

Wing & Ivinghoe Community Board agenda

Date: Thursday 19 November 2020

Time: 7.00 pm

Venue: MS Virtual Meeting

Membership:

A Wight (Chairman), A Bond, P Cooper, N Glover, S Jenkins, C Poll and D Town

Aston Abbots Parish Council; Cheddington Parish Council; Creslow Parish Meeting; Cublington Parish Council; Edlesborough Parish Council; Hardwick Parish Council; Ivinghoe Parish Council; Marsworth Parish Council; Mentmore Parish Council; Pitstone Parish Council; Slapton Parish Council; Watermead Parish Council; Weedon Parish Council; Whitchurch Parish Council; Wing Parish Council; Wingrave with Rowsham Parish Council

Please note that this meeting will be recorded and will subsequently be available to view via the Buckinghamshire Council website.

Agenda Item	Time	Page No
1 Chairman's Welcome Councillor Anne Wight – Chairman Councillor Peter Cooper – Vice Chairman	7 pm	
2 Apologies Members to hear any apologies.	7.05pm	
3 Minutes To approve as a correct record the Minutes of the meeting held on 23 rd September, 2020.	7.06pm	3 - 8
4 Declarations of Interest Members to declare any interests.		
5 COVID-19 Hub Status Emma Denley.	7.10 pm	9 - 10

6	Bucks Online Directory Presentation by Jacqueline Austin-Lavery.	7.30pm	11 - 16
7	Voting on Current Projects Councillor Anne Wight.	7.40pm	17 - 22
8	Sustainable Cheddington Verbal presentation to be given to Members by a representative of Sustainable Cheddington.	7.55 pm	
9	Action Groups Update Update from Councillor Peter Cooper.	8.00pm	23 - 24
10	Facebook Pages and Future Communications Katrina Kelly.	8.15pm	25 - 28

If you would like to attend a meeting, but need extra help to do so, for example because of a disability, please contact us as early as possible, so that we can try to put the right support in place.

For further information please contact: Katrina Kelly (Community Board Co-ordinator) on 01296 383970 / 01296 585234, email democracy@buckinghamshire.gov.uk.

Agenda Item 3
Buckinghamshire Council
Wing & Ivinghoe Community
Board

Minutes

Minutes of the meeting of the Wing & Ivinghoe Community Board held on Wednesday 23 September 2020 via video conference, commencing at 7:00pm and concluding at 8:15pm

Members present

A Wight (Chairman), P Cooper (Vice-Chairman), A Bond, N Glover, S Jenkins, C Poll, D Town, C Bamber, R Booth, Brazier, A Davies, D Kellner, S Lott, R McCarthy, Owen, H Price, J Rose, B Saintey, S Severn, F Wakefield, J Walmsley, J Wilkinson and A Williams

Others in attendance

C Adams, P Batting, Hillary, D Kuttner, K Oastler, J Plested, S Sangster, N Shardlow and L Wells

Officers in attendance

D Holmes, K Kelly, H Thomas, C Saunders, K Walker

Apologies

A Bond, M Dias, C Martin

Agenda Item

1 Chairman's Welcome

Attendees received a brief, introductory presentation by the Chairman of the Wing and Ivinghoe Community Board Councillor Wight, welcoming them to the meeting and reviewing the purpose and aims of the Community Board. The presentation touched on the ongoing work of the Board to facilitate an environment in which Parish and Town Councils together with external partners, could work collectively to tackle challenges, develop and realise local projects and build a more cohesive community.

2 Apologies

There were apologies from Abigail Bond, Corinna Martin and Marco Dias.

3 Minutes

Resolved: -

That the Minutes of the meeting held on 14 July 2020 be approved as a correct record.

4 Declarations of Interest

There were none.

5 Covid-19 Response – Proud of Bucks

Members heard a brief reminder from the Chairman that nominations were still open for Buckinghamshire Council's Proud of Bucks Awards, which sought to recognise the outstanding efforts carried out by the many local individuals, groups and organisations who carried out essential community support and volunteering work in direct response to the Covid-19 pandemic. Nominations could still be made until the deadline at midnight on Sunday 27th September, and online and postal nominations would be accepted.

Members and attendees present were encouraged to spread the word and encourage anyone who might know of someone deserving of recognition for their efforts, to ensure that nominations were made before the deadline.

Members were keen to stress that as the situation surrounding the COVID-19 pandemic continued to change moving into the winter season, that many of the previously dormant groups that had conducted vital support work had begun to restart their efforts anew, and expressed their sincere thanks for their ongoing work.

6 Bucks Business First

Following discussions at the previous meeting of the Community Board, local business and economic recovery in the wake of the COVID-19 pandemic had emerged as a priority area for Members and attendees. Philippa Batting, Managing Director of Bucks Business First, was invited to outline the work undertaken by her team of 60 to support 13,000 local businesses of all sizes during the recent months to this end. This was achieved by supporting local businesses to partner with the most appropriate of the 700 subsidised schemes supporting businesses nationwide.

Philippa explained that whilst the COVID-19 pandemic continued to alter the rules and restrictions in place for business operations, Bucks Business First was able to provide ongoing support and guidance to local business owners including support to increase digital footfall, which had been of particular benefit to the retail sector when physical stores had been unable to open. Bucks Business First had also facilitated networks within local areas, with groups of businesses able to tackle common challenges together.

Bucks Business First would continue to offer support to businesses as the Government's Furlough Scheme came to an end on 31st October, businesses dealing with job losses, those facing redundancy, reduced public spending, and the impact that the pandemic has had on the mental health of the workforce. Support would also be offered in managing the repayment of Government loans in the Spring of 2021.

The Community Board was identified as a valuable future partner and Members were encouraged to signpost any of the remaining 20,000 businesses not currently associated with Buckinghamshire Business First across Buckinghamshire to seek help from them should they need it.

Members thanked Philippa Batting for her time and presentation, and expressed hope that a deep and fruitful partnership could be developed long into the future.

7 Voting on Current Projects

Members voted on granting approval to three outstanding traffic calming initiatives that had been inherited from the Legacy Council structure. These were as follows:

1. Ivinghoe Traffic Calming Scheme
2. Mentmore to Cheddington Cyclepath Scheme
3. Cublington Traffic Calming Scheme

Owing to their familiarity with the proposals, Members agreed to vote en bloc and

Resolved: -

That the above traffic calming initiatives be approved.

8 Community Board Action Plan – Subgroup Formation

Coordinator Katrina Kelly presented a draft of the Wing and Ivinghoe Community Board Action Plan to Members, outlining the funding streams available to support project proposals within the four priority areas of the Board, namely:

1. Environment
2. COVID-19 Recovery
3. Health and Wellbeing
4. Transport

The Action Plan detailed some of the issues to address that had been raised by residents following discussions at the previous meeting, as well as corresponding Sub-Groups which could be formed to tackle them within each of the priority areas.

To illustrate the work that could be undertaken as part of a Working Group, Katrina invited Hannah Price to update Members on her work with Peter Brazier and David Harnett to make electric vehicles more accessible for those without dedicated driveways and charging points. Hannah explained that the Working Group was exploring the feasibility of increasing publicly available charging points, as well as increasing charging points outside homes where possible. This project was in keeping with priority areas 1 and 4 of the Community Board. Charging point suppliers were already being contacted, and an appropriate Buckinghamshire Council Officer had been sourced for consultation by Katrina. The Working Group was open to new members.

Attendees were encouraged to contact Katrina if they wished to join or create a Working Group and develop a project for further discussion and future funding application. Projects that were funded or ready to be funded before the end of the fiscal year, would be able to be funded into the next fiscal year. It was stressed that Members of the Board were always open to invitations to meetings and to provide administrative support to Sub-Groups should it be required, and that the Board could be used as a platform to source necessary contacts with external partners and Officers to contribute to the work of Sub-Groups.

9 Q&A

Katrina drew Members' attention to a document addressing the most frequently asked questions she received by those wanting to learn more about the community board, the funding structure, and the scope and operations of the Sub-Groups. The document would be made publicly available on the Buckinghamshire Council website, and attendees were encouraged to read through the document, and contact Katrina if there were any other outstanding questions that needed to be answered.

10 Thames Valley Police

Members received a presentation by Sergeant David Kuttner of the Thames Valley Police Aylesbury Vale Rural Neighbourhood team, outlining the work of Thames Valley Police in the local area. Sergeant Kuttner informed Members that the Wing and Ivinghoe team operate out of Wing Police Station and consist of 1 PC and 4 PCSOs working on a shift pattern, in addition to Response Officers in Buckingham and Aylesbury who are available 24/7 for emergencies across the Vale. There would be another PC joining the team in December.

The presentation outlined the challenges faced by Thames Valley Police during the COVID-19 pandemic, which had impacted services such as Community Speedwatch, which had to be suspended indefinitely owing to safety concerns. Parishes were still able to request a 7 day Speed Survey by contacting Transport for Bucks, to gather evidence for future action to take place where speeding was an issue.

Sergeant Kuttner informed the Board that the rates of incidents and crime across the area were largely in keeping with expected patterns for previous years, though Police were acting on an increased number of reports of drug use in one area. Police were also responding to breaches of COVID-19 social distancing regulations. This was of concern as the rules continued to change. Members of the public were encouraged to follow the rule of 6 and the latest Government advice.

Thames Valley Police would look to prioritise reduction of impactful crime in the local area, including burglaries, drug use and anti-social behaviour. Members and attendees were encouraged to give their feedback to help shape Policing priorities in the local area moving forward. Members raised concerns regarding traffic and speeding in the area, and encouraged Thames Valley Police to support the 20mph speed limits locally. Sergeant Kuttner expressed thanks for the feedback and would raise the issue with the relevant department in Thames Valley Police. He also encouraged anyone with information on areas where speeding was prevalent to contact him.

Members thanked Sergeant Kuttner for his time and presentation, and hoped that a mutually beneficial partnership between the Board and Thames Valley Police could be developed moving forwards.

11 Comms Strategy and Examples

Localism Manager Kate Walker gave a presentation concerning communication and engagement with the Community Boards, touching on the work undertaken jointly by the Communications Teams and the Localities and Strategic Partnerships Team to promote the Community Boards initiative by Buckinghamshire Council across the County.

The presentation also stressed to Members the importance of communicating the work of the Wing and Ivinghoe Community Board and the Working Groups to local residents to develop a positive relationship, and foster constructive engagement with and public interest in the Board. This should be a two-way system, with avenues for external partners and residents to be able to communicate back to the Board. Members were given some suggestions and encouraged to consider which method(s) of communication would be most appropriate to achieve this within their own communities, which would be supported by the Communications Team and Localities Team as part of a tailored communication strategy in the local area.

Members thanked Kate for her presentation, and would begin considering effective communication methods to develop a local strategy. Members' attention was drawn to the Community Board Facebook page which would be created in the near future as a first step to

this end.

Question Time

This page is intentionally left blank

Organisation Name	Ivinghoe Parish Council
Project Name	Traffic Calming Scheme
Funding Stream	Community Area Priorities
Total Cost of project	£79,978.25
Amount of Match Funding	£39,989.12
Amount being applied for	£39,989.13
Amount suggested	£39,989.13

Project Summary

The northern approach to Ivinghoe presents problems in lacking any notable incident or landmark between Ford End and the village centre. Should further housing development take place in the north of the village, this may help to define entry point. The most appropriate location to announce the edge of the village centre is the junction where Maud Jane’s Close and Ladysmith Road join the station road. This is a natural crossing point connecting the open space of the recreation ground with the housing to the north of the road and provides the first glimpse of the approaching village centre. It also forms the boundary of the conservation area. An informal courtesy zebra crossing at this location could combine with the bus stop to make this a distinctive space at this strategic point. There is opportunity to allow space on the existing verge to enable the drop-off for children heading for Brookmead School from the north. Highlighting the entrance to the open space and encouraging as much activity as possible are vital means to modify driver speeds at this point.

Based on the feasibility study completed in September 2019, it is proposed to implement the following at Maud Janes Close:

- Relocation of crossing
- Highlighted crossing using buff carriageway surface and 300x300 ‘block’ markings
- “Grasscrete” layby parking area
- 2 no. of informal roundabouts
- Tree planting
- Traffic calming (buff coloured ‘bar’ and red backed ‘SLOW’ markings)

Following a feasibility study the area of Brookmead school, it was suggested that Brookmead School site would benefit from a set of traffic calming measures’.

Brookmead School works which is a collaboration of Ivinghoe with Pitstone Parish consisting of:

- Advisory 20mph speed limit
- Coloured carriageway surface
- Lining improvement to visually narrow carriageway
- Installation of bollards

How does the project address local priorities?

The project does link with our transport safety priority. It also aims to address a local problem. The applicant has undertaken a very in depth proposal and created comprehensive reports ahead of making their formal application.

How does the project align with the values, objectives and corporate priorities of Buckinghamshire Council?

Whilst the project does not directly link with Buckinghamshire Council's values, objectives and priorities, the project will help to keep our residents safer when using the road in their cars or as pedestrians. The nearby green space will be far more accessible for residents to use for their recreation and exercise. Improvement safety for children and families when travelling to and from school and in the community. Improving safety for all road users.

The inroads to the business parks will be improved and help to keep the businesses connected and their staff safe.

Improvements to the appearance of the historic villages that are Ivinghoe and Pitstone.

How does the project achieve value for money?

This is the typical cost of a scheme of this nature. The board will be receiving a large amount of match funding from the parishes. Just over £39,989. This helps the board funds to go further.

Community Board Coordinator comments

It is recommended that members consider this project for funding noting the above comments.

The applicant will be required to agree to terms and conditions, which include a monitoring agreement, as discussed with the Community Board Coordinator before the fund will be formally awarded.

Katrina Kelly Community Board Funding Report - 2020/21

Date of Decision 19/11/2020

Organisation Name	Cublinton Parish Council/Aston Abbotts Parish Council
Project Name	Traffic Calming Scheme
Funding Stream	Community Area Priorities
Total Cost of project	£15,339.16
Amount of Match Funding	£7699.58
Amount being applied for	£7699.58
Amount suggested	£7699.58

Project Summary

Since 2000 there have been several collisions at the crossroads and multiple near misses as traffic comes from Wing around a bend to the crossroads, and as traffic attempts to cross or turn coming from Aston Abbotts.

The most recent accident at the crossroads occurred on Sunday 24th September 2017 at 8pm where ambulance and police were required to attend. In addition, traffic volumes have increased significantly as Cublinton is optimum for cutting across from Milton Keynes to Bicester/Oxford and vice versa.

Cublinton Parish Council with support had recently received a Feasibility Report which recommended options that would reduce traffic speed.

Additionally Aston Abbotts have been experiencing speeding issues in their parish with the roads into the main body of Aston Abbotts there have been significant problems relating to the speed of which vehicles enter the area. Drivers using the wrong side of the road and juggernauts failing to exit the village via a narrow gated road. It has been recommended that Aston Abbotts receive signing and lining to help alleviate the issues that are being experienced. There are a series of minor accidents throughout the years, specifically winter months.

In joining these projects up the costs were reduced. Cublinton and Aston Abotts would like to seek match funding of 50% of the full combined project costs for these to be actioned together.

How does the project address local priorities?

The project does link with our transport priority, making the area safer for residents. It also aims to address a local problem that affects both parishes.

How does the project align with the values, objectives and corporate priorities of Buckinghamshire Council?

Whilst the project does not directly link with Buckinghamshire Council's values, objectives and priorities, the project does aim to improve road safety. The project will help to keep our residents safer when using the road in their cars or as pedestrians

How does the project achieve value for money?

The proposed option is a low cost solution that the feasibility study put forward for recommendation. The board will be receiving 50% match funding from the parish.

Community Board Coordinator comments

It is recommended that members consider this project for funding noting the above comments.

The applicant will be required to agree to terms and conditions, which include a monitoring agreement, as discussed with the Community Board Coordinator before the fund will be formally awarded.

Katrina Kelly Community Board Funding Report - 2020/21

Date of Decision 19/11/2020

Organisation Name	Mentmore Parish Council
Project Name	Play Area Equipment
Funding Stream	Health and Wellbeing
Total Cost of project	£7918.30
££3959.15	£3959.15
Amount being applied for	£3959.15
Amount suggested	£3959.15

Project Summary

Mentmore Parish would like to provide new play equipment for younger members of the Mentmore Parish and wider community.

The Parish Council has been asked by residents of young children to request play equipment suitable for them to use. The play equipment will be freely available for everyone to use, providing a great opportunity to allow young people to prosper and develop in a wonderful outdoor setting. Health and fitness is always a priority but especially with Covid-19, it also allows families opportunities to exercise within their local area.

How does the project address local priorities?

The project does link with our health and wellbeing priority, providing a recreational play area suitable for younger children. This will enable them to learn and play as they grow. It also creates a space for families to meet up and socialise whilst their children can play safely.

How does the project align with the values, objectives and corporate priorities of Buckinghamshire Council?

The project sits well with the priorities of Buckinghamshire. Particularly the following;

- To have strong, healthy and capable communities
- To protect vulnerable people

How does the project achieve value for money?

The proposed option is a low cost solution that residents put forward for recommendation. The board will be receiving 50% match funding from the parish.

Community Board Coordinator comments

It is recommended that members consider this project for funding noting the above comments.

The applicant will be required to agree to terms and conditions, which include a monitoring agreement, as discussed with the Community Board Coordinator before the fund will be formally awarded.

Consultation and Engagement Activities Community Boards Update - November 2020

Current county-wide consultations

Title and description	Status	Start	Finish
<p><u>Home to School Transport Policy and Post-16 Transport Statement 2021/22 Consultation</u></p> <p>We are asking for views on proposals to update the content of the Policy and Statement by providing clarification and more detail to some areas. This is based on feedback we have received over the last 12 months and aims to provide clearer information and guidance to students and families so they can make informed choices about their school transport. We are also asking people to respond on proposed options for how transport for eligible post-16 students with special educational needs and disabilities (SEND) is arranged and paid for from September 2021. The consultation provides an overview summary, an Easy Read summary, associated documents, an online survey and a printed version of the survey. Everything is available on the consultation webpage and print versions are also available on request. We are also holding online consultation events where you can hear about possible changes to the Policy and ask questions. These will take place on Tuesday 10 November, 7-8pm or Thursday 19 November, 10.30-11.30am. Any changes implemented as a result of this consultation are planned to be published in April 2021 for the academic year 2021/22.</p> <p>Contact <u>H2STpolicyconsultation@buckinghamshire.gov.uk</u> or 01296 382891</p>	<p>Live Countywide</p>	<p>12/10/20</p>	<p>07/12/20</p>
