for a Premises Licence.
- 1.12 Licensing applications should not be seen as a re-run of the planning application process and there is a clear separation of the planning and licensing regimes to avoid duplication and inefficiency. If premises do not have planning permission, applicants are strongly advised to apply for this prior to submitting their Premises Licence application. The Licensing Committee will ensure that the Planning Committee is advised of the situation regarding licensed premises in the District including the general impact of alcohol related crime and disorder, as these may be material considerations to be taken into account when determining planning applications.

Integrated Strategies

- 1.13 The Authority will seek to achieve integration with relevant strategies and their aims in determining applications and will do so through relevant pre-consultation of this policy.
- 1.14 In formulating this policy, the Authority has and will continue to take account of its obligations and powers under other legislation, such as the Crime and Disorder Act 1998, the Human Rights Act 1998, the Equalities Act 2010 and the Anti Social Behaviour Act 2003. It has also taken into account the following Government and national strategies and guidance:-
- Alcohol Harm Reduction Strategy for England (Prime Minister's Strategy Unit)⁽¹⁾
Safe. Sensible. Social. The Next Steps in the National Alcohol Strategy ⁽²⁾
Home Office Safer Clubbing Guide ⁽³⁾
Action Plan for Tackling Alcohol Related Crime, Disorder and Nuisance ⁽⁴⁾
DTI Enforcement Concordat ⁽⁵⁾
Code of Practice on Environmental Noise Control at Concerts 1995 ⁽⁶⁾
The Government's Alcohol Strategy 2012 ⁽⁷⁾
- 1.15 The Authority has also taken into account relevant local strategies relating to crime prevention, planning, transport, tourism, race equality and culture, including the

following:-

- The Council's Corporate Plan 2011 - 2015 ⁽⁸⁾
- Wycombe Community Safety Plan 2013 - 2014 ⁽⁹⁾
- Enforcement policies of Wycombe District Council, Buckinghamshire County Council and Thames Valley Police ⁽¹⁰⁾
- Tourism Strategy ⁽¹¹⁾
- Town Centre Management and Market Town Initiatives (Princes Risborough Vision) ⁽¹²⁾
- Buckinghamshire Alcohol Strategy 2102 - 2015 ⁽¹³⁾
- Sustainable Community Strategy for Wycombe District 2009 – 2026 ⁽¹⁴⁾

1.16 Partnership Working

The Authority, along with Thames Valley Police, support the Pubwatch scheme which was established to assist and advise the licensees of the alcohol licensed premises within High Wycombe town centre.

The Authority also works closely with the Nightsafe initiative which is a programme of education, communication and partnership working for the benefit of everyone who lives, works, studies and socialises in the Wycombe District. Partners involved in the project include Wycombe District Council, Thames Valley Police, Bucks Drug and Alcohol Action Team, the High Wycombe Town Centre Partnership (HWBID CO) and Trading Standards.

2. Background to the Area

- 2.1 The Authority regards existing and future environmental qualities and character of the District to be important when consideration is given to granting of licences for any purpose. When considering licensing applications where relevant representations have been made, the Authority will consider its effect on the licensing objectives and in particular the effect the licence will have on the public nuisance and crime and disorder objectives. In order to consider these matters, it is necessary to consider the environment of the area in which the premises are or will be situated. For those not familiar with the District and its many and varied characteristics this section of the Policy sets out in brief some of the qualities that the Council consider important to retain.

- 2.2 The District is a mixed urban and rural area, whose amenity the Council has a duty to protect. One of the Council's aims is to promote safer and stronger communities. These factors will be taken into account where applications will increase the concentration of entertainment uses and / or lengthen hours of operation in a way that would materially impact on the local area.
- 2.3 Wycombe District is situated in the heart of Buckinghamshire, which includes such features as the Chilterns and Thames Valley. The three main towns, High Wycombe, Marlow and Princes Risborough are within 'The Chilterns', a designated Area of Outstanding Natural Beauty, whose secluded countryside and rural communities provide a unique environment for residents and visitors to enjoy.
- 2.4 High Wycombe is a thriving historic town well known for its association with the furniture trade manufactured from local timber. It has a thriving business community and shopping centre with a large new shopping and leisure complex which opened in 2008. It has an established University, which brings a large student population to the town. It also has many residential areas, which accommodate a broad ethnic mix and religious following, the character of which will be taken into account when examining the impact of an application upon the licensing objectives. The town centre retains its ancient street market and buildings whilst also accommodating many high capacity entertainment venues, some of which operate late into the night. The Frogmoor area and its surroundings have a concentration of such venues and whilst the Authority does not immediately wish to impose a specific saturation policy, it is likely that that any increase in activity will be a material consideration when undertaking periodic reviews of the Licensing Policy. The town is also well served by open spaces such as the Rye where families and people of all ages can enjoy the largely unspoilt 'meadow' parkland.
- 2.5 Marlow is quite unique within the District. It is famous for its Thames setting and attracts many thousands of visitors from both the UK and overseas during the year. It is largely residential but its varied commercial area caters for tourists and local residents alike. The main commercial areas comprise the High Street, Spittal Street and West Street, These have many restaurants and public houses which are very busy catering for families and groups throughout the day and a number of them have licences until late on Friday and Saturday evenings. As with other high street towns, there are some residential units situated above or adjoining the commercial premises which are sensitive to noise. There are plenty of parking facilities, both on-street and in nearby car parks and there are very few residential properties in this area. There are also a number of public houses in other parts of Marlow, all of which are in the midst of residential areas and are not so well served with on-street parking facilities.
- 2.6 Princes Risborough typifies a quiet market town. Set in the north of the District it retains its high street shops and farmers market giving it an unhurried rural feel to visitors and residents alike. It has many historic features such as the brick Market House with open arcades, church and Manor House. Princes Risborough has a number of traditional pubs and, generally speaking, these cater for the local residents and do not have late licences.
- 2.7 There are many other communities within the District each with their distinctive features. These range from small rural hamlets to larger villages each with special characteristics valued by local residents and the wider community. The characteristics of each are far too great to list here but applicants are advised that the Authority will take into account the character of an area when deciding what affect, if any, a premises licence will have on the four licensing objectives.

3. Applications and Determinations

General

- 3.1 Premises Licences and Club Premises Certificates will be determined in the same way. Club Premises operators may apply for a Premises Licence, which (if granted) will allow them greater freedom in relation to the use of the Premises. Full details of the procedure for all applications are available with application packs on the Council's website at www.wycombe.gov.uk. New legislation has recently been passed which allows for a new 'minor variation' application which can be used to make changes to licences which are unlikely to have any effect on the licensing objectives. Officers will consult with relevant responsible authorities where there is any doubt over the possible impact on the licensing objectives. There is no right to a hearing with such applications although any comments made by interested parties or responsible authorities must be taken into account before any decision is made.
- 3.2 Premises must be constructed or adapted in such a way that it is deemed safe and appropriate to the nature of the activities to be licensed. Premises in the course of construction, alteration, extension, etc. can be granted a Provisional Statement pending completion to the required standard and compliance with all other requirements. Full Premises Licences can also be granted for such premises, although detailed plans and operating schedules are likely to be required by Responsible Authorities to enable determination.
- 3.3 The Authority may, in appropriate situations, seek to facilitate mediation between applicants, relevant statutory agencies and occupiers of nearby premises, local residents groups, community or interested groups where significant issues have arisen relating to a licence application.
- 3.4 Applicants are strongly advised and encouraged to seek advice from the relevant statutory agencies, and where appropriate speak to local residents or their representatives, prior to submitting an application. Responsible Authorities will often offer advice on information to be included in operating schedules which can then be translated into conditions or confirm whether they are likely to object to any aspect of an application. In the absence of other representations this may shorten the application process, thereby avoiding the need for a hearing or reducing the length of such a hearing. Licensing Officers are able to advise on general matters relating to applications and licensing requirements generally although applicants will need to seek independent legal advice for detailed assistance in the completion of forms or where complicated legal issues arise.
- 3.5 In considering licence applications, responsible authorities will consider the adequacy of measures proposed to deal with the potential for nuisance and/or public disorder and public safety having regard to all the circumstances of the case. Operating Schedules should satisfactorily address these issues to enable responsible authorities to reach an informed decision. The following issues will be considered where relevant representations are made and an application is determined by a Licensing Panel. Conditions may be attached to ensure compliance with the licensing objectives, although any conditions imposed will be tailored to the specific premises in question and will be appropriate and proportionate to ensure compliance with the licensing objectives. The issues have been separated into the four licensing objectives, although there will inevitably be some overlap between them.

Prevention of Crime and Disorder

- 3.6 Applications for new or variation of premises licences should demonstrate that crime and disorder will not increase as a result of the application being granted.
- 3.7 If, upon receipt of a relevant representation, there is a likelihood of crime and disorder increasing as a result of the application being granted, the Authority will refuse the application, unless there are exceptional circumstances or it can be demonstrated that additional conditions will alleviate the concerns. In cases where conditions are attached to licences, the conditions will aim to reflect local crime prevention strategies

- 3.8 The Authority accepts that the legislation does not require the presence of either a personal licence holder or the Designated Premises Supervisor on the premises at all times when alcohol is sold. The Authority would recommend that personal licence holders give written authority to other staff for alcohol sales and clear guidance on whom alcohol may be sold to. Applicants are invited to provide details of how Personal Licence holders will authorise alcohol sales. In exceptional circumstances and upon receipt of a relevant representation, the Authority will consider whether a condition should be imposed requiring the presence of a Personal Licence holder on the premises at all times when alcohol is available for sale.
- 3.9 The Authority will expect prevention of crime and disorder measures to be appropriate to the type and location of premises e.g. the provision of door supervisors and CCTV are likely to be more appropriate in larger venues, dance venues and those in busy town centre locations.
- 3.10 In considering licence applications, the Authority will particularly take into account the following where relevant:-
- The measures proposed to prevent the consumption or supply of illegal drugs, including any search procedures and entry policies.
 - The measures proposed to prevent or reduce violence and public disorder in the vicinity of the premises, e.g. the provision of door supervisors, security lighting and signage both inside and outside the premises.
 - Physical security features such as the use of CCTV; where a licensed premises is required to have CCTV as a condition of the licence then unless there are good reasons provided to the satisfaction of the Licensing Committee, the premises must be equipped to a standard and in a manner in accordance with established Thames Valley Police guidance in relation to CCTV.
 - Measures taken to prevent bottles and glasses being used as weapons.
 - Measures to control the strength (alcohol by volume) of beers, lagers and ciders for sale by retail off the premises only may be appropriate in those areas considered to be at risk of public nuisance from street drinkers and/or areas of existing anti social behaviour.
 - Policies in relation to drinks promotions – the Authority encourages the adoption of voluntary codes covering responsible price promotions.
 - Measures taken to prevent underage drinking offences, in particular the Council advocates use of schemes such as Challenge 21 and PASS accredited proof of age cards.
 - Representations from the police.
 - Representations from local residents in the vicinity of the premises.
 - Representations from Parish and Town Councils.

Designated Public Places Order

- 3.11 On the 1st April 2010 a new Designated Public Places Order came into effect covering Wycombe town centre. The Order was created following a request from Thames Valley Police who expressed concern over alcohol induced disorder in certain areas of the town centre, mainly caused by street drinkers. The Order gives power to police constables to request individuals to cease drinking or confiscate any alcohol where it is considered that the person is acting anti-socially as a result of alcohol consumption. All licensed premises are exempt and the Order does not affect people who are drinking socially and not causing any disturbance.

“White Cider” Initiative

- 3.12 In March 2013 the Council implemented a voluntary prohibition on the sales of “white cider” products from off-licensed premises situation within the Designated Public Places Order. This type of alcohol is considered particularly harmful and is popular with street drinkers. As of May 2013 the majority of affected premises have supported the scheme by including a condition within their licence prohibiting sales of this product

Public Safety

- 3.13 Licensed premises present a mixture of health and safety risks. It is essential that premises are constructed or adapted so as to safeguard occupants against such risks. Evidence will be required by the relevant responsible authority that health and safety risks have been assessed, including whether building regulations approval has been given in the case of new or structurally altered buildings.
- 3.14 The Regulatory Reform (Fire Safety) Order 2005 came into effect in October 2006 and replaced previous legislation with regards to fire safety. As a result the Authority cannot impose any fire safety conditions where the Order applies and any conditions previously imposed will cease to have effect unless they are specifically required in relation to public safety. Fire safety in licensed premises is now dealt with entirely by the authority responsible for such matters.
- 3.15 In considering licence applications and whether appropriate conditions should be imposed, responsible authorities are likely to take into account the following:-
- Measures proposed to train staff to an appropriate certified level in general health and safety of persons, and in dance venues, measures taken to train first aiders in drug issues;
 - Measures in place to promote the sensible drinking message;
 - Training of staff to tackle underage drinking
 - Provision of fire fighting equipment, emergency lighting, fire alarms, CCTV, British Standard or otherwise approved lighting trusses, ceilings and suspended equipment;
 - Provision of certificates in relation to flame retardant materials, electrical inspections and staff training in conformity with legislative requirements
 - Provisions made for the safety of persons in the premises and escape routes, including provision for people with physical disabilities. In particular, venues holding dance events will be expected to demonstrate that they have taken account of the Home Office Safer Clubbing Guide and should provide information in their operating schedules about provision of air conditioning/ventilation, availability of drinking water and further measures to combat overheating;
 - Representations made by the Police and Environmental Health.
 - Representations made by the Fire Authority. In this respect it is advised that a suitable and sufficient fire risk assessment is completed by a competent person so that any application can be appropriately considered by the Fire Authority.

Prevention of Public Nuisance

- 3.16 The Council wishes to protect the amenity of residents and businesses in the immediate area surrounding the licensed premises. Applications should demonstrate that public nuisance will not increase as a result of the application being granted.
- 3.17 The Authority will particularly take into account the following:
- The measures proposed to prevent noise and vibration escaping from the premises. Such measures may include installation of sound insulation and sound limitation devices;

- Measures proposed to prevent public nuisance from use of outside areas, including smoking areas and outdoor events;
- The measures proposed to prevent disturbance by customers arriving at or leaving the premises, in particular after 11pm, for example appropriate signage at exits and in car parks, parking provision, the provision of door supervisors, use of “quiet last half hour” at dance venues and provision and availability of safe transport home;
- The measures proposed to prevent light pollution from external lighting, including security lighting;
- The measures proposed for refuse storage or disposal and management of any additional litter;
- Representations by Control of Pollution, Thames Valley Police and Environmental Health;
- Representations by local residents in the vicinity of the premises;
- Representations by Parish and Town Councils.

The Protection of Children from Harm

3.18 The Authority will carry out its responsibilities so as to promote the licensing objective of protection of children from harm and recommend the use of PASS accredited proof of age cards. Schemes to check age by approved forms of identification, such as Challenge 21, will also be encouraged. Harm in this context includes physical, moral or psychological harm. The Authority recognises the Area Child Protection Committee as the appropriate authority to advise on matters of child protection and any application for a Premises Licence or variation to a Premises Licence will be required to be sent to this authority at the following address: Business Manager, Buckinghamshire Children's Safeguarding Board, Buckinghamshire County Council, Annex B, County Hall, 5-7 Walton Street, Aylesbury, Bucks, HP20 1XA. Advice in relation to child protection matters and licence applications can also be sought from this body.

3.19 Licences will be sought by operators of a wide variety of premises including theatres, cinemas, restaurants, concert halls, cafes, late night take-aways, pubs, bars and nightclubs. It is not possible for a licensing policy to anticipate every situation where children are at risk. Any conditions imposed will aim to best promote the licensing objectives in each particular case.

3.20 The Authority will not seek to limit the access of children to licensed premises unless it is necessary to protect them from harm. The Authority will judge the merits of each separate application before deciding whether to impose conditions limiting access to children. The following are examples of premises that will raise concern:-

- where there have been convictions for serving alcohol to minors or premises with a reputation for underage drinking
- where there is a known association with drug taking or dealing
- where there is a strong element of gambling on the premises (but not the simple presence of a small number of cash prize gaming machines)
- where entertainment of an adult or sexual nature is provided

Conditions will not be imposed that require the admission of children. This will remain a matter for the discretion of the licensee.

3.21 The Act specifies various offences which aim to protect children from the possible harms associated with alcohol and certain types of entertainment. These include; a prohibition of alcohol sales to children; a prohibition on unaccompanied children in specified premises between midnight and 5am; a prohibition on the purchase of alcohol on behalf of children and the prohibition on consumption of alcohol by children.

3.22 The range of options available to limit the access of children to licensed premises that may be imposed by the Authority include:

- Limitations on the hours where children (e.g. under 16) may be present;
- Age limitations (below 18);
- Limitations or exclusions when certain activities are taking place;

- Requirements for an accompanying adult;
 - In exceptional cases, exclusion of people under 18 from the premises or parts thereof when any licensable activities are taking place.
- 3.23 Licensees will be expected to prevent children from viewing films that are unsuitable because of the age classification of the film that has been imposed by the British Board of Film Classification. Children will not be permitted to view un-certificated films.
- 3.24 The Authority will expect that where a significant number of unaccompanied children will be present during a public entertainment event, the licensee will ensure that an adequate number of adult staff is present to control the access, egress and safety in and around the premises. The number of staff required should be assessed by the licensee, taking into account the number of children to be present, the type of entertainment, the characteristics of the premises and any other relevant factor, subject to there being a minimum of one member of staff per 50 children or part thereof.

No Smoking Legislation

- 3.25 In July 2007, the government introduced new legislation under the Health Act 2006 to prohibit smoking in virtually all enclosed public places and work places. This includes both permanent and temporary structures such as tents and marquees. Smoking rooms in public places and workplaces are no longer permitted.
- 3.26 The new law also requires vehicles to be smoke free at all times if they are used:
- (a) to transport members of the public, or;
 - (b) in the course of paid or voluntary work by more than one person regardless of whether they are in the vehicle at the same time.
- 3.27 As a result of the new legislation many licensed premises have created specific smoking areas for customers and where necessary controls may be required to limit the hours that such areas are used to prevent nuisance to neighbouring residents.
- 3.28 With some venues this has not been possible and has resulted in people smoking in the streets. The Authority works closely with the licence holders of such premises in conjunction with Thames Valley Police to ensure that nuisance and / or disorder are not caused by customers congregating in outside areas. The Authority may use measures that prevent alcohol being consumed in outside areas of a premise after specified hours to manage noise pollution.

Films

- 3.29 No film shall be exhibited at licensed premises which is likely to lead to disorder and/or stir up hatred or incite violence towards any section of the public on grounds of colour, race or ethnic or national origin, disability, religious beliefs, sexual orientation or gender.
- 3.30 If a licence holder is notified by the Authority that a particular film in the opinion of the Authority falls into that category and may not be shown, its decision shall be final in that respect.
- 3.31 The Council accepts that the British Board of Film Classification (BBFC) is best qualified to make age limitation decisions and will not seek to change or substitute its own age limitations in place of the Board's classification.
- 3.32 Where a request is made to screen a film which has not been classified by the BBFC, the Authority will classify the film having followed the relevant guidelines provided by the BBFC.

Personal Licences

- 3.33 A person is required to hold a personal licence if he or she wishes to authorise the sale of alcohol in accordance with a premises licence. A person must make an application

for a personal licence to the Authority for the area in which they live. This Authority will remain the issuing authority regardless of whether a person subsequently moves out of the area or takes up employment elsewhere

- 3.34 The Authority must grant a personal licence if it appears that:
- a) The applicant is over 18
 - b) The applicant possesses a relevant licensing qualification
 - c) The applicant has not forfeited a personal licence in the previous five years beginning with the day the application was made
 - d) The applicant has not been convicted of any relevant offence (as defined in the Act).
- 3.35 The Authority recognises the positive benefits from an investment in proper training for staff members and will therefore take a positive view of those who invest in such training as one important method of promoting the licensing objectives.
- 3.36 In order to substantiate whether or not an applicant has a conviction for an unspent relevant offence, applicants will be required to produce a current Basic Disclosure from the Criminal Records Bureau (currently available from Disclosure Scotland). The Authority will liaise closely with the police where an applicant is found to have an unspent conviction for a relevant offence, and should the police be minded to object to the grant of the licence they may wish to interview the applicant.
- 3.37 Only the police can object to an application on crime prevention grounds and if the police serve an objection notice, the applicant is entitled to a hearing before the Licensing Panel. Refusal of the application will be the normal course unless there are, in the opinion of the Panel, exceptional and compelling circumstances that justify granting the application.

Temporary Events

- 3.38 If you're organising a temporary event and want to serve or sell alcohol, provide late-night refreshment, or put on regulated entertainment, you'll need to complete a temporary event notice. A TEN is a form that you provide to the local council, the police and environmental health, letting them know about the planned event.
- 3.39 There are 2 types of TENs:
- a standard TEN, which is given no later than 10 working days before the event to which it relates
 - a late TEN, which is given not before 9 and not later than 5 working days before the event

The Authority recommends that considerably longer notice should be given to the police for large events, to allow them to help organisers plan their events safely. Applicants should recognise that if short notice is given, this will increase the likelihood of the police objecting. It is also recommended that advice should be sought from the police prior to submission of applications for large events

- 3.40 For the purpose of a TEN, a temporary event is a relatively small-scale event attracting fewer than 500 people.
The event must last no more than 168 hours and can be held either outdoors or indoors.
Any premises can only be used for 12 temporary events per year, up to a total maximum of 21 days.
You must be aged over 18 in order to hold a temporary event.
- 3.41 If you have a personal licence, you can give 50 TENs (made up of standard and late TENs) a year. If you don't have a personal licence you can only give 5 (made up of standard and late TENs). If you have a personal licence, you can give 10 late TENs a year. If you don't have a personal licence you can only give 2 late TENs.

- 3.42 There must be at least 24 hours between temporary events organised by the same person or an associate in relation to the same premises.
- 3.43 Once the police or environmental health receive your TEN, they have 3 working days to make any objections to it on the grounds of any of the 4 licensing objectives: If they object, the council will organise a hearing to consider the evidence and may decide that your event cannot proceed. If there is an objection to a late TEN, the event will not be allowed to proceed. Otherwise, the event can go ahead as planned.
- 3.44 Copies of Temporary Event Notices must be served on the police and environmental health within the required timescales to the following addresses:

Private Events

- 3.45 Entertainment at a private event to which the general public are not admitted becomes licensable only if a fee is charged and it is provided with a view to profit to any person involved in the organisation of the event.

Circuses

- 3.46 The provision of music at circuses will normally be considered to be ancillary to the main entertainment provided and as such will be exempted from the licensing requirements. Each case, however, will be considered on an individual basis and there may be occasions where a licence is required depending upon the type of entertainment and so organisers of such events should contact the Licensing Unit to confirm whether any licence is required. Any sales of alcohol would need to be licensed.

Gambling in Licensed Premises

- 3.47 The Gambling Act 2005 was implemented in 2007 and a separate policy has been created and approved by this Council which provides details on the Act and the manner in which the Authority will deal with applications made under the Act. The Authority will have due regard to this policy, where relevant, when considering applications under the Licensing Act 2003.

Sex Encounter Establishments

- 3.48 In November 2009, the Police and Crime Act 2009 was implemented, which amended Schedule 3 of the Local Government (Miscellaneous Provisions) Act 1982 to incorporate sexual entertainment venues. Under the amended Act, premises offering lap dancing or any live performance or display of nudity on more than eleven occasions within a twelve month period are required to obtain a sex establishment licence. Some exemptions also exist within the legislation.
- 3.49 The Council has produced and published a policy in relation to Sex Encounter Establishments which lays out the means by which applications for such licences will be determined.
- 3.50 The Licensing Authority does not seek to censor the content of regulated entertainment. In granting any licence authorising entertainment of an adult nature,

however, careful consideration will be given to the proposed activities, the location of the premises and whether any of the licensing objectives are likely to be undermined by the proposals.

- 3.51 Applications involving nudity or striptease or sex related entertainment will only be granted in exceptional circumstances and if the proposal meets the relevant criteria. Very careful consideration will be given to any application before a licence is granted to authorise adult entertainment in locations which are in close proximity to:
- residential accommodation
 - schools
 - places of worship
 - community facilities or public buildings.
- 3.52 Where licences for adult entertainment are granted, consideration will also be given as to whether any specific conditions are necessary to promote the licensing objectives which are specific to the type of entertainment being provided.
- 3.53 The Licensing Authority will have regard to the cumulative effect of the number of such premises in proximity to each other and in the vicinity.

Petrol Stations and Garages

- 3.54 Section 176 of the Licensing Act 2003 states that no premises licence has effect to authorise the sale by retail of alcohol on premises used primarily as a garage. Premises are used as a garage if they are used for the sale of petrol or derv, or for the sale or maintenance of vehicles. As to "primary use," this is measured in terms of the number of transactions carried out ("footfall"), rather than by way of business turnover or net profit.
- 3.55 Where an applicant is seeking a premises licence for the retail of alcohol at premises which are used as a garage, the licensing authority expects the application, through the operating schedule or by separate document, to provide evidence that the premises are not used primarily as a garage. This can best be achieved by the provision of sales data over a relevant period (for example for 6 or 12 months immediately preceding the date of the application). Applicants should note that if evidence of primary use is not provided with their application, consideration of the application may be delayed while further information is sought.
- 3.56 Where licences are granted for the sale by retail of alcohol at such premises, the primary use will be kept under review to ensure that the premises still comply with the statutory criteria. In order to do this further information may be requested of the licence holder where there is doubt that the Act is being complied with.

Consultation on Licence Applications

- 3.57 The aim of consultation is to provide the opportunity for responsible authorities and interested parties to be involved in the licensing process.
- 3.58 The applicant will be required to comply with the statutory requirements in relation to advertising their application. The Authority will also place details of the application in the relevant register, on its website and will notify local ward councillors and parish councils.

4. Cumulative effect of licensing on the amenity of particular areas

- 4.1 The Authority recognises that the cumulative effect of licensed premises and late night refreshment establishments may result in an increase in numbers of people either passing through or congregating in streets or cause adverse effects on amenity. This in turn may have a number of undesirable consequences, for example:
- An increase in crime against both property and persons;

- A risk to public safety
- An increase in noise causing disturbance to residents;
- Traffic congestion and/or parking difficulties;
- Littering and fouling.

4.2 The Council will take into account:

- The character of the surrounding area;
- The potential and real impact of the licence on the surrounding area, both individually and cumulatively with existing licences;
- The nature and character of the proposed operation; and
- Any other relevant considerations.

4.3 Where there is evidence that a particular area of the District is suffering adverse effects arising from a concentration of licensed premises, or that residential areas are under stress, this will be taken into account in determining any further applications or variations to existing licences for premises within the area identified. The onus will be on the objectors to provide evidence to back up any assertion that the addition of the premises in question would produce the cumulative impact claimed.

4.4 The Authority may consider a specific saturation policy if this proves necessary. In considering whether to adopt a special saturation policy the Authority will take the following steps:

- identify serious and chronic concern from a responsible authority or representatives or residents about nuisance and disorder;
- assess the causes;
- where it can be demonstrated that disorder and nuisance is arising as a result of customers of licensed premises, identify the area from which problems are arising and the boundaries of that area;
- adopt a special policy about future licence applications from that area.

5. Structure and Administration

Licensing Committee and Panel

- 5.1 Relevant decisions under the Act are made by the Licensing Committee, which consists of fifteen (15) Councillors.
- 5.2 The Licensing Committee will delegate some of its functions to a Licensing Panel, which consists of three (3) Councillors or to an individual officer. The Authority intends to delegate its functions in the way set out in Appendix 1, in the interests of speed, efficiency and cost effectiveness.
- 5.3 In line with the Members Code of Conduct, Councillors may attend Hearings which relate to matters personally affecting them, so long as it is a public meeting and they only remain whilst making their own representation.
- 5.4 Where a Councillor who is a member of the Licensing Committee or the Licensing Panel has had an indirect or direct involvement in an application before them, in the interests of good governance they shall disqualify themselves from any involvement in the decision-making process affecting the premises licence in question. In particular, Ward Councillors who have received representations from residents about an application within their Ward will be advised to consider whether they should sit on the Licensing Panel involved in the determination of that application.
- 5.5 Councillor's conduct is governed by the New Code of Conduct for Members set out in

the Council's Constitution. Since 31 July 2012, the Council has adopted a Code of Conduct for members pursuant to the Localism Act 2011. It is available for inspection on the authority's website and on request from Reception at the Council Offices. The Councillor's Monitoring Officer has statutory responsibility for administering the system in respect of complaints relating to Members' conduct. The Council has delegated to the Hearing Panel such of its powers to take action in respect of individual Members as may be necessary to promote and maintain a high standard of conduct and these are also set out in the adopted Members code of conduct.

- 5.6 Every determination of a licensing decision by the Licensing Committee or the Licensing Panel shall be accompanied with clear, cogent reasons for the decision. This shall be given to the applicant in writing. A summary of the decision shall be posted on the Council's website as soon as possible after the decision has been confirmed, where it will form part of the statutory licensing register required to be kept by the Authority.

Administration and Delegation

- 5.7 Decisions as to whether representations are irrelevant, frivolous or vexatious must be made objectively and not on the basis of any political judgement. Accordingly, the Head of Environment will make the decisions on whether representations or applications for licence reviews should be referred to the Licensing Panel. Where representations are rejected, the person making that representation will be given written reasons.
- 5.8 The Authority will ensure that Members and officers are appropriately trained to carry out their duties under the Licensing Act. Unless there are compelling reasons to the contrary, the Authority will require the Licensing Committee or the Licensing Panel to meet in public – although Members can retire into private session to consider their decision.
- 5.9 'Relevant representations' are those:
- about the likely effect of the Premises Licence on the promotion of the licensing objectives;
 - made by a responsible authority or another party within prescribed time periods, have not been withdrawn and, in the case of representations not made by a responsible authority they are not in the Authority's opinion irrelevant, frivolous or vexatious.

Where no relevant representations are made there will be no need for a Hearing and the Licence or Certificate will be issued on the terms requested.

Hearings

- 5.10 The Authority has produced a document which sets out the procedure to be followed during Hearings and which is made available to all relevant parties prior to any Hearing. All parties are given an equal opportunity to state their case and ask questions. The purpose of the Hearing is for parties to comment and expand upon the written representation previously made. New issues cannot be introduced at this stage.
- 5.11 In determining the application with a view to promoting the licensing objectives in the overall interests of the community, the Authority must give appropriate weight to; the steps that are necessary to promote the licensing objectives, all relevant representations, the government Guidance and this Policy.
- 5.12 Where negotiation has taken place during the consultation period and additional conditions or amendments to an operating schedule have been agreed between the relevant parties, it may not be necessary for a full Hearing to determine the application. Where the Authority and all parties agree to dispense with the need for a full Hearing the matter will be referred to a Licensing Panel for final determination and approval.
- 5.13 Copies of representations must be sent to the applicant and so personal details (the address) of parties making representations will generally be provided to the applicant and appear in any Committee reports as part of the Hearing process. In exceptional circumstances such details can be withheld, although this would only generally occur where there are genuine and well-founded fears of intimidation or violence. Parties may

also wish to consider using another individual or body to represent them in such circumstances, e.g. Ward Councillor or parish / town council.

5.14 A responsible authority means any of the following:

- the chief officer of police
- the fire authority
- the health and safety enforcing authority
- the local planning authority
- the local environmental health authority
- a body which protects children from harm, and is recognised by the Authority as being competent to advise it on such matters. The Authority considers that Buckinghamshire County Council's Area Child Protection Committee is a competent body and in urgent cases, the Director of Social Services at Buckinghamshire County Council is competent to provide advice
- any licensing authority (other than the relevant licensing authority) in whose area part of the premises is situated.
- the licensing authority
- the local health authority (Buckinghamshire County Council Public Health Authority)

6 Conditions

General Conditions

- 6.1 Upon grant of a licence, the Act sets out mandatory conditions which will be attached in certain circumstances and in addition to these, special conditions may be attached where an application has been determined by a Licensing Panel following receipt of valid representations. These conditions will be appropriate to the nature of the activities specified in the Operating Schedule and reflect the four licensing objectives referred to on page 4 of this document. Special conditions may be drawn from a pool of conditions, copies of which are available from the Authority's Licensing Unit. Any condition will be required to meet the circumstances of the proposed activities. Conditions will not be imposed on a licence unless they are considered appropriate for the promotion of the licensing objectives. Conditions will generally be considered unnecessary if they are already adequately covered by other legislation.
- 6.2 A key concept underscoring the Act is for conditions to be attached to licences and certificates where relevant representations are made and the application is determined by a Licensing Panel. Any conditions imposed will be tailored to the individual style and characteristics of the premises and events concerned. They will also relate to matters within the control of the licensee and will be proportionate and appropriate to meet the licensing objectives. Blanket, standard conditions cannot be imposed on licences. The operating schedule, submitted by the applicant together with the licence application, is an important document which describes the way in which it is proposed to operate the business and address the four licensing objectives. Applicants are strongly recommended to liaise with relevant responsible authorities and, where appropriate other parties, prior to submitting an application.

Fire Safety and Capacity Limits

- 6.3 The Authority is committed to ensuring public safety in licensed premises by working in close partnership with Buckinghamshire and Milton Keynes Fire Authority, subject to the provisions of the Regulatory Reform (Fire Safety) Order 2005
- 6.4 The Authority will, when relevant representations are received from the Fire Authority, consider the implications relating to fire safety for each individual application for, or variation of, a premises licence. The Authority will seek to protect the safety of persons, both members of the public and employees at all licensed premises by ensuring that

the requirements of the Fire Authority are met.

- 6.5 In order to avoid the necessity of representations to be made, applicants should ensure that the Fire Authority are consulted prior to an application being made where it is considered that fire safety or capacity may be an issue. It is for the applicant, however, to ensure that a competent person has completed a suitable and sufficient fire risk assessment. It is not the responsibility of the Fire Authority to complete this on their behalf.

Licensing hours

- 6.6 In making decisions that relate to the hours for which premises are licensed or any conditions relating to delivery times etc., consideration will be given to the prevention of crime and disorder and the prevention of public nuisance objectives. Each case will be decided on its individual merits.
- 6.7 It is recognised that varied licensing hours may be important in some areas to ensure that concentrations of customers leaving licensed premises simultaneously are avoided. In turn this will reduce the potential for disorder at fast food outlets, taxi ranks and other sources of transport.
- 6.8 In relation to shops and other retail outlets supplying alcohol for consumption off the premises, the general policy will be to allow sales of alcohol at all times that the premises are open for business unless there is evidence to suggest that this would not promote the crime and disorder objective (e.g. where there is evidence of antisocial drinking in the morning hours). Any decision not to allow sales of alcohol at particular times will be based on evidence of the need to prevent crime, disorder and public nuisance.
- 6.9 Fixed trading hours will not be set for particular geographical areas. Account will be taken, however, of any guidelines that are adopted in respect of licensing hours. It should be stressed that each case will be decided on its own merits based on whether the licensing objectives can be met. Stricter conditions however are likely to apply where the premises are situated in mainly residential areas to minimise disturbance to local residents. There is no presumption that longer hours should be permitted.

Community Premises

- 6.10 Recent changes in legislation now permit community premises to be able to sell alcohol without the need for a Designated Premises Supervisor holding a personal licence and can instead specify that the committee will be responsible for alcohol sales. In such circumstances the Authority would expect to be provided with a name or names and contact number(s) for those individuals who could be contacted in case of emergency or general queries relating to the licence.

7. Appeals

General

- 7.1 Entitlement to appeal for parties aggrieved by decisions of the licensing authority is as follows:
- the applicant when the Authority rejects an application for a premises licence, or the variation or transfer of a premises licence.
 - the holder of the premises licence or any other person who made relevant representations in relation to a review of a premises licence
 - the applicant where the Authority rejects an application for a personal licence.
 - the holder of a licence when the Authority imposes conditions on the premises licence.
 - a person / authority that has made relevant representations that the licence ought not to have been granted or about conditions.

- the applicant, or person who has made relevant representations about the issue of a provisional statement
 - the police
- 7.2 Other than in the case of personal licences, an appeal has to be made to the Wycombe and Beaconsfield or Central Buckinghamshire Magistrates' Court according to the location of the premises. In the case of personal licences, the appeal must be made to the Wycombe and Beaconsfield Magistrates' Court.

Appeals to Magistrates' Court

- 7.3 An appeal has to be started by the giving of a notice of appeal by the appellant to the justices' clerk for the magistrates' court within a period of 21 days from the day on which the appellant was notified by the Authority of the decision appealed against.
- 7.4 The Authority will always be a respondent to the appeal, but in cases where a favourable decision has been made for an applicant against the representations of a responsible authority or an interested party, the holder of the premises licence or club premises certificate will also be entitled to act as a respondent
- 7.6 On determining an appeal, the court may:
- dismiss the appeal;
 - substitute for the decision appealed against any other decision which could have been made by the licensing authority; or
 - remit the case to the Authority to dispose of it in accordance with the direction of the court.
- 7.7 The court may make such order as to costs as it thinks fit.
- 7.8 Any appeal may therefore review the merits of the decision on the facts and consider points of law or address both.
- 7.9 The Authority will not delay the implementation of the magistrates' courts decisions.

8. Complaints against Licensed Premises

General

- 8.1 The Authority will investigate complaints against licensed premises in cases where the licensing objectives are compromised. In the first instance it may be appropriate for complainants to raise the complaint directly with the licensee or business concerned or with the relevant responsibility authority (e.g. the Control of Pollution Unit in cases of noise nuisance)

Review

- 8.2 The importance of working in partnership to achieve the promotion of licensing objectives cannot be understated and responsible authorities will aim to give licensees early warning of any concerns identified at a premises. At any stage following the grant of a premises licence, however, a responsible authority or any other party may ask the licensing authority to review the licence because of a matter arising at the premises in connection with one of the four licensing objectives. In addition, a review of the licence will normally follow any action to close the premises (for up to 24 hours) on the grounds of disorder or noise nuisance or as a result of a magistrates' court determination.
- 8.3 If a Member has made a representation in relation to an application for a licence they may still have a prejudicial interest in any subsequent review or variation application
- 8.4 Members who have a prejudicial interest may not sit on a Licensing Panel to consider the application in which they have that interest
- 8.5 In order to successfully bring a review of a licence, evidence will be required of breaches of one of the licensing objectives. As a result it may assist interested parties

to liaise with the relevant responsible authority prior to submitting an application for review (e.g. the police in cases of disorder or the Control of Pollution Unit in cases of noise nuisance). The person requesting the review is also required to notify the premises licence holder and all responsible authorities of their review application.

- 8.6 Under the Violent Crime Reduction Act 2006, following an application from the chief officer of police, the Authority can attach interim steps to licences pending a full review. The Act also introduces a new offence in relation to persistent alcohol sales to minors.
- 8.7 Any application for review must relate to particular premises for which a premises licence is in existence and must be relevant to the promotion of one or more of the licensing objectives. Representations must be in writing and may be amplified at the subsequent hearing or may stand in their own right. Applications will not be accepted if they are considered to be frivolous, vexatious or repetitive.
- 8.6 In cases where the crime prevention objective is being undermined it is expected that revocation of the licence (even in the first instance) will be seriously considered,

9. Enforcement

Enforcement Policy

- 9.1 The Council's Licensing Enforcement Policy is based upon the principles of consistency, transparency and proportionality as set out in the Department of Trade and Industry's Enforcement Concordat which also takes into account the Attorney-General's Guidelines to Crown Prosecutors for bringing prosecutions.
- 9.2 The Enforcement Policy (available on request from the Licensing Unit) proposes that a graduated response is taken where offences against licensing legislation are found or where licence conditions have been contravened. An isolated administrative offence – such as failing to display a Premises Licence Summary – may be dealt with purely by way of a written warning whilst more serious offences which have either been committed over a period of time or which jeopardise public safety – such as failing to maintain fire safety equipment properly – may result in a referral for prosecution.

Enforcement General

- 9.3 The Council will seek to work actively with the police in enforcing licensing legislation and is a signatory to the Buckinghamshire Memorandum of Understanding and Joint Enforcement Protocol along with Thames Valley Police and the other local authorities in Buckinghamshire. The Protocol seeks to ensure a consistent and appropriate approach to enforcement. The Protocol is available on the Council's website at www.wycombe.gov.uk/licensing or a copy can be obtained by contacting the Licensing Unit on 01494 421222 or at licensing@wycombe.gov.uk. The police, the Authority and other agencies will share information about licensees and licensed premises under the provisions of current legislation.
- 9.4 The Council will provide a licensing enforcement function to investigate allegations of unlicensed activities and to ensure that licence conditions are complied with. Any inspection regime will be relative to the type of premises to be inspected i.e. properly managed and maintained premises will not require the same number of inspections as problem and high risk premises.
- 9.5 The Council will carry out its responsibilities for enforcement so as to promote the four licensing objectives and will aim to ensure enforcement is fair, open, reasonable, consistent and proportionate. Action will be taken against the most appropriate person, which may not be the licence holder or premises supervisor, depending upon the circumstances.
- 9.6 The Act now requires the suspension of a Premises Licence or Club Premises Certificate where an invoice has been issued for an annual fee and the payment has not been made within the required timescale. Suspension notices will be issued to the relevant

premises in these cases and a further 21 days will be given prior to the suspension taking effect.

APPENDIX 1 TABLE OF DELEGATED FUNCTIONS

Matter to be dealt with	Council	Licensing Committee	Licensing Panel	Head of Environment
Review Licensing Policy	All cases	Recommendation to Council		
Deal with Policy Issues	All cases	Recommendation to Council		
Matters of Cumulative Impact	When referred by Licensing Committee	All cases except when referred to Council		
Application for personal licence			If a representation is made	If no representation is made
Application for personal licence with unspent convictions			All Cases	
Application for premises licence/club premises certificate			If a representation is made	If no representation is made
Application for provisional statement			If a representation is made	If no representation is made
Application to vary premises licence/club premises certificate			If a representation is made	If no representation is made
Application to vary designated personal licence holder			If a police representation is made	All other cases
Request to be removed as designated personal licence holder				All cases
Application for transfer of premises licence			If a police representation is made	All other cases
Application for interim authority			If a police representation is made	All other cases
Application for a Minor Variation				All Cases
Application to review premises licence/club premises certificate			All cases	
Approval of plans which do not comply with statutory scale				All cases
Decision to impose interim sanctions in accordance with s.53A-C of the Act			All cases	

APPENDIX 2 - LIST OF CONSULTEES SECTION 5 LICENSING ACT 2003

The Chief Officer of Police for the Councils area
 The Fire Authority for the area
 Bodies representing local holders of premises licences / club premises certificates
 Bodies representing businesses and residents in the area
 Parish Councils in the District
 Neighbouring Councils
 Wycombe and Beaconsfield / Central Buckinghamshire Magistrates Court
